

Birdville Independent School District

District Improvement Plan

2024-2025

Mission Statement

The strategic mission of Birdville ISD is to ensure that all students position themselves to excel with integrity in an ever-changing, global society. Embedded in this mission is the commitment to provide students with innovative and responsive learning environments where graduates are empowered learners, responsible citizens, global competitors and innovative entrepreneurs.

To be prepared for success in college and the workplace, a Birdville ISD graduate is a/an:

Empowered Learner

- Applies knowledge and skills mastered through well-rounded, comprehensive, rigorous and relevant learning experiences
- Communicates effectively for different audiences and purposes through authentic reading, writing, listening and speaking
- Seeks opportunities to learn and grow in response to an ever-changing world

Responsible Citizen

- Collaborates effectively with teams, both as a contributor and a leader, to accomplish a common goal with a commitment to service
- Balances physical, mental and emotional health through reflection, self-evaluation and self-advocacy
- Demonstrates ethical behaviors exhibiting integrity, respect and accountability

Global Competitor

- Demonstrates knowledge of and empathy for cultural, economic, environmental and social issues across the world
- Values the importance of diversity in life and careers
- Exhibits academic, technological and workplace competence within a global environment

Entrepreneur

- Solves problems through collaboration, critical thinking, creativity and innovation
- Takes calculated risks, learns from mistakes and is resilient in the face of challenges
- Embraces and applies passions to execute plans and accomplish career and life goals

Core Beliefs

We believe that ...

1. Human beings are complex with unique intellectual, social, emotional, and physical needs.
2. Every person is unique by design, with abilities, gifts and talents.
3. Every person has inherent value and unique potential.
4. All people are innately curious.
5. Relationships are an inherent human need.
6. Personal responsibility is essential and noble for all.
7. Family profoundly impacts who we become.
8. Character is developed through life experiences.
9. With a privilege comes responsibility and accountability.
10. A physically and emotionally safe environment encourages learning.
11. learning is not limited by time or space.
12. Freedom is a universal desire to be promoted and preserved.
13. Values drive choices.
14. Change is constant.

Demographics

Demographics Summary

Demographics

Demographics Summary

Birdville ISD is located in northeast Tarrant County and incorporates all or portions of seven municipalities: Haltom City, North Richland Hills, Richland Hills, Watauga, Fort Worth, Hurst, and Colleyville. Neighborhoods served by the district range from urban, low-income to suburban upper-middle-class.

Birdville ISD Demographic Breakdown - 2023-2024 (Fall PEIMS)

Total Students	22,219		White	7,420	33.39%
Students by grade level			Two-or-More	278	1.25%
Early Education	161	0.72%	Student Programs		
Elementary (Grades PK - 5)	10,125	45.56%	Dyslexia	1,673	7.53%
Middle School (Grades 6-8)	4,943	22.25%	Gifted and Talented	1,587	7.14%
High School (Grades 9-12)	6,990	31.46%	Special Education (SPED)	3,157	14.21%
Student Demographics			Emergent Bilingual (EB)	5,869	26.41%
Female	10,727	48.28%	Bilingual Education	1,912	8.61%
Male	11,492	51.72%	Student Indicators		
Hispanic-Latino	10,631	47.85%	Economically Disadvantaged	13,865	62.40%
American Indian	151	0.68%	At Risk	13,423	60.41%
Asian	1,131	5.09%	Homeless Status	128	0.58%
African American	2,511	11.30%	Attendance		
Pacific Islander	97	0.44%	2023-2024 school year	94.3% (OnData Suite)	

Graduation Rates (lagging data) - TAPR 2023			White	4-year	93.90%
All students	4-year	92.90%	Two or More Races	4-year	91.70%
African American	4-year	94.60%	Economically Disadvantaged	4-year	90.90%
Asian	4-year	100%	Emergent Bilingual	4-year	85.60%
Hispanic	4-year	91.00%	Special Education	4-year	84.70%

Total Staff (employed 2022-2023)	2,991	Pacific Islander	0.10%
Staff Information		White	75.30%
Administration and Administrative Support	506	Two-or-More	1.50%
Teachers	1,507	Teacher Years of Experience	
Educational Aide	320	Beginning	9.50%
Auxiliary	648	1-5 years experience	23.20%
Staff Demographics		6-10 years experience	22.70%
Female	76.80%	11-20 years experience	27.90%
Male	23.20%	Over 20 years experience	16.70%
Hispanic-Latino	16%	Average years experience	11.5
American Indian	0.30%	Average years experience in BISD	7.6
Asian	1.80%	Turnover Rate	20.20%
African American	5%	Average Actual Teacher Salaries	\$63,500

Over the past decade, BISD has experienced significant demographic and population changes. These changes highlight the evolving diversity and needs within our district.

- The African American population increased by 3.40%.
- The Hispanic population increased by 9.10%.
- The White population decreased by 11.60%.
- The At-Risk population increased by 12.3%.
- The Gifted/Talented population decreased by 3.7%.
- The Dyslexia population increased by 3.7%
- Students served by Section 504 increased by 8.3%.
- Students served by Special Education increased by 4.5%.
- The population of Economically Disadvantaged students increased by 6.0%.
- The Emergent Bilingual population increased by 8.5%.

Demographics Strengths

Over the past decade, the district's attendance rates have generally remained stable, with some fluctuations and a noticeable impact from the COVID-19 pandemic. From 2013-2014 through 2018-2019, attendance rates hovered around 95.4% to 95.7%, reflecting consistent student attendance. The COVID-19 pandemic brought significant challenges, particularly evident in the 2021-2022 school year, where attendance dropped to 92.7%. Since then, there has been a gradual recovery, with attendance improving to 93.8% in 2022-2023 and reaching 94.3% in 2023-2024.

Over the past few years, our district has maintained strong 4-year graduation rates, consistently above 90%. In 2018, the graduation rate was 92.6%, slightly decreasing to 92.5% in 2019. There was a slight dip in 2021, with the rate at 91.0%. However, the rate improved to 92.9% in 2022, indicating a positive trend towards maintaining high graduation rates. This is lagging data, however, preliminary data indicate a 4-year graduation rate of 93.0% for 2023.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Since the onset of the COVID-19 pandemic, the district continues to face challenges in engaging families. This lack of engagement is reflected in academic performance, social-emotional well-being, and increased concerns over social media influence and the dangers of drug use and vaping among students. **Root Cause:** Over 60% of our families are experiencing economic hardship. This economic instability often leads to family instability, limiting parents' ability to actively engage in their children's education and school activities. These challenges are compounded by the added stressors from the COVID-19 pandemic.

Student Learning

Student Learning Summary

BISD holds high academic standards for all students to reach their fullest potential, with high expectations in every content area across the district. Based on student performance on STAAR, our students have consistently outperformed or grown more than the state in multiple subjects at all performance levels during the last three years.

Key Take Aways

- Scored at/or above the state and regional levels in RLA for 4th, 5th, and 7th grade.
- Continuously scored at/or above the state and regional levels in Math for 3rd and 5th grade, surpassing the state's performance for three consecutive years, a testament to the district's commitment to academic excellence.
- Scored at/or above the state and regional levels in Science for 5th and 8th grade.
- Scored at/or above the state and regional levels in Algebra, Biology, English I, English 2, and U.S. History EOCs.
- Outperformed the State for three consecutive years in EOC performance.

Special Education Highlights

- Outperformed the State in 3rd grade Math (English) in all 3 performance measures. Outperformed the State and Region 11 in Approaches & Meets in 3rd Math (Spanish)
- Performed 1% better than the State in Masters on both 4th grade Math and Reading STAAR. BISD scored 1% higher than Region 11 in 4th grade Reading (Spanish)
- Outperformed the State and Region 11 in all 3 performance measures in all 3 of the 5th grade STAAR tests (English). BISD outscored Region 11 in approaches grade level on 5th Reading (Spanish) & 5th Math (Spanish)
- 6th grade Math outperformed the State and Region 11 in Meets Grade Level.
- BISD scored higher than the State and Region 11 in Approaches & Meets in 8th grade Math and in all 3 performance categories in 8th grade Science
- ALGEBRA I: BISD outperformed the State in Meets and Masters, and Region 11 in Approaches, Meets, & Masters
- BIOLOGY: BISD outperformed State and Region 11 in all 3 performance categories
- ENGLISH 1: BISD outperformed the State and Region 11 in Approaches grade level
- U.S. HISTORY: BISD outperformed the State in Masters grade level

Graduation (The following is lagging data based on the 2023 TAPR report)

- The 4-year graduation rate (2023) was 92.9% This was an increase of almost 2% from 2022.
- College, Career, or Military Ready (CCMR) 58.3% of all graduates in 2023, graduated with CCMR credits.
- AP Met Criteria in Any Subject: 23% of all graduates in 2023.
- 15% of all 2023 graduates earned Dual Course Credit.
- 2% of all 2023 graduates earned an Associate's Degree while still in high school.
- Eleven students enlisted in the Armed Forces or Texas National Guard (Military Indicator)

Student Learning Strengths

BISD has demonstrated exceptional academic performance across various subjects and grade levels, consistently surpassing state and regional benchmarks.

In Reading/Language Arts (RLA), students in the 4th, 5th, and 7th grades have scored at or above state and regional levels, showcasing strong literacy skills. Similarly, our 3rd and 5th grade students have consistently excelled in Math, surpassing state performance for three consecutive years, reflecting our commitment to maintaining high academic standards in numeracy.

Science achievements are also commendable, with 5th and 8th grade students scoring at or above state and regional levels, indicating a solid foundation in scientific knowledge and inquiry. Additionally, our students have excelled in End-of-Course (EOC) exams in Algebra, Biology, English I, English II, and U.S. History, with scores consistently at or above state and regional levels. Notably, our district has outperformed the state in EOC performance for three consecutive years, underscoring the effectiveness of our instructional strategies and support systems.

Special education students have also shown remarkable progress. Our 3rd graders outperformed the state in Math (English) across all performance measures and excelled in Math (Spanish) by surpassing both state and Region 11 levels in Approaches and Meets. In 4th grade, our students performed 1% better than the state in Masters for both Math and Reading STAAR, and outscored Region 11 in 4th grade Reading (Spanish). Our 5th graders outperformed the state and Region 11 in all three performance measures across all STAAR tests (English) and excelled in Reading and Math (Spanish).

In 6th grade, our students outperformed the state and Region 11 in Meets Grade Level for Math. Our 8th graders also achieved higher scores than the state and Region 11 in Approaches and Meets for Math and in all performance categories for Science.

The district's excellence is further highlighted by our EOC performance. In Algebra 1, Biology, and English I, our students outperformed the state and Region 11 across all performance categories. In U.S. History, our students surpassed the state in Masters grade level.

Our graduation and college readiness indicators are equally impressive. The 4-year graduation rate increased to 92.9% in 2023, reflecting a nearly 2% improvement from the previous year. Additionally, 58.3% of our graduates in 2023 were College, Career, or Military Ready (CCMR), with 23% meeting AP criteria in any subject, 15% earning Dual Course Credit, and 2% obtaining an Associate's Degree while still in high school. Furthermore, eleven students enlisted in the Armed Forces or Texas National Guard, demonstrating the diverse pathways our graduates pursue.

These achievements highlight the district's strengths in fostering academic excellence, providing robust support for special education, and preparing students for post-secondary success.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percentage of students performing at the meets grade-level standard in Reading/Language Arts and Mathematics have not shown significant growth. This has a direct impact on student success in other core content areas as well as students' ability to meet CCMR standards. **Root Cause:** Several data points indicate that we need to strengthen the instructional delivery system and provide coaching support to help teachers meet the needs of an ever-changing diverse population.

District Processes & Programs

District Processes & Programs Summary

BISD has extensive curricular programs for all students. Beginning in Pre-Kindergarten, students are assessed in reading and math using universal screening methods that allow teachers and campuses to best meet the needs of all students. In addition, BISD departments including Counseling Services, Advanced Academics, Career and Technical Education (CTE), and Multilingual provide various resources to allow students to individualize their learning experiences.

While most students participate in the general curriculum, BISD has support systems in place for students behind their peers. A wide range of support systems are provided to students, which may include:

- Full Day Pre-K
- Dyslexia support
- EB support (Bilingual classrooms PK-5th, ESL support PK - 12)
- Special Education services
- Intervention
- Accelerated Instruction
- Credit Recovery programs

In addition, the district offers systems for students who are performing ahead of their peers such as/but not limited to:

- Math acceleration (by grade level)
- Pre-AP and AP courses
- Dual Credit College opportunities
- AVID

District Processes & Programs Strengths

The Birdville Center of Technology and Advanced Learning (BCTL) invites students to learn in 12 programs of study, which include Health Science, Hospitality and Tourism, Transportation, Business and Marketing, Law and Public Safety, Agriculture, Human Services, Information Technology, Construction, Audio-Visual Technology, Education and Training, as well as STEM (Science, Technology, Engineering, Mathematics) In 2023-2024 BISD students earned a total of 4,686 certifications across those fields. This was a resounding increase from 2022-2023 total of 2,679 certifications earned. enabling them to move into the workplace and post-secondary education easily. Students can earn dual credit in three areas. For a complete listing of Programs of Study offered, please see the district website: <https://www.birdvilleschools.net/Page/66425>

Perceptions

Perceptions Summary

In the spring of 2024, the district collected data regarding school safety issues from approximately 9950 students, 2400 parents, and 1700 staff members using an online survey. Data collected included perceptions of the overall safety environment of schools, safety issues that respondents indicated were most important, and recognition of several procedural, equipment, and structural changes that have been made over the past several years to improve campus security, such as the increase in security officers at secondary campuses, surveillance cameras, and use of security vestibules to limit access to facilities.

Students considered these to be the top 5 safety issues of concern: substance abuse, bullying, violence, weapons, and the need for more security officers/police officers.

Staff considered these to be the top 5 safety issues on campus: Communication, School Discipline, Bullying, Substance Abuse, and Building Security.

Survey results also indicate the following regarding perceptions of school safety:

- 76% of students and 94% of staff members reported always feeling safe at school
- 74% of students indicated that they have a trusting relationship with at least one meaningful adult on campus.

Perceptions Strengths

Birdville ISD has a well-developed safety plan that teachers and students understand. The district continues to strengthen our plan by having scheduled trainings and drills throughout the year which involve local governmental organizations.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): A concern of students, staff, and parents in our survey was on general building and overall campus safety and security. **Root Cause:** Although the district has dedicated substantial time and resources to training students and staff through comprehensive drills and education programs designed to equip everyone with the knowledge and skills needed to respond effectively in emergency situations, nationwide publicity and media coverage of school security concerns have undoubtedly heightened fears among students, parents, and staff.

Priority Problem Statements

Problem Statement 1: Since the onset of the COVID-19 pandemic, the district continues to face challenges in engaging families. This lack of engagement is reflected in academic performance, social-emotional well-being, and increased concerns over social media influence and the dangers of drug use and vaping among students.

Root Cause 1: Over 60% of our families are experiencing economic hardship. This economic instability often leads to family instability, limiting parents' ability to actively engage in their children's education and school activities. These challenges are compounded by the added stressors from the COVID-19 pandemic.

Problem Statement 1 Areas: Demographics

Problem Statement 2: The percentage of students performing at the meets grade-level standard in Reading/Language Arts and Mathematics have not shown significant growth. This has a direct impact on student success in other core content areas as well as students' ability to meet CCMR standards.

Root Cause 2: Several data points indicate that we need to strengthen the instructional delivery system and provide coaching support to help teachers meet the needs of an ever-changing diverse population.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: A concern of students, staff, and parents in our survey was on general building and overall campus safety and security.

Root Cause 3: Although the district has dedicated substantial time and resources to training students and staff through comprehensive drills and education programs designed to equip everyone with the knowledge and skills needed to respond effectively in emergency situations, nationwide publicity and media coverage of school security concerns have undoubtedly heightened fears among students, parents, and staff.

Problem Statement 3 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data
- RDA data
- Alternative Education Accountability (AEA) data
- Community Based Accountability System (CBAS)

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2
- Texas approved Prekindergarten and Kindergarten assessment data
- State-developed online interim assessments

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

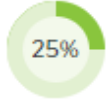

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of the school year.

- a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals.
- b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would, in turn, increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

High Priority

HB3 Goal

Evaluation Data Sources: Elementary: CLI Engage - CIRCLE (prekindergarten reading and math), mClass (kindergarten reading and math), mClass (grades 1-2 reading), and Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5)
 Secondary: Renaissance STAR Assessments (grades 6-8 mathematics and grades 6-8 reading) and State Interim Assessments for EOC tested subjects
 Alignment to Strategic Plan, Strategy 1, Objective 1.

Strategy 1 Details	Reviews			
Strategy 1: Build capacity of campus staff to implement the District curriculum and state-approved resources with fidelity at the campus level. Actions: a) Provide tiered professional learning opportunities that are responsive to all staff needs to build their capacity to implement campus plans. b) Support campus leadership teams to lead the implementation of the District curriculum, identified resources, and strategies. c) Provide technical, consulting, and coaching support for campus implementation plans. d) Provide training resources which support the district curriculum and state-approved resources. e) Use data to provide targeted support and progress monitoring. Performance Objective 1 Problem Statements:

Student Learning

Problem Statement 1: The percentage of students performing at the meets grade-level standard in Reading/Language Arts and Mathematics have not shown significant growth. This has a direct impact on student success in other core content areas as well as students' ability to meet CCMR standards. **Root Cause:** Several data points indicate that we need to strengthen the instructional delivery system and provide coaching support to help teachers meet the needs of an ever-changing diverse population.

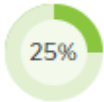

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

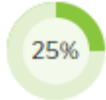

Performance Objective 2: Close achievement gaps that exist for all under-performing student groups as measured by state and district assessments.

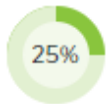

- a) Meet all progress monitoring targets for grades prekindergarten - 3rd in reading and mathematics for identified student groups as measured by a district-approved monitoring instrument.
- b) Require all campuses with any under-performing groups to develop a local targeted improvement plan and engage in quarterly data-driven progress monitoring meetings.

HB3 Goal

Evaluation Data Sources: Historical performance by student subgroup on state and district assessments. Alignment to Strategic Plan, Strategy 1, Objectives 1 and 2.

Strategy 1 Details	Reviews			
Strategy 1: Conduct program evaluations targeting special population groups to ensure program quality, coherency, and efficiency. Actions: a) Continue to implement plans based upon the various program evaluations that will address closing achievement gaps of special population groups (special education, EBs, dyslexia and other special populations such as homeless). b) Develop and implement a system to monitor and ensure compliance requirements of special programs that address closing achievement gaps. d) Implement processes to collect, analyze, and monitor the effectiveness of special programs that support identified students e) Continue to implement accelerated instruction according to HB1416 f) Investigate different models to assist with accelerating the learning for special education students Staff Responsible for Monitoring: Associate Superintendent of Curriculum, Instruction, and Accountability, Executive Director of Curriculum and Instruction, Executive Director of Specialized Programs, Behavior Support and Compliance, Executive Director of Specialized Instruction, Evaluations, and Early Childhood, Director of Planning, Assessment, & Accountability Problem Statements: Student Learning 1	Formative			Summative

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Since the onset of the COVID-19 pandemic, the district continues to face challenges in engaging families. This lack of engagement is reflected in academic performance, social-emotional well-being, and increased concerns over social media influence and the dangers of drug use and vaping among students. Root Cause: Over 60% of our families are experiencing economic hardship. This economic instability often leads to family instability, limiting parents' ability to actively engage in their children's education and school activities. These challenges are compounded by the added stressors from the COVID-19 pandemic.
Student Learning
Problem Statement 1: The percentage of students performing at the meets grade-level standard in Reading/Language Arts and Mathematics have not shown significant growth. This has a direct impact on student success in other core content areas as well as students' ability to meet CCMR standards. Root Cause: Several data points indicate that we need to strengthen the instructional delivery system and provide coaching support to help teachers meet the needs of an ever-changing diverse population.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 3: Students will display an awareness of social-emotional development as measured by a district-administered student survey.

High Priority

Evaluation Data Sources: Social Character Development Learning Survey
Alignment to Strategic Plan, Strategy 3, Objectives 3.

Strategy 1 Details	Reviews			
Strategy 1: Implement a district curriculum for social and character development (SCD). Actions: a) Develop a deployment plan for implementing SCD curriculum (Character Strong). b) Utilize the SCD task-force to assess and evaluate the effectiveness of the SCD program. c) Provide ongoing professional learning to all stakeholders, including all teachers, campus administrators, and district administrators on the SCD program. Performance Objective 4 Problem Statements:

Demographics

Problem Statement 1: Since the onset of the COVID-19 pandemic, the district continues to face challenges in engaging families. This lack of engagement is reflected in academic performance, social-emotional well-being, and increased concerns over social media influence and the dangers of drug use and vaping among students. **Root Cause:** Over 60% of our families are experiencing economic hardship. This economic instability often leads to family instability, limiting parents' ability to actively engage in their children's education and school activities. These challenges are compounded by the added stressors from the COVID-19 pandemic.

Student Learning

Problem Statement 1: The percentage of students performing at the meets grade-level standard in Reading/Language Arts and Mathematics have not shown significant growth. This has a direct impact on student success in other core content areas as well as students' ability to meet CCMR standards. **Root Cause:** Several data points indicate that we need to strengthen the instructional delivery system and provide coaching support to help teachers meet the needs of an ever-changing diverse population.

Perceptions

Problem Statement 1: A concern of students, staff, and parents in our survey was on general building and overall campus safety and security. **Root Cause:** Although the district has dedicated substantial time and resources to training students and staff through comprehensive drills and education programs designed to equip everyone with the knowledge and skills needed to respond effectively in emergency situations, nationwide publicity and media coverage of school security concerns have undoubtedly heightened fears among students, parents, and staff.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 5: Increase the number of students meeting college, career, and military readiness (CCMR) requirements in grades 9-12 through establishing yearly progress monitoring targets in alignment with the new state standards. This will, in turn, increase the percent of students meeting CCMR requirements which will impact all domains for high school accountability.

HB3 Goal

Evaluation Data Sources: Number of students meeting TSIA 2, SAT or ACT qualification scores, number of students graduating with a coherent sequence of CTE courses, number of students going into the military (suspended until further notice from TEA), number of students who complete CTE certifications and/or licensees.
Aligns with Strategic Plan, Strategy 4, Objectives 1 and 4.

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: Since the onset of the COVID-19 pandemic, the district continues to face challenges in engaging families. This lack of engagement is reflected in academic performance, social-emotional well-being, and increased concerns over social media influence and the dangers of drug use and vaping among students. Root Cause: Over 60% of our families are experiencing economic hardship. This economic instability often leads to family instability, limiting parents' ability to actively engage in their children's education and school activities. These challenges are compounded by the added stressors from the COVID-19 pandemic.
Student Learning
Problem Statement 1: The percentage of students performing at the meets grade-level standard in Reading/Language Arts and Mathematics have not shown significant growth. This has a direct impact on student success in other core content areas as well as students' ability to meet CCMR standards. Root Cause: Several data points indicate that we need to strengthen the instructional delivery system and provide coaching support to help teachers meet the needs of an ever-changing diverse population.

Perceptions

Problem Statement 1: A concern of students, staff, and parents in our survey was on general building and overall campus safety and security. **Root Cause:** Although the district has dedicated substantial time and resources to training students and staff through comprehensive drills and education programs designed to equip everyone with the knowledge and skills needed to respond effectively in emergency situations, nationwide publicity and media coverage of school security concerns have undoubtedly heightened fears among students, parents, and staff.

RDA Strategies

Goal	Objective	Strategy	Description
1	4	1	Implement with fidelity the behavioral MTSS plan.

State Compensatory

Budget for District Improvement Plan

Total SCE Funds: \$2,575,328.00

Total FTEs Funded by SCE: 0

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Birdville Independent School District
Haltom High School
2024-2025 Campus Improvement Plan

Mission Statement

The mission of Haltom High School is to commit to ensuring that all students learn to think independently; develop self-confidence; become enthusiastic, lifelong learners; cultivate a respect for diversity of ideas; develop a positive concept of ethics and values; and acquire skills to become healthy, productive citizens.

Haltom High School's goals, objectives, and long-range and annual action plan all reflect the mission and beliefs. Our campus improvement plan is formulated to ensure that every student on our campus has the access and opportunity necessary to achieve their fullest academic potential.

We also recognize that we are part of a larger community whose support is essential to our successfully accomplishing our mission and beliefs. Because of the high expectations from the Haltom High community, we are constantly striving to perform at a level of excellence commensurate with those expectations. Promoting student success is the cornerstone of our belief and guides our daily interaction with students.

Value Statement

We, the faculty at Haltom High School, in accordance with the ideals set forth in our mission statement, believe that:

- * Student learning is the chief priority for the school.*
- * All students possess the inherent drive for learning and are entitled to a positive learning*

environment resulting in the best education possible.

** Each student is a valued individual with unique physical, social, emotional, and intellectual needs.*

** A student's self-esteem is enhanced by positive relationships and mutual respect among and between culturally diverse students and staff creating an appreciation of different peoples and cultures.*

** Teachers, administrators, parents, and the community share the responsibility for advancing the school's mission by promoting opportunities to work together as a community of learners for the success of the school.*

** Students will have the opportunity to participate in a variety of co-curricular and extracurricular activities that enhance character, citizenship, and leadership while developing productive skills necessary for future success.*

** Students are provided competency-based applied learning that contributes to academic knowledge, higher-order thinking skills, problem-solving skills, work attitudes, and general employability skills with an emphasis on technology, occupational awareness, and post-secondary education. Students are provided with numerous opportunities to obtain college credit while in high school.*

Family and Community Engagement

Family and Community Engagement Summary

During the 20-21 school year disruptive student behavior incidents increased significantly therefore parent engagement became increasingly important as a means of intervention and support. PTSA, booster organizations, and other parent groups were engaged to hold events on campus designed to engage families throughout the school year despite the challenges of the Omnicron variant and the winter weather that closed school.

Family and Community Engagement Strengths

- PTSA has a FULL officer group of parents and volunteers who are willing to support students and teachers!
- Teacher participation in PTSA for 22-23 tripled in the first round of enrollment from 21-22! Parent enrollment is also up!
- BUFF NIGHT was a tremendous success with 3,000 families and students present!

Demographics

Demographics Summary

Student Demographics

	PEIMS 2023-24 Summer	PEIMS 2023-24 Fall
Student Population	2,903	2,786
9th Grade	896	853
10th Grade	755	721
11th Grade	623	574
12th Grade	629	638
Female	1,403	1,317
Male	1,500	1,469
Hispanic	1,828	1,682
Amer. Indian/Alas.Native	20	10

Special Education	288	251
Econ. Disadvantaged	2,039	1,995
Emergent Bilingual (EB)	911	785
Gifted and Talented	115	160

Staff Demographics

	TAPR 2022-23	TAPR 2021-22
Total Staff	213	260
Teachers	170	202
Professional Support	21	29
Campus Admin	8.6	7
Educational Aides	13	16

Graduation Rates 4-Year Cohort (TAPR)

	2021-22	2018-19	2017-18
Graduation Rate	91.1%	93.1%	93.6%
Drop Out Rate	1.4%	1%	1.9%

Demographics Strengths

- HHS students perform similarly to the state average on STAAR EOC in most areas.
- English 2 and Algebra 1 EOC scores are a strength of HHS.
- HHS graduation rate remains at 90% for the 4-year cohort in spite of a 14.8 mobility rate and reported on TAPR.
- At-risk students have high support through counseling, academic intervention, Character Strong, and IGC.
- Student attendance has been well above 94% and staff attendance is high.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Some students at Haltom High School have not achieved "meets" grade level in the core content areas. There is a need to focus on grade-level and above performance areas. **Root Cause:** HHS has an increasing population of students who are Emergent Bilingual (EB), Economically Disadvantaged, and/or Special Education (SPED) who need increased opportunities for academic growth.

*2023 and 2024 scores are based on campus data.

Student Learning Strengths

- HHS revalidated as an AVID National Demonstration School exemplifying research-based teaching and learning.
- EOC scores are trending back to pre-COVID levels.
- EB students were a strong focus in the social studies area.
- The campus has a culture of teacher involvement and high-quality relationships.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Meets and masters performance for all students EOC tests are not showing significant growth in all areas. **Root Cause:** Data indicates that there needs to be a stronger, more intentional focus on Tier 1, 2.0 priorities through the design, delivery, and assessment of instruction.

School Processes & Programs

School Processes & Programs Summary

Safety and Security Survey Results

District survey results indicate:

- 89.48% of students have a trusting relationship with at least one other person on campus.
- 61.06% of students have a trusting relationship with at least one meaningful adult on campus.
- Students and staff wear badges which increases safety within the building.
- Safety audits and surveys indicate doors are locked and secured at all times.
- Hallways are actively monitored by staff members during the school day.

Campus survey results (April 2024) validate the finding of a safe school environment for students.

Attendance Systems

- 755 attendance contracts in the previous year
- Holistic family attendance plans -- root cause analysis, tutorials, attendance sheets, sibling check-ins, academic monitoring

Instructional Resignations/Retirements

School Year	Resignation/Retirements
End of year 2024	23

First Year Teachers

2024-2025	2
2023-2024	8
2022-2023:	8
2021-2022	11
2018-2019	14
2017-2018	4
2016-2017	5
2015-2016	9

School Processes & Programs Strengths

- Multiple levels of leadership exist on campus to provide targeted and specialized support to various campus processes and programs (LOL, PLC Facilitators, Herd Facilitators, Department Chairs, the AVID Site Team, and the Campus Site-Based Committee).
- Rich data systems exist at the campus level to analyze various forms of data.
- Intervention and extension systems such as: Homework Help, Accelerated Instruction, Credit Recovery, IGC, PSAT/SAT prep, tutorials, counseling (academic, crisis, and graduation).
- Strong attendance processes are in place to provide support, monitoring, and intervention.
- Character Strong is utilized weekly with all Buff Time teachers.
- Technology support is available through a campus CT and district instructional support.
- All classrooms are outfitted with a NewLine Panel.
- On-campus instruction is supported by an Academic Dean, Instructional Facilitator, content coordinators, and campus/teacher leadership.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Data indicates that there is a need for more uniformity in processes. **Root Cause:** The root cause is related to clear and consistent reinforcement, PD, and communication to maintain established programs and processes.

Perceptions

Perceptions Summary

Haltom High School conducted staff and student surveys in the 2023-2024 school year, revealing several strengths within the school community. The results show that the majority of students feel secure on campus, experience appropriate academic challenges, and believe they are being adequately prepared for post-secondary endeavors. Students also perceive that teachers hold high expectations for their academic performance, reflecting a culture of academic rigor.

Among staff, the survey indicates a clear understanding of workplace expectations, with most staff members feeling equipped with the necessary materials to perform their duties effectively. Staff also report having opportunities to excel in their roles and feel that their contributions are valued. Importantly, there is a strong sense of personal care and encouragement for professional development within the staff community, underscoring a supportive and nurturing work environment.

However, the data also uncovered opportunities for growth, particularly in the areas of celebrating students and staff achievements and providing avenues for staff voice. Recognizing these areas, Haltom High School is committed to enhancing its efforts to celebrate the successes of both students and staff and to creating more structured opportunities for staff input and feedback.

These findings highlight a positive and supportive educational environment at Haltom High School, characterized by student safety, academic rigor, and a strong, engaged staff community. Additionally, the campus was ranked as a US News & World Report Best High School in 2023-24 and is an AVID National Demonstration School campus, further affirming its commitment to excellence.

Perceptions Strengths

Campus Survey Results Students

The majority of students feel:

- Safe while at school
- Academically challenged
- Appropriately prepared for post-secondary life
- Teachers have high expectations

Campus Survey Results Staff

The majority of staff feel they:

- Know what is expected of them at work
- Have the materials to do their work
- Have the opportunity to do what they do best
- Feel someone at work cares about them as person
- Feels someone at work encourages their development

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Stakeholder engagement is a critical component of student success. Engaging our families, teachers, and students through positivity presents a key opportunity for the 2024-25 school year. **Root Cause:** There may be an absence of a deliberate and structured approach to communication and recognition has led to missed opportunities in effectively engaging Spanish-speaking families, building PTSA involvement, and celebrating individual and campus achievements.

Priority Problem Statements

Problem Statement 1: Meets and masters performance for all students EOC tests are not showing significant growth in all areas.

Root Cause 1: Data indicates that there needs to be a stronger, more intentional focus on Tier 1, 2.0 priorities through the design, delivery, and assessment of instruction.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Some students at Haltom High School have not achieved "meets" grade level in the core content areas. There is a need to focus on grade-level and above performance areas.

Root Cause 2: HHS has an increasing population of students who are Emergent Bilingual (EB), Economically Disadvantaged, and/or Special Education (SPED) who need increased opportunities for academic growth.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Data indicates that there is a need for more uniformity in processes.

Root Cause 3: The root cause is related to clear and consistent reinforcement, PD, and communication to maintain established programs and processes.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Stakeholder engagement is a critical component of student success. Engaging our families, teachers, and students through positivity presents a key opportunity for the 2024-25 school year.

Root Cause 4: There may be an absence of a deliberate and structured approach to communication and recognition has led to missed opportunities in effectively engaging Spanish-speaking families, building PTSA involvement, and celebrating individual and campus achievements.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- ASPIRE

Student Data: Student Groups

- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

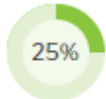

Evaluation Data Sources: Campus and District summative assessment data

Final STAAR EOC testing data

Strategy 3 Details		Reviews			
Strategy 3: We will identify and provide early interventions for seniors in danger of not graduating and the HHS Graduation Coach will conduct frequent meetings with all students in the current year's cohort who are in a credit deficient. Actions: Conduct an early analysis of academic records at the beginning of the school year to identify seniors who are credit deficient or at risk of not graduating. Enroll credit-deficient students in credit recovery programs to help them make up missing credits. Students will be supported and monitored through the Individual Graduation Committee (IGC) process as needed Provide access to tutoring, study sessions, and academic support tailored to the needs of at-risk seniors Offer counseling or social-emotional support services to address non-academic barriers to graduation, such as stress, family issues, or mental health concerns Schedule regular one-on-one meetings between the HHS Graduation Coach and seniors at risk for not graduating to monitor their progress and adjust their graduation plans as needed Conduct mid-semester reviews of each at-risk senior's progress to determine if additional interventions or changes to their graduation plan are necessary Staff Responsible for Monitoring: Graduation Coach, Academic Dean, Assistant Principals, Counselors, Teachers Title I: 2.4, 2.5, 2.6 - TEA Priorities: Build a foundation of reading and math, Connect high school to career and college Problem Statements: Student Learning 1 - School Processes & Programs 1 - Perceptions 1		Formative			Summative

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: Meets and masters performance for all students EOC tests are not showing significant growth in all areas. Root Cause: Data indicates that there needs to be a stronger, more intentional focus on Tier 1, 2.0 priorities through the design, delivery, and assessment of instruction.
School Processes & Programs
Problem Statement 1: Data indicates that there is a need for more uniformity in processes. Root Cause: The root cause is related to clear and consistent reinforcement, PD, and communication to maintain established programs and processes.

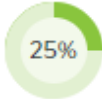

Perceptions

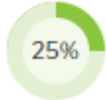

Problem Statement 1: Stakeholder engagement is a critical component of student success. Engaging our families, teachers, and students through positivity presents a key opportunity for the 2024-25 school year. **Root Cause:** There may be an absence of a deliberate and structured approach to communication and recognition has led to missed opportunities in effectively engaging Spanish-speaking families, building PTSA involvement, and celebrating individual and campus achievements.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 3: We will reduce the percentage of Special Education students who receive In School Suspension (ISS) and Out of School Suspension (OSS) due to disciplinary issues by 3% in each grading period.

- Evaluation Data Sources:** Focus Discipline Data reports
- Discipline Training agendas from campus professional learning
- Discipline Flow Chart
- Classroom Walkthrough Data & Checklists

Strategy 1 Details		Reviews			
Strategy 1: We will use CHAMPS campus-wide and provide student incentive programs in an effort to decrease disciplinary issues for all students including special populations. Actions: CHAMPS posted and evidence of use in classrooms Ongoing reinforcement of CHAMPS and other classroom management techniques Campus-wide use of HHS discipline flow-chart Implementation of behavior incentive programs for students Staff Responsible for Monitoring: Classroom Teachers, Assistant Principals, Department Chairs, Office Support Staff TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math, Connect high school to career and college - ESF Levers: Lever 3: Positive School Culture Problem Statements: Demographics 1 - Student Learning 1 - School Processes & Programs 1 - Perceptions 1		Formative			Summative

Targeted Support Strategies

Goal	Objective	Strategy	Description
2	1	1	All teachers will be trained in AVID-focused note-taking to enhance students' literacy skills by teaching them how to effectively organize, process, and retain key information.
2	2	1	We will collaborate with the Multilingual Services department to ensure all teachers are trained in high-yield, research-based EB instructional strategies.

State Compensatory

Budget for Haltom High School

Total SCE Funds: \$1,147,113.00

Total FTEs Funded by SCE: 12.17

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for Haltom High School

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Amber Bean	Teacher	1
Andrea Breedlove	Student Assistance Counselor	1
Betina Rhine	Teacher	0.67
Caitlin Hohmann	Teacher	0.5
Casey Hostetter	Teacher	0.17
Casey ONeal	Teacher	1
Christine Torres	Teacher	1
Dinorah Gonzalez	Educational Assistant	1
Elizabeth Hayden	Teacher	0.33
Jeannie Mata	Student Assistance Counselor	1
Jesse Upchurch	Reading Intervention	0.5
MAria Lopez	Student Support SPecialist	1
Michael Swan	Teacher	0.33
Phillip Gonzales	Teacher	0.5
Regina Locke	Academic Dean	1
Teresa Peters	Teacher	0.17
Veronica DeLeon	Educational Assistant	1

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR achievement, TELPAS, and attendance/behavior data compiled in March, April, and May of 2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the Haltom High School Site-Based Committee.

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English (and other languages as practicable). The plan is also available through the district website in English, and a printed copy may be requested in the HHS front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 61.5% of students are labeled at risk. This includes criteria such as:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- AVID
- Workshop Model
- Sheltered Instruction
- High-yield engagement
- Vocabulary
- Explicit Learning Objectives
- PDSA
- Team/relationship building
- CHAMPS

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, Character Strong, graduation counseling/plans, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

Demographics
Perceptions
Student Learning
Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site-Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the HHS Site-Based Committee.

4.2: Offer flexible number of parent involvement meetings

Family engagement activities are planned throughout the year and include:

August: Refresh - Back to School Event

August: Buff Night

September: Open House

September: Title 1 Meeting (Thursday/Friday on campus)

October: Family Night (sponsored by the HHS Hispanic Heritage Club)

October: Fall Carnival

November: Parent/Teacher Conference Day

March: Discover Birdville

April: Family Engagement Policy and Compact Revision (Thursday/Friday) on campus

May: Art Show

Additionally, HHS hosts a variety of on-campus events across multiple disciplines, including band, choir, dance, theater, art, JROTC, AVID, athletics, and CTE.

Title I Personnel

<u>Name</u>	<u>Position</u>	<u>Program</u>	<u>FTE</u>

Comprehensive Needs Assessment

Demographics

Demographics Summary

High School graduation rate is 100%.

Total Students	235
9th grade	68
10th grade	62
11th grade	50
12th grade	55
Economically Disadvantaged	153
Emergent Bilingual	39
At Risk	61
Hispanic	126
White	53
Hawaiian/ Pacific Islander	1
Black/ African American	35
Asian	18
American Indian/ Alaskan Native	1

Demographics Strengths

By using a weighted lottery process, the CAB is able to select students whose demographics match that of the district and meet the requirements for our Early College High School Distinguished status.

100 percent of our teachers returned for the 2024-2025 school year.

100 percent of seniors graduated from high school in 2024. 42 students also earned their Associate's Degree.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Applications and therefore population is dominated by schools from the Haltom cluster. **Root Cause:** Differences in presentations offered and received at middle schools create an imbalance of applications.

Student Learning

Student Learning Summary

The Collegiate Academy is rated using Outcomes-Based Measures (OBMs), which include attainment and achievement metrics.

Attainment OBMs assess whether students are meeting benchmarks to earn their Associate Degree within four years. This includes having 86 percent of sophomores earn nine college credit hours by the end of the year (with a target for distinction at 50 percent), 98 percent of graduates achieving at least 15 college credit hours (with a target for distinction at 80 percent), and 81 percent of students obtaining a postsecondary degree by high school graduation (with a target for distinction at 50 percent). Additionally, CAB had 100 percent of seniors graduate from high school in four years, and over 98 percent of graduates were accepted into a four-year institution.

Achievement OBMs evaluate whether students are prepared for college, career, or military service.

In addition to the OBM achievements from last year, our seniors were offered over \$3.8 million in scholarships. In 2024, we had seven College Board National Recognition Program Scholars, one National Merit Commended Scholar, and one Dell Scholar. Furthermore, 43 students graduated in 2024 with an Associate Degree from TCC.

2024 STAAR Results

	Did Not Meet	Approaches	Meets	Masters
Algebra 1	23%	77%	35%	16%
Biology	0%	100%	93%	41%
English I	2%	98%	95%	31%
English II	2%	98%	92%	17%
US History	0%	100%	87%	36%

Student Learning Strengths

The CAB had 86 percent of sophomores earning nine college hours by the end of the year (the target for distinction is 50 percent)
98 percent of graduates earning at least 15 college hours (target for distinction is 80 percent)
81 percent of students earned a postsecondary degree by high school graduation (the target for distinction is 50 percent).
CAB also had 100 percent of seniors graduating high school in four years and over 98 percent of graduates have been accepted into a four-year institution.
CAB had 93 percent of graduates who passed both Math and Reading TSI, earning CCMR points for each of these students.

CAB Students scored above district and state average on all EOC exams.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Some students arrive at CAB with deficits in basic math understanding. **Root Cause:** Deficits could be gaps in foundational instruction, inconsistent curricula, variability in teaching quality, limited access to resources, or socioeconomic challenges.

Problem Statement 2 (Prioritized): Some students arrive at CAB with deficits in writing ability and reading comprehension skills. **Root Cause:** Deficits in writing ability and reading comprehension could be insufficient or inconsistent instruction in these areas at their previous schools. This might be due to varying curricula, differences in teacher effectiveness, or limited access to literacy resources and support.

School Processes & Programs

School Processes & Programs Summary

CAB is an Early College High School (ECHS) set up as a school-within-a-school. Our first- and second-year students attend classes at Haltom High School, and our juniors and seniors attend classes primarily at Tarrant County College (TCC) North East Campus. We serve approximately 60 students per grade level, and our goal is to have all our graduates complete an Associate Degree at TCC while completing their high school graduation requirements.

An ECHS is rated using Outcomes Based Measures (OBMs). Our program is in its sixth year and is a Designated ECHS. There are three categories for OBMs: Access Measures, Attainment Measures, and Achievement Measures.

Students in the CAB are scheduled into blocked classes during 9th and 10th grade.

Students take AVID for all four years of high school.

Students are provided accelerated instruction and remediation in both classes and to prepare for assessments, such as TSI.

School Processes & Programs Strengths

CAB has consistently met the goals for Access each year by implementing a weighted lottery by the district's Enterprise Systems team and a multi-step recruitment process conducted by the CAB staff. We have exceeded our yearly target for at-risk, economically disadvantaged, emergent bilingual students, and students with disabilities.

Attainment OBMs measure whether students are hitting benchmarks to lead them to reach their Associate Degree in four years. To earn distinction, 85 percent of students who enter the program must remain enrolled. Highlights include 86 percent of sophomores earning nine college hours by the end of the year, 98 percent of graduates earning at least 15 college hours (target for distinction is 80 percent), and 81 percent of students earn a postsecondary degree by high school graduation (target for distinction is 50 percent).

Achievement OBMs measure whether students are emerging from the program ready for college, career, or military. To earn the distinction, 80 percent of students must pass the Texas Success Initiative Assessment 2.0 (TSIA2) Reading and Writing, and 75 percent must pass the TSIA2 in Math. The CAB had 93 percent of graduates who passed both, earning CCMR points for each of these students.

Perceptions

Perceptions Summary

CAB is dedicated to academic excellence, offering a rigorous and challenging curriculum designed to prepare all students for future success. Our strong collaboration with Tarrant County College (TCC) enhances this commitment by providing students with diverse pathways to earn their Associate's Degree through well-established crosswalk programs. This partnership not only broadens educational opportunities but also ensures that students are well-prepared for higher education. Additionally, while parent volunteerism is currently limited, we are actively working to expand and strengthen this involvement in the coming year. By fostering a more inclusive and engaged school community, CAB aims to enhance both student support and overall school performance.

Perceptions Strengths

The culture at CAB is firmly centered on academic achievement, a focus that is reflected in the impressive number of students earning college credits. This commitment to academics is further supported by a low rate of disciplinary referrals and high student attendance, indicating a positive and productive learning environment. Additionally, CAB boasts an exceptional retention rate among its faculty, with 100% of teachers choosing to return for another year. This continuity in staff underscores the school's dedication to maintaining a stable and effective educational atmosphere.

Priority Problem Statements

Problem Statement 1: Some students arrive at CAB with deficits in writing ability and reading comprehension skills.

Root Cause 1: Deficits in writing ability and reading comprehension could be insufficient or inconsistent instruction in these areas at their previous schools. This might be due to varying curricula, differences in teacher effectiveness, or limited access to literacy resources and support.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Some students arrive at CAB with deficits in basic math understanding.

Root Cause 2: Deficits could be gaps in foundational instruction, inconsistent curricula, variability in teaching quality, limited access to resources, or socioeconomic challenges.

Problem Statement 2 Areas: Student Learning

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of the school year. Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would, in turn, increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

Evaluation Data Sources: STAAR EOC testing data
Individual student data monitoring forms

Strategy 1 Details	Reviews			
Strategy 1: Emphasize the continued implementation of reading and mathematics instruction with a focus on lesson internalization, the use of best practices, and continuous improvement. Actions: Implement AVID best practices on a regular basis SIOP protocol implemented when working with EB students Questioning strategies are used to increase student participation and level of rigor Use close reading to engage students in text and promote thinking at higher levels Student will read, write, think, and discuss every day Students will utilize planners for organization Students will support all reading with text evidence using ACE model UPSC will be used for problem solving Staff Responsible for Monitoring: Administrators and all teachers Problem Statements: Student Learning 1, 2	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
Strategy 2: Attend training on data analysis, progress monitoring, and data-driven decision making to inform instruction and responsive teaching. Actions: Conduct weekly classroom observations, providing feedback focused on data-driven instructional priorities aligned with Tier 1 goals. Utilize student data folders to help students set Smart Goals and develop personal PDSA plans in each class. Provide additional tutoring and support through accelerated instruction classes, after school tutorials, and additional learning opportunities assigned through Canvas courses. Analyze student data to identify math deficits, and develop targeted lessons with Renaissance, Khan Academy, and IXL. Based on data analysis, teachers will plan and implement a targeted response utilizing re-teach strategies to address learning gaps. Staff Responsible for Monitoring: Administrators and all teachers Problem Statements: Student Learning 1, 2	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 3 Details	Reviews			
Strategy 3: Establish the PDSA process as a standard operating procedure for improving instruction, data analysis, and student growth. Actions: Use the PDSA process to analyze data and inform instructional decisions Students will utilize data tracking notebooks and develop personal PDSAs Staff Responsible for Monitoring: Administrators and all teachers Problem Statements: Student Learning 1, 2	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 4 Details	Reviews			
Strategy 4: Implement the district protocol for identification and accurate coding of all students who qualify to receive services under the fifteen at-risk indicators. Actions: a) Ensure completion and alignment of services with appropriate coding prior to each PEIMS submission. b) Attend training using OnDataSuite (ODS) to monitor at-risk indicators. c) Implement PEIMS submission time-lines which will include all applicable stakeholders. Staff Responsible for Monitoring: Administrators Problem Statements: Student Learning 1, 2	Formative			Summative

Performance Objective 3 Problem Statements:

Student Learning
Problem Statement 1: Some students arrive at CAB with deficits in basic math understanding. Root Cause: Deficits could be gaps in foundational instruction, inconsistent curricula, variability in teaching quality, limited access to resources, or socioeconomic challenges.
Problem Statement 2: Some students arrive at CAB with deficits in writing ability and reading comprehension skills. Root Cause: Deficits in writing ability and reading comprehension could be insufficient or inconsistent instruction in these areas at their previous schools. This might be due to varying curricula, differences in teacher effectiveness, or limited access to literacy resources and support.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 4: Increase the number of students meeting college, career, and military readiness (CCMR) requirements in grades 9-12 through establishing yearly progress monitoring targets in alignment with the new state standards. This will, in turn, increase the percent of students meeting CCMR requirements which will impact all domains for high school accountability.

a) All freshmen will pass the Texas Success Initiative Assessment 2 (TSIA2) Reading and Writing exam by the end of freshman year.

b) All juniors will pass the TSIA2 Math exam by the end of their junior year, and 60% of sophomores will pass by the end of their sophomore year.

Strategy 1 Details	Reviews			
Strategy 1: Use student performance data on TSI assessments to evaluate academic growth of under-performing students. Actions: Use TSIA2 Diagnostics to develop individualized learning plans in Renaissance and Khan Include TSI test prep as a component of AVID with monitored progress. Offer targeted TSI tutorial sessions throughout the year Provide multiple opportunities for students to take the TSIA2 Staff Responsible for Monitoring: Administrator and teachers Problem Statements: Student Learning 1, 2	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 2 Details	Reviews			
Strategy 2: All Collegiate Academy students will take AVID for four years and will be exposed to college and military opportunities on an ongoing basis. Actions: a) Utilize the AVID curriculum to prepare seniors for post-secondary life. Students will have mock interviews, college application support, scholarship searches, and post-secondary exploration projects. b) AVID seniors will participate in face-to-face or virtual college visits. c) AVID teachers will ensure that students fulfill all college entry requirements. d) Invite representatives from various colleges, recruiters, business professionals, and Haltom alumni to speak with AVID. Problem Statements: Student Learning 1, 2	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 3 Details		Reviews			
Strategy 3: We will identify and provide early interventions for seniors in danger of not graduating. Actions: a) Conduct an early analysis of academic records at the beginning of the school year to identify seniors who are credit deficient or at risk of not graduating. b) Enroll credit-deficient students in credit recovery programs to help them make up missing credits. c) Students will be supported and monitored through the Individual Graduation Committee (IGC) process as needed d) Provide access to tutoring, study sessions, and academic support tailored to the needs of at-risk seniors. e) Offer counseling or social-emotional support services to address non-academic barriers to graduation, such as stress, family issues, or mental health concerns. f) Conduct mid-semester reviews of each at-risk senior's progress to determine if additional interventions or changes to their graduation plan are necessary. Staff Responsible for Monitoring: Administrators and Counselor Problem Statements: Student Learning 1, 2		Formative			Summative

Birdville Independent School District
Richland High School
2024-2025 Campus Improvement Plan

Mission Statement

Through cooperative efforts with the community, Richland High School's programs of instruction not only promote self-confidence, creativity, scholarship, and citizenship, but also provide skills for an ever-changing world. BISD and Richland High School support the diversity of our students, staff and community.

Vision

Excellence isn't the goal, it's the expectation!

Demographics

Demographics Summary

Student Achievement

Student Achievement Summary

Demographics

Demographics Summary

The student population at Richland High School has continued to change significantly over the last five years both ethnically and socio-economically. There has been an increase in Hispanic population has shown the greatest increase and now represents over 35% of our student population and that increase brings additional students classified as Emergent Bilingual.

The percentage of our students classified as economically disadvantaged has grown to 48%.

Our At-Risk percentage has risen to 39%.

Our SpED population currently sits at 9.2%.

These changes have caused us to provide more training to our staff on how to more effectively reach our ever-changing population.

More focus and systems need to be put in place for our SpEd (Special Education) and EB (Emergent Bilingual) populations.

Demographics Strengths

Richland High School has a great mix of demographics both in race and in socio-economic status. This mix brings a variety of viewpoints and experiences. While some schools are isolated bubbles within Birdvile ISD (BISD), based on our demographic makeup, it is evident that Richland HS represents the overall BISD community. This allows our teachers and

students to experience deeper conversations from several viewpoints.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Richland High School has experienced a fast change in our demographics and we want to ensure that those students needs are being addressed. We need to adjust our teaching to the students we have. **Root Cause:** A rapid change in demographics at Richland High School could be due to economic shifts, new housing developments, increased immigration, or changes in community services affecting local population movement.

Student Learning

Student Learning Summary

Much attention was given to End-of-Course (EOC) scores during the 23-24 school year. RHS was trending in the wrong direction with regard to "meets" and "approaches" in previous years. The results from the 23-24 state testing indicated that our efforts paid off as we saw increases in Biology and English 2 in approaches. We saw an increase in Biology and English 2 in meets grade level performance. We additionally saw an increase in Algebra 1, English 1, and English 2 in masters grade level performance.

The 24-25 school year will see a focus on bringing up the "Mastery" level across the board. Based on current data, the indicators point to the fact that we are teaching the subject matter well, but need to increase the rigor and depth of our courses.

Furthermore, RHS did very well in regard to AP (Advanced Placement) testing, scoring above the national average in most areas. Work still needs to be done in some AP subjects such as Foreign languages and chemistry.

22-23-24 EOC Comparison												
Approaches												
Subject	22 State	22 RHS	22 BHS	22 HHS	23 State	23 RHS	23 BHS	23 HHS	24 State	24 RHS	24 BHS	24 HHS

Student Learning Strengths

Strong systems and processes regarding classroom expectations were put in place during the 23-24 school year. We feel the work done during this year were a driving force behind the increase of student success at Richland High School.

AP tests were given district-wide face-to-face allowing for a consistent testing environment for all students.

Campus-wide focus on best practices for classroom instruction will provide needed consistency and support for instruction. Utilizing processes that were working prior to the pandemic and strengthening direct instruction with campus-identified areas for targets that include:

- Plan, DO, Study, Act
- Data collection and goal setting by students: data binders
- Literacy strategies for every content
- PLC process

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): While test scores and student performance greatly increased during the 23-24 year, students performed at the basic level. We need to increase rigor and depth in all subjects by maintaining the systems and procedures we put in place last year, as well as a more detailed focus on student data throughout the year. **Root Cause:** Lack of process and systems.

School Processes & Programs

School Processes & Programs Summary

Developing campus-wide systems and processes for just about everything was the main work our campus focused on during the 22-23 school year. The campus lacked systems in certain areas that needed to be created from the ground up. Furthermore, the systems that we did have were not being monitored closely to see if staff, students, and teachers were following those systems and not operating as independent contractors within our organization.

We have created systems for almost everything and our campus is now running as one unit. Work will need to be done to monitor and adjust these systems as we discover what does and does not work. This will allow us to focus on Tier 1 priorities within the classrooms during the 23-24 and 24-25 school year.

One system we started was a campus-wide system to look at and use student and campus data on an ongoing basis. This year we will focus on breaking that data down to use throughout the year so that we can identify and fix issues (Example - gaps in student learning) before they become larger or go unnoticed.

School Processes & Programs Strengths

Advanced Placement (AP) program options remain a strong offering at RHS with increased success with qualifying scores for the 2023-24 school year. However, the number of students enrolling in those classes continues to decline and we are addressing that by hitting it in the 8th grade and freshman years.

CTE options allow for students to be transported each period to the BCTAL along with CTE options at RHS. These options are available to any student at RHS.

The Royal Time Advisory are now using Character Strong curriculum to guide students and teachers through SEL lessons. In addition, Royal Time is now being used to address AI and some RTI needs.

Students and teachers are publicly recognized for positive influences and student achievement. We have awards assemblies for students throughout the year.

2024 Graduation Rate is 99% and all measurable domains were met in Domain III for STAAR Accountability measures.

Teacher and Student safety surveys are administered.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We need to identify why the areas that we are seeing a downward trend in continue to move that direction. Is it our failure to respond to the changing demographics? Covid hangover? lack of strong systems and structures? **Root Cause:** Data analysis has not been done to determine what issue is.

Perceptions

Perceptions Summary

The 23-24 school year was a year focused on changing the culture of RHS. Based on student surveys and staff surveys including the OHI (Organizational Health Index) large gains were made. One indication of growth can be seen in the increase in numbers of students are getting involved in multiple student organizations. Our tennis, drill team, and cheer programs have all increased in size. Furthermore, attendance at campus events has greatly increased across the board.

The overall perception of RHS is starting to change in a positive direction throughout the community in terms of culture and academic performance.

Perceptions Strengths

Richland High School has strong community support and the expectations for this campus remain high - they want to see Richland be successful in all areas. While the recent change in the mascot and other areas of the school has caused a loss of identity, the core of RHS is still strong and something to build upon as we rebrand ourselves.

There is a campus expectation of contacting parents for positive reinforcement.

Social media is used to communicate school news and accomplishments.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Richland High School has experienced a fast change in our demographics and we want to ensure that those students needs are being addressed. We need to adjust our teaching to the students we have. **Root Cause:** A rapid change in demographics at Richland High School could be due to economic shifts, new housing developments, increased immigration, or changes in community services affecting local population movement.

Priority Problem Statements

Problem Statement 1: While test scores and student performance greatly increased during the 23-24 year, students performed at the basic level. We need to increase rigor and depth in all subjects by maintaining the systems and procedures we put in place last year, as well as a more detailed focus on student data throughout the year.

Root Cause 1: Lack of process and systems.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Richland High School has experienced a fast change in our demographics and we want to ensure that those students needs are being addressed. We need to adjust our teaching to the students we have.

Root Cause 2: A rapid change in demographics at Richland High School could be due to economic shifts, new housing developments, increased immigration, or changes in community services affecting local population movement.

Problem Statement 2 Areas: Demographics - Perceptions

Problem Statement 3: We need to identify why the areas that we are seeing a downward trend in continue to move that direction. Is it our failure to respond to the changing demographics? Covid hangover? lack of strong systems and structures?

Root Cause 3: Data analysis has not been done to determine what issue is.

Problem Statement 3 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Observation Survey results
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity,

- gender, etc.
- Section 504 data
- Homeless data
- Dual-credit and/or college prep course completion data
- STEM and/or STEAM data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- T-TESS data
- T-PESS data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data

Goals

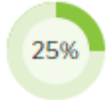

Goal 1: Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

Evaluation Data Sources: Secondary: Lexile levels from STAAR

Strategy 1 Details	Reviews			
Strategy 1: Implement the literacy plan through established priorities for system-wide literacy practices. Actions: a) Use PG-SLO (Student Learning Objectives) tasks to implement district Tier 1 priorities with a strong focus on collecting student data to use for improved performance. b) Guide the instruction of teachers through lunch and learns and additional on-site training during the professional work day. c) Use the PLCs (Professional Learning Communities) to collaborate and discuss results that were successful for additional implementation as well as those that need improvement and redesign. d) Conduct campus walks for the purpose of collecting artifacts to support literacy implementation (Royal Rounds) Staff Responsible for Monitoring: Assistant Principals Academic Dean Principal Department Chairs Literacy Committee Problem Statements: Student Learning 1	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
Strategy 2: Build capacity to implement the district recalibration focus on Tier 1 instruction. Actions: a) At the first of the year discuss prior year and see what systems need to be created or revamped with the goal of setting campus wide expectations regarding classroom instructions. b) Create focused department chair/admin walkthroughs to ensure fidelity. c) Create teacher walk-through system (Royal Rounds) where teachers observe each other once a quarter. This will be organized by departments. d) Monitor implementation of strategies utilizing walk-throughs and teacher provided artifacts as supporting documentation. e) Create monthly focus on tier one initiatives starting in September. f) Create common classroom expectations/procedures. g) Create system where non-tested subjects have at least one planning period once a quarter to use for instructional planning/practices with their team. Staff Responsible for Monitoring: Assistant Principals Academic Dean Principal Department Chairs Literacy Committee Problem Statements: Demographics 1 - Perceptions 1	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 3 Details	Reviews			
Strategy 3: Align processes that encourage and facilitate personalized learning for students. Actions: a) Utilize Canvas and Aware to its fullest capacity. b) Use of IEP (Individualized Education Plan), 504, and Emergent Bilingual accommodations to individualize instruction. c) RtI (Response to Intervention) Tier 3 additional services are provided through reading classes and Edgenuity. d) Monitor, support and provide feedback to support campus implementation of personalized learning. e) Student data collection in classrooms (online or paper) f) Monitor Accelerated Instruction (AI) Tutorials and progress g) Create digital data folders for students for each core class. h) Track student data through the use of teacher data binders with the goal of having two years of data by the end of 23-24. (Started in 22-23) Staff Responsible for Monitoring: Assistant Principals Academic Dean Principal Department Chairs Title I: 2.4, 2.5, 2.6 Problem Statements: Demographics 1 - Perceptions 1 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$652,147	Formative			Summative

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: Richland High School has experienced a fast change in our demographics and we want to ensure that those students needs are being addressed. We need to adjust our teaching to the students we have. Root Cause: A rapid change in demographics at Richland High School could be due to economic shifts, new housing developments, increased immigration, or changes in community services affecting local population movement.

Perceptions

Birdville Independent School District

DAEP

2024-2025 Department Plan

Mission Statement

The Disciplinary Alternative Education Program (DAEP) seeks to meet the needs of students from all campuses of the Birdville Independent School District. Our mission therefore reflects the Birdville Independent School District's mission, which is to ensure that all students position themselves to excel with integrity in an ever-changing global society through innovative and responsive learning environments.

Vision

Our vision at DAEP is to provide an alternative setting that utilizes best practices to reduce recidivism, holding students behaviorally and academically accountable, while encouraging personal growth and improved social skills through Character Education.

Value Statement

As members of the DAEP campus,

- 1. We will not give up on any student*
- 2. We will treat all people with dignity and respect*
- 3. We will model and expect personal responsibility*
- 4. We will make decisions in the best interest of students.*
- 5. We will practice responsible stewardship of our resources*
- 6. We will not compromise our commitment to excellence*

Comprehensive Needs Assessment

Demographics

Demographics Summary

Restructured in 2021, our goals are for students to achieve their full potential through a system that is responsive to their behavioral, academic, social, and emotional needs, to utilize efficient and effective organizational skills to support and improve student learning, and to ensure all students and staff learn and work in a safe and responsive environment. In addition to receiving instruction for their scheduled classes, students receive Social and Emotional Learning instruction during daily Character Education classes, that include Character Strong curriculum, and the opportunity for individual counseling while enrolled at DAEP from our SE Counselor. Through our counseling program our campus partners with approved community support programs and agencies which yield assistance and support for our children and families.

Our student demographics for the 2023-2024 school year closely mirrored the district's makeup, serving 33.7% females, 66.3% males, 44.7% Hispanic Latino students, 2.5% Asian students, 22.2% African American students, and 31.2% white students.

The DAEP faculty and staff consist of one administrator, one elementary teacher, two inclusion teachers, six secondary teachers, positions for four certified Educational Aides, one Office Coordinator, one full time Social Emotional Counselor and one campus SRO that is shared with Shannon High School. One secondary teacher is utilized to teach a daily Character Education course, and another secondary teacher is utilized as an Instructional Coach. All teachers are certified in their teaching assignment, with at least one certified teacher for each core subject.

Demographics Strengths

Six members of the faculty and staff are bilingual

The faculty and staff is as diverse as the students we serve

Four of the eight certified teachers have served on the campus for three or more years, with three of them having served five or more years.

New hires in the past two years have multiple years experience in Texas public education settings.

One of the Educational Aides have significant college credit hours, working towards a teaching certificate.

All are dedicated with a growth mindset

Student Achievement

Student Achievement Summary

Students assigned to the DAEP campus remain on campus for an assigned period of time during the school year, following a discipline matrix. Home campus teachers remain the teacher of record. The DAEP campus provide academic services to students from across the entire district. It is the expectation for all students to demonstrate sustained growth in their academics as well as behaviorally. If a student is assigned to the DAEP campus during standardized testing, scores remain attached to the home campus. DAEP does not receive any state assessment scores in any academic area.

Student Achievement Strengths

DAEP offer reviews for students to obtain an early dismissal that is based not only on their behavior, but academics as well. Students must maintain or improve their grades while at DAEP if they are to earn a review resulting in an early dismissal from the program. Over 90% of students assigned to DAEP earn a successful review as a result of maintaining and/or improving their grades while at DAEP.

DAEP students utilize organizational, note taking and goal setting skills that are closely monitored, to maintain an academic binder. These strategies can easily transition back to their home campus and continue to improve their grades upon return to their home campus.

The use of Canvas has had a direct improvement on student academics, providing students with relevant lessons, allowing for students to maintain communication with home campus teachers and their classroom assignment expectations

District Culture and Climate

District Culture and Climate Summary

While DAEP inherently serves as a punitive measure, we make a concerted effort to integrate restorative practices into the program through the use of daily Character Education classes infused with Character Strong curriculum, ROPES, CHAMPS, counseling and other applicable interventions. Our structures support the proven research that a safe and caring school climate produces a positive impact on student achievement. Student surveys are utilized to measure the campus climate and the effectiveness of our program.

Surveys (students)--Using anonymously collected student surveys, the data shows that the DAEP program effectively reduces recidivism and helps students understand behavioral and academic expectations while on campus. The surveys also reveal improvements in students' academic performance during their time in the program. Additionally, feedback from students highlighted the effectiveness of our Character Education classes and underscored the ongoing need for drug and alcohol interventions.

Values The DAEP campus value all students, with a focus on dignity and respect, personal responsibility, and making decisions in the best interest of students and the commitment to excellence.

Beliefs DAEP believe students can develop higher expectations through the use of the Behavior Management Program and CHAMPS, and that collaboration and communication between DAEP and home campuses is essential to student success.

Equity-Opportunity and Equal Access-- At DAEP we strive to see the inherent worth and dignity of every student; foster tolerance, sensitivity, understanding, and mutual respect among all students, and encourage them to strive to reach his or her own potential as they transition back to their home campuses.

District Culture and Climate Strengths

The culture and climate strengths of the DAEP campus are:

- Structured procedures, clear expectations for behavior and academic success
- The use of CHAMPS as a discipline guide and an online behavior monitoring program, the Behavior Management Program, that allows for immediate access
- Character Education classes addressing relevant real world topics daily
- The flexibility of the faculty and staff.
- Improvement in academics due to the use of Academic Binders

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

The DAEP faculty and staff consist of one administrator, one elementary teacher, two inclusion teachers, six secondary teachers, positions for four certified Educational Aides, one Office Coordinator, one full time Social Emotional Counselor and one campus SRO that is shared with Shannon High School. One secondary teacher is utilized to teach a daily Character Education course, and another secondary teacher is utilized as an Instructional Coach. All teachers are certified in their teaching assignment, with at least one certified teacher for each core subject.

Staff Quality, Recruitment, and Retention Strengths

Four members of the faculty and staff are bilingual

Four of the eight certified teachers have served on the campus for three or more years, with three of them having served five or more years.

New hires in the past two years have multiple years experience in Texas public education settings.

Two of the Educational aides have significant college credit hours, with one working towards a teaching certificate.

One EA has moved into a teaching role and has a college degree with experience as a Social Worker and prior employment with the Texas Juvenile System.

All are dedicated with a growth mindset

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

Home campuses teachers remain the teacher of record. DAEP provide support to students following the scope and sequence provided by the district, as well as instruction and curriculum recommended by their home campus teachers.

DAEP does not receive scores or ratings from TEA

Curriculum, Instruction, and Assessment Strengths

The strengths of the DAEP curriculum and instruction is the collaborathon and communication procedures put in place to ensure students are receiving instruction that best mirrors their home campus classrooms. DAEP teachers communicate directly with teachers, and utilize the DAEP Instructional Coach for assistance in reaching out to home campus teachers. When working on core subjects, DAEP rotate teachers to ensure a certified teacher is available. Special Education accommodations are met through DAEP Inclusion teachers who ensures the campus teachers receive documentation required for all SPED students and meet weekly with the faculty to summarize students on the campus.

Family and Community Engagement

Family and Community Engagement Summary

Parents are required to attend an intake meeting with their student to ensure both student and parent understand the expectations and requirements for dismissal from the program. The Intake Video is followed up immediately with a conference with the campus administrator for clarification of all procedures. Additionally, the campus Social Emotional Counselor is included in the intake process to explain her role at DAEP and the importance of the daily Character Education course. The counselor will also provide additional resources if warranted.

Recognizing the need for intervention, the campus has partnered with Recovery Resource Council and Narcotics Anonymous. Recovery Resource Council provides an evidence based approach to address social behavioral concerns regarding our middle school students. Narcotics Anonymous provides ongoing speakers to our high school students to demonstrate the effects drugs and alcohol has on one's life. Parental permission is requested prior to students participation in the informative discussions.

Family and Community Engagement Strengths

The thoroughness of the Intake meeting provide clear expectations to parents. The support provided to students upon arrival to DAEP by the SE Counselor is imperative to students being successful at DAEP.

Partnering with Recovery Resource Council and Narcotics Anonymous is beneficial to the DAEP campus. It allows for students district wide to access a resource that students may not otherwise receive, and the information they provide may assist them in making better choices when they return to their home campus.

District Organization

District Organization Summary

Students are assigned to DAEP in accordance with the BISD Student Code of Conduct. While in attendance, students receive instruction from certified teachers, as well as counseling and guidance in strategies to support social emotional improvements. DAEP processes, structures, decision making, and overall organization has resulted in a quality alternative learning environment.

District Organization Strengths

Systems in place at DAEP influence a broad range of dimensions of student learning, including academic, social and behavioral learning.

DAEP aim to teach students the relevance of self discipline, with a goal for students to be able to transfer the newly learned skills as they transition to home campuses.

Strengths of the campus include the use of a computerized Behavior Management Program, campus wide CHAMPS discipline management system, academic binders, and daily Character Education classes.

Recognized as a Texas Association for Alternative Education showcase school for the 2022-2023 school year

Technology

Technology Summary

DAEP students utilize district issued chrome books to submit assignments back to their home campus teachers. BISD has a 1:1 ratio in technology. The campus provides access to chrome books when the need presents itself. The use of Canvas has greatly improved instruction for students while at DAEP

Technology Strengths

Faculty and staff knowledge and skills of campus technology/programs are efficient.

District assigned technology specialist for the DAEP is responsive

TEAMS has improved communication between home campuses and DAEP

Demographics

Demographics Summary

The DAEP campus does not offer a graduation. 90% of students meet their review and are returned to their home campus after serving at least 50% of their assignment. Demographic Breakdown: 39% Hispanic, 25% White, 17% Black/African American, 2% Asian, 16% LEP, 11% 504, 10% SPED, 1% GT. Elementary teacher to student average is 1:3, secondary teacher/student ratio meets states requirement of 1:15 but DAEP average a ratio of 1:10. Five of the eight certified teachers have served on the campus for five or more years. New hires in the past two years have multiple years experience in Texas public education settings. One Educational aide has significant college credit hours, and is working on completing a teacher certification program.

Demographics Strengths

During the hiring process it is imperative to the campus that we hire certified teachers, and the campus currently have at least one certified teacher for each core subject.

Six members of the faculty and staff are bilingual.

Five of the faculty and staff have been with the DAEP campus for three or more years, with three of them having served five or more years at DAEP

Problem Statements Identifying Demographics Needs

Problem Statement 1: While the DAEP demographics mirror the district's in a number of categories, the distinction in rates for African American students, 504 and SPED students is a concern. **Root Cause:** The root cause for the number of 504 and SPED students placed at DAEP may be a result of a lack of training and understanding the manifestation of a students disability. Racial biases may play a role in the number of AA students placed at DAEP, however it cannot serve as the predominate or soul cause. There are other mitigating factors that affect placement.

Problem Statement 2 (Prioritized): Educational Aides are called upon to work with SPED students and some students that have the propensity for aggression. Educational Aides are essential members to the DAEP campus and are difficult to recruit and retain. **Root Cause:** The DAEP Educational Aides are not paid at the highest EA rate.

Student Learning

Student Learning Summary

DAEP is not rated by TEA. All state/local assessments that may be given while a student is enrolled at DAEP are combined with the home campus data.

Student Learning Strengths

Academic Binders are improving students organizational skills

Students are taking ownership of their academics as learning improves

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The DAEP campus utilizes the Edgenuity Curriculum when home campus teachers elect to utilize it rather than Canvas. Edgenuity curriculum does not reflect the specialized instruction classroom teachers provide students, and must be customized to reflect the instruction that is given in the home campus classrooms. Students struggle academically with this program. **Root Cause:** Teachers are not familiar enough with the Edgenuity program to make the needed customizations. The program does not offer accommodations for SPED students that are needed for some of the core subjects

Problem Statement 2 (Prioritized): Ensuring the sustainability of academic and behavioral standards presents a challenge as students transition back to their home campus after a period of alternative education placement. This transition period often reveals gaps in maintaining consistent educational progress and behavioral expectations, which can impact the student's ability to reintegrate successfully and meet established standard **Root Cause:** While students learn the needed skills, without the DAEP structure students struggle to maintain their improved behavior and academic expectations once back at their home campus

Problem Statement 3 (Prioritized): In addition to well qualified teachers, it is imperative, when possible, to maintain a diversified (gender/racially) faculty and staff to reflect the cultural and diverse student body **Root Cause:** "Teacher recruitment and retention is an ongoing issue, and unfortunately there is a misconception of the DAEP campus environment and the population we serve.

Problem Statement 4 (Prioritized): Educational Aides are called upon to work with SPED students and some students that have the propensity for aggression. Educational Aides are essential members to the DAEP campus and are difficult to recruit and retain. **Root Cause:** The DAEP Educational Aides are not paid at the highest EA rate.

School Processes & Programs

School Processes & Programs Summary

The DAEP faculty maintains the districts scope and sequence. In an effort to aide students with a successful transition to and from their home campus, communication with home campus teachers is a focus of the DAEP campus. Home campus teachers receive communication from DAEP teachers upon placement, providing the home campus teacher with the opportunity to elect to have students work in Edgenuity or Canvas.

The DAEP administrator completes an intake process with each student and a parent prior to starting on our campus. The campus structures, procedures, and expectations are clearly communicated during the intake meeting. Upon entry into the classroom, all students receive additional explanations of structures and procedures.

The DAEP faculty and staff rotate, while students remain stationary in one classroom throughout the day. This provide for students to receive instructional support from core teachers when accessing their core subject assignments. This also aides in maintaining a safe and secure environment.

Daily Character Education classes are taught, under the guidance of the campus SE Counselor. Two days of the week the focus is on the district's initiative Character Strong. One day a week, students participate in a ROPES course that teaches team building traits and communication skills.

The campus utilizes a points system that affects dismissal from the campus. The Behavior Management System is computerized providing immediate access for all faculty and staff, home campus designees and DAEP students. The BMS is used to record students behaviors throughout the day. Negative behaviors result in students losing points, and losing points add up to additional days at DAEP. The BMS provide students the opportunity to monitor their behaviors and make adjustments where needed. The administrator is able to see when immediate interventions are needed.

DAEP students are required to maintain an Academic Binder. The binders consist of grade data form, notes for each core subject, assignment submission page for each course, Character Ed reflection page, and a grade tracker page for each course (Canvas/Edgenuity)

Drug/Alcohol focused sessions with Recovery Resource and Narcotics Anonymous. With parent permission, middle school students participate in weekly discussions with drug/alcohol trained counselors through Recovery Resource. High school students, with parent permission, participate in a biweekly sessions with clients from Narcotics Anonymous. The programs are under the guidance of the campus SE Counselor.

School Processes & Programs Strengths

Students academics improve while at DAEP

Processes hold students accountable academically and behaviorally

Students receive strategies for solving conflicts and decision making, team building and communication skills through Character Education/ROPES course.

Communication between home campuses and DAEP are improved.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Educational Aides are called upon to work with SPED students and some students that have the propensity for aggression. Educational Aides are essential members to the DAEP campus and are difficult to recruit and retain. **Root Cause:** The DAEP Educational Aides are not paid at the highest EA rate.

Problem Statement 2: There is an increasing need to support the emotional well being and mental health of all students. The campus does a good job through the use of one SE counselor, but a plan must be developed that encompasses parental support and training, and one that transitions back to home campuses. **Root Cause:** Some students come to school with learned behaviors and other triggers and often there is a lack/delay in identifying high need students.

Problem Statement 3 (Prioritized): The DAEP campus utilizes the Edgenuity Curriculum when home campus teachers elect to utilize it rather than Canvas. Edgenuity curriculum does not reflect the specialized instruction classroom teachers provide students, and must be customized to reflect the instruction that is given in the home campus classrooms. Students struggle academically with this program. **Root Cause:** Teachers are not familiar enough with the Edgenuity program to make the needed customizations. The program does not offer accommodations for SPED students that are needed for some of the core subjects

Problem Statement 4: There is a need for training for parents seeking solutions for improving the overall emotional and mental health of their children and to reduce their use / dependency on drugs. The age/grade level at which students are placed at DAEP for drug related infractions are increasing at the elementary level. **Root Cause:** The lack of involvement from parents creates a lack of student engagement in all areas at campuses, and lends to students making poor choices. Preventive measures regarding drug/alcohol use on home campuses are limited and/or nonexistence. A program that require parental involvement offering support for both students and parents is recommended as students transition back to their home campus.

Problem Statement 5 (Prioritized): To assist in maintaining a safe learning environment additional support for the emotional well being and mental health of students must be provided at the DAEP campus, with a successful transition plan implemented as students return to their home campus. Throughout the district de-escalation strategies and improved threat assessment skills need to be developed. **Root Cause:** Some students come to school with learned behaviors and other triggers. Training in identifying high need students do not exist for all faculty and staff.

Perceptions

Perceptions Summary

Structured planning has resulted in a safe learning environment, with 0% altercations between students since the 2020-2021 school year.

Results from the 2021-2022 and the 2022-2023 DAEP Student Exit Surveys indicate Character Education coursework has been effective.. 66%/70% feel they have better control of their emotions, 81%/85% report they are better equipped to set and achieve goals.

Communication between home campus teachers and the DAEP faculty and staff have improved.

Perceptions Strengths

The creation of an Instructional Coach for DAEP has resulted in training for home campus teachers as well as DAEP instructors that specifically addresses scope and sequence when utilizing Edgenuity as well as communicating assignment needs for DAEP students.

Rotating teachers ensures core subject teachers are present when students are working on core subject assignments from their home campus.

Preventive planning has provided for a safe and secure environment for faculty, staff and students.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: While the DAEP demographics mirror the district's in a number of categories, the distinction in rates for African American students, 504 and SPED students is a concern. **Root Cause:** The root cause for the number of 504 and SPED students placed at DAEP may be a result of a lack of training and understanding the manifestation of a students disability. Racial biases may play a role in the number of AA students placed at DAEP, however it cannot serve as the predominate or soul cause. There are other mitigating factors that affect placement.

Problem Statement 2 (Prioritized): In addition to well qualified teachers, it is imperative, when possible, to maintain a diversified (gender/racially) faculty and staff to reflect the cultural and diverse student body **Root Cause:** "Teacher recruitment and retention is an ongoing issue, and unfortunately there is a misconception of the DAEP campus environment and the population we serve.

Problem Statement 3: There is an increasing need to support the emotional well being and mental health of all students. The campus does a good job through the use of one SE counselor, but a plan must be developed that encompasses parental support and training, and one that transitions back to home campuses. **Root Cause:** Some students come to school with learned behaviors and other triggers and often there is a lack/delay in identifying high need students.

Problem Statement 4: There is a need for training for parents seeking solutions for improving the overall emotional and mental health of their children and to reduce their use / dependency on drugs. The age/grade level at which students are placed at DAEP for drug related infractions are increasing at the elementary level. **Root Cause:** The lack of involvement from parents creates a lack of student engagement in all areas at campuses, and lends to students making poor choices. Preventive measures regarding drug/alcohol use on home campuses are limited and/or nonexistence. A program that require parental involvement offering support for both students and parents is recommended as students transition back to their home campus.

Problem Statement 5 (Prioritized): To assist in maintaining a safe learning environment additional support for the emotional well being and mental health of students must be

provided at the DAEP campus, with a successful transition plan implemented as students return to their home campus. Throughout the district de-escalation strategies and improved threat assessment skills need to be developed. **Root Cause:** Some students come to school with learned behaviors and other triggers. Training in identifying high need students do not exist for all faculty and staff.

Priority Problem Statements

Problem Statement 1: To assist in maintaining a safe learning environment additional support for the emotional well being and mental health of students must be provided at the DAEP campus, with a successful transition plan implemented as students return to their home campus. Throughout the district de-escalation strategies and improved threat assessment skills need to be developed.

Root Cause 1: Some students come to school with learned behaviors and other triggers. Training in identifying high need students do not exist for all faculty and staff.

Problem Statement 1 Areas: School Processes & Programs - Perceptions

Problem Statement 2: In addition to well qualified teachers, it is imperative, when possible, to maintain a diversified (gender/racially) faculty and staff to reflect the cultural and diverse student body

Root Cause 2: "Teacher recruitment and retention is an ongoing issue, and unfortunately there is a misconception of the DAEP campus environment and the population we serve.

Problem Statement 2 Areas: Student Learning - Perceptions

Problem Statement 3: The DAEP campus utilizes the Edgenuity Curriculum when home campus teachers elect to utilize it rather than Canvas. Edgenuity curriculum does not reflect the specialized instruction classroom teachers provide students, and must be customized to reflect the instruction that is given in the home campus classrooms. Students struggle academically with this program.

Root Cause 3: Teachers are not familiar enough with the Edgenuity program to make the needed customizations. The program does not offer accommodations for SPED students that are needed for some of the core subjects

Problem Statement 3 Areas: Student Learning - School Processes & Programs

Problem Statement 4: Educational Aides are called upon to work with SPED students and some students that have the propensity for aggression. Educational Aides are essential members to the DAEP campus and are difficult to recruit and retain.

Root Cause 4: The DAEP Educational Aides are not paid at the highest EA rate.

Problem Statement 4 Areas: Demographics - Student Learning - School Processes & Programs

Problem Statement 5: Ensuring the sustainability of academic and behavioral standards presents a challenge as students transition back to their home campus after a period of alternative education placement. This transition period often reveals gaps in maintaining consistent educational progress and behavioral expectations, which can impact the student's ability to reintegrate successfully and meet established standard

Root Cause 5: While students learn the needed skills, without the DAEP structure students struggle to maintain their improved behavior and academic expectations once back at their home campus

Problem Statement 5 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Gifted and talented data

Student Data: Behavior and Other Indicators

- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback

Employee Data

- Professional learning communities (PLC) data
- Campus department and/or faculty meeting discussions and data
- Evaluation(s) of professional development implementation and impact

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the behavioral, academic, social, and emotional needs of the student.

Performance Objective 1: Student is exited from DAEP after a successful review.

High Priority

Evaluation Data Sources: Data notebooks, Behavior Management System (point system), teacher feedback, Transition plans

Strategy 1 Details	Reviews			
Strategy 1: All staff and students will use the Academic Binders to document academic continuous improvement. Students will set goals and be responsible for their data on grades and social goals which is also housed in their binders. The campus administrator meets individually with students to discuss their progress and how to transition back to their home campus successfully. Actions: During the administrative review, students discuss with the administrator the effort and changes they displayed while at DAEP and how they can transition to their home campus successfully, implementing the strategies learned while at DAEP. Staff Responsible for Monitoring: Administrator, advisory teachers, Educational Aides, SE Counselor Problem Statements: Student Learning 2 - School Processes & Programs 5 - Perceptions 5	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 2 Details	Reviews			
Strategy 2: Utilizing the online Behavior Management System, students are immediately made aware of any needed behavioral adjustments. Teachers consistently report behavior issues during class, providing immediate notification to students and the entire DAEP campus. Home campus administrators and counselors are also able to view their students behaviors while at DAEP. Actions: Upon viewing their BMS report, students recognize the need for adjustments and choose a positive path before losing entire DAEP day due to behavioral issues. DAEP Teachers are informed of behaviors that may be repeated, and home campus can view both negative and positive growth in their students behavior while at DAEP. Staff Responsible for Monitoring: Teachers, administrator, EAs, home campus administrators and counselors Targeted Support Strategy Problem Statements: Student Learning 2	Formative			Summative

Educational Aides are essential members to the DAEP campus and are difficult to recruit and retain. Root Cause: The DAEP Educational Aides are not paid at the highest EA rate.
Perceptions
Problem Statement 2: In addition to well qualified teachers, it is imperative, when possible, to maintain a diversified (gender/racially) faculty and staff to reflect the cultural and diverse student body Root Cause: "Teacher recruitment and retention is an ongoing issue, and unfortunately there is a misconception of the DAEP campus environment and the population we serve.

Goal 3: All students and staff will learn and work in a safe and responsive environment.

Performance Objective 3: Students in DAEP will not participate in physical altercations, learning alternate means for conflict resolution and team building skills through Character Education classes.

High Priority

Evaluation Data Sources: Discipline records. Behavior Management System BMS, Student surveys, Character Strong/Education curriculum, ROPES, recidivism data, Character Ed. student reflections

Strategy 1 Details	Reviews			
Strategy 1: Students enrolled at DAEP will participate in Ropes Course, Character Education classes, and Drug Intervention forums. Participation results in students being exposed to alternate solutions for conflicts, demonstrates and improve their communication and decision making skills. Actions: Ropes Course, which is held once a week, introduce students to teamwork, communication skills and problem solving strategies. Daily Character Education classes provide students with positive means for solving conflicts. Participation in the Drug Interventions offered at DAEP bi-weekly, assist students in understanding the effects drug/alcohol use has on their behavior and demonstrates to them real life consequences of continued use. Staff Responsible for Monitoring: Administrator, SE Counselor, teachers, Educational Aides, Problem Statements: Demographics 2 - Student Learning 1, 4 - School Processes & Programs 1, 3	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 2 Details	Reviews			
Strategy 2: DAEP utilize a number of daily operational procedures that will reduce the opportunity for altercations. Actions: DAEP will have a secured check in held daily, in which all students walk through a metal detector and are searched manually, which lessen the chance for a weapon on campus. Upon placement notification, the DAEP coordinator and administrator, communicate with assigning campus to ensure separation of students involved in conflicts, as well as ensure a separation for those involved in incidents such as group drug use and/or lewd behavior. To make classroom assignments more efficient, the hallway is structured so that one group of rooms would not encounter the opposite group of rooms throughout the day. All bathroom breaks are escorted one classroom at a time. Overall student movement is limited. Students remain in one room most of the day, while teachers rotate. When being escorted to lunch and during bathroom breaks, students are required to walk on center hallway line with hands in pockets or behind their back. Communication between students is limited to Character Education classes. Open discussions during regular classes is prohibited and should result in a loss of points, and losing points could result in additional days. Dismissal is staggered by rooms, and based on best behaviors (Gold dismissed first, green second, followed by pink). All expectations are provided to students and parents at the required intake meeting. Staff Responsible for Monitoring: Administrator, all faculty and staff, SE counselor, campus SRO, security guard. Performance Objective 3 Problem Statements:**Demographics**

Problem Statement 2: Educational Aides are called upon to work with SPED students and some students that have the propensity for aggression. Educational Aides are essential members to the DAEP campus and are difficult to recruit and retain. **Root Cause:** The DAEP Educational Aides are not paid at the highest EA rate.

Student Learning

Problem Statement 1: The DAEP campus utilizes the Edgenuity Curriculum when home campus teachers elect to utilize it rather than Canvas. Edgenuity curriculum does not reflect the specialized instruction classroom teachers provide students, and must be customized to reflect the instruction that is given in the home campus classrooms. Students struggle academically with this program. **Root Cause:** Teachers are not familiar enough with the Edgenuity program to make the needed customizations. The program does not offer accommodations for SPED students that are needed for some of the core subjects

Problem Statement 3: In addition to well qualified teachers, it is imperative, when possible, to maintain a diversified (gender/racially) faculty and staff to reflect the cultural and diverse student body **Root Cause:** "Teacher recruitment and retention is an ongoing issue, and unfortunately there is a misconception of the DAEP campus environment and the population we serve.

Problem Statement 4: Educational Aides are called upon to work with SPED students and some students that have the propensity for aggression. Educational Aides are essential members to the DAEP campus and are difficult to recruit and retain. **Root Cause:** The DAEP Educational Aides are not paid at the highest EA rate.

School Processes & Programs

Edgenuity curriculum does not reflect the specialized instruction classroom teachers provide students, and must be customized to reflect the instruction that is given in the home campus classrooms. Students struggle academically with this program. **Root Cause:** Teachers are not familiar enough with the Edgenuity program to make the needed customizations. The program does not offer accommodations for SPED students that are needed for some of the core subjects

Problem Statement 5: To assist in maintaining a safe learning environment additional support for the emotional well being and mental health of students must be provided at the DAEP campus, with a successful transition plan implemented as students return to their home campus. Throughout the district de-escalation strategies and improved threat assessment skills need to be developed. **Root Cause:** Some students come to school with learned behaviors and other triggers. Training in identifying high need students do not exist for all faculty and staff.

Perceptions

Problem Statement 2: In addition to well qualified teachers, it is imperative, when possible, to maintain a diversified (gender/racially) faculty and staff to reflect the cultural and diverse student body **Root Cause:** "Teacher recruitment and retention is an ongoing issue, and unfortunately there is a misconception of the DAEP campus environment and the population we serve.

Training in identifying high need students do not exist for all faculty and staff.

Targeted Support Strategies

Goal	Objective	Strategy	Description
1	1	2	Utilizing the online Behavior Management System, students are immediately made aware of any needed behavioral adjustments. Teachers consistently report behavior issues during class, providing immediate notification to students and the entire DAEP campus. Home campus administrators and counselors are also able to view their students behaviors while at DAEP.
1	3	1	Maintaining communications with home campus teachers, use of PDSA, obtainable goal setting and organizational skills.

District Culture and Climate Strengths

Demographics

Demographics Summary

Demographics summary for Birdville High School:

Birdville High School, with a total enrollment of 2,093 students, is home to a diverse student body. The ethnic composition includes 48% White, 33% Hispanic, 11% African American, 3% Asian, 3% Multiracial, 1% Native American, and less than 1% Pacific Islander. The student population is slightly more male (52.1%) than female (47.9%). The school serves a variety of student needs, with 6.2% of students identified as Limited English Proficient (LEP) and 12.75% as Emergent Bilingual. Additionally, 48% of students are considered at risk, and 36% come from economically disadvantaged backgrounds. Birdville High School also supports 8% of its students with dyslexia, 11% in the Gifted and Talented (GT) program, and 9.78% in Special Education (SPED) services.

Demographics Strengths

Our campus boasts a diverse student body, representing a wide range of cultural, linguistic, and socioeconomic backgrounds. This diversity enriches the learning environment by fostering cross-cultural understanding, promoting inclusivity, and preparing students for success in a global society. The varied perspectives and experiences within our student population enhance classroom discussions, collaborative projects, and community initiatives, creating a vibrant and dynamic school culture.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Birdville High School's diversity presents challenges in meeting the needs of its students, particularly with 48% at risk, 36% economically disadvantaged, and significant numbers needing language support or special education services. The key challenge is providing equitable resources to ensure all students can succeed.

Root Cause: Limited engagement and support from families who are from economically disadvantaged backgrounds or those facing language barriers.

Student Learning

Student Learning Summary

Birdville High School demonstrates solid academic achievement, particularly in STAAR performance, with a strong focus on Meets Grade Level (GL) and Masters GL standards. Across all subjects, 64% of students met the Meets GL standard, and 24% attained the Masters GL standard, reflecting a solid academic foundation. Social Studies and Science are standout areas, with 77% and 69% of students meeting the Meets GL standard, respectively, and 51% of students reaching the Masters GL standard in Social Studies. White and Asian students lead the way in academic performance, with 77% and 78% meeting the Meets GL standard and 33% and 42% achieving the Masters GL standard, respectively.

In addition to STAAR performance, Birdville High School excels in College, Career, and Military Readiness (CCMR). According to TEAL, Birdville High School had 70% of its 2023 graduates meet CCMR indicators such as dual credit, Advanced Placement (AP) courses, and industry certifications. The graduation rate is also commendable, with 97.5% of 2023 seniors graduating on time, ready for post-secondary success.

These outcomes underscore Birdville High School's strengths in preparing students not only for academic success but also for future college and career opportunities. However, there remains a need to further support underrepresented groups, particularly in Math and Reading/Language Arts, to close achievement gaps and ensure all students are prepared for post-secondary success.

Student Learning Strengths

Birdville High School's student learning strengths are highlighted by its strong performance in Social Studies and Science, where 77% and 69% of students, respectively, met the Meets Grade Level (GL) standard. Additionally, 51% of students reached the Masters GL standard in Social Studies, showcasing advanced understanding and critical thinking skills. The school also excels in supporting students to achieve at high levels across various demographic groups, with White and Asian students showing particularly strong outcomes, and a notable number of students reaching the Masters GL standard in Science. These strengths reflect the school's effective instructional practices and commitment to academic excellence.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Birdville High School's Academic Growth Score of 61 and low Annual Growth Scores of 60 in Reading/Language Arts and Mathematics indicate minimal academic progress from 2023 to 2024. A notable 475 students made no progress, earning 0 points, and the Accelerated Learning Score was only 26, highlighting ineffective advancement for students below grade level. **Root Cause:** The stagnation in academic growth may be linked to challenges in addressing the needs of students below grade level. Issues such as resource limitations, varied effectiveness of instructional approaches, and monitoring practices might have influenced the overall progress and acceleration outcomes.

School Processes & Programs

School Processes & Programs Summary

Birdville High School's formula of success includes the focus on: **People, Processes, and Continuous Improvements**. We spend a lot of time analyzing our current processes in order to evaluate their effectiveness. The Logistics Committee, The Department Chair meetings, and the Leaders and Learners are responsible for making sure each process is functioning at a high level.

School Processes & Programs Strengths

Our Leaders of Learners team is a strength for our campus. This group of teacher leaders help to monitor the Continuous Improvement initiatives on our campus through LOL training provided by our district and also from campus visits to other high-performing schools within our campus comparison group.

We recognize students each nine weeks at our "Outstanding Students of the 9 Weeks" breakfast recognition ceremony... and students are recognized for exhibiting a particular CORE value of the 9 weeks. Family members attend these recognition ceremonies and this program has grown into a positive strength for our campus over the past several years.

Another strength is our special services programs. We serve students with OHI, auditory/visual/deaf impairments, intellectual & learning disabilities, and autism. We have a program called "Birdville Buddies" where we partner a general education student with a special education student and it is a highlight of our campus, without a doubt! This program grows in popularity every year (indicated by the increasing number of students who want to join Birdville Buddies) and we are so thankful for the inclusive environment this program has brought to our campus.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Despite the success of certain programs, not all students or processes may be receiving the same level of attention or resources, leading to potential gaps in support and opportunities for improvement. **Root Cause:** Inadequate feedback mechanisms and data analysis to assess the impact of our programs and processes.

Perceptions

Perceptions Summary

Birdville High School values ongoing feedback from students, staff, and the community, collected through various surveys conducted throughout the year. This feedback indicates that our campus is perceived as both safe and positive. Students and staff consistently report feeling secure and supported, which contributes to a strong sense of belonging and community within the school. The data suggests that our efforts to foster a welcoming and inclusive environment are having a positive impact on overall school morale and engagement.

Perceptions Strengths

Another key strength is our proactive approach to addressing and acting on feedback from our school community. By regularly administering surveys and using the insights gathered, we are able to make informed decisions that enhance our campus culture and climate. This responsiveness not only helps maintain a high level of satisfaction among students and staff but also demonstrates our commitment to continuous improvement and creating a supportive, collaborative environment for everyone at Birdville High School.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): The challenge lies in ensuring that all aspects of campus culture and climate are continually monitored and improved. **Root Cause:** The insufficient participation from all stakeholders in feedback mechanisms, which limits the comprehensiveness and effectiveness of the insights gathered.

Priority Problem Statements

Problem Statement 1: Birdville High School's diversity presents challenges in meeting the needs of its students, particularly with 48% at risk, 36% economically disadvantaged, and significant numbers needing language support or special education services. The key challenge is providing equitable resources to ensure all students can succeed.

Root Cause 1: Limited engagement and support from families who are from economically disadvantaged backgrounds or those facing language barriers.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Birdville High School's Academic Growth Score of 61 and low Annual Growth Scores of 60 in Reading/Language Arts and Mathematics indicate minimal academic progress from 2023 to 2024. A notable 475 students made no progress, earning 0 points, and the Accelerated Learning Score was only 26, highlighting ineffective advancement for students below grade level.

Root Cause 2: The stagnation in academic growth may be linked to challenges in addressing the needs of students below grade level. Issues such as resource limitations, varied effectiveness of instructional approaches, and monitoring practices might have influenced the overall progress and acceleration outcomes.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Despite the success of certain programs, not all students or processes may be receiving the same level of attention or resources, leading to potential gaps in support and opportunities for improvement.

Root Cause 3: Inadequate feedback mechanisms and data analysis to assess the impact of our programs and processes.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: The challenge lies in ensuring that all aspects of campus culture and climate are continually monitored and improved.

Root Cause 4: The insufficient participation from all stakeholders in feedback mechanisms, which limits the comprehensiveness and effectiveness of the insights gathered.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- PSAT

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity,

- gender, etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Dual-credit and/or college prep course completion data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

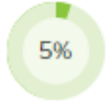

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of the school year.

a) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would, in turn, increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

High Priority

Evaluation Data Sources: Domain 1 performance in 2023

Strategy 1 Details	Reviews			
Strategy 1: Build capacity of campus staff to implement the District curriculum and state-approved resources with fidelity at the campus level. Actions: a) Provide tiered professional learning opportunities that are responsive to all staff needs to build their capacity to implement campus plans. b) Support departments to lead the implementation of the district curriculum, identified resources, and strategies. c) Provide technical, consulting, and coaching support for campus implementation plans through the Instructional Facilitators. d) Use data to provide targeted support and progress monitoring. e) Facilitate Professional Learning Communities (PLCs) where teachers can collaboratively analyze student data, share effective instructional strategies, and develop action plans to address identified gaps in student learning. This collaboration will enhance the consistent implementation of the District curriculum and improve instructional practices. f) Differentiate Instructional Strategies for Diverse Learners. g) Foster Family and Community Engagement in Student Learning: Develop and implement programs that actively engage families and the community in supporting student learning. Staff Responsible for Monitoring: Campus Administration, Department Chairs, and PLC Facilitators Additional Targeted Support Strategy Problem Statements: Student Learning 1	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
<p>Strategy 2: Emphasize the continued implementation of reading and mathematics instruction with a focus on lesson internalization, the use of best practices, and continuous improvement.</p> <p>Actions: a) Continue to facilitate campus instructional focus walks and debriefing sessions with staff. b) Infuse lessons and research-based best practices from state-approved resources into regularly scheduled Instructional Leadership Team and Leaders of Learners Team meetings. c) Assist teachers in the implementation of the district RLA curriculum through ongoing professional learning and coaching. d) Implement training to support general education and all special program teachers with instructional practices that align to the district curriculum and assessment requirements. f) Build the capacity of instructional facilitators to support teachers in meeting STAAR and HB3 performance measures. g) Integrate the Research-Based Instructional Strategies for literacy and mathematics instruction. h) Develop and Implement Data-Driven Instructional Adjustments: Regularly analyze student performance data in reading and mathematics to identify trends, strengths, and areas for improvement. i) Create and Share Model Lessons and Exemplar Resources: Develop a repository of model lessons and exemplar teaching resources that align with the district's RLA and mathematics curriculum.</p> <p>Staff Responsible for Monitoring: Campus Administration, Department Chairs, and Professional Learning Committee Facilitators</p> <p>Title I: 2.4, 2.5, 2.6 - Additional Targeted Support Strategy</p> <p>Problem Statements: Student Learning 1</p> <p>Funding Sources: Instructional Facilitator - 211 - Title I - \$64,653</p>	Formative			Summative

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: Birdville High School's diversity presents challenges in meeting the needs of its students, particularly with 48% at risk, 36% economically disadvantaged, and significant numbers needing language support or special education services. The key challenge is providing equitable resources to ensure all students can succeed. Root Cause : Limited engagement and support from families who are from economically disadvantaged backgrounds or those facing language barriers.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 4: Reduce the number of students assigned to behavioral MTSS Tiers 2 and 3 who end up in a disciplinary placement.

Evaluation Data Sources: Historical performance by student subgroup on state and district assessments

Strategy 1 Details	Reviews			
Strategy 1: Implement with fidelity the behavioral MTSS plan. Actions: a) Implement a research-based campus discipline management program that aligns with and supports the district behavior MTSS tiered plan. b) Utilize Focus to input behavioral MTSS student plans and then use the data for the assignment of students to DAEP. c) Provide Tier 1 behavior management training for teachers to avoid escalation to Tier 2 and Tier 3. d) Ensure appropriate interventions are in place to support student behavior. e) Increase parental educational opportunities to support student behavior. Performance Objective 4 Problem Statements:

Demographics
Problem Statement 1: Birdville High School's diversity presents challenges in meeting the needs of its students, particularly with 48% at risk, 36% economically disadvantaged, and significant numbers needing language support or special education services. The key challenge is providing equitable resources to ensure all students can succeed. Root Cause : Limited engagement and support from families who are from economically disadvantaged backgrounds or those facing language barriers.

Goal 2: Utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 1: Increase the annual total average daily attendance (ADA) as compared to the prior school year, through improved student retention, recruitment, and days in attendance.

Evaluation Data Sources: Overall district ADA as per Summer PEIMS submission
Aligns with Strategic Plan, Strategy 4

Strategy 1 Details		Reviews			
Strategy 1: Refine and implement the district plan to improve and address student attendance, social needs that interfere with attendance and collect pertinent data on strategies that would mitigate poor student attendance. Actions: a) Provide incentives to improve student attendance. b) Monitor student attendance and review progress with teachers on a nine weeks basis in order to determine effectiveness of the campus improvement plan related to incentives to improve student and staff attendance. c) Implement strategies to identify and address social needs within families that prevent students from attending schools and involve key stakeholders that can help to mitigate student attendance issues. d) Utilize a third party vendor to support attendance efforts at all campuses through scheduled attendance tribunals. e) Provide Professional Development for Staff on Attendance Interventions: Offer professional development sessions for teachers, administrators, and support staff focused on effective strategies for improving student attendance. Additional Targeted Support Strategies

Goal	Objective	Strategy	Description
1	1	1	Build capacity of campus staff to implement the District curriculum and state-approved resources with fidelity at the campus level.
1	1	2	Emphasize the continued implementation of reading and mathematics instruction with a focus on lesson internalization, the use of best practices, and continuous improvement.
1	1	3	Provide training in data analysis, progress monitoring, and data-driven decision-making to inform instruction and responsive teaching.
1	2	1	Conduct program evaluations targeting special population groups to ensure program quality, coherency, and efficiency.

State Compensatory

Budget for Birdville High School

Total SCE Funds: \$621,832.00

Total FTEs Funded by SCE: 8.5

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The CIP is developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of programs described in other parts of this title), the local educational agency and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determined by the school.

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, ____% of students (# of students) were identified as at-risk based on one or more of the following criteria:

- 1. low performance on a readiness test or assessment instrument*
- 2. semester failure of two or more academic subjects*
- 3. grade retention*
- 4. lack of satisfactory performance on state-mandated testing*
- 5. pregnancy or parenthood*
- 6. placement in an alternative education program*
- 7. expulsion*
- 8. parole, probation, deferred prosecution, or conditional release*
- 9. drop out status*
- 10. limited English proficiency*
- 11. custody or care of the Department of Protective and Regulatory Services*
- 12. homelessness*
- 13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home*

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- *Whole Child Initiative*
- *Workshop Model*
- *Sheltered Instruction*
- *Social Skills Training*

Increased learning time is provided through pull out intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. *Demographics*
2. *Perceptions*
3. *Student Learning*
4. *Processes and Programs*

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Parents: Wayne Moody, David Beloc, Jeanene Richardson
Teachers: Allison Hudak, Bethany Fletcher, Tina Clifton, Julie Vick, Laura Douglas, and Margret Flusche
Administrators: <i>Tim Drysdale, Jennifer Beasley, Alan Wallace, John Deleon, Divya Tinsman, Kelly Black, and Tanna Falcon</i>
Other Campus and District Staff: <i>Cheryl Burch and Christine Thompson</i>

4.2: Offer flexible number of parent involvement meetings

The following family engagement activities are planned for 2024-2025:

- *August Refresh Back to School Event (Friday 9:00-1:00) at WG Thomas Coliseum*
- *September Meet the Teacher Night on campus*
- *October Title I Meeting*
- *March Open House (Thursday only) on campus*
- *March Discover Birdville Event ~ Saturday 9:00-10:00 at Birdville High School*
- *May Art Show (Tuesday through Friday 8:00-6:00) at Haltom Public Library*

Birdville Independent School District
Bob E. Griggs High School
2024-2025 Campus Improvement Plan

Mission Statement

In a caring, safe, and respectful environment, we at Griggs High School empower students through innovative instruction, support, and leadership, to achieve real world success.

Core Beliefs

- **Action step:** Promote a growth mindset to cultivate grit, perseverance, personal accountability, and consistency.
- **Action step:** Teach and model for students how to set goals and manage their time effectively.
- **Action step:** We will praise effort and growth, not just results.

Demographics Strengths

Demographics Strengths:

Although Bob E Griggs High School's mobility rate is 90% and well above the district and state mobility rate, the increase in attendance from 86.3% in 2018 to 88.4% in 2023 shows a statistically significant improvement. The students share a characteristic that indicates the need for a smaller, more supportive environment, especially post-Covid. Our diversity continues to add value to our campus climate. Our students support one another academically and emotionally.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): 100% of our students are at-risk. **Root Cause:** Our students are facing the consequences of low performance over many years. This perpetual state of being behind their grade level peers led to a firmly entrenched state of hopelessness and apathy.

Student Learning

Student Learning Summary

Bob E Griggs High School met the Alternative Standard under the new A-F Accountability System. We received an overall score of an 84 in Domain 1 and were not scored in Domain 2. However, in Domain 3 (Closing the Gaps) the Federal Accountability standards require a higher threshold to meet minimum standards. This requirement to at least demonstrate "Meets" resulted in Bob E Griggs earning only 4 points out of 30. It is significant to note that we did receive all 4 possible points towards graduation.

Student Learning Strengths

Bob E Griggs High School students performed very well in Domain 1 (Student Achievement). This domain is further broken down into three subheadings. They are:

1. STAAR Performance
2. College, Career, & Military Readiness, and
3. Graduation Rate

Out of the three components, Students Performance was a relative strength, in terms of solid growth, for Shannon students, scoring an 84 out of 100. Our graduation rate, as indicated in both Domain 3 demonstrated significant growth; so much so that we earned all 4 possible points for Graduation in Domain 3.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our students continue to struggle with earning "Meets" **Root Cause:** Our students start with us at least two grade levels below their grade level standard in math and reading. We continuously learn that our students have taken their respective EOC exams multiple times without ever realizing success at even the "Approaches" level.

School Processes & Programs

School Processes & Programs Summary

Bob E Griggs High School operates a Flex Blended model of instruction. Data analysis drives every instructional decision in our classrooms. Our teachers create student-centered-classrooms that give students voice and choice over how they demonstrate mastery of their learning. We provide a daily, 45 minute mentoring period to determine and ensure our students social and emotional needs are being addressed. Our faculty is committed to designing rigorous, relevant, and authentically engaging instruction to create an intrinsic level of motivation in our students. Our campus is blessed to have an incredibly gifted Dean of Instruction who works with our teachers daily, leading data analysis, collegial coaching, and collaborative conversations that challenge our teachers to operate at their highest instructional levels.

School Processes & Programs Strengths

Bob E Griggs teachers understand and embrace the challenges faced by our at-risk population. The principal and Dean work hard to support the efforts our teachers so that they are empowered to create and deliver outstanding instruction and support to their students. Our small class size, an extended, 85-minute class period, and 4 quarter master schedule model provide our students with the tools and structure they need to realize academic success.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Students new to Bob E Griggs bring significant credit deficiencies with them. As such, the first challenge we face is to rebuild their self-confidence in believing that they can catch up and that they will graduate. **Root Cause:** Numerous factors present insurmountable challenges to our students long before they considered attending Bob E Griggs. These facts require that a great deal of social and emotional attention and intervention is provided, on a daily basis, to ensure our students are in the right place to achieve. This is achieved through our mentoring class and a full time Student Assistance/Crisis Counselor.

Perceptions

Perceptions Summary

Bob E Griggs High School is proud to graduate large number of students every year who, with our interventions and support, would likely have dropped out of school. The culture we have established is one that encourages, affirms, and celebrates every success our students experience. We are a campus of family members who give all we have to demonstrate an authentic and sincere care for our students' success. We support one another, fight for one another, and refuse to give up on one another. We believe that our students have the potential to be successful if we provide the unyielding commitment to doing whatever it takes to challenge and support our students resulting in not only earning their diploma, but providing them with real-world skills to ensure they are not only college, career, and/or work-place ready, but future ready.

Perceptions Strengths

Our students are given endless opportunities to realize success and graduate. 100% of our instructional and support staff are dedicated to ensuring that our environment is ripe with multiple opportunities for students to flourish. Our students demonstrate a willingness to take risks due to the safe environment we create in our classrooms. Bob E Griggs High School is highly attentive, not only to academics, but to the social and emotional needs of our students.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Our students exhibit significant apathy, resulting in a lack of motivation and engagement in their learning. **Root Cause:** A long history of academic failure at their traditional campuses, feelings of neglect regarding their social and emotional needs, and having little to no support away from school, has led to them being disengaged at school.

Priority Problem Statements

Problem Statement 1: 100% of our students are at-risk.

Root Cause 1: Our students are facing the consequences of low performance over many years. This perpetual state of being behind their grade level peers led to a firmly entrenched state of hopelessness and apathy.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our students continue to struggle with earning "Meets"

Root Cause 2: Our students start with us at least two grade levels below their grade level standard in math and reading. We continuously learn that our students have taken their respective EOC exams multiple times without ever realizing success at even the "Approaches" level.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Students new to Bob E Griggs bring significant credit deficiencies with them. As such, the first challenge we face is to rebuild their self-confidence in believing that they can catch up and that they will graduate.

Root Cause 3: Numerous factors present insurmountable challenges to our students long before they considered attending Bob E Griggs. These facts require that a great deal of social and emotional attention and intervention is provided, on a daily basis, to ensure our students are in the right place to achieve. This is achieved through our mentoring class and a full time Student Assistance/Crisis Counselor.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Our students exhibit significant apathy, resulting in a lack of motivation and engagement in their learning.

Root Cause 4: A long history of academic failure at their traditional campuses, feelings of neglect regarding their social and emotional needs, and having little to no support away from school, has led to them being disengaged at school.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions

Student Data: Student Groups

- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Dyslexia data

Student Data: Behavior and Other Indicators

- Annual dropout rate data
- Attendance data

Employee Data

- Teacher/Student Ratio

Goals

Revised/Approved: June 3, 2024

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. The target goal for Math is 32% and for Reading the target goal is 21%

High Priority

Evaluation Data Sources: Teachers' reading/writing rubrics, District ELAR strategy utilized in each classroom, WICOR strategies training/use in classrooms

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
Strategy 1: 1.1.1 Facilitate instructional processes that customize a literacy plan in a personalized setting for Griggs students Actions: a) Focused, data-driven intervention class b) Teachers implement reading, writing, thinking and discussion strategies in all content areas c) Implement the district literacy plan Staff Responsible for Monitoring: Principal, Dean TEA Priorities: Build a foundation of reading and math - ESF Levers: Lever 5: Effective Instruction Problem Statements: Demographics 1 - Student Learning 1 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$166,796	Formative			Summative
	Nov	Jan	Mar	June
	 30%	 40%		

Strategy 2 Details	Reviews			
Strategy 2: The reading interventionist supports the English teachers in order to improve English I and English II EOCs. Actions: Reviews Lexia and Power Up tests Staff Responsible for Monitoring: Reading interventionist TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 5: Effective Instruction Problem Statements: Student Learning 1 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 3 Details	Reviews			
Strategy 3: All campus teachers will utilize WICOR strategies in their classrooms to support student learning and growth in reading and writing Actions: District staff will train teachers on WICOR strategies in August 2024. Teachers will have additional training in PLCs based on their content area. Administration will consistently monitor teacher growth and use of strategies in the classroom. Staff Responsible for Monitoring: Principal, Dean, ELAR and AVID district staff. TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 5: Effective Instruction - Targeted Support Strategy Problem Statements: Demographics 1 - Student Learning 1	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 4 Details		Reviews			
Strategy 4: All retesting Algebra I students will work on personalized learning plans based on Aware generated assessments and student-created goals as evidenced by 5% growth on the December EOC. From August to December we will use the Aware assessment 3 times: beginning, middle and end of the semester. By December students who tested with GHS in the spring of 2024 will earn 10% growth on the Algebra I EOC test. Actions: Students assess in Aware, create goals and track their progress in their individual data folder. Teachers will help students in her Algebra I classes understand the importance of each operation and how it applies to their overall understanding of Algebra I needs. Staff Responsible for Monitoring: Math teachers, academic Dean, Principal TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - Targeted Support Strategy Problem Statements: Student Learning 1		Formative			Summative

Problem Statement 1: Our students exhibit significant apathy, resulting in a lack of motivation and engagement in their learning. Root Cause: A long history of academic failure at their traditional campuses, feelings of neglect regarding their social and emotional needs, and having little to no support away from school, has led to them being disengaged at school.

Targeted Support Strategies

Goal	Objective	Strategy	Description
1	1	3	All campus teachers will utilize WICOR strategies in their classrooms to support student learning and growth in reading and writing
1	1	4	All retesting Algebra I students will work on personalized learning plans based on Aware generated assessments and student-created goals as evidenced by 5% growth on the December EOC. From August to December we will use the Aware assessment 3 times: beginning, middle and end of the semester. By December students who tested with GHS in the spring of 2024 will earn 10% growth on the Algebra I EOC test.
1	3	1	1.3.1 Identify and deploy a district-approved program that teaches social-emotional skills
2	2	1	2.2.1 Develop and deploy continuous improvement processes
2	2	2	Increase the graduation rate for 4-year, 5-year, and 6-year students and properly calculate the graduation rate for each of the graduating cohorts.
3	1	1	3.1.1A Review perception data from students, staff and parents to identify strategies to improve campus safety.

State Compensatory

Budget for Bob E. Griggs High School

Total SCE Funds: \$166,796.00

Total FTEs Funded by SCE: 2

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for Bob E. Griggs High School

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Karen Lopez	Academic Dean (FLEX)	1
Melissa Orman	Student Assistance Counselor	1

2024-2025 Campus Site-Based Committee

Committee Role	Name	Position
Classroom Teacher	Allyson Shamp	Teacher
Community Representative	Chris Bess	Branch Manager, ABC Roofing Supply
Classroom Teacher	Cliff Moran	Science Teacher
Student	Elexus Gonzalez	Student
District-level Professional	Elisha Vega	District English Coordinator
Classroom Teacher	John Shaddox	English Teacher

Comprehensive Needs Assessment

Demographics

Demographics Summary

Haltom Middle School is located in Haltom City, Texas which is just northeast of downtown Fort Worth. We have approximately 910 students with 85% qualifying for Free/Reduced Lunch. Our student demographics are as follows: African American- 3%, American Indian-1%, Asian-4%, Hispanic-79%, White-13%, Two or More- 2%. Additionally, HMS has the following special population groups: Gifted and Talented 7%, Special Education 11%, ESL Students 40%, Mobility Rate 12%. We believe that having a positive and collaborative campus culture where everyone works together to do what is needed will help us meet the varied needs of our students. HMS is a No Excuses University school which means that the entire staff is committed to ensuring that all students are prepared to attend the college of their choice. Haltom staff values collaboration and effective professional learning communities (PLC's).

Demographics Strengths

The diversity at HMS is a strength due to our ability to learn from each other and value different ways of thinking to become global learners. Additionally, due to our students' experiences our staff is able to draw from a variety of life lessons which enhances the learning platform.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Students continue to struggle with reading, writing and thinking skills that enable them to perform at or above grade level in all content areas.

Root Cause: Students with diverse language backgrounds and experiences take longer to develop strong literacy skills. Our diverse population of students enters school with different levels of preparedness.

Problem Statement 2 (Prioritized): Parent involvement, especially with diverse populations, and community partnerships are not as strong as we would like. **Root Cause:** PTA has not been successfully active in the past few years.

Student Learning

Student Learning Summary

As measured by the most recent summative data, our students continue to be successful in 8th grade math and reading. Over 95% of our 8th grade students were successful on the state exam in 8th grade math, 98% of our students were successful on the state Algebra I exam, and 91% were successful on the 8th grade English exam. Furthermore 7th grade reading and writing made double digit gains on their state testing. Additionally, Haltom students made gains in all areas except for 6th grade reading. In addition to state testing, 99% of our students were successful in passing all of their core classes (Reading, Writing, Math, Social Studies, and Science). Along with success in math, all of our Fine Arts department continues to place very high at UIL competitions (Sweepstakes in band, choir, and theatre). Haltom Middle did not meet accountability system safeguards in the following performance areas: Writing- ELL students, Science- Special Education and ELL students, Social Studies- ELL and special education students. HMS students excel in mathematics. Specifically, 95% of all 8th graders passed the 8th grade state test. Additionally, HMS students consistently qualify for the state engineering competitions (TAME) each year. In addition to our strength in math, HMS has had a DUKE tip scholar every year.

2024 All Subjects STAAR Scores (Approached, Meets, Masters): 58%; 29%; 10% / 2023: 69%; 40%; 15% / 2022: 69%; 38%; 19% / 2021: 63%; 34%, 14%

Combined Tests by Subject (Approached, Meets, Masters)

- ELAR: **2024** 65% 37% 14% / **2023** 73% 45% 15% / **2022:** 73%; 40%; 23% / **2021:** 61%; 32%; 14%
- Math: **2024:** 57%; 29%; 8% / **2023:** 70%; 38%; 14% **2022:** 68%; 38%; 17% / **2021:** 65%; 38%; 17%
- Science: **2024:** 53%; 23%; 6% / **2023:** 76%; 49%; 20% / **2022:** 82%; 52%; 24% / **2021:** 77%; 49%; 24%
- Social Studies: **2024:** 41%; 16%; 5% / **2023:** 51%; 25%; 9% / **2022:** 43%; 17%; 7% / **2021:** 49%; 17%; 6%

By grade level Math/Reading (Approached, Meets, Masters)

- 6 grade math: 52%; 24%; 4%
- 7 grade math: 46%; 26%; 9%
- 8 grade math: 72%; 35%; 11%
- 6 grade reading: 58%; 36%; 12%
- 7 grade reading: 63%; 36%; 16%
- 8 grade reading: 73%; 39%; 15%

The English Language Proficiency Status target measure set by the state for the TELPAS progress measure is 36%. In 2020-2021 Haltom Middle School did not meet the target with a TELPAS progress rate of 31%. In 2021-2022 Haltom Middle School again did not meet the target with a TELPAS progress rate of 25%. In comparing the progress rate from 2021 and 2022, Haltom Middle School demonstrated a 6% point decrease in students' English language development.

Student Learning Strengths

Academic:

Most updated data:

- 80% pass rate on 8th grade science
- 100% on Algebra state test
- 2 students qualified for the state TAME (Texas Alliance Minorities in Engineering).
- Pre-AP classes offered in all core subjects
- Gateway to Technology offered for high school credit
- AP Spanish offered for College Credit (80% of students earned college credit)

Fine Arts:

- 14 students made the All–Birdville/All Region Band
- All 3 band received straight first divisions at the Beach Within Reach Band Contest
- 21 straight years making UIL sweepstakes in Band
- Theatre Department excellent ratings in UIL and successful musical (Muana)
- Over 80% of our art students who participated in the highly-competitive *District Art Show* received 1st, 2nd and 3rd place awards.
- 6 Students competed on the regional level at Jr VASE and those who participated earned all 4's, with one young artist also winning a silver medal in visual arts.
- At our district art show 16 students received 1st, 2nd and 3rd place ribbons

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our eighth grade STAAR Social Studies scores are in need of improvement. **Root Cause:** Inconsistent implementation of rigorous instructional practices has led to lower than expected scores.

Problem Statement 2 (Prioritized): Overall scores on STAAR have dropped over the past year. **Root Cause:** Texas Education Agency updated the state assessment and included a variety of interactive question types and short written responses. Inadequate professional learning and inconsistent instructional practices have contributed.

School Processes & Programs

School Processes & Programs Summary

Haltom's focus for the year will be on improving our meets and masters on our state testing by providing high rigor, high relevance instruction. An emphasis will be placed on vertical collaboration and the use of technology to enhance instruction and create engagement while teaching hard to teach TEKS. Additionally, we will focus on improving our 8th grade social studies scores.

Administration Support - The administration team will work collaboratively with the faculty and staff to provide daily on-going support for the teachers, faculty, parents, students, and community. Open communication and collaboration will be modeled and supported and multiple forms of assistance will be given to whoever is in need.

Professional Learning Communities (PLC's) - The teachers and staff at Haltom will continue to participate in Professional Learning Communities (PLC's). Teachers will meet with their vertical teams and content teams to broaden their knowledge of the subjects, discuss and share instructional strategies, and data analysis with the goal of improving instruction.

Professional Learning will focus on getting to know our students, how to differentiate instruction, data analysis, technology tools, collaboration, and designing engaging lessons that meet the needs of our students. The Site Based Decision Making committee will assist in providing professional development to the faculty and staff based on needs of the campus.

The faculty and staff place value on knowing our students and designing engaging work that meets their needs. Our teachers pay attention to all content areas but give additional attention to reading, math, science, social studies, and writing. Student performance data on TEKS objectives are analyzed and used to guide instruction. Individual data based on the TEKS is used to design specific intervention plans to meet the needs of our students. Continuous progress monitoring and implementation of interventions will help us achieve excellence for the 2024-2025 school year.

The 2024-2025 school year will be exciting as our theme is: "**As One**" We are aligning our theme with the district and learning that each staff member contributes unique strengths towards a common goal.

School Processes & Programs Strengths

Mentoring new and experienced teachers is an on-going process at Haltom which fosters a sense of community and PLC. We have two academic coaches to meet the needs of our staff. Multiple opportunities for anonymous feedback to the administration ensures that staff voices are heard and valued at HMS.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): In the last few years, we have hired new staff members and it is important to recruit highly effective teachers that will continue to build their career here. **Root Cause:** Not as many teachers are going into education causing a shortage in teachers and staff. By strengthening recruitment efforts and creating opportunities for professional development and career advancement, we can help attract and retain effective educators.

Problem Statement 2 (Prioritized): Processes and programs need to continue to promote positive school culture and meet the needs of all students to achieve academic success **Root Cause:** Resources have not been fully utilized to address campus culture and meet the diverse social and emotional needs of all students, as well as specific academic needs.

Perceptions

Perceptions Summary

The Haltom Middle School faculty likes to describe themselves like a family. Our school staff embodies a spirit of mutual support and collaboration, consistently working together toward shared goals. They seamlessly blend their diverse skills and perspectives, fostering an environment where each member's contributions are valued and collective success is the primary focus. This cohesive teamwork ensures that both students and staff are empowered to achieve their highest potential.

Perceptions Strengths

The school staff is widely recognized for their exceptional dedication, adaptability, and collaborative spirit. Their ability to effectively communicate, embrace diverse perspectives, and work towards common objectives strengthens their impact on student achievement and creates a positive, supportive learning environment.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Processes and programs need to continue to promote positive school culture and meet the needs of all students to achieve academic success
Root Cause: Resources have not been fully utilized to address campus culture and meet the diverse social and emotional needs of all students, as well as specific academic needs.

Priority Problem Statements

Problem Statement 1: Parent involvement, especially with diverse populations, and community partnerships are not as strong as we would like.

Root Cause 1: PTA has not been successfully active in the past few years.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our eighth grade STAAR Social Studies scores are in need of improvement.

Root Cause 2: Inconsistent implementation of rigorous instructional practices has led to lower than expected scores.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Students continue to struggle with reading, writing and thinking skills that enable them to perform at or above grade level in all content areas.

Root Cause 3: Students with diverse language backgrounds and experiences take longer to develop strong literacy skills. Our diverse population of students enters school with different levels of preparedness.

Problem Statement 3 Areas: Demographics

Problem Statement 4: Processes and programs need to continue to promote positive school culture and meet the needs of all students to achieve academic success

Root Cause 4: Resources have not been fully utilized to address campus culture and meet the diverse social and emotional needs of all students, as well as specific academic needs.

Problem Statement 4 Areas: School Processes & Programs - Perceptions

Problem Statement 5: In the last few years, we have hired new staff members and it is important to recruit highly effective teachers that will continue to build their career here.

Root Cause 5: Not as many teachers are going into education causing a shortage in teachers and staff. By strengthening recruitment efforts and creating opportunities for professional development and career advancement, we can help attract and retain effective educators.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Overall scores on STAAR have dropped over the past year.

Root Cause 6: Texas Education Agency updated the state assessment and included a variety of interactive question types and short written responses. Inadequate professional learning and inconsistent instructional practices have contributed.

Problem Statement 6 Areas: Student Learning

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2026 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

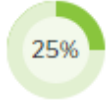

High Priority

Evaluation Data Sources: Lexile levels, Renaissance STAR, iStation (grade 7 diagnostic for reading difficulties), Texas Education Agency (TEA) Interims reading/English Language Arts (ELA) and mathematics (grades 6-8, and Algebra)

Strategy 1 Details	Reviews			
Strategy 1: Continue to build capacity to implement the District literacy plan at the campus level. Actions: a) Provide tiered professional learning opportunities that is responsive to all staff needs to build their capacity to implement campus literacy plans. b) Support campus staff to lead the implementation of the District literacy plan. c) Establish exemplary classrooms to help teachers visualize practice in action. d) Develop a schedule for Instructional Rounds for all staff in order for professional growth. e) Continue utilizing literacy strategies in all core content classes. f) Continue to have Instructional Walks with the academic coaches and campus administration. g) Provide training and focus around the "Haltom Middle School (HMS) Instructional Playbook" in order for all staff members to provide exemplary instruction. h) Utilize poster maker for anchor charts i) Utilize color printer for student data folders. Root Cause: Not as many teachers are going into education causing a shortage in teachers and staff. By strengthening recruitment efforts and creating opportunities for professional development and career advancement, we can help attract and retain effective educators. Problem Statement 2: Processes and programs need to continue to promote positive school culture and meet the needs of all students to achieve academic success Root Cause: Resources have not been fully utilized to address campus culture and meet the diverse social and emotional needs of all students, as well as specific academic needs.

Perceptions

Problem Statement 1: Processes and programs need to continue to promote positive school culture and meet the needs of all students to achieve academic success **Root Cause:** Resources have not been fully utilized to address campus culture and meet the diverse social and emotional needs of all students, as well as specific academic needs.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 3: Students will display an awareness of social-emotional development as measured by a district-administered student survey.

Evaluation Data Sources: Social-Emotional Learning survey

Strategy 1 Details	Reviews			
Strategy 1: Utilize the district's curriculum for social-emotional learning (SEL). Actions: a) Implementing SEL curriculum b) Utilize the SEL committee to assess and evaluate the effectiveness of the SEL program. c) Provide ongoing professional learning to all stakeholders on the SEL program. d) Use character lessons as the basis for identifying the Outstanding Citizen recipients. e) Utilize district funded Crisis Counselors to provide support to students in areas of social-emotional learning. f) Host Challenge Day to support social-emotional learning Staff Responsible for Monitoring: Vanessa Pannell ~ Crisis Counselor Problem Statements: School Processes & Programs 2 - Perceptions 1 Funding Sources: Professional Learning - 211 - Title I - \$17,962	Formative			Summative

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in June 2023 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, and attendance, and behavior data compiled in April and May of 2023.

2.1: Campus Improvement Plan developed with appropriate stakeholders

Parents:
Jennifer Linder
Community Members:
Debbie Sheffield
Teachers:
Rebecca Kellerman
Davette Wilson
Miranda Miears
Jeannie Stevens
Sarah Slaughter
Administrators:
Nathan Frymark
Jeremiah Pena
Felicia Cherry
Mike Castellon
Other Campus and District Staff:
Angie Tidwell
Sam Stinson
Derek Andersen

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 82% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Conscious Discipline
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning
4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

Parents:
Jennifer Linder
Yvette Vega
Teachers:
Rebecca Kellerman
Davette Wilson
Miranda Miears
Jeannie Stevens
Sarah Slaughter
Administrators:
Nathan Frymark
Jeremiah Pena
Felicia Cherry
Mike Castellon
Other Campus and District Staff:
Angie Tidwell
Sam Stinson
Derek Andersen

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

SAMPLE ANSWER

Most campus family engagement activities are scheduled for Thursday evenings and Friday mornings in order to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2022-23:

- August Refresh Back to School Event (Friday 9:00-1:00) at WG Thomas Coliseum
- September Meet the Teacher Night (Thursday only) on campus
- October Title I Meeting (Thursday/Friday) on campus
- November Literacy Event (Thursday/Friday) on campus
- December Book Fair (Monday through Thursday 8:00-5:00) on campus
- January STEM Event (Thursday/Friday) on campus
- March Open House (Thursday only) on campus
- March Discover Birdville Event (Saturday 9:00-10:00) at Birdville High School
- April Family Engagement Policy and Compact Revision (Thursday/Friday) on campus
- May Art Show (Tuesday through Friday 8:00-6:00) at Haltom Public Library

Birdville Independent School District
North Richland Middle School
2024-2025 Campus Improvement Plan

Mission Statement

North Richland Middle School is committed to building a foundation of excellence in all students by fostering academic, social, and emotional success today, in order to create their future.

Vision

At NRMS, we will be the difference-makers in our students' futures.

Core Beliefs

1. We create an environment where students and parents feel cared about, valued, welcome, and have a sense of belonging.
2. We teach students to take risks, to be comfortable with the prospect of failure, to learn from their mistakes, and to not be discouraged by them.
3. We embrace new challenges as opportunities for growth.
4. We build strong relationships to foster social, emotional, and academic growth.
5. We treat all students with respect, regardless of race, religion, sexual orientation, disability, or economic status.
6. We achieve academic potential through a shared culture of good citizenship and the ongoing pursuit of excellence.
7. We model and teach respect, acceptance, cooperation, empathy, and kindness.
8. We show excitement and knowledge about the learning process.

9. We show pride and ownership of our campus.
10. We are empowered to create unique, memorable, and personal experiences to encourage parent involvement and student success.
11. We own and immediately resolve problems and model self-accountability by being solution-seekers, not problem-finders.

Transfer Students

Demographics

Demographics Summary

North Richland Middle School serves a diverse student population of 896 students, with 51% male and 49% female. The largest ethnic group is Hispanic-Latino, representing 46% of the student body, followed by White students at 32%, and Black or African American students at 14%. Approximately 26% of students are classified as Emergent Bilinguals, and 68% of the students are economically disadvantaged. Key student programs include Special Education, which serves 15% of the population, and Section 504, supporting 12%. The school is fully Title I, serving a high percentage of at-risk students (64%).

Demographics Strengths

North Richland Middle School boasts a vibrant and diverse cultural community, enriching the learning environment for all students. Teachers effectively use a variety of strategies tailored to support the diverse demographic makeup of the school, ensuring that each student's unique background is recognized and valued in the classroom. Additionally, both staff and students promote a culture of acceptance and inclusivity, creating a welcoming atmosphere where diversity is celebrated and embraced.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Special Education students performed much lower than the overall campus score for the 2024 school year. **Root Cause:** The lower performance of Special Education students may be attributed to a lack of differentiated instructional strategies and insufficient individualized support. There may also be gaps in targeted interventions and accommodations tailored to meet the specific needs of these students.

Problem Statement 2 (Prioritized): EB performance in all areas are scoring lower than non EB students. **Root Cause:** We have varying levels of EB students. We have some with less than a year in the building and need more time to gain their second language. Other EB students have gaps from elementary.

Student Learning

Student Learning Summary

Data projections indicate that North Richland MS will receive a D rating in Domain 1 (state accountability) for the 2023-2024 school year with an average of 69% passing rate. In the 2023-2024 school year we added 20 new staff members with the majority of new teachers being alternatively certified. We worked throughout the year to grow teachers in understanding of creating engaging lessons. We continued to grow staff in Tier 1 priorities with collaboration between teachers and Facilitators, focus on implementation of Literacy Strategies, Response to Intervention (RtI) through math, reading and Limited English Proficiency (LEP) interventionist, use of backwards design for common assessments, intensive data discussions with a focus on EB and Sped populations, a focus on Culturally Responsive Teaching to target intentional instruction to support all learners, implementation of STEM (Science, Technology, Engineering and Math) curriculum in Math and Science, professional learning communities (PLC) collaboration of Tier 1 priorities to increase rigor, relevance and engagement, Tier 2 and 3 intervention with small group instruction and STMath for tutorial sessions within and outside of the school day to enrich and remediate all students. Students scored as follows:

	Approaches	Meets	Masters
Reading	71%	45%	17%
Math	58%	29%	8%
Science	67%	37%	14%
Social Studies	47%	18%	10%

Student Learning Strengths

North Richland Middle School shows strengths in student performance across multiple subjects. In Reading/Language Arts, a significant portion of students achieved the Approaches Grade Level standard or higher, with growth evident across many student groups. White and Asian students demonstrated particularly strong performance. Math results reflect progress, with many students meeting the Approaches standard, and notable achievement among Asian students. Science also demonstrates solid results, indicating the school’s commitment to academic growth across core content areas.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our students have not shown mastery to level of like campuses. **Root Cause:** High turnover of staff over past three years, many were new to the teaching field with lack of experience. Not using appropriate resources Utilizing time to the most efficient use.

Problem Statement 2 (Prioritized): Special Education students performed much lower than the overall campus score for the 2024 school year. **Root Cause:** The lower performance of Special Education students may be attributed to a lack of differentiated instructional strategies and insufficient individualized support. There may also be gaps in targeted interventions and accommodations tailored to meet the specific needs of these students.

School Processes & Programs

School Processes & Programs Summary

- NRMS daily schedule consists of 8 classes, with over 45 minutes in each class period. Mathematics is double blocked allowing two class periods. This provides one session for instruction and another for intervention. Sixth and seventh grade English Language Arts follow the blocked schedule like Mathematics.
- All NRMS teachers offer tutorials to students, with at least one morning tutorial session and one afternoon tutorial session to accommodate students needs.
- Teachers utilize PLC to plan using the Planning for Learning Protocols to align teaching to the rigor of the TEKS (Texas Essential Knowledge and Skills), CBA's (Common Based Assessment), Interim Assessments and STAAR (State of Texas Assessments of Academic Readiness) with a focus on backwards design of assessments to ensure alignment of taught and tested curriculum.
- CBA's and Interim Assessments are used to measure students growth on curriculum and are analyzed using district CBA protocols.
- Instructional Coherency Documents outline expectations for core content classrooms.
- Departments implement grade-level and team SMART (specific, measurable, achievable, relevant and time bound) goals to monitor students progress throughout the year. Goals are shared with students and monitored on a six-weeks basis as part of the PDSA (Plan-Do-Study-Act) protocols.
- RtI is implemented through small group instruction during one period of the math block and through Reading Intervention Classes.
- A focus on the district and campus professional learning in literacy development through the campus wide implementation of Literacy strategies in all contents and a focus on Read, Write, Think and Discuss.
- The campus professional learning focuses on the continued implementation of continuous improvement process and tools, including a PDSA board, posting of mission statements and use of student data folders.
- The campus implementation of STEM curriculum through Science and Math classes through the use of PBL's to increase the rigor and relevance.
- Specialized programs for special education students. PASS (Positive Approach to Student Success) is designed to serve students whose behaviors impede their learning or the learning of others. SEEC (Structured Environment to Enhance Communication) program is an early intervention environment designed to meet the need of K-8 grades students who have multiple learning and language barriers.
- Staff is recruited through job fairs, local universities and staff recommendations.
- Our campus has a number of resources available to teachers. Classrooms are equipped with one computer and projector for teacher use and document cameras are available for use. All classrooms are 1 to 1 student to device usage.
- Classrooms are equipped with Clear Touch interactive panels and 21 Smartboards throughout the campus.
- Teachers have personal laptops for their use.

School Processes & Programs Strengths

- Teachers utilize the instructional time to the fullest by teaching bell to bell and not holding students back from another class period.
- PLC's are functioning. The focus on collaboration and use of district and campus protocols for analyzing assessments and instruction.
- Common Assessments results are used to guide future instruction and adjust current instruction. They are used for remediation and intervention of students to close gaps in learning.
- Common assessment data utilized through AWARE is used to evaluate the alignment of the taught and tested curriculum and provide appropriate interventions to support students.
- CBA assessment protocols are completed for data analysis of instructional implications.
- SMART goals are monitored each six weeks to allow teachers to reflect on their goals and ensure they are moving towards the goal.
- NRMS teachers are attending professional development offered through the district in support of literacy strategies, continuous improvement, lesson planning system, technology resources and instructional best practices.
- NRMS teachers are utilizing Canvas to support all learners.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Evaluate and refine the implementation of MTSS through the PDSA to identify and address gaps in student learning. **Root Cause:** The implementation of MTSS has lacked consistency and fidelity in the past.

Problem Statement 2 (Prioritized): Students are not attending school at required levels. **Root Cause:** Inconsistent attendance may be due to a variety of factors, including a lack of engagement with the school environment, external pressures such as family responsibilities or socioeconomic challenges, and inadequate support systems for students facing barriers to regular attendance.

Problem Statement 3 (Prioritized): Special Education students performed much lower than the overall campus score for the 2024 school year. **Root Cause:** The lower performance of Special Education students may be attributed to a lack of differentiated instructional strategies and insufficient individualized support. There may also be gaps in targeted interventions and accommodations tailored to meet the specific needs of these students.

Perceptions

Perceptions Summary

- Campus communication is offered in several languages to accommodate families that do not speak English as their first language.
- Students have a wide variety of academic and extra-curricular activities available at NRMS.
- Character Strong curriculum is supported through Falcon Way. Students also participate in Community Service activities throughout the year.
- Bullying is documented and investigated through the district protocols, including cyber-bullying, bullying and harassment. Campus administrators meet with victims of bullying and their perpetrators to resolve the students issues.
- Discipline data shows an improvement in student incidents. Most of the referrals represent a small percentage of students making up most of the referrals. The typical referral was a classroom disruption that negatively affected classroom instruction. Physical altercations decreased due to working with the school resource officer (SRO) to offer significant consequences for students and worked with students through mediation.
- Campus Mission Statements and Core Belief statements are evaluated each year to continue to focus on who we are as a campus.
- HOPE Squad is now in its third year and students are utilizing each other and staff members for support.
- NRMS Spirit Club has been implemented this year to focus on student organized school spirit.

Perceptions Strengths

At North Richland Middle School, campus communication is offered in multiple languages to support non-English speaking families, and students benefit from a wide range of academic and extracurricular activities. The Character Strong curriculum, supported by the Falcon Way and community service initiatives, fosters a positive campus culture. Recent discipline data indicates improvements, with a decrease in physical altercations and a focus on resolving issues through mediation. Staff perception has improved, campus culture is emerging, and students report feeling safe at school. The implementation of the HOPE Squad and NRMS Spirit Club further enhances student support and school spirit.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Students need increased confidence in reporting their concerns to ensure their voices are heard and addressed. **Root Cause:** Students may lack trust in the reporting process due to previous experiences where concerns were not adequately addressed, combined with a lack of awareness on how to report issues and a belief that reporting is "snitching."

Problem Statement 2: Campus culture is improving with staff, however, we need to engage the community to create a positive culture and positive relationships with external organizations and stakeholders. **Root Cause:** The lack of community engagement and the rebuilding of positive relationships at the school stem from staff turnover and the disbandment of the PTA, which possibly led to loss of support from external organizations and diminished support from the community.

Priority Problem Statements

Problem Statement 1: Special Education students performed much lower than the overall campus score for the 2024 school year.

Root Cause 1: The lower performance of Special Education students may be attributed to a lack of differentiated instructional strategies and insufficient individualized support. There may also be gaps in targeted interventions and accommodations tailored to meet the specific needs of these students.

Problem Statement 1 Areas: Demographics - Student Learning - School Processes & Programs

Problem Statement 2: EB performance in all areas are scoring lower than non EB students.

Root Cause 2: We have varying levels of EB students. We have some with less than a year in the building and need more time to gain their second language. Other EB students have gaps from elementary.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Evaluate and refine the implementation of MTSS through the PDSA to identify and address gaps in student learning.

Root Cause 3: The implementation of MTSS has lacked consistency and fidelity in the past.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Students are not attending school at required levels.

Root Cause 4: Inconsistent attendance may be due to a variety of factors, including a lack of engagement with the school environment, external pressures such as family responsibilities or socioeconomic challenges, and inadequate support systems for students facing barriers to regular attendance.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Students need increased confidence in reporting their concerns to ensure their voices are heard and addressed.

Root Cause 5: Students may lack trust in the reporting process due to previous experiences where concerns were not adequately addressed, combined with a lack of awareness on how to report issues and a belief that reporting is "snitching."

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Our students have not shown mastery to level of like campuses.

Root Cause 6: High turnover of staff over past three years, many were new to the teaching field with lack of experience. Not using appropriate resources Utilizing time to the most efficient use.

Problem Statement 6 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data

Student Data: Student Groups

- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Gifted and talented data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Campus department and/or faculty meeting discussions and data

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making a year's growth on Renaissance Star reading and mathematics which would in turn increase the number of students performing at the "meet" or "master" level as measured by the spring 2025 STAAR assessments.

The All Students group will score 47% on "Meets" for the 2025 STAAR Reading Assessment.

The All Students group will score 35% on "Meets" for the 2025 STAAR Math Assessment.

High Priority

Evaluation Data Sources: Renaissance STAR Assessments (grades 6-8 mathematics and grades 6-8 reading) and State Interim Assessments for EOC tested subjects Alignment to Strategic Plan,

State Compensatory

Budget for North Richland Middle School

Total SCE Funds: \$294,277.00

Total FTEs Funded by SCE: 3.65

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for North Richland Middle School

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Mirtha Brown	Teacher	1
Sandra Orta	Student Assistance Counselor	1
Sherry Grosenbach	Reading Intervention	0.65
Yannis Espino	Educational Assistant	1

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Parents: Allyson Duncan
Community Members: Mindi Ramirez and Natasha Havrda
Teachers: Andrew Wilson, Ashley Robb, Molly Woodruff, Ashley Cousins
Administrators: Sherri Gamble Blythe Smith Justin Mathews Travis Kidd

Parents:
Allyson Duncan
Other Campus and District Staff:
Savannah Hegar
Britney Chapple
Leslie Detrick
Stacey Edwards
Dustin Henderson

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 68% of students were identified as at-risk based on one or more of the following criteria:

- 1. low performance on a readiness test or assessment instrument
- 2. semester failure of two or more academic subjects
- 3. grade retention
- 4. lack of satisfactory performance on state-mandated testing
- 5. pregnancy or parenthood

6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Tier 1 Priorities
- Restorative Practices
- Conscious Discipline
- Workshop Model
- Sheltered Instruction
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorial

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

- 1. Demographics
- 2. Perceptions
- 3. Student Learning
- 4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

Parents:
Allyson Duncan
Community Members:
Mindi Ramirez and Natasha Havrda
Teachers:
Andrew Wilson, Ashley Robb, Molly Woodruff, Ashley Cousins

Parents:
Allyson Duncan
Administrators:
Sherri Gamble
Justin Mathews
Blythe Smtih
Travis Kidd
Other Campus and District Staff:
[LIST NAMES]

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Thursday evenings and Friday mornings in order to accommodate parents’ work schedules (exceptions noted below). The following family engagement activities are planned for 2022-23:

- August Refresh Back to School Event at WG Thomas Coliseum
- September Meet the Teacher Night on campus
- September Title I Meeting on campus
- October Fall Haul on campus
- December Book Fair (Monday through Thursday 8:00-5:00) on campus
- January STEM Event (Thursday/Friday) on campus

NORTH RICHLAND MIDDLE SCHOOL TITLE I, PART A PARENT AND FAMILY ENGAGEMENT POLICY

Pursuant to the Every Student Succeeds Act, Birdville Independent School District will:

1. Engage parents and families of participating children in a meaningful consultation to plan and implement programs, activities, and procedures for the involvement of parents in Title I, Part A schools.
2. Develop jointly with, agree on with, and distribute to, parents and families of participating children North Richland Middle School's written parent and family engagement policy.
3. Provide coordination, technical assistance, and other support for Title I, Part A schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance.
4. Assist parents of children served by Title I, Part A schools in understanding such topics as state academic standards and assessments, how to monitor a child's progress, and how to work with educators to improve their children's achievement.
5. Provide materials and training to help parents work with their children to improve achievement at Title I, Part A schools.
6. With the assistance of parents, educate teachers, school leaders, and other personnel at Title I, Part A schools in the value and utility of parent contributions, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school.
7. Coordinate and integrate parent involvement programs and activities with other federal, state, and local programs that encourage and support parents at Title I, Part A schools.
8. Ensure that information related to Title I, Part A School and parent programs, meetings, and other activities are provided in a understandable and uniform format and in a language that parents can understand, to the extent practicable.
9. Conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the NRMS parent and family engagement policy in improving the academic quality of Title I, Part A schools. NRMS will use the findings to design strategies for more effective parent and family engagement and to revise, if necessary, its parent and family engagement policies.

Statement of Purpose

The purpose of the North Richland MS Parent and Family Engagement Policy is to promote a highly effective working partnership among families and staff. NRMS has adopted the policy to ensure that we provide parents and families with substantial and meaningful opportunities to participate as equal partners in the education of their children. Additionally, as per Section 1116 of Public Law 114-95, the district will support its campuses in their efforts to build capacities of the school staffs, as well as the capacities of parents, families, and community members, to work together as equal partners to succeed in improving achievement for all students.

The original policy was drafted by the NRMS Parent Advisory Council (BPAC), presented to a representative group of parents, edited, made available to all parents for further review and comment, and finalized with consideration of additional input from parents. Each year, the policy content and opportunities for parent involvement is evaluated and revised as needed.

Goals

- Schools promote regular, two way communication between home and school
- Parents, families, educators, and community members assist in improving student achievement by supporting family involvement in the education of their children
- Schools provide a safe and open atmosphere for parents and families to visit the school their children attend and to actively encourage parent and family support and assistance for school programs
- Schools and staff develop and deliver timely information and training to parents, including language classes
- Schools respond to such barriers as language, culture, education levels and work schedules of parents and families that may limit opportunities to participate fully in the education of their children
- Parents and families support their children's learning at home and in school and serve as their children's advocate
- Schools disseminate information to parents on all required Title 1 notifications

Annual meeting

Each Title I, Part A campus will hold an annual parent meeting to educate parents about Title I funding and how it will be used to support the parent and family engagement. NRMS will support the efforts of Title I, Part A schools by providing PowerPoint presentations, simultaneous translation equipment, communication tools, translators, childcare, and printing. These same district resources will be available to campuses to support a flexible number of meetings with parents throughout the school year. A primary goal of these meetings will be to establish parents as equal partners in their child's academic achievement.

Parents' Right to Know

Each Title I, Part A campus will provide parents with an annual notification that outlines the parents' right to know about the professional qualifications of the classroom teachers who instruct their child, as well as any paraprofessionals who provide services to the child.

Building Capacity for Parent-School Partnerships

Through the district's parent liaisons and staff, NRMS will provide the following services to parents:

- Training for parents in understanding students' state and local assessment and screener results
- Other parent trainings based on identified needs and requests
- Links to external agency resources, as needed
- Parenting skills classes
- Interpreter services for ARD, LPAC, PPCD evaluations, counseling, psychological evaluations, teacher/principal conferences with parents at Title I, Part A schools, district meetings, PTA, and others

To foster better collaboration with parents, NRMS will also provide the following services:

- Staff training regarding contributions parents make to their children's education
- Communication tools and templates for promoting activities and services offered at Title I, Part A schools
- Other support as needed to assist Title I, Part A schools in planning and implementing effective parent and family engagement activities

School-Parent Compacts

Each Title I, Part A campus will jointly develop and share with parents a school-parent compact. The school-parent compact outlines how parents, staff, and students share the responsibility for improved student academic achievement. It also describes the necessary partnership that must develop between the Title I, Part A school and its families through regular two-way, meaningful communication. Each campus will undertake an annual collaborative review of its school-parent compact and make revisions as needed.

Among others, each Title I, Part A school has a responsibility to:

- Implement high-quality curriculum and instruction in a supportive and effective learning environment
- Utilize relevant sections of the school-parent compact to guide parent-teacher conferences
- Provide frequent reports to parents on their child's progress
- Offer parents reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities
- Initiate and respond to parent communications

Parent responsibilities to support their child's learning include:

- Ensuring regular attendance
- Participating in decisions related to their child's education
- Monitoring positive use of extracurricular time, establishing healthy habits, and modeling literacy at home
- Completing an online volunteer registration form and volunteering on campus, whenever practical
- Initiating and responding to school communications

Parent Engagement Evaluation

Each spring, NRMS will assemble a team, including Title I parents, teachers, and staff members, to review the content and effectiveness of their family engagement policies and programs. Evaluation information will be collected through parent surveys that gauge levels of family engagement while identifying barriers to parent

participation. Based on this input and through a collaborative consultation process, the district and each Title I, Part A campus will review the existing family engagement policy and make revisions as necessary.

ESCUELA DE NORTH RICHLAND MIDDLE

TÍTULO I, PARTE A POLÍTICA DE PARTICIPACIÓN DE PADRES Y FAMILIAS

De conformidad con la Ley de éxito de todos los estudiantes, el Distrito Escolar Independiente de Birdville:

1. Involucrar a los padres y las familias de los niños participantes en una consulta significativa para planificar e implementar programas, actividades y procedimientos para la participación de los padres en las escuelas de Título I, Parte A.
2. Desarrollar conjuntamente, acordar y distribuir a los padres y familias de los niños participantes la política escrita de participación de padres y familias de Birdville ISD. Esta política se incorporará en el plan del distrito para el Título I, Parte A.
3. Proporcionar coordinación, asistencia técnica y otro tipo de apoyo a las escuelas de Título I, Parte A, en la planificación e implementación de actividades efectivas de participación de los padres para mejorar el rendimiento académico de los estudiantes y el rendimiento escolar.
4. Ayudar a los padres de los niños atendidos por las escuelas Título I, Parte A a comprender temas como los estándares académicos estatales y las evaluaciones, cómo monitorear el progreso de un niño y cómo trabajar con educadores para mejorar el rendimiento de sus hijos.
5. Proporcionar materiales y capacitación para ayudar a los padres a trabajar con sus hijos para mejorar el rendimiento en las escuelas Título I, Parte A.
6. Con la ayuda de los padres, educar a los maestros, líderes escolares y otro personal de las escuelas Título I, Parte A, sobre el valor y la utilidad de las contribuciones de los padres, y sobre cómo comunicarse, comunicarse con los padres y trabajar con ellos como iguales. socios, implementar y coordinar programas para padres, y construir lazos entre los padres y la escuela.
7. Coordinar e integrar los programas y actividades de participación de los padres con otros programas federales, estatales y locales que alientan y apoyan a los padres en las escuelas Título I, Parte A.
8. Asegúrese de que la información relacionada con el Título I, Parte A, la escuela y los programas para padres, reuniones y otras actividades se proporcionen en un formato comprensible y uniforme y en un idioma que los padres puedan entender, en la medida de lo posible.
9. Llevar a cabo, con la participación de los padres, una evaluación anual del contenido y la efectividad de la política de participación de los padres y la familia de Birdville ISD para mejorar la calidad académica de las escuelas Título I, Parte A. Birdville ISD utilizará los resultados para diseñar estrategias para una participación más efectiva de los padres y la familia y para revisar, si es necesario, sus políticas de participación de los padres y la familia

Declaración de propósito

El propósito de la Política de Participación de Padres y Familias de Birdville ISD es promover una asociación de trabajo altamente efectiva entre las familias y el personal. Birdville ISD ha adoptado la política para garantizar que brindemos a los padres y familias oportunidades sustanciales y significativas para participar como socios iguales en la educación de sus hijos. Además, según la Sección 1116 de la Ley Pública 114-95, el distrito apoyará a sus escuelas universitarias en sus esfuerzos por desarrollar las capacidades del personal escolar, así como las capacidades de los padres, las familias y los miembros de la comunidad, para trabajar juntos como socios iguales para tener éxito en mejorar el rendimiento para todos los estudiantes.

La política original fue redactada por el Consejo Consultivo de Padres de Birdville ISD (BPAC), presentada a un grupo representativo de padres, editada, disponible para todos los padres para una revisión y comentarios adicionales, y finalizado con consideración de aportes adicionales de los padres. Cada año, el contenido de la política y las oportunidades para la participación de los padres se evalúan y revisan según sea necesario.

Metas

- Las escuelas promueven la comunicación regular y bidireccional entre el hogar y la escuela
- Los padres, las familias, los educadores y los miembros de la comunidad ayudan a mejorar el rendimiento estudiantil al apoyar la participación de la familia en la educación de sus hijos
- Las escuelas proporcionan un ambiente seguro y abierto para que los padres y las familias visiten la escuela a la que asisten sus hijos y alienten activamente el apoyo y la asistencia de los padres y la familia para los programas escolares.
- Las escuelas y el personal desarrollan y entregan información y capacitación oportunas a los padres, incluidas las clases de idiomas
- Las escuelas responden a barreras tales como el idioma, la cultura, los niveles de educación y los horarios de trabajo de los padres y las familias que pueden limitar las oportunidades para participar plenamente en la educación de sus hijos
- Los padres y las familias apoyan el aprendizaje de sus hijos en el hogar y en la escuela y sirven como defensores de sus hijos
- Las escuelas difunden información a los padres en todas las notificaciones requeridas del Título 1

Reunión anual

Cada campus de Título I, Parte A celebrará una reunión anual de padres para educar a los padres sobre los fondos del Título I y cómo se utilizará para apoyar el compromiso de los padres y la familia. Birdville ISD apoyará los esfuerzos de las escuelas Título I, Parte A, proporcionando presentaciones en PowerPoint, equipos de traducción simultánea, herramientas de comunicación, traductores, guarderías e impresiones. Estos mismos recursos del distrito estarán disponibles para los campus para apoyar un número flexible de reuniones con los padres durante el año escolar. El objetivo principal de estas reuniones será establecer a los padres como socios iguales en el logro académico de sus hijos.

El derecho de los padres a saber

Cada Título I, Parte A del campus proporcionará a los padres una notificación anual que describe el derecho de los padres a conocer las calificaciones profesionales de los maestros del salón de clases que instruyen a sus hijos, así como a los paraprofesionales que brindan servicios al niño.

Creación de capacidad para asociaciones entre padres y la escuela

A través de los enlaces con los padres y el personal del distrito, Birdville ISD proporcionará los siguientes servicios a los padres:

- Capacitación para los padres para comprender la evaluación estatal y local de los estudiantes y los resultados de la evaluación
- Otras capacitaciones para padres basadas en necesidades y solicitudes identificadas
- Enlaces a recursos de agencias externas, según sea necesario
- Clases de habilidades para padres
- Clases de ESL
- Entrenamiento de ayuda con la tarea
- Servicios de traducción para la tarea.
- Servicios de interpretación para las evaluaciones de ARD, LPAC, PPCD, consejería, evaluaciones psicológicas, conferencias de maestros / directores con los padres en las escuelas de Título I, Parte A, reuniones de distrito, PTA y otros

Para fomentar una mejor colaboración con los padres, Birdville ISD también proporcionará los siguientes servicios a las escuelas y departamentos del distrito:

- Capacitación del personal sobre las contribuciones que los padres hacen a la educación de sus hijos.
- Servicios de traducción escrita a escuelas y departamentos.
- Herramientas y plantillas de comunicación para promover actividades y servicios ofrecidos en las escuelas Título I, Parte A
- Otro apoyo, según sea necesario, para ayudar a las escuelas Título I, Parte A a planificar e implementar actividades efectivas de participación de padres y familias

Pactos entre la escuela y los padres

Cada campus de Título I, Parte A desarrollará y compartirá conjuntamente con los padres un pacto entre la escuela y los padres. El acuerdo entre la escuela y los padres describe cómo los padres, el personal y los estudiantes comparten la responsabilidad de mejorar el rendimiento académico de los estudiantes. También describe la asociación necesaria que debe desarrollarse entre la escuela Título I, Parte A y sus familias a través de una comunicación regular y significativa. Cada campus realizará una revisión anual de colaboración de su pacto entre la escuela y los padres y hará las revisiones que sean necesarias.

Entre otras, cada escuela Título I, Parte A tiene la responsabilidad de:

- Implementar un plan de estudios e instrucción de alta calidad en un entorno de aprendizaje eficaz y de apoyo.
- Utilizar las secciones relevantes del pacto entre la escuela y los padres para guiar las conferencias de padres y maestros
- Proporcionar informes frecuentes a los padres sobre el progreso de sus hijos
- Ofrecer a los padres acceso razonable al personal, oportunidades para ser voluntario y participar en la clase de sus hijos y observación de las actividades en el aula
- Iniciar y responder a las comunicaciones de los padres.

Las responsabilidades de los padres para apoyar el aprendizaje de sus hijos incluyen:

- Asegurar la asistencia regular.
- Participar en decisiones relacionadas con la educación de sus hijos.
- Supervisar el uso positivo del tiempo extracurricular, establecer hábitos saludables y modelar la alfabetización en el hogar
- Completar un formulario de registro de voluntarios en línea y ser voluntario en el campus, siempre que sea práctico
- Iniciación y respuesta a las comunicaciones escolares.

Evaluación de la participación de los padres

Cada primavera, Birdville ISD y cada Título I, Parte A del campus formarán un equipo, que incluye padres, maestros y miembros del personal del Título I, para revisar el contenido y la eficacia de sus políticas y programas de participación familiar. La información de la evaluación se recopilará a través de las encuestas de padres que miden los niveles de participación de la familia al identificar las barreras para la participación de los padres. Sobre la base de esta información ya través de un proceso de consulta colaborativa, el distrito y cada campus de Título I, Parte A revisarán la política de participación familiar existente y realizarán las revisiones según sea necesario.

**North Richland Middle School
Family/School Compact
2019-2020**

The Family/School Compact is a voluntary agreement between students, parents, teachers and the principal at North Richland Middle School. The Compact outlines how students, parents, teachers and the principal will share responsibly in helping the student meet the state and district academic standards.

As a student, I will:

- Participate actively in my own learning.
- Be on time and come to school each day.
- Follow all school rules.
- Come to school with a positive attitude and maintain it throughout the day.
- Respect myself, other students, school staff and property.
- Complete all assigned work and understand it is required and not an option.

Student's Signature

Date

As a parent/guardian, I will:

- Have my child attend school regularly and arrive on time.
- Attend called parent/teacher conferences and openly communicate the needs of my child.
- Check my child's grades via Skyward on-line weekly. <https://schools.birdvilleschools.net/bisd>.
Use of public library or school library computers are available.
- Expect my child to practice self-discipline and show respect.
- Establish a time for homework, review it regularly and partner in my child's education.

Parent/Guardian Signature

Date

As a Teacher, I will:

- Maintain high standards of academic achievement and positive behavior.
- Accept the challenge of helping all learners succeed.
- Respect students, parents, and community members as equal partners in the education process.
- Maintain an open line of communication between school and home.
- Create a learning environment that will help develop responsible, caring, and independent students.

NORTH RICHLAND MIDDLE SCHOOL TITLE I, PART A PARENT AND FAMILY ENGAGEMENT POLICY

Pursuant to the Every Student Succeeds Act, Birdville Independent School District will:

1. Engage parents and families of participating children in a meaningful consultation to plan and implement programs, activities, and procedures for the involvement of parents in Title I, Part A schools.
2. Develop jointly with, agree on with, and distribute to, parents and families of participating children North Richland Middle School's written parent and family engagement policy.
3. Provide coordination, technical assistance, and other support for Title I, Part A schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance.
4. Assist parents of children served by Title I, Part A schools in understanding such topics as state academic standards and assessments, how to monitor a child's progress, and how to work with educators to improve their children's achievement.
5. Provide materials and training to help parents work with their children to improve achievement at Title I, Part A schools.
6. With the assistance of parents, educate teachers, school leaders, and other personnel at Title I, Part A schools in the value and utility of parent contributions, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school.
7. Coordinate and integrate parent involvement programs and activities with other federal, state, and local programs that encourage and support parents at Title I, Part A schools.
8. Ensure that information related to Title I, Part A School and parent programs, meetings, and other activities are provided in a understandable and uniform format and in a language that parents can understand, to the extent practicable.
9. Conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the NRMS parent and family engagement policy in improving the academic quality of Title I, Part A schools. NRMS will use the findings to design strategies for more effective parent and family engagement and to revise, if necessary, its parent and family engagement policies.

Statement of Purpose

The purpose of the North Richland MS Parent and Family Engagement Policy is to promote a highly effective working partnership among families and staff. NRMS has adopted the policy to ensure that we provide parents and families with substantial and meaningful opportunities to participate as equal partners in the education of their children. Additionally, as per Section 1116 of Public Law 114-95, the district will support its campuses in their efforts to build capacities of the school staffs, as well as the capacities of parents, families, and community members, to work together as equal partners to succeed in improving achievement for all students.

The original policy was drafted by the NRMS Parent Advisory Council (BPAC), presented to a representative group of parents, edited, made available to all parents for further review and comment, and finalized with consideration of additional input from parents. Each year, the policy content and opportunities for parent involvement is evaluated and revised as needed.

Goals

- Schools promote regular, two way communication between home and school
- Parents, families, educators, and community members assist in improving student achievement by supporting family involvement in the education of their children
- Schools provide a safe and open atmosphere for parents and families to visit the school their children attend and to actively encourage parent and family support and assistance for school programs
- Schools and staff develop and deliver timely information and training to parents, including language classes
- Schools respond to such barriers as language, culture, education levels and work schedules of parents and families that may limit opportunities to participate fully in the education of their children
- Parents and families support their children's learning at home and in school and serve as their children's advocate
- Schools disseminate information to parents on all required Title 1 notifications

Annual meeting

Each Title I, Part A campus will hold an annual parent meeting to educate parents about Title I funding and how it will be used to support the parent and family engagement. NRMS will support the efforts of Title I, Part A schools by providing PowerPoint presentations, simultaneous translation equipment, communication tools, translators, childcare, and printing. These same district resources will be available to campuses to support a flexible number of meetings with parents throughout the school year. A primary goal of these meetings will be to establish parents as equal partners in their child's academic achievement.

Parents' Right to Know

Each Title I, Part A campus will provide parents with an annual notification that outlines the parents' right to know about the professional qualifications of the classroom teachers who instruct their child, as well as any paraprofessionals who provide services to the child.

Building Capacity for Parent-School Partnerships

Through the district's parent liaisons and staff, NRMS will provide the following services to parents:

- Training for parents in understanding students' state and local assessment and screener results
- Other parent trainings based on identified needs and requests
- Links to external agency resources, as needed
- Parenting skills classes
- Interpreter services for ARD, LPAC, PPCD evaluations, counseling, psychological evaluations, teacher/principal conferences with parents at Title I, Part A schools, district meetings, PTA, and others

To foster better collaboration with parents, NRMS will also provide the following services:

- Staff training regarding contributions parents make to their children's education
- Communication tools and templates for promoting activities and services offered at Title I, Part A schools
- Other support as needed to assist Title I, Part A schools in planning and implementing effective parent and family engagement activities

School-Parent Compacts

Each Title I, Part A campus will jointly develop and share with parents a school-parent compact. The school-parent compact outlines how parents, staff, and students share the responsibility for improved student academic achievement. It also describes the necessary partnership that must develop between the Title I, Part A school and its families through regular two-way, meaningful communication. Each campus will undertake an annual collaborative review of its school-parent compact and make revisions as needed.

Among others, each Title I, Part A school has a responsibility to:

- Implement high-quality curriculum and instruction in a supportive and effective learning environment
- Utilize relevant sections of the school-parent compact to guide parent-teacher conferences
- Provide frequent reports to parents on their child's progress
- Offer parents reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities
- Initiate and respond to parent communications

Parent responsibilities to support their child's learning include:

- Ensuring regular attendance
- Participating in decisions related to their child's education
- Monitoring positive use of extracurricular time, establishing healthy habits, and modeling literacy at home
- Completing an online volunteer registration form and volunteering on campus, whenever practical
- Initiating and responding to school communications

Parent Engagement Evaluation

Each spring, NRMS will assemble a team, including Title I parents, teachers, and staff members, to review the content and effectiveness of their family engagement policies and programs. Evaluation information will be collected through parent surveys that gauge levels of family engagement while identifying barriers to parent

participation. Based on this input and through a collaborative consultation process, the district and each Title I, Part A campus will review the existing family engagement policy and make revisions as necessary.

ESCUELA DE NORTH RICHLAND MIDDLE

TÍTULO I, PARTE A POLÍTICA DE PARTICIPACIÓN DE PADRES Y FAMILIAS

De conformidad con la Ley de éxito de todos los estudiantes, el Distrito Escolar Independiente de Birdville:

1. Involucrar a los padres y las familias de los niños participantes en una consulta significativa para planificar e implementar programas, actividades y procedimientos para la participación de los padres en las escuelas de Título I, Parte A.
2. Desarrollar conjuntamente, acordar y distribuir a los padres y familias de los niños participantes la política escrita de participación de padres y familias de Birdville ISD. Esta política se incorporará en el plan del distrito para el Título I, Parte A.
3. Proporcionar coordinación, asistencia técnica y otro tipo de apoyo a las escuelas de Título I, Parte A, en la planificación e implementación de actividades efectivas de participación de los padres para mejorar el rendimiento académico de los estudiantes y el rendimiento escolar.
4. Ayudar a los padres de los niños atendidos por las escuelas Título I, Parte A a comprender temas como los estándares académicos estatales y las evaluaciones, cómo monitorear el progreso de un niño y cómo trabajar con educadores para mejorar el rendimiento de sus hijos.
5. Proporcionar materiales y capacitación para ayudar a los padres a trabajar con sus hijos para mejorar el rendimiento en las escuelas Título I, Parte A.
6. Con la ayuda de los padres, educar a los maestros, líderes escolares y otro personal de las escuelas Título I, Parte A, sobre el valor y la utilidad de las contribuciones de los padres, y sobre cómo comunicarse, comunicarse con los padres y trabajar con ellos como iguales. socios, implementar y coordinar programas para padres, y construir lazos entre los padres y la escuela.
7. Coordinar e integrar los programas y actividades de participación de los padres con otros programas federales, estatales y locales que alientan y apoyan a los padres en las escuelas Título I, Parte A.
8. Asegúrese de que la información relacionada con el Título I, Parte A, la escuela y los programas para padres, reuniones y otras actividades se proporcionen en un formato comprensible y uniforme y en un idioma que los padres puedan entender, en la medida de lo posible.
9. Llevar a cabo, con la participación de los padres, una evaluación anual del contenido y la efectividad de la política de participación de los padres y la familia de Birdville ISD para mejorar la calidad académica de las escuelas Título I, Parte A. Birdville ISD utilizará los resultados para diseñar estrategias para una participación más efectiva de los padres y la familia y para revisar, si es necesario, sus políticas de participación de los padres y la familia

Declaración de propósito

El propósito de la Política de Participación de Padres y Familias de Birdville ISD es promover una asociación de trabajo altamente efectiva entre las familias y el personal. Birdville ISD ha adoptado la política para garantizar que brindemos a los padres y familias oportunidades sustanciales y significativas para participar como socios iguales en la educación de sus hijos. Además, según la Sección 1116 de la Ley Pública 114-95, el distrito apoyará a sus escuelas universitarias en sus esfuerzos por desarrollar las capacidades del personal escolar, así como las capacidades de los padres, las familias y los miembros de la comunidad, para trabajar juntos como socios iguales para tener éxito en mejorar el rendimiento para todos los estudiantes.

La política original fue redactada por el Consejo Consultivo de Padres de Birdville ISD (BPAC), presentada a un grupo representativo de padres, editada, disponible para todos los padres para una revisión y comentarios adicionales, y finalizado con consideración de aportes adicionales de los padres. Cada año, el contenido de la política y las oportunidades para la participación de los padres se evalúan y revisan según sea necesario.

Metas

- Las escuelas promueven la comunicación regular y bidireccional entre el hogar y la escuela
- Los padres, las familias, los educadores y los miembros de la comunidad ayudan a mejorar el rendimiento estudiantil al apoyar la participación de la familia en la educación de sus hijos
- Las escuelas proporcionan un ambiente seguro y abierto para que los padres y las familias visiten la escuela a la que asisten sus hijos y alienten activamente el apoyo y la asistencia de los padres y la familia para los programas escolares.
- Las escuelas y el personal desarrollan y entregan información y capacitación oportunas a los padres, incluidas las clases de idiomas
- Las escuelas responden a barreras tales como el idioma, la cultura, los niveles de educación y los horarios de trabajo de los padres y las familias que pueden limitar las oportunidades para participar plenamente en la educación de sus hijos
- Los padres y las familias apoyan el aprendizaje de sus hijos en el hogar y en la escuela y sirven como defensores de sus hijos
- Las escuelas difunden información a los padres en todas las notificaciones requeridas del Título 1

Reunión anual

Cada campus de Título I, Parte A celebrará una reunión anual de padres para educar a los padres sobre los fondos del Título I y cómo se utilizará para apoyar el compromiso de los padres y la familia. Birdville ISD apoyará los esfuerzos de las escuelas Título I, Parte A, proporcionando presentaciones en PowerPoint, equipos de traducción simultánea, herramientas de comunicación, traductores, guarderías e impresiones. Estos mismos recursos del distrito estarán disponibles para los campus para apoyar un número flexible de reuniones con los padres durante el año escolar. El objetivo principal de estas reuniones será establecer a los padres como socios iguales en el logro académico de sus hijos.

El derecho de los padres a saber

Cada Título I, Parte A del campus proporcionará a los padres una notificación anual que describe el derecho de los padres a conocer las calificaciones profesionales de los maestros del salón de clases que instruyen a sus hijos, así como a los paraprofesionales que brindan servicios al niño.

Creación de capacidad para asociaciones entre padres y la escuela

A través de los enlaces con los padres y el personal del distrito, Birdville ISD proporcionará los siguientes servicios a los padres:

- Capacitación para los padres para comprender la evaluación estatal y local de los estudiantes y los resultados de la evaluación
- Otras capacitaciones para padres basadas en necesidades y solicitudes identificadas
- Enlaces a recursos de agencias externas, según sea necesario
- Clases de habilidades para padres
- Clases de ESL
- Entrenamiento de ayuda con la tarea
- Servicios de traducción para la tarea.
- Servicios de interpretación para las evaluaciones de ARD, LPAC, PPCD, consejería, evaluaciones psicológicas, conferencias de maestros / directores con los padres en las escuelas de Título I, Parte A, reuniones de distrito, PTA y otros

Para fomentar una mejor colaboración con los padres, Birdville ISD también proporcionará los siguientes servicios a las escuelas y departamentos del distrito:

- Capacitación del personal sobre las contribuciones que los padres hacen a la educación de sus hijos.
- Servicios de traducción escrita a escuelas y departamentos.
- Herramientas y plantillas de comunicación para promover actividades y servicios ofrecidos en las escuelas Título I, Parte A
- Otro apoyo, según sea necesario, para ayudar a las escuelas Título I, Parte A a planificar e implementar actividades efectivas de participación de padres y familias

Pactos entre la escuela y los padres

Cada campus de Título I, Parte A desarrollará y compartirá conjuntamente con los padres un pacto entre la escuela y los padres. El acuerdo entre la escuela y los padres describe cómo los padres, el personal y los estudiantes comparten la responsabilidad de mejorar el rendimiento académico de los estudiantes. También describe la asociación necesaria que debe desarrollarse entre la escuela Título I, Parte A y sus familias a través de una comunicación regular y significativa. Cada campus realizará una revisión anual de colaboración de su pacto entre la escuela y los padres y hará las revisiones que sean necesarias.

Entre otras, cada escuela Título I, Parte A tiene la responsabilidad de:

- Implementar un plan de estudios e instrucción de alta calidad en un entorno de aprendizaje eficaz y de apoyo.
- Utilizar las secciones relevantes del pacto entre la escuela y los padres para guiar las conferencias de padres y maestros
- Proporcionar informes frecuentes a los padres sobre el progreso de sus hijos
- Ofrecer a los padres acceso razonable al personal, oportunidades para ser voluntario y participar en la clase de sus hijos y observación de las actividades en el aula
- Iniciar y responder a las comunicaciones de los padres.

Las responsabilidades de los padres para apoyar el aprendizaje de sus hijos incluyen:

- Asegurar la asistencia regular.
- Participar en decisiones relacionadas con la educación de sus hijos.
- Supervisar el uso positivo del tiempo extracurricular, establecer hábitos saludables y modelar la alfabetización en el hogar
- Completar un formulario de registro de voluntarios en línea y ser voluntario en el campus, siempre que sea práctico
- Iniciación y respuesta a las comunicaciones escolares.

Evaluación de la participación de los padres

Cada primavera, Birdville ISD y cada Título I, Parte A del campus formarán un equipo, que incluye padres, maestros y miembros del personal del Título I, para revisar el contenido y la eficacia de sus políticas y programas de participación familiar. La información de la evaluación se recopilará a través de las encuestas de padres que miden los niveles de participación de la familia al identificar las barreras para la participación de los padres. Sobre la base de esta información ya través de un proceso de consulta colaborativa, el distrito y cada campus de Título I, Parte A revisarán la política de participación familiar existente y realizarán las revisiones según sea necesario.

**North Richland Middle School
Family/School Compact
2019-2020**

The Family/School Compact is a voluntary agreement between students, parents, teachers and the principal at North Richland Middle School. The Compact outlines how students, parents, teachers and the principal will share responsibly in helping the student meet the state and district academic standards.

As a student, I will:

- Participate actively in my own learning.
- Be on time and come to school each day.
- Follow all school rules.
- Come to school with a positive attitude and maintain it throughout the day.
- Respect myself, other students, school staff and property.
- Complete all assigned work and understand it is required and not an option.

Student's Signature

Date

As a parent/guardian, I will:

- Have my child attend school regularly and arrive on time.
- Attend called parent/teacher conferences and openly communicate the needs of my child.
- Check my child's grades via Skyward on-line weekly. <https://schools.birdvilleschools.net/bisd>.
Use of public library or school library computers are available.
- Expect my child to practice self-discipline and show respect.
- Establish a time for homework, review it regularly and partner in my child's education.

Parent/Guardian Signature

Date

As a Teacher, I will:

- Maintain high standards of academic achievement and positive behavior.
- Accept the challenge of helping all learners succeed.
- Respect students, parents, and community members as equal partners in the education process.
- Maintain an open line of communication between school and home.
- Create a learning environment that will help develop responsible, caring, and independent students.

North Richland Middle School Teachers

Teacher's Signature

5-13-19

Date

As a principal, I will

- Provide an environment that allows for positive communication between the student, parent and school staff.
- Support this form of student, parent, and school staff involvement.

Principal's Signature

North Richland Middle School
Contrato entre Familia/Escuela
2018-2019

Este Contrato entre Familia/Escuela es un acuerdo voluntario entre estudiantes, padres, maestros y el/la directora(a) de North Richland Middle School. El contrato describe como los estudiantes, padres, maestros y el/la director(a) compartirían la responsabilidad de ayudar el/la estudiante para lograr los estándares académicos en el estado y también el distrito.

Como estudiante, yo voy a:

- Participar activamente en mi propio aprendizaje.
- Asistir escuela y llegar a tiempo a la escuela cada día.
- Seguir todas las reglas de escuela.
- Venir a escuela con una actitud positiva y mantenerla por el día entero.
- Mostrar respeto a mi mismo, a otros estudiantes, a los maestros y a la propiedad de escuela.
- Completar todo el trabajo asignado y entender que es requerido y no una opción personal.

Firma de Estudiante

Fecha

Como padre/madre/guardia, yo voy a:

- Asegurar que mi hijo/a está asistiendo escuela regularmente y que llega a tiempo.
- Asistir a conferencias de padre/maestro si sean llamadas y comunicar libremente de lo que se necesita mi hijo/a para tener éxito.
- Chequear semanalmente, las calificaciones de mi hijo/a en el sistema on-line Skyward
Se puede usar computadoras en la escuela si es necesario <https://schools.birdvilleschools.net/bisd>
- Mandar a mi hijo/a que sea disciplinado, que tienen autocontrol y que muestra respeto siempre.
- Establecer tiempo para tarea, repasarla regularmente y juntar en la educación de mi hijo/a.

Firma de Padre/Madre/Guardia

Fecha

Como maestros, nosotros vamos a:

- Mantener expectativas altas para éxito académico y comportamiento positivo.
- Aceptar el desafío de ayudar todos los estudiantes en tener éxito.
- Respetar estudiantes, padres y miembros de la comunidad como compañeros iguales en el proceso educacional.
- Mantener una línea abierta de comunicación entre la escuela y casa.
- Crear un ambiente de aprendizaje que ayudaría desarrollar estudiantes responsables, cariñosos, e independientes.

North Richland Middle School Teachers
Firma de maestro

5-21-18
Fecha

Como Director(a) yo voy a:

- Proveer un ambiente que permite para comunicación positive entre estudiante, padre y empleados de la escuela.
- Apoyar esta manera de involucramiento del estudiante, padres y empleados de la escuela.

Comprehensive Needs Assessment

Revised/Approved: August 30, 2024

Demographics

Demographics Summary

The number of renters as opposed to homeowners in our Richland Middle School attendance zone accounts for much of our mobility. Many of the students have gaps in their schooling associated with moving and it is difficult to assess quickly the academic capabilities of these students.

In addition to the mobility rate, we have a large population of Economically Disadvantaged and at Risk students who come to us with educational gaps. Approximately 25% of the students on campus are designated Special Education and/or 504. Over 30% limited English proficient students. With the increase in our limited English proficient students Richland Middle School will utilize resources to prepare and accommodate students to ensure we are providing the best education for them, both socially and academically.

Student Population 2023 (CY=Current Year/PY=Previous Year)

- Grade 6: CY - 239; PY - 176; Change: +63
- Grade 7: CY - 192; PY - 167; Change: +25
- Grade 8: CY - 191; PY - 197; Change: -6
- Total Student Population Change: +28 students

Ethnic Distribution

- African American: CY - 19.0%; PY - 20.8%; Change: -1.8%
- Hispanic: CY - 54.4%; PY - 48.8%; Change: +5.6%
- White: CY - 21.1%; PY - 24.8%; Change: -3.7%
- American Indian: CY - 0.3%; PY - 0.6%; Change: -0.3%
- Asian: CY - 2.8%; PY - 1.3%; Change: +1.5%
- Pacific Islander: CY - 0.8%; PY - 0.6%; Change: +0.2%
- Two or more races: CY - 1.6%; PY - 3.1%; Change: -1.5%

Economically Disadvantaged: CY - 76.8%; PY - 78.5%; Change: -1.7%

Demographics Strengths

We had increases demographically in the English proficient students. The district has provided support in personnel to meet these needs. The campus has also realigned the use of its core personnel trained in SIOP (Sheltered Instruction) to meet core departments with techniques when working with EB students in the classroom. This will be an ongoing process to

work with the RMS core teachers to provide training and support. We will be strategic in utilizing PLC (Professional Learning Communities) time to provide continuing SIOP training for staff at RMS. In the 2025 school year RMS will also begin a push in model in which our campus EB (Emergent Bilingual) Specialist will provide in class support to teachers and students. RMS is also contracting services for training to assist with culturally responsive teaching.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Filling the academic gaps of children could pose a challenge in the on-level classrooms. RMS had an increase in its Mobility Rate, At-Risk, and Emergent Bilingual populations during the 2025 school year. These are all areas of need for improvement. **Root Cause:** With approximately 30% of the RMS population as mobile, we are combining a variety of learning styles and teaching methods into each classroom. This poses opportunities for our teachers to find ways to meet those children where they are and assist them in closing educational gaps due to Mobility.

Student Learning

Student Learning Summary

Richland Middle School showed gains in several areas in 2023. Both 6th and 7th grade honors math reached 100% approaches. Our 8th grade Algebra was able to obtain 100% approaches, 100% meets, and 98% masters. Our reading continued to improve with 6th grade honors achieving 96% approaches, 7th grade honors 98% approaches and 8th grade honors at 99% approaches. While 8th grade social studies has been an area of concern, scores showed growth again in 2023 honors with results of 85% approaches, 48% meets, 42% masters.

8th grade STAAR Approaches Grade Level (2023):

- Math: Actual -70% ; Target - 73%;
- Reading: Actual- 76% ; Target - 83%;
- Science: Actual - 67%; Target - 80%;
- Soc St: Actual - 50% ; Target - 66%;
- Algebra 1: Actual -100% ; Target - 100%;

7th grade STAAR Approaches Grade Level (2023)

- Math: Actual -% ; Target - 68;
- Reading: Actual -69% ; Target - 80%;

6th grade StAAR Approaches Grade Level (2022)

- Math: Actual -80% ; Target - 83%;
- Reading: Actual -64% ; Target - 67%;

8th grade STAAR Masters Grade Level (2023)

- Math: Actual -5% ; Target - 8%;
- Reading: Actual -30% ; Target - 33%;
- Science: Actual -14% ; Target - 17%;
- Soc St: Actual -13% ; Target - 16%;
- Algebra 1: Actual -90% : Target - 93%;

7th grade STAAR Masters Grade Level (2023)

- Math: Actual -18%; Target -21% ;
- Reading: Actual - 36%; Target - 39%;

6th grade STAAR Masters Grade Level (2023)

- Math: Actual - 14%; Target - 17%;
- Reading: Actual - 16%; Target - 19%;

8th grade STAAR Special Ed Performance Approaches Grade Level (2023)

- Math: Actual - 46%; Target - 48%;
- Reading: Actual - 56%; Target - 58%;
- Science: Actual - 52%; Target - 54%;
- Soc St: Actual - 52%; Target - 54%;

7th grade STAAR Special Ed Performance Approaches Grade Level (2023)

- Math: Actual - 56%; Target - 58%;
- Reading: Actual -66%; Target - 68%;

6th grade STAAR Special Ed Performance Approaches Grade Level (2023)

- Math: Actual - 68%; Target - 70%;
- Reading: Actual - 47%; Target - 49%;

The English Language Proficiency Status target measure set by the state for the TELPAS progress measure is 36%. In 2020-2021 Richland MS School did not meet the target with a TELPAS progress rate of 23%. In 2021-2022 Richland MS School again did not meet the target with a TELPAS progress rate of 28%. In comparing the progress rate from 2021 and 2022, Richland MS demonstrated a 5% point increase in students' English language development.

Student Learning Strengths

RMS experienced tremendous gains during the 2022/2023 school year overall in honors mathematics and reading. Both 6th and 7th grade honors math reached 100% approaches. Our 8th grade Algebra was able to obtain 100% approaches, 100% meets, and 98% masters. Our reading continued to improve with 6th grade honors achieving 96% approaches, 7th grade honors 98% approaches and 8th grade honors at 99% approaches. While 8th grade social studies has been an area of concern, scores showed growth again in 2023 honors with results of 85% approaches, 48% meets, 42% masters.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There are still several areas below a 50% Approaches Grade Level Pass Rate in our EB populations. Also in our white population we failed to meet our Target for the meets category in both Reading and Math. This is an ongoing concern that will be measured in the 2025 school year. **Root Cause:** Our EB population accounts for approximately 30% of our population and our teachers are still not proficient in sheltered instruction strategies and many of the teachers have only had partial training in sheltered instruction.

Problem Statement 2 (Prioritized): There are still several areas below a 50% Approaches Grade Level Pass Rate in our Identified populations. This is an ongoing concern that will be measured in the 2025 school year. **Root Cause:** A lack of cohesive vision and consistent implementation of data-driven instruction has resulted in missed opportunities for these students to achieve their full potential.

School Processes & Programs

School Processes & Programs Summary

This year RMS experienced its lowest turnover in the teaching staff in the past five years. This in large part is due to mentoring programs and mentor teachers assigned to everyone who is new to RMS. This year we are having numerous people present to the faculty their Best Products. We are celebrating successes with individualized recognition in staff meetings. Teachers are expected to serve on at least one committee and in one event so that everyone has a positive say in the RMS way.

We also house the ACCESS and AABLE student units on our campus. ACCESS deals with student who are severely handicapped mentally, emotionally and physically. Although many of our children are mobile this year, they do have different mobility issues. AABLE houses our children who would fall in the upper Life Skills category. Some of them have out classes while others are totally self contained.

School Processes & Programs Strengths

The teachers are committed to the House System evolving into a true success story. The House Committee is planned an amazing first community day for our students. It involves team building, school spirit, one word activities to describe themselves and even a pep rally. Kids seem to be anxious about earning points for their houses so that they win the nine weeks prize. RMS will be working with local businesses to try and secure support to help with this initiative and provide additional school resources.

The teachers also had their own form of team building during staff development. Teachers were partnered in groups to create and design products that represented the RMS community. This helped to bond them even further so that the start of the school year was seamless and to understand the students/community we serve.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Although there have been amazing events during the 2024 school year, RMS' ability to obtain consistent stakeholder involvement is an on-going challenge. **Root Cause:** Due to our large At-Risk population, the availability of parents to show up and attend our events is limited.

Perceptions

Perceptions Summary

The way the faculty likes to describe themselves is that they are like family and have pulled together through several principals and varying staff personalities. They are proud to be at RAM Nation and want the students, school and community to thrive. They also want to change the perception that they are the most difficult school in BISD. They are willing to follow leaders to the point of clarifications as long as the end goal is understood. Most teachers have attended several meetings prior to the start of school to ensure that everything ran smoothly.

Perceptions Strengths

There is a strong sense of trust on this campus between most teachers and the administration. This was evident in that staff turn over was at it's lowest in three years. Teachers also have full buy-in with lessons in leadership. RMS has been able to bridge the social emotional gaps, bring about mental health awareness, and overall security of our students. Finally, their sphere of influence on how things work at RMS seems to be in an equal balance.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Community and student involvement has grown in the 2024 school year yet is still an area of opportunity for growth. This is an ongoing concern that will be measured in the 2025 school year. **Root Cause:** Events were developed and executed early in the 2024, but the process of engaging and including parents in a timely manner was not fully integrated.

Priority Problem Statements

Problem Statement 1: Filling the academic gaps of children could pose a challenge in the on-level classrooms. RMS had an increase in its Mobility Rate, At-Risk, and Emergent Bilingual populations during the 2025 school year. These are all areas of need for improvement.

Root Cause 1: With approximately 30% of the RMS population as mobile, we are combining a variety of learning styles and teaching methods into each classroom. This poses opportunities for our teachers to find ways to meet those children where they are and assist them in closing educational gaps due to Mobility.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There are still several areas below a 50% Approaches Grade Level Pass Rate in our EB populations. Also in our white population we failed to meet our Target for the meets category in both Reading and Math. This is an ongoing concern that will be measured in the 2025 school year.

Root Cause 2: Our EB population accounts for approximately 30% of our population and our teachers are still not proficient in sheltered instruction strategies and many of the teachers have only had partial training in sheltered instruction.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: There are still several areas below a 50% Approaches Grade Level Pass Rate in our Identified populations. This is an ongoing concern that will be measured in the 2025 school year.

Root Cause 3: A lack of cohesive vision and consistent implementation of data-driven instruction has resulted in missed opportunities for these students to achieve their full potential.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Although there have been amazing events during the 2024 school year, RMS' ability to obtain consistent stakeholder involvement is an on-going challenge.

Root Cause 4: Due to our large At-Risk population, the availability of parents to show up and attend our events is limited.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Community and student involvement has grown in the 2024 school year yet is still an area of opportunity for growth. This is an ongoing concern that will be measured in the 2025 school year.

Root Cause 5: Events were developed and executed early in the 2024, but the process of engaging and including parents in a timely manner was not fully integrated.

Problem Statement 5 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data
- Community Based Accountability System (CBAS)

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Budgets/entitlements and expenditures data
- Other additional data

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

High Priority

Evaluation Data Sources: Renaissance STAR Assessments (grades 6-8 mathematics and grades 6-8 reading) and State Interim Assessments for EOC tested subjects Alignment to Strategic Plan,

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Filling the academic gaps of children could pose a challenge in the on-level classrooms. RMS had an increase in its Mobility Rate, At-Risk, and Emergent Bilingual populations during the 2025 school year. These are all areas of need for improvement. Root Cause: With approximately 30% of the RMS population as mobile, we are combining a variety of learning styles and teaching methods into each classroom. This poses opportunities for our teachers to find ways to meet those children where they are and assist them in closing educational gaps due to Mobility.
Student Learning
Problem Statement 1: There are still several areas below a 50% Approaches Grade Level Pass Rate in our EB populations. Also in our white population we failed to meet our Target for the meets category in both Reading and Math. This is an ongoing concern that will be measured in the 2025 school year. Root Cause: Our EB population accounts for approximately 30% of our population and our teachers are still not proficient in sheltered instruction strategies and many of the teachers have only had partial training in sheltered instruction.

Student Learning

Problem Statement 2: There are still several areas below a 50% Approaches Grade Level Pass Rate in our Identified populations. This is an ongoing concern that will be measured in the 2025 school year. **Root Cause:** A lack of cohesive vision and consistent implementation of data-driven instruction has resulted in missed opportunities for these students to achieve their full potential.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 2: Close achievement gaps that exist for all under-performing groups as measured by STAAR .

High Priority

Evaluation Data Sources: Richland Middle School will experience gains in STAAR 2025 scores so that we can begin to walk away from targeted problem areas as outlined by the state and federal government. This will be an ongoing effort for Richland Middle School beginning in the 2025 school year.

Strategy 1 Details	Reviews			
Strategy 1: Continue to strengthen Tier 1 classroom instruction through professional development, supplemental instructional resources and supplemental technology hardware and software. Actions: Utilize multiple funding sources to pay for professional development, instructional resources and technology to be used in Tier I instruction. <div>  No Progress  Accomplished  Continue/Modify  Discontinue </div>					

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Filling the academic gaps of children could pose a challenge in the on-level classrooms. RMS had an increase in its Mobility Rate, At-Risk, and Emergent Bilingual populations during the 2025 school year. These are all areas of need for improvement. Root Cause: With approximately 30% of the RMS population as mobile, we are combining a variety of learning styles and teaching methods into each classroom. This poses opportunities for our teachers to find ways to meet those children where they are and assist them in closing educational gaps due to Mobility.
Student Learning
Problem Statement 1: There are still several areas below a 50% Approaches Grade Level Pass Rate in our EB populations. Also in our white population we failed to meet our Target for the meets category in both Reading and Math. This is an ongoing concern that will be measured in the 2025 school year. Root Cause: Our EB population accounts for approximately 30% of our population and our teachers are still not proficient in sheltered instruction strategies and many of the teachers have only had partial training in sheltered instruction. Problem Statement 2: There are still several areas below a 50% Approaches Grade Level Pass Rate in our Identified populations. This is an ongoing concern that will be measured in the 2025 school year. Root Cause: A lack of cohesive vision and consistent implementation of data-driven instruction has resulted in missed opportunities for these students to achieve their full potential.
School Processes & Programs
Problem Statement 1: Although there have been amazing events during the 2024 school year, RMS' ability to obtain consistent stakeholder involvement is an on-going challenge. Root Cause: Due to our large At-Risk population, the availability of parents to show up and attend our events is limited.
Perceptions
Problem Statement 1: Community and student involvement has grown in the 2024 school year yet is still an area of opportunity for growth. This is an ongoing concern that will be measured in the 2025 school year. Root Cause: Events were developed and executed early in the 2024, but the process of engaging and including parents in a timely manner was not fully integrated.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 3: Students will display dispositions indicative of high levels of social-emotional development as measured by a district-administered survey of student perceptions. This is an ongoing concern that will be measured in the 2025 school year.

High Priority

Evaluation Data Sources: The House leaders will notify administration anytime that teachers are not participating in the RMS House Point System. Those individuals will have private conversations to encourage them to participate in this activity. This will be evaluated on a bi-weekly basis by administration and the Leadership Committee. Students will have a stronger sense of belonging to RMS which will be measured by a reduction in discipline slips and suicide attempts. Administration will do weekly walks to ensure that the Character Strong Curriculum is utilized with fidelity.

Strategy 1 Details	Reviews			
Strategy 1: Distribute weekly points to Houses from individual classrooms that promote high quality instruction and interaction among peers and between students and adults. Actions: 1.) Teachers will award up to 200 points per week between the different Houses based on specific learning and behavioral successes (PBIS) 2.) Teachers will upload points using a Google Form and campus implementation team will review points for consistency and timely reporting. 3.) House Committee will post points weekly for students to see and support communities as necessary. School Processes & Programs
Problem Statement 1: Although there have been amazing events during the 2024 school year, RMS' ability to obtain consistent stakeholder involvement is an on-going challenge. Root Cause: Due to our large At-Risk population, the availability of parents to show up and attend our events is limited.
Perceptions
Problem Statement 1: Community and student involvement has grown in the 2024 school year yet is still an area of opportunity for growth. This is an ongoing concern that will be measured in the 2025 school year. Root Cause: Events were developed and executed early in the 2024, but the process of engaging and including parents in a timely manner was not fully integrated.

Goal 2: The system will utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 1: Increase the annual total average daily attendance (ADA) as compared to the prior school year, through improved student retention, recruitment, and days in attendance. This is an ongoing concern that will be measured in the 2025 school year.

High Priority

Evaluation Data Sources: Richland Middle School will utilize a student committee to provide rewards to students with perfect attendance in hopes that we can raise our ADA from 93% to 95 %.

Strategy 1 Details	Reviews			
Strategy 1: Students with perfect attendance every nine weeks will win prizes or receive special accolades. Actions: 1.) Attendance clerk will provide ADA by nine weeks. 2.) Develop a student committee to find what motivates today's student to attend school. 3.) Students with perfect attendance will receive an a pizza party during respective lunches. 4.) Students with perfect attendance by semester will win another type prize using funds provided by RMS. 5.) Student names who have had perfect attendance all will be entered in a drawing and win something agreed upon by the student 2025 perfect attendance committee. Drawings will occur in three week increments throughout the nine weeks. Root Cause: With approximately 30% of the RMS population as mobile, we are combining a variety of learning styles and teaching methods into each classroom. This poses opportunities for our teachers to find ways to meet those children where they are and assist them in closing educational gaps due to Mobility.

Goal 2: The system will utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 2: Use continuous improvement to identify and improve operations and outcomes in every department and campus. This is an ongoing concern that will be measured in the 2025 school year.

Evaluation Data Sources: Continuous Improvement PDSA charts will be one of the items that we look for in every room during T-TESS observations and Walk-Throughs. Three strategic walk-throughs will be conducted to measure this objective. The first walk will be in early fall, a second in late winter, and final walk in early spring. RMS will also add a layer of Instructional Calibration walks to verify the use of all academic systems.

Strategy 1 Details	Reviews			
Strategy 1: Employ continuous improvement cycles in all core classes for each unit of instruction. Actions: 1.) 1st PD portion of the CI (Continuous Improvement) cycle will be done the first week of each nine weeks with Instructional coach and administration. 2.) Evidence on PDSA will be collected by admin and Instructional Coach during walkthroughs and a administrative PDSA cycle will be held during admin staff meeting to address needs for teachers . Core teacher evidence/PDSA training will occur during August PLC by Instructional Coach and MTSS Specialist. 3.) Individual teacher support will be delivered by coaches and admin as needed. Marian George Mekhail	Educational Assistant	1

Title I

1.1: Comprehensive Needs Assessment

The Title I, Part A Campus Improvement Plan is based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the Local Educational Agency (LEA).

The Comprehensive Needs Assessment was completed in May 2022 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2022.

2.1: Campus Improvement Plan developed with appropriate stakeholders

All eligible schools operating a schoolwide program shall develop a Campus Improvement Plan.

The CIP is developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of programs described in other parts of this title), the local educational agency and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determined by the school.

The Campus Improvement Plan was developed through the input and involvement of the following:

Community Members:
Fred Maldonado
Student Members:
Justin Howell, Sampson Aldridge, Yeslian Rodriguez
Teachers:
Jonathan Mickens, Alexis Lopez, Elizabeth Traylor, Courtney Mata, Stacy Howell, Amanda Walker
Administrators:
Billy Neal
Other District Personnel:
Sharon Lane, Jennifer Moreau, Jeannie Cannata

2.2: Regular monitoring and revision

The CIP remains in effect for the duration of the school's participation under this part, except that the plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging State academic standards.

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The CIP is available to the local educational agency, parents, and the public, and the information contained in such plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

The campus must indicate locations where the LEA made the CIP available. Examples: on campus, in Student Handbook, at Parent Meetings or other locations (specify "other").

The district and Title 1, Part A campuses will ensure regular, two-way, meaningful communication between family members and school staff, and to the extent practicable, in a language that family members can understand (websites, emails, letters).

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

1. Identify students who may be at risk for academic failure with ongoing assessments and data gathering.
2. Provide additional education assistance to individual students who need help in meeting the challenging State academic standards.

Through the Campus Needs Assessment, 65.9% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing

5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

1. Identify and implement instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Conscious Discipline
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

1. Identify and provide services to at risk students, including homeless and teen parents that will support their enrollment, attendance, and success.

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

Annually evaluate the schoolwide plan, using data from the State's assessments, other student performance data, and perception data to determine if the schoolwide program has been effective in addressing the major problem areas and, in turn, increasing student achievement, particularly for the lowest-achieving students. Schools must annually revise the plan, as necessary, based on student needs and the results of the evaluation to ensure continuous improvement. [ESEA section 1114(b)(3); 34 C.F.R. § 200.26(c)].

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning
4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

Birdville ISD will implement the following Every Student Succeeds Act requirements:

1. Develop jointly with, agree on with, and distribute to parents of participating children the district's written parent involvement policy. The district will incorporate this policy into the district's plan. Title 1, Part A schools will also develop parent and family engagement policies. All policies will be made available to parents to improve the involvement in child's education and academic achievement.

2. Conduct with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy and its program in improving the academic quality of its Title 1, Part A schools, both at the district and campus level. The district will use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, the parental involvement policies.

The campus must provide a list of the individuals and their roles who assisted with the development of Parent and Family Engagement Policy.

The campus must indicate how the Parent and Family Engagement Policy was distributed. Examples: on campus, in Student Handbook, at Parent Meetings or other locations (Specify “other”).

The campus must indicate languages in which the Parent and Family Engagement Policy was distributed. Examples: English, Spanish, Vietnamese or other specify other language (Specify “other”).

SAMPLE ANSWER

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Community Members:
Fred Maldonado
Student Members:
Justin Howell, Sampson Aldridge, Yeslian Rodriguez
Teachers:
Jonathan Mickens, Alexis Lopez, Elizabeth Traylor, Courtney Mata, Stacy Howell, Amanda Walker
Administrators:
Billy Neal
Other District Personnel:
Sharon Lane, Jennifer Moreau, Jeannie Cannata

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Birdville ISD will implement the following Every Student Succeeds Act requirements:

1. Conducting a meaningful consultation with parents of participating children to implement programs, activities, and procedures for the involvement of parents at all of its Title 1, Part A schools. An annual meeting for Title 1, Part A parents will be held each Title 1 campus. The district will provide training for schools on Title 1, Part A and best practices in conducting the Title 1, Part A Annual Meetings where parents are informed on how funds are used on their campus for parental involvement activities.

2. Support its Title 1, Part A schools to build the schools' and parents' capacity for active parental involvement and promoting parenting skills and family literacy to improve academic achievement. Capacity building activities and training (i.e. Literacy Night, Math and Science events, Homework Help) will be provided to parents to increase academic achievement through district-wide and campus efforts. The district will coordinate these efforts and strategies with other federal and state program in a variety of ways.
3. Birdville ISD is committed to working together with parents, students, the community and other stakeholders to improve student achievement. All school and district activities will promote and encourage parental involvement. Title 1, Part A schools will identify any barriers to greater participation by parents in activities of participating children with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background.
4. Ensure that all parent notifications and school reports will be in an understandable and uniform format and to the extent practicable, in a language that parents can understand.

Most campus family engagement activities are scheduled for Thursday evenings and Friday mornings in order to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2022-23:

- August Jumpstart Back to School Event (Tuesday, 08/15/2022 4:30-6:30) on campus
- August Title I Meeting (Tuesday, 08/15/2022, 5:30 - 6:30) on campus
- August Meet the Teacher Night (Thursday, 08/25/2022) on campus
- September Heritage Night (Monday, 09/26/2022) on campus
- September Title I Meeting (Monday, 09/26/2022) on campus
- November Literacy Event (Thursday/Friday) on campus
- December Book Fair (Monday through Thursday 8:00-5:00) on campus
- March Open House (Thursday 03/22/2023) on campus
- March Discover Birdville Event (Saturday 9:00-10:00) at Birdville High School
- April Family Engagement Policy and Compact Revision on campus
- May Art Show (Tuesday through Friday 8:00-6:00) at Haltom Public Library

Comprehensive Needs Assessment

Demographics

Demographics Summary

Current Student Overview:

The student population is diverse, with a balanced gender distribution and representation from various ethnic and racial backgrounds. The student body is split 50%, 50% based on gender. Ethnically, the Hispanic-Latino students constitute the largest group at 47.85%, followed by White students at 33.39%. African-Americans constitute 23% of the population, while Asians represent 10% of the student body. The student body includes significant representation of students in special programs: 7.53% with Dyslexia, 7.14% in Gifted and Talented, and 14.21% in Special Education. Additionally, 26.41% are Emergent Bilingual students. The mobility rate of the campus is 19.3%. A population of 61% represent students who are at-risk, characterized by The Public Education Information Management System (PEIMS) data collected by the Texas Education Agency (TEA). The Title I Schoolwide Program supports a broad range of students as 73.3% are identified as Economically Disadvantaged and all learners benefit from the federal program. There is a strong commitment to utilizing Title funds and other resources to address the diverse needs of the school community.

Current Staff Overview:

The campus is home to 60 staff members. Among these, 91% are professional staff, a category that includes teachers, professional support staff, and school leadership. Teachers make up the largest group, comprising 70.8% of the staff. The teacher population reflects a mix of ethnic backgrounds, but there's room for improvement. Currently, African American teachers constitute 4.3% of our staff, while Hispanic teachers make up 16.4%. Both of these figures fall short of the district and state averages. Conversely, White teachers represent 69.2% of our staff, which is higher than the district average and significantly above the state average. There is also a modest representation of Asian teachers at 2.5% and a notable percentage of teachers identifying as Two or More Races at 7.6%. Gender distribution among teachers shows that 41.7% are male, which exceeds the district average, but is still lower than the state average. Female teachers make up 58.3% of the teaching staff. The credentials of the professional staff at North Oaks includes 71.2% who hold a Bachelor's degree, which aligns with district and state averages, 26.3% who have earned a Master's degree, and 2.5% who possess a Doctorate, which surpasses the district and state averages.

The North Oaks Middle School teachers have a range of experience levels. Beginning teachers make up 15.4% of the staff, which is higher than both the district and state averages. This suggests a significant influx of new educators, which we will address by enhancing our support and development programs. Teachers with 11 to 20 years of experience constitute 28.7% of our staff, matching district and state averages and reflecting a stable, experienced core. However, our staff with over 30 years of experience is relatively low at 1.3%, compared to district and state figures. This indicates a need to focus on retaining seasoned educators.

In addition to teachers, 14.9% of staff serve in professional support roles and 5.4% are campus administration. These roles are crucial for maintaining the smooth operation of our school and supporting both students and teachers. Currently, there is one full-time librarian and two full-time counselors. A staff that is representative of the student population, highly qualified, strategically placed increase will better support our students and align our campus with broader educational standards and increase student success.

Demographics Strengths

North Oaks Middle School demonstrates several notable demographic strengths based on recent performance data. Academic achievement across diverse groups, strong performance

in End-of-Course (EOC) exams, consistent performance in STAAR performance, effective support for economically disadvantaged students, and support for students served in special education.

First, the data reveal some academic achievement across diverse groups in reading and math proficiency. In reading proficiency, the school has achieved high performance rates with students across various ethnic groups generally meeting or exceeding grade-level expectations. Specifically, Hispanic and White students show strong performance in reading, with Hispanic students showing improvements, reaching 82% at Approaches Grade Level or Above in 7th grade reading in 2023. In 8th grade reading, African American and Hispanic students performed particularly well, with 83% of African American students and 85% of Hispanic students scoring at Approaches Grade Level or Above in 2023. In mathematics, the school has experienced improvements across various grade levels. For example, 7th grade mathematics saw 73% of Hispanic students achieving Approaches Grade Level or Above in 2023. Asian students also showed some mathematical success, achieving high performance rates in both Approaches and Meets Grade Level or Above categories.

Secondly, the campus has experience strong performance in Algebra I, End-of-Course (EOC) Exams, which is the only EOC tested at North Oaks, as it is a high school level course. The entire student body, regardless of demographic background, has shown exceptional performance in Algebra I, with 100% of all groups meeting or exceeding the Approaches Grade Level standard in both 2022 and 2023. High performance rates are consistent among different ethnic groups, including African American and Hispanic students.

Next, the school has shown consistent improvement in STAAR performance. To begin, at grade level performance, the overall percentage of students meeting or exceeding grade-level standards has shown improvement from 2022 to 2023. For instance, in 6th grade reading, performance increased from 70% to 77% at Approaches Grade Level or Above. In mathematics, the percentage of students meeting grade-level expectations has improved across multiple grades, indicating progress and suggests the broader use of effective instructional strategies. Students characterized as economically disadvantaged have seen improvements, particularly in reading. For instance, in 6th grade reading, economically disadvantaged students improved from 65% at Approaches Grade Level or Above in 2022 to 73% in 2023.

Finally, the data suggests increasing and effective support of students in special education. Their performance has shown positive trends. For example, 7th grade students with special education needs achieved 67% at Approaches Grade Level or Above in mathematics in 2023.

Overall, the strengths of the demographic data include high and improving performance, equity across demographics, and effective End-of-Course Results. Across most subjects and grades, North Oaks Middle School demonstrates strong and improving performance, particularly in reading and mathematics. The school has successfully supported various student groups, including Hispanic, African American, and economically disadvantaged students, showcasing equitable academic progress. Consistently high performance in Algebra I reflects effective preparation and support across all demographic groups in this program. These strengths provide a solid foundation for further enhancing educational outcomes and addressing areas needing improvement in the campus improvement plan.

While, the campus celebrates the strengths of the data, there is a glaring recognition of areas of improvement. Recognizing that "Approaching Grade Level" is passing, but not indicative of a students grade level performance is one. The campus endeavors to increase the percentages and number of students who meet and master grade level standards. Additionally, although diverse groups of students are experiencing growth, gaps between and among learners persist and must be addressed. There is also an increasing number of emergent bilingual students who speak a variety of native languages and must be support in their acquisition of learning the English language while concurrently aiming to approach, met, and master grade level standards.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Emergent bilinguals struggle with performance gaps, particularly in Reading and Mathematics. For example, only 17% of EB/EL students in 8th grade met grade level expectations in Mathematics in 2023. **Root Cause:** English Learners may struggle with academic content due to limited proficiency in English, affecting their performance in reading, writing, and other subjects. Moreover, there may be inadequate or lack of fidelity to support programs or strategies to assist EB/EL students in acquiring academic English proficiency.

Problem Statement 2: Students who are economically disadvantaged consistently show lower performance levels compared to their peers. For instance, only 23% of economically disadvantaged 6th graders met grade level expectations in Reading and Mathematics combined in 2023, compared to 35% of non-economically disadvantaged students. **Root Cause:** Economically disadvantaged students face barriers such as limited access to after-school tutoring, enrichment programs, and educational materials. Additionally,

socioeconomic factors, including unstable housing and a lack of a supportive study environment, can negatively impact their academic performance and access to necessary support at home.

Student Learning

Student Learning Summary

STAAR performance data from the most recent TEA (TAPR, 2023) presented both, areas of growth and areas requiring improvement. The school serves a diverse student body, with notable disparities in performance among different demographic groups. Strengths in student learning were assessed in reading, math, science, and social studies. First in reading, Grade 6 Reading experienced significant improvements in the percentage of students meeting and exceeding grade level expectations, rising from 66% to 74% at the "Approaches Grade Level or Above" standard. Grade 7 Reading: High performance with 83% of students meeting or exceeding grade level standards. Grade 8 Reading: Consistent performance with 83% of students meeting or exceeding grade level standards, maintaining steady results from 2022. Next, in mathematics, End of Course Algebra I: 100% of students meeting grade level expectations, a remarkable achievement, and Grade 6 Mathematics: Improvement in students meeting grade level standards from 60% to 78%. Finally, in Science and Social Studies: Grade 8 Science: Maintained performance with 74% of students meeting or exceeding grade level standards. Grade 8 Social Studies: Positive results with 78% of students meeting grade level expectations, showing consistent performance.

Even so, areas for improvement were also identified from the 2023 TAPR. Disparities in performance exist and should be addressed. In Grade 6 Reading, performance gaps persist between demographic groups. For instance, African American students had a lower percentage (72%) compared to their White (80%) and Asian (69%) peers. In Grade 7 Mathematics, lower performance among Hispanic students (58%) compared to White (78%) and Asian (59%) students persists, highlighting a need for targeted interventions. Another concern includes the percentage among and disparity between groups who meet and master standards. For example, in Grade 7 Mathematics there are low percentages of students meeting or exceeding grade level standards, especially among Hispanic (24%) and African American (37%) students. In Grade 8 Mathematics, low performance is present, as only 46% of the students are meeting grade level standards. Additionally, English Language Learners (EB/EL) show lower performance across subjects. For example, in Grade 6 Reading, only 38% of EB/EL students met the standard compared to higher percentages in the general population. Finally, the campus has an opportunity to improve the learning experience for students who are in Special Education and identified as Economically Disadvantaged Students. Students with special needs show lower performance levels. For example, in Grade 6 Reading, only 71% of Special Education students met the standard. Students who are Economically disadvantaged having Performance lagging performance compared to their non-economically disadvantaged peers across all subjects, particularly in Mathematics and Science.

Data representing performance from the most recent STAAR tests and EOCs (Spring 2024) were also reviewed by grade level and content area. The following highlights strengths and areas for improvement across Reading Language Arts, Mathematics, Science, and Social Studies. Areas are noted in Algebra I EOC, 8th Grade Reading, Reading Language Arts (RLA), 7th Grade RLA, and social studies. For example, 100% of students taking the Algebra I EOC met the minimum standard, 82% meeting grade-level standards, and 42% achieved mastery. In Grade 8 Reading Language Arts a high percentage of students meet the minimum standard (93%) and achieved mastery (27%). For Grade 7 Reading Language Arts a strong performance was rendered with 80% of students meeting the minimum standard and 36% achieving mastery. Finally, in 8th grade social studies, a moderate percentage of students meet the minimum standard (66%).

Conversely, areas of improvement exist with special education and EB students. SPED and newcomers showed significantly lower performance across all grades and subjects. These students show minimal progress, necessitating targeted interventions and substantial support. In mathematics, students showed promising statistics in the area of meeting the minimum standards. Therefore, mathematics mastery across all grade levels exists as an area of improvement. Simply meeting the minimum standards will not remain sufficient for all students, as Grade 6 has only 4% mastering the standard, and Grade 8 has 3%. The same is true for Grade 8 Science where low percentages in meeting grade-level standards (44%) and achieving mastery (4%) were evident. Finally, Grade 6 and 7 RLA exhibited high percentages of students meeting the minimum standard. Again, improvements are needed in the percentages meeting grade-level standards and achieving mastery.

The Student Learning Summary reveals that 65% of the 1,161 STAAR tests were at the Approaches Grade Level (GL) standard or above, with 37% meeting GL, and 15% mastering GL. RLA was the strongest subject, with 76% approaching GL or above. Mathematics, Science, and Social Studies showed weaker performance. Asian and highly mobile students showed improvement, while economically disadvantaged and special education students struggled, particularly in Mathematics and Science.

The analysis of STAAR performance data at North Oaks Middle School shows that 65% of all tests administered met the Approaches Grade Level (GL) standard or above, with 37% of students meeting and 15% mastering the GL standard. Reading/Language Arts (RLA) emerged as the strongest subject, with 76% of students reaching the Approaches GL standard or higher. However, performance in Mathematics, Science, and Social Studies was lower, particularly in mastery levels. Conversely, economically disadvantaged and special education students displayed lower achievement across all subjects, particularly in Mathematics and Science. Additionally, White and Asian students should be in need of an upward trend in growth across content areas. These findings highlight a need for a focus on improving meeting standards and targeted interventions in these areas and student groups to enhance overall academic performance at North Oaks Middle School.

This summary will guide our campus improvement efforts, focusing on strengthening support in Mathematics, Science, and Social Studies while continuing to build on the successes in RLA.

Student Learning Strengths

The North Oaks student learning strengths include reading across all grade levels, Algebra I EOC, 6th grade math, and 8th grade science and social studies. Grade 6 Reading showed notable improvement in students meeting and exceeding grade level expectations, increasing from 66% to 74% at the "Approaches Grade Level or Above" standard. Seventh graders exhibited high performance in reading with 83% of students meeting or exceeding grade level standards. While 8th grade readers also performed with 83% of students meeting or exceeding grade level standards. For the Algebra I EOC, students showed outstanding achievement with 100% of students meeting grade level expectations, 82% meeting grade-level standards, and 42% achieving mastery. Grade 6 Mathematics improved to 78% of students meeting grade level standards, up from 60%. Grade 8 Science maintained performance with 74% of students meeting or exceeding grade level standards. And, even though there is room for growth, Grade 8 Social Studies put forth a positive result with 78% of students meeting grade level expectations. This summary reflects the strong areas in student performance across various subjects and grades, highlighting where the school is excelling.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Mathematics performance is below target, with only 30% of students meeting the grade-level standard and insufficient academic growth across most subgroups. This contrasts with stronger performance in Reading/Language Arts. **Root Cause:** Variability in instructional practices and support strategies in Mathematics, combined with insufficient professional development and targeted interventions, are contributing to the underperformance in this subject.

Problem Statement 2 (Prioritized): English Language Learners show significantly lower performance compared to their peers, particularly in Grade 6 Reading, where only 38% meet the standard. **Root Cause:** Insufficient language support and resources for English Language Learners contribute to their lower performance, particularly in reading and other core subjects.

Problem Statement 3: Mastery rates are notably low, with only 4% of students mastering the standard in Grade 6 Mathematics, 3% in Grade 8 Mathematics, and 4% in Grade 8 Science. Additionally, students in Special Education and Economically Disadvantaged categories exhibit significantly lower performance levels. **Root Cause:** The low mastery rates in Mathematics and Science indicate potential issues with curriculum alignment, instructional strategies, and the need for more effective teaching practices to address gaps in student understanding and skills.

Problem Statement 4: Although Grade 8 Social Studies shows some positive results, there is room for improvement in meeting grade-level standards and achieving higher levels of mastery. **Root Cause:** While there are positive results, there is a need for more targeted strategies to improve student performance in Social Studies, focusing on both meeting and mastering grade-level standards.

School Processes & Programs

School Processes & Programs Summary

North Oaks Middle School offers a range of academic, extracurricular, and support programs designed to aid in and promote student learning and development. Academic Programs include a district provided core curriculum in Mathematics, Science, Reading Language Arts, and Social Studies that form the foundation of the middle school curriculum. The school provides instruction that aligns with state standards and aims to prepare students for high school. Additionally, as of the Fall 2023 semester, the student programs at North Oaks reflect a diverse range of services and supports designed to meet the varied needs of our student body. Dyslexia Support: We have 53 students, making up 11.32% of the student population, receiving specialized dyslexia services, accommodations or monitoring. Gifted and Talented: 26 students, or 5.56% of the student body, are enrolled in the Gifted and Talented program, providing them with advanced learning opportunities, such as Honors and Honors Plus. Special Education (SPED): There are 69 students, representing 14.74% of the total, who receive tailored support through our Special Education services. The campus houses one of three middle school PASS Programs, which includes a students with a range of behavioral needs. Section 504: 33 students, or 7.05%, are supported under Section 504, which ensures accommodations for those with disabilities - temporary or permanent. Emergent Bilingual (EB) and ESL: A significant portion of our student body, 118 students (25.21%), are classified as Emergent Bilingual or participate in English as a Second Language (ESL) programs. This reflects a strong focus on supporting students who are developing their English language skills. Finally, 73% of North Oaks Students are considered Economically Disadvantaged as determined by the number of students who qualify for the Federal free and Reduced Lunch Program. Being over the 40% threshold criteria for qualification, this earns the campus a designation of Title I. As a result, every student in the school benefits from the Title I Program. This comprehensive approach ensures that every student benefits from Title I resources and support, enhancing their overall educational experience. In summary, our school offers a robust array of programs to support students with diverse needs, including special education, dyslexia services, and language acquisition programs. The full implementation of the Title I Schoolwide Program highlights our commitment to providing equitable educational opportunities for all students.

Extracurricular Programs, including clubs and organizations, sports and athletics, and fine arts provides students with opportunities to excel outside of the classroom. Clubs and organizations like Student Council, National Junior Honor Society, Yearbook Club, Camp Connect, as well as a few interest-based clubs provide students with opportunities to develop leadership skills, engage in community service, and explore personal interests. Meanwhile, sports and athletics includes sports such as basketball, football, track and field, volleyball, and others, depending on the season and available facilities. Fine Arts includes music, theater, and visual arts allow students to explore their artistic talents in band, choir, art, and theater.

Student Support Services include guidance and crisis intervention counseling services to provide support for academic planning, career exploration, conflict resolution, and personal counseling. Students also receive tutoring from their teachers before and after school. Through the Student Code of Conduct and campus-wide PBIS, clear guidelines and expectations are delineated for student behavior to maintain a positive and respectful learning environment. Moreover, students participate in Character Strong, social-emotional learning, twenty minutes per week.

Parent and community involvement and communication are limited and few strategies, programs, and processes exist. The campus does not currently have an active PTA or volunteer presence to encourage parents and community members to participate in school activities and support student success. Nor, does the campus outline a plan for community and family engagement, despite Title I funds to increase participation in these areas.

The PLC process is also in need of strengthening.

School Processes & Programs Strengths

North Oaks Middle School offers a comprehensive suite of academic, extracurricular, and support programs designed to foster student learning and development across various needs and interests. The school provides a district-aligned core curriculum in Mathematics, Science, Reading Language Arts, and Social Studies, ensuring that instruction meets state standards and prepares students for high school. A variety of clubs and organizations, such as Student Council, National Junior Honor Society, Yearbook Club, and Camp Connect,

provide students with opportunities to develop leadership skills, engage in community service, and explore personal interests. The school offers a range of sports, including basketball, football, track and field, and volleyball, depending on the season and available facilities. Students have opportunities to explore artistic talents through band, choir, art, and theater, supporting their creative development. The school provides guidance and crisis intervention counseling for academic planning, career exploration, conflict resolution, and personal support. The Student Code of Conduct and campus-wide PBIS ensure clear guidelines and expectations for behavior, while the Character Strong program offers social-emotional learning for 20 minutes each week. Overall, North Oaks Middle School demonstrates a strong commitment to supporting a diverse student body through its range of academic, extracurricular, and support programs. Enhancing community involvement and PLC processes will further contribute to the school's ongoing efforts to improve student outcomes and engagement.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The PLC process at North Oaks Middle School is currently underdeveloped, affecting the effectiveness of collaborative professional development, focus on data, and instructional improvement. **Root Cause:** The PLC process may lack clear goals, structures, and accountability measures to ensure productive and goal-oriented meetings. Moreover, staff may lack sufficient training or understanding of best practices for effective PLC implementation.

Problem Statement 2: The campus currently lacks an active PTA or volunteer presence, and there is no strategic plan for increasing community and family engagement despite receiving Title I funds intended to enhance these areas. **Root Cause:** The school may not have effective communication channels or outreach strategies to actively engage parents and community members. Additionally, parents and community members might not be fully aware of the resources and opportunities available through the Title I program.

Problem Statement 3: Although student support services, including guidance counseling and tutoring, are available, there is a need for more targeted and comprehensive support to address diverse student needs effectively. **Root Cause:** There may be insufficient resources to provide comprehensive and individualized support for all students. Also, support services may be fragmented and lack coordination, leading to gaps in addressing students' needs.

Problem Statement 4: Although the school provides various academic support programs, disparities exist in the effectiveness and accessibility of these programs for different student groups, particularly for those in special education and economically disadvantaged backgrounds. **Root Cause:** There may be a lack of ongoing monitoring and adjustment of support programs to ensure they are meeting the diverse needs of all student groups.

Perceptions

Perceptions Summary

The 2023-2024 Student Safety Survey, in which 62% of the student body responded, revealed perspectives of the student experience on several topics. Overall, the data reflects a generally supportive and connected student body, but also highlights areas where additional efforts could help those who may feel less connected. Eighty-nine (89%) of students report having a trusting relationship with a least one other student, while 3.4% and 6.8% of students didn't have a trusting relationship, or weren't sure. The data also shows a strong engagement in athletics and fine arts programs, suggesting these areas are well-supported and popular among the respondents. Many students are involved in multiple activities, indicating a diverse range of interests and commitments. The presence of a substantial number of respondents not involved in extracurricular activities presents an opportunity for schools or organizations to promote and facilitate greater participation in such activities. Overall,

The majority of respondents (around 70%) consider the campus to be safe and orderly. A significant portion of respondents (about 25%) are unsure about the campus safety and orderliness, indicating some uncertainty or variability in experiences or perceptions. A smaller percentage (about 5%) do not consider the campus to be safe and orderly. The predominant view among respondents is that the campus is perceived as safe and orderly. However, there is a notable level of uncertainty among many, which suggests that while most people feel positive about campus safety and order, there are still concerns or ambiguities that need to be addressed. The small percentage of negative responses highlights that there might be specific areas where improvements could be beneficial. Addressing the uncertainties and concerns could further enhance the overall perception of safety and orderliness on campus. Students also reported their understanding of a PBIS program although, both student and teacher behaviors do not always reflect its use and new teachers and staff had not been trained.

The annual parent survey included 37 parents who indicated they felt their kids were safe at school. The number of respondents would indicate a need for more parent involvement, education, and understanding of the instructional processes and procedures. Parents requested more supervision in the drop off line, more communication, and more education for the students on conflict resolution.

Teacher's indicated the need for students being held more accountable.

Perceptions Strengths

Perceptual Survey data reveals several strengths at North Oaks Middle School. Trusting Relationships Among Students, Engagement in Extracurricular Activities, Engagement in Extracurricular Activities, Positive Perception of Campus Safety and Orderliness, Parental Perception of Student Safety, and Understanding of PBIS Program. Students report trusting relationships among each other. A high percentage of students (89%) report having a trusting relationship with at least one other student. This indicates a supportive and connected student body with a strong sense of peer support. Secondly, engagement in extracurricular activities is also a strength. There is strong engagement in athletics and fine arts programs, reflecting their popularity and support among students. The involvement in multiple activities shows diverse interests and commitments, suggesting effective programs and opportunities in these areas. Moreover, positive perceptions of campus safety and orderliness was reported. Approximately 70% of students consider the campus to be safe and orderly. The majority of students have a positive perception of campus safety, indicating that the campus is generally perceived as a secure and well-managed environment. Even so, variability in perceptions can undermine overall confidence in campus safety, indicating a need for more uniform practices and clearer communication about safety measures.

Parental perception of student safety was also reported to be high from the small sample size of parents completing the surveyed. All parents surveyed indicated that they felt their children were safe at school suggesting that, from a parental perspective, there is a strong sense of security regarding student safety. Insufficient parent participation can lead to missed opportunities for feedback and collaboration in supporting student success and safety. Finally, an understanding of PBIS Program was reported by the students implicating there is awareness of the program among students, indicating that the program's goals and principles are communicated effectively, even if full implementation may need improvement. Without full implementation, the PBIS program may not be as effective in shaping student behavior and fostering a positive school culture.

Overall, North Oaks Middle School shows notable strengths in fostering trusting relationships among students, engaging them in extracurricular activities, and maintaining a generally positive perception of campus safety and orderliness. Parent feedback also supports the notion of student safety, and there is awareness of the PBIS program among students. These

strengths highlight areas where the school is successfully supporting student experience and engagement.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): The number of parents who participated in the survey is limited, indicating a need for increased parent engagement and communication. **Root Cause:** The small sample size of the parent survey suggests a lack of effective outreach or involvement strategies to engage a broader parent population.

Problem Statement 2: Although students understand the PBIS program, there is evidence that full implementation and consistent application may be lacking. **Root Cause:** Awareness of the PBIS program is not fully translated into consistent practice, possibly due to inadequate training for new staff or inconsistent application across the school.

Problem Statement 3: About 25% of students are unsure about the campus safety and orderliness, suggesting variability in perceptions or experiences. **Root Cause:** The uncertainty reported by a significant portion of students may stem from inconsistent enforcement of safety and orderliness protocols or differences in individual experiences.

Priority Problem Statements

Problem Statement 1: The PLC process at North Oaks Middle School is currently underdeveloped, affecting the effectiveness of collaborative professional development, focus on data, and instructional improvement.

Root Cause 1: The PLC process may lack clear goals, structures, and accountability measures to ensure productive and goal-oriented meetings. Moreover, staff may lack sufficient training or understanding of best practices for effective PLC implementation.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: English Language Learners show significantly lower performance compared to their peers, particularly in Grade 6 Reading, where only 38% meet the standard.

Root Cause 2: Insufficient language support and resources for English Language Learners contribute to their lower performance, particularly in reading and other core subjects.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Mathematics performance is below target, with only 30% of students meeting the grade-level standard and insufficient academic growth across most subgroups. This contrasts with stronger performance in Reading/Language Arts.

Root Cause 3: Variability in instructional practices and support strategies in Mathematics, combined with insufficient professional development and targeted interventions, are contributing to the underperformance in this subject.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: The number of parents who participated in the survey is limited, indicating a need for increased parent engagement and communication.

Root Cause 4: The small sample size of the parent survey suggests a lack of effective outreach or involvement strategies to engage a broader parent population.

Problem Statement 4 Areas: Perceptions

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

HB3 Goal

Evaluation Data Sources: Renaissance STAR Assessments (grades 6-8 mathematics and grades 6-8 reading) and State Interim Assessments for EOC tested subjects Alignment to Strategic Plan,

Strategy 1 Details	Reviews			
<p>Strategy 1: Strengthen the PLC process to support the instructional delivery system and provide teachers with job embedded coaching and learning that will positively impact learning outcomes for all students.</p> <p>Actions: a. Teacher will meet daily in the PLC office with the Instructional Facilitator and the administrator responsible for the T-TESS appraisal of the department. The Instructional Facilitator (IF) will provide a weekly plan for the meetings using the PLC tools. As well, the IF will adjust the activities, contingent upon the needs of students as teachers matriculate through the instructional delivery system.</p> <p>b. Content coordinators will deliver Curriculum Previews during the PLC prior to each grading period and follow-up throughout the year to support on-going learning.</p> <p>c. Teachers are required to use AWARE for all Common Assessments. Teachers will plan, improve, and analyze the data from assessments in the PLC.</p> <p>d. Teachers will use, analyze, respond to, and store the Data Analysis Protocol with fidelity</p> <p>e. District content coordinators and other district teaching and learning staff will visit PLCs to train and support teachers toward strengthening the learning of subgroups (Multi-lingual Services, Data office, etc.)</p> <p>f. Edit and adhere to campus Instructional Coherency documents for each core content area with a focus on district "look fors" outlined in each curriculum document.</p> <p>Staff Responsible for Monitoring: Administrators and Instructional Facilitator</p> <p>Title I: 2.4, 2.5, 2.6 - Targeted Support Strategy</p> <p>Problem Statements: School Processes & Programs 1</p> <p>Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$230,982</p>	Formative			Summative

School Processes & Programs

Problem Statement 1: The PLC process at North Oaks Middle School is currently underdeveloped, affecting the effectiveness of collaborative professional development, focus on data, and instructional improvement. **Root Cause:** The PLC process may lack clear goals, structures, and accountability measures to ensure productive and goal-oriented meetings. Moreover, staff may lack sufficient training or understanding of best practices for effective PLC implementation.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 2: By the end of the school year, 100% of students will demonstrate improved behavioral and emotional outcomes through the implementation and continuous refinement of a comprehensive Positive Behavioral Interventions and Supports (PBIS) system. This system will be designed and maintained by teachers, involve all stakeholders, and integrate targeted programs and practices, resulting in a 25% decrease in behavioral incidents and a 20% increase in student engagement and satisfaction as measured by surveys and behavioral data.

Targeted Support Strategies

Goal	Objective	Strategy	Description
1	1	1	Strengthen the PLC process to support the instructional delivery system and provide teachers with job embedded coaching and learning that will positively impact learning outcomes for all students.
1	1	2	Improve (or create), and monitor the implementation and effectiveness of instructional support systems designed to expand student learning outcomes for all students by increasing the instructional prowess of teachers.
1	1	3	Create and implement a system of support for subgroups making minimal progress as measured by the "Closing the Gaps" model (i.e., Emergent Bilinguals)

State Compensatory

Budget for North Oaks Middle School

Total SCE Funds: \$230,982.00

Total FTEs Funded by SCE: 3.44

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for North Oaks Middle School

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Carmen Rosalez	Teacher	0.5
Jackin Johnson	Reading Intervention	0.65
James Snider	Teacher	0.29
Michelle Mitchell	Student Assistance Counselor	1
Mohni Dadlani-Nelson	Educational Assistant	1

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2023 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2023.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Administrators: Frankie Norris, Principal; Julie Bates, Assistant Principal; Todd Hayes, Assistant Principal

Instructional Facilitator: Carrie Growald

Counselors: Richard Pence, Professional Counselor; Melanie Mitchell, Crisis Intervention Counselor

Teachers: Megan Wetz, John Garcia, Alex Snider, Holley Hoskins, Courtney Elliott, and Sidney Bailey

Parent: Denise Ross

Community Members: Dusty Simmons & Jason Rogers

Other District Staff: Brian Allen & Jennifer Guataco

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 59% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects

3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Conscious Discipline
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognition, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning
4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of parents, teachers and administrators.

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

- August Refresh Back to School Event (Friday 9:00-1:00) at WG Thomas Coliseum

- September 8- Meet the Teacher Night on campus
- December 15- Winter Festival
- March Discover Birdville Event at Birdville High School

Title I Personnel

Grand Total Budgeted					\$360,606.00
Grand Total Spent					\$360,606.00
+/- Difference					\$0.00

Birdville Independent School District
Watauga Middle School
2024-2025 Campus Improvement Plan

Mission Statement

The mission of Watauga Middle School is to ensure student success at their highest potential to prepare them for global citizenship through a cooperative effort among school leaders, parents and students, as distinguished by outstanding academic, athletic and fine arts achievement.

Vision

Watauga Middle School will provide innovative instruction in every class to empower exceptional students ready for an ever-changing society.

Value Statement

Student-centered, Diverse, Rigorous: Watauga Middle School

Comprehensive Needs Assessment

Needs Assessment Overview

Needs Assessment Overview Summary

[CNA 2024](#)

Demographics

Demographics Summary

- Watauga is a suburb of Fort Worth located in Tarrant County.
- Watauga Middle School (WMS) serves approximately 582 students.
- Student ethnicity is comprised of:
 - 51.37% Hispanic
 - 30.76% White
 - 7.90% African American
 - 7.39% Asian
 - 1.55% American Indian - Native Alaskan
 - .86% Native Hawaiian - Pacific Islander
- Approximately 72.51% of students are Economically Disadvantaged (ED).
- Approximately 33.68% of students are English Language Learners (ELLs)
- Approximately 19.07% of students are served in Special Education (SpEd).
- Approximately 66.49% of students are At-Risk.
- Approximately 12.89% of students have a 504 plan.
- Approximately 14.09% of students have Dyslexia.
- Approximately 8.08% of students are served through the Gifted and Talented program (GT). (Which is an Honors+ program in which extension activities are written into the Honors Curriculum in addition to a separate curriculum.)
- Approximately 53.5% of students take one or more Career and Technology Education (CTE) courses
- Twelve students were served in District Alternative Education Program (DAEP) placements in 2023-2024. (Students were sent to DAEP due to the implementation of HB 114. All students who were sent to DAEP have been in possession of a vape with the exception of three students. Two students served two times. One student served three times.)
- All staff is highly qualified.
- Professional Development (PD) is often offered through the Professional Learning Communities (PLCs), as well as through offerings on campus and district professional development days. That allows for frequent follow-up and discussions about new processes or methods.
- PLC form changes have encouraged greater collaboration and reflection around common assessment data.
- Additional protocols are regularly implemented during PLC periods for all contents (Lesson Refinement Protocol, Test Refining Protocol).
- Walk-throughs aid in verifying the implementation of district and campus priorities.
- Curriculum Based Assessments (CBAs) and State of Texas Assessments of Academic Readiness (STAAR) data help to evaluate the impact that professional development has on student achievement.
- Teachers are evaluated with the Texas Teacher Evaluation and Support System (T-TESS). Administrators are evaluated with the Texas Principal Evaluation and Support System (T-PESS).

Demographics Strengths

- Approximately 8.08% of students are served through the Gifted and Talented program.
- Approximately 53.5% of students take one or more Career and Technology courses.
- All staff is highly qualified.
- WMS staff is diverse. 35% of teachers are male. 65% of teachers are female. Various ethnicities are represented and several languages are spoken by staff members.
- Professional development is often offered through the PLCs, as well as through offerings on campus and district professional development days. That allows for frequent follow-up and discussions about new processes or methods.

- Walk-throughs aid in verifying the implementation of district and campus priorities.
- Blended training and technology competent teachers allow for effective collaboration in the Canvas Learning Management System (LMS).

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Based on student achievement data, our sub-populations of Asian students are under performing. **Root Cause:** There are opportunities to enhance the personalization of learning and the use of data to evaluate instructional effectiveness.

Problem Statement 2 (Prioritized): Student achievement data shows that Special Education students are scoring significantly lower than their peers. **Root Cause:** SpEd students are expected to perform at the same level as General Education students disregarding the individual needs they have. The In-Class Support model was not effective. Moving to a Learning Lab could potentially assist students.

Problem Statement 3 (Prioritized): Honors courses are not reaching appropriate level of rigor to promote increase in Masters Grade Level on STAAR Testing. **Root Cause:** There is a need for increased expectations for learners and for more comprehensive training for teachers to effectively support Honors-level instruction.

Problem Statement 4 (Prioritized): The Parent-Teacher Association (PTA) is experiencing low membership rates, impacting the level of parental involvement and support for school initiatives. **Root Cause:** Families face barriers to PTA participation due to financial constraints and limited availability, which hinder their ability to engage fully with the organization.

Student Learning

Student Learning Summary

- Watauga Middle School students achieved 20% at Masters Grade Level performance overall; 48% at the Meets Grade Level; and 70% at Approaches Grade Level on 2024 STAAR
- Of the 51 Watauga Middle School Algebra I students who tested in the 2023-2024 school year, 100% achieved Approaches Grade Level, 92% Met Standard, and 69% Mastered Standard.
- While Approaches Grade Level achievement remains relatively steady, Meets and Masters Grade Level achievement continues to lag based on 2023 and 2024 data.
- The scores of students in Special Education continue to perform below their peers based on 2024 data.
- We had 17 students take the Advanced Placement (AP) Spanish Language and Culture Exam. 71% of the students scored a three or higher.
- Two of seven Distinctions Earned in 2019. No distinctions given for 2021. Five of seven Distinctions Earned in 2022.
- The English Language Proficiency Status target is measured by the performance of Emergent Bilinguals each year on the Texas English Language Proficiency Assessment System (TELPAS). In 2023-2024, only 19.8% of EBs progressed 1 or more level; only 1.8% progressed 2 or more levels.

Student Learning Strengths

- Watauga Middle School students achieved 20% at Masters Grade Level performance overall; 48% at the Meets Grade Level; and 70% percent at Approaches Grade Level.
- Of the 51 Watauga Middle School Algebra I students who tested in the 2023-2024 school year, 100% achieved Approaches Grade Level, 92% Met Standard, and 69% Mastered Standard.
- We had 17 students take the Advanced Placement (AP) Spanish Language and Culture Exam. 71% of the students scored a three or higher.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Based on student achievement data, our sub-populations of Asian students are under performing. **Root Cause:** There are opportunities to enhance the personalization of learning and the use of data to evaluate instructional effectiveness.

Problem Statement 2 (Prioritized): Student achievement data shows that Special Education students are scoring significantly lower than their peers. **Root Cause:** SpEd students are expected to perform at the same level as General Education students disregarding the individual needs they have. The In-Class Support model was not effective. Moving to a Learning Lab could potentially assist students.

Problem Statement 3 (Prioritized): While Approaches Grade Level achievement remains relatively steady, Meets Grade Level achievement continues to lag. **Root Cause:** Lesson planning could benefit from a more intentional emphasis on high rigor and open-ended questioning. Additionally, higher-level questioning should be more purposefully integrated, and there is a need to better address the needs of Tier 2 students.

Problem Statement 4 (Prioritized): Honors courses are not reaching appropriate level of rigor to promote increase in Masters Grade Level on STAAR Testing. **Root Cause:** There is a need for increased expectations for learners and for more comprehensive training for teachers to effectively support Honors-level instruction.

Problem Statement 5 (Prioritized): The need for professional development aligned to district and campus initiatives is significant. **Root Cause:** Turnover in recent years has reduced the number of teachers who have participated in necessary professional learning. Teachers do not know how to use Renaissance, which should be a data baseline tool. Analyzing reports is vital in order to plan for student learning gaps.

School Processes & Programs

School Processes & Programs Summary

- Our daily schedule consists of eight 47 minute class periods.
- State law helps to determine the amount of time assigned to each content area.
- A Dyslexia Program is used to aid students who are dyslexic.
- Each teacher offers several tutorial times each week, with at least one after-school tutorial session and one before-school tutorial session.
- Gifted and Talented (GT) services are through participation in Honors+ courses.
- Our campus strictly adheres to the state standards and the district curriculum.
- During Professional Learning Communities (PLC), our teachers align their classroom teaching to the rigor of the Common Based Assessments (CBAs) and State of Texas Assessments of Academic Readiness (STAAR), with a focus on district Tier 1 instruction priorities. This is evidenced by the lessons and common assessments used to determine student retention of material.
- CBAs are used to measure the effectiveness of the district curriculum and the pacing of the teaching. These scores may be used to figure into the students' averages as daily grades. Data discussions, guided by the district CBA protocol, focus on instructional implications of data and student remediation needs.
- Tier 1 coherency documents outline expectations for implementation in all core content areas.
- Team specific, measurable, attainable, relevant and time-bound (SMART) goals encourage goal-setting and behaviors that will help to reach those goals, as individuals and PLC teams.
- Response to Intervention (RtI) is implemented through pull-out intervention programs based upon STAAR scores, CBA scores, Universal Screener results, and classroom teacher observations.
- Teacher growth in Continuous Improvement will be supported by classroom walk-throughs and subsequent coaching conversations.
- All staff is highly qualified.
- Staff is recruited through Enterprise through Region XI and staff recommendations.
- Professional development is often offered through the PLCs, as well as through offerings on campus and district professional development days. This allows for frequent follow-up and discussions about new processes or methods.
- Walk-throughs aid in verifying the implementation of new initiatives and protocols, including departmental coherency documents.
- CBAs and STAAR help to evaluate the impact our professional development has on student achievement.
- Teachers have been trained on the T-TESS evaluation system and have begun collecting data related to Student Learning Objectives.
- Our campus has a vast number of resources available. Each classroom operates with a minimum of one teacher computer, a projector, and a Newline Interactive Panel. Classrooms also have a document camera to use. CTE has 33 laptops and 20 desktops. Reading Improvement has 3 desktops and thirty-five (35) laptops. Our library has nine (9) student computers, and two (2) teacher computers available.
- Birdville Independent School District (BISD) and WMS technology resources are used only for learning, teaching, and administrative purposes consistent with the district and campus mission and goals.
- BISD has implemented a 1:1 system.
- Watauga Middle School is a blended learning campus. This is to focus on teacher use of structures such as station rotation and play-lists that foster student initiative and ownership of learning. This program is well-aligned to Continuous Improvement tools such as Plan-Do-Study-Act (PDSA) and student data folders.

School Processes & Programs Strengths

- A pull-out intervention program has been designed to aid those students needing more instructional time in Reading.
- Each teacher offers several tutorial times each week, with at least one after-school tutorial session and one before-school tutorial session.
- Our campus strictly adheres to the state standards and the district curriculum.
- Our campus principal is ultimately responsible for new programs or changes to current programs. However, she is inclusive of key members of staff in the decision making

process, including Leaders of Learners and other teacher leaders.

- During PLC, our teachers align their classroom teaching to the rigor of the CBAs and STAAR, with a focus on district Tier 1 instruction priorities. This is evidenced by the lessons and common assessments used to determine student retention of material.
- CBAs are used to measure the effectiveness of the district curriculum and the pacing of the teaching. These scores may be used to figure into the students' averages as daily grades. Data discussions, guided by the district CBA protocol, focus on instructional implications of data and student remediation needs.
- Tier 1 coherency documents outline expectations for implementation in all core content areas.
- Team SMART (specific, measurable, attainable, relevant and time-bound) goals encourage goal-setting and behaviors that will help to reach those goals, as individuals and PLC teams.
- Teacher growth in Continuous Improvement will be supported by classroom walk-throughs and subsequent coaching conversations.
- All staff is highly qualified.
- Professional development is often offered through the PLCs, as well as through offerings on campus and district professional development days. That allows for frequent follow-up and discussions about new processes or methods.
- All first year teachers attend new teacher program initiatives and are provided a mentor on campus.
- Our campus has a vast number of resources available.
- Students clearly understand the expectations regarding their behavioral and academic performance through the campus C.H.A.M.P.s (Communication, Help, Activity, Material, Participation) program. This initiative defines the organization and activities of the classroom, setting the tone for classroom management by our teachers.
- BISD and WMS technology resources are used only for learning, teaching, and administrative purposes consistent with district's and campus mission and goals.
- Watauga Middle School is a blended learning campus. This is to focus on teacher use of structures such as station rotation and play-lists that foster student initiative and ownership of learning. This program is well-aligned to Continuous Improvement tools such as PDSA and student data folders.
- In order to best serve our SPED population, WMS has the AABLE program and SEEC program:

The Academic and Adaptive Behavior Learning Environment (AABLE) program includes students with significant deficits in cognitive and adaptive behaviors who demonstrate needs in functional and developmental areas. Instruction emphasizes academics, communication, socialization, personal management, vocational, and functional skills. The Secondary Structured Environment to Enhance Communication (SEEC) program includes students with significant deficits in cognitive and adaptive behaviors who demonstrate needs in functional and developmental areas who are non-verbal. Instruction emphasizes academics, communication, socialization, personal management, vocational, and functional skills.

- WMS offers Resource Math and Reading classes; as well as Learning Lab support in all core subjects.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Based on student achievement data, our sub-populations of Asian students are under performing. **Root Cause:** There are opportunities to enhance the personalization of learning and the use of data to evaluate instructional effectiveness.

Problem Statement 2 (Prioritized): Student achievement data shows that Special Education students are scoring significantly lower than their peers. **Root Cause:** SpEd students are expected to perform at the same level as General Education students disregarding the individual needs they have. The In-Class Support model was not effective. Moving to a Learning Lab could potentially assist students.

Problem Statement 3 (Prioritized): The need for professional development aligned to district and campus initiatives is significant. **Root Cause:** Turnover in recent years has reduced the number of teachers who have participated in necessary professional learning. Teachers do not know how to use Renaissance, which should be a data baseline tool. Analyzing reports is vital in order to plan for student learning gaps.

Problem Statement 4 (Prioritized): Honors courses are not reaching appropriate level of rigor to promote increase in Masters Grade Level on STAAR Testing. **Root Cause:** There is a need for increased expectations for learners and for more comprehensive training for teachers to effectively support Honors-level instruction.

Perceptions

Perceptions Summary

- Ethnically diverse parent representatives do participate in our site-based meetings on a voluntary basis and have a voice in campus decisions.
- There is a parent liaison on the Language (LPAC) committee.
- Survey data reveals that teachers and students feel that they are safe while in school at WMS.
- Students have a wide variety of academic and extracurricular activities available at Watauga Middle School. This provides a variety of activities that pique the students' interests and build on their academic and social growth.
- We offer campus communications in several languages to accommodate our families that do not speak English as their first language.
- Bullying is an issue we take very seriously at Watauga Middle School, as we document each and every case where a student feels threatened or bullied. The administration team continually works to educate students and parents alike on the parameters of bullying and follows House Bill (HB) 1942 set forth by the state of Texas addressing cyber-bullying, bullying, and harassment in schools.
- Campus administrators meet with victims of bullying and their perpetrators to resolve student issues and foster a culture of Social Emotional Learning (SEL) Character Traits. Students, parents and staff have access to Anonymous Alerts, as well as other tools for prevention and reporting.
- Discipline data reveals a small percentage of students making up most of the office referrals. These offenses typically are classroom disruptions that negatively affect the learning environment and these students are issued the appropriate consequence for their misbehavior.
- In the 2023-2024 school year, twelve students were served in District Alternative Education Program (DAEP) placements in 2023-2024. (Students were sent to DAEP due to the implementation of HB 114. All students who were sent to DAEP have been in possession of a vape with the exception of three students. Two students served two times. One student served three times.)

Perceptions Strengths

- Parents attend Choir and Band Concerts.
- Fall and Spring Open House are well-attended.
- Advancement Via Individual Determination (AVID) Family Nights and student events are well-attended.
- School Theater plays draw faculty, staff, parents, and other community members.
- Math and Science Nights are extremely interactive, with both students and parents providing positive feedback.
- Choir does "carolling" tours to the elementaries and to nursing homes.
- Teachers and students feel that they are safe while in school at WMS.
- Students clearly understand the expectations regarding their behavioral and academic performance through the campus Communication–Help–Activity–Material–Participation (C.H.A.M.P.'s) program. This initiative defines the organization and activities of the classroom, setting the tone for classroom management by our teachers.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): While Approaches Grade Level achievement remains relatively steady, Meets Grade Level achievement continues to lag. **Root Cause:** Lesson planning could benefit from a more intentional emphasis on high rigor and open-ended questioning. Additionally, higher-level questioning should be more purposefully integrated, and there is a need to better address the needs of Tier 2 students.

Problem Statement 2 (Prioritized): Honors courses are not reaching appropriate level of rigor to promote increase in Masters Grade Level on STAAR Testing. **Root Cause:** There is a need for increased expectations for learners and for more comprehensive training for teachers to effectively support Honors-level instruction.

Problem Statement 3 (Prioritized): The Parent-Teacher Association (PTA) is experiencing low membership rates, impacting the level of parental involvement and support for school initiatives. **Root Cause:** Families face barriers to PTA participation due to financial constraints and limited availability, which hinder their ability to engage fully with the organization.

Priority Problem Statements

Problem Statement 1: Based on student achievement data, our sub-populations of Asian students are under performing.

Root Cause 1: There are opportunities to enhance the personalization of learning and the use of data to evaluate instructional effectiveness.

Problem Statement 1 Areas: Demographics - Student Learning - School Processes & Programs

Problem Statement 2: Student achievement data shows that Special Education students are scoring significantly lower than their peers.

Root Cause 2: SpEd students are expected to perform at the same level as General Education students disregarding the individual needs they have. The In-Class Support model was not effective. Moving to a Learning Lab could potentially assist students.

Problem Statement 2 Areas: Demographics - Student Learning - School Processes & Programs

Problem Statement 3: Honors courses are not reaching appropriate level of rigor to promote increase in Masters Grade Level on STAAR Testing.

Root Cause 3: There is a need for increased expectations for learners and for more comprehensive training for teachers to effectively support Honors-level instruction.

Problem Statement 3 Areas: Demographics - Student Learning - School Processes & Programs - Perceptions

Problem Statement 4: While Approaches Grade Level achievement remains relatively steady, Meets Grade Level achievement continues to lag.

Root Cause 4: Lesson planning could benefit from a more intentional emphasis on high rigor and open-ended questioning. Additionally, higher-level questioning should be more purposefully integrated, and there is a need to better address the needs of Tier 2 students.

Problem Statement 4 Areas: Student Learning - Perceptions

Problem Statement 5: The need for professional development aligned to district and campus initiatives is significant.

Root Cause 5: Turnover in recent years has reduced the number of teachers who have participated in necessary professional learning. Teachers do not know how to use Renaissance, which should be a data baseline tool. Analyzing reports is vital in order to plan for student learning gaps.

Problem Statement 5 Areas: Student Learning - School Processes & Programs

Problem Statement 6: The Parent-Teacher Association (PTA) is experiencing low membership rates, impacting the level of parental involvement and support for school initiatives.

Root Cause 6: Families face barriers to PTA participation due to financial constraints and limited availability, which hinder their ability to engage fully with the organization.

Problem Statement 6 Areas: Demographics - Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- Student failure and/or retention rates
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity,

- gender, etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data
- T-TESS data
- T-PESS data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Communications data
- Budgets/entitlements and expenditures data

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

High Priority

Evaluation Data Sources: Renaissance STAR Assessments (grades 6-8, Reading and Mathematics), STAAR Interims for Reading Language Arts and Mathematics (grades 6-8 and Algebra), common assessments, and STAAR Tests

Strategy 1 Details	Reviews			
Strategy 1: Build capacity to implement the district literacy plan at the campus level Actions: a) Deploy campus leadership teams to lead the implementation of the District literacy plan b) Provide support for campus implementation plans c) Provide literacy training for all staff to build their capacity to implement campus literacy plans to enhance learning for all students Staff Responsible for Monitoring: Principal, Assistant Principals, Instructional Facilitator, Leaders of Learners Title I: 2.4, 2.5, 2.6 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math - ESF Levers: Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction Problem Statements: Demographics 1, 2, 3 - Student Learning 1, 2, 3, 4, 5 - School Processes & Programs 1, 2, 3, 4 - Perceptions 1, 2 Funding Sources: Instructional Facilitator - 255 - Title II - \$86,948	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
<p>Strategy 2: Implement the literacy plan through established priorities for system-wide literacy practices.</p> <p>Actions: a) Infuse literacy-focused discussions into Professional Learning Communities (PLCs), monthly faculty meetings and Professional Development b) Conduct campus walks for the purpose of collecting artifacts that support literacy implementation c) Reading Language Arts (RLA) department will use Talk Read Talk Write (TRTW) strategies in all lessons and will receive ongoing PD through PLC d) Social Studies department will continue to use Tina Beene strategies from previous year (including QSSSA) in all lessons and will receive ongoing PD through PLC e) Math department will continue with math discourse strategies from Dana Center grant from previous years (including purposeful questioning and rich tasks) in all lessons and will receive ongoing PD through PLC f) Science department will use the idea of phenomena to increase student discourse in all lessons and will receive ongoing PD through PLC</p> <p>Staff Responsible for Monitoring: Principal, Assistant Principals, Instructional Facilitator, Leaders of Learners</p> <p>Title I: 2.4, 2.5, 2.6 - TEA Priorities: Build a foundation of reading and math - ESF Levers: Lever 4: High-Quality Instructional Materials and Assessments</p> <p>Problem Statements: Demographics 1, 2, 3 - Student Learning 1, 2, 3, 4, 5 - School Processes & Programs 1, 2, 3, 4 - Perceptions 1, 2</p>	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 3 Details	Reviews			
Strategy 3: Communicate and assist teachers in implementing data informed and responsive teaching. Actions: a) Collaborate with grade level teams during PLC on continuous improvement using the Plan, Do, Study, Act (PDSA) cycle b) Discuss "Meets Expectations" targets set by the state and use them as campus goals for continuous improvement across all subject areas c) Conduct campus walks that are specific to instruction and program implementation for the purpose of continuous improvement d) Conduct training on using data from multiple assessments (Star Renaissance, Interims & Common Assessments) to inform instruction e) Implement training/professional learning developed by the district on writing effective formative assessments and how to capture the data in Eduphoria - Aware to inform teacher practice and show student growth f) Continue to build capacity of instructional facilitator and principal/assistant principals through participation in district training on student-centered coaching g) Collect, analyze and use data for progress monitoring h) Communicate areas of concern in regards to underperforming student groups to ensure teachers target super groups in order to close learning gaps Staff Responsible for Monitoring: Principal, Assistant Principals, Instructional Facilitator, Leaders of Learners Title I: 2.4, 2.5, 2.6 - TEA Priorities: Build a foundation of reading and math - ESF Levers: Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction Problem Statements: Demographics 1, 2, 3 - Student Learning 1, 2, 3, 4, 5 - School Processes & Programs 1, 2, 3, 4 - Perceptions 1, 2 Funding Sources: SCE Campus Staff - 199 - General Funds: SCE - \$202,305	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 4 Details	Reviews			
Strategy 4: Implement a comprehensive plan for advanced students, including Gifted and Talented (GT), that provides opportunities for rigorous learning beyond advanced coursework Actions: a) Train teachers of advanced academics classes through district approved/provided GT hours b) Expand genre options and rigorous text selections in advanced academics classes c) Provide campus professional learning for extension strategies d) Implement honors+ curriculum for gifted learners Staff Responsible for Monitoring: District AP Director and Coordinator, Principal, Assistant Principals, Guidance Counselor, Instructional Facilitator, Leaders of Learners Title I: 2.4, 2.5, 2.6 - ESF Levers: Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction Problem Statements: Demographics 1, 2, 3 - Student Learning 1, 2, 3, 4, 5 - School Processes & Programs 1, 2, 3, 4 - Perceptions 1, 2 Funding Sources: Instructional Facilitator - 255 - Title II	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 5 Details	Reviews			
Strategy 5: Continue to develop and implement system-wide instructional practices to support Emergent Bilinguals. Actions: a) Analyze data (TELPAS, STAR Renaissance, STAAR) to determine progress in reading and English language development b) Ongoing PD for all PLCs on learning strategies for increasing English language development for all EBs c) Align research-based practices to support EBs with district tier one priorities d) Schedule Year 1 and Year 2 EBs in ESL Support class e) Schedule Year 3-6 EBs who have not passed STAAR into Reading lab sections Staff Responsible for Monitoring: Principal, Assistant Principals, Instructional Facilitator, ESL Coach Title I: 2.4, 2.5, 2.6 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math - ESF Levers: Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction Problem Statements: Demographics 1, 2, 3 - Student Learning 1, 2, 3, 4, 5 - School Processes & Programs 1, 2, 3, 4 - Perceptions 1, 2	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 6 Details	Reviews			
Strategy 6: Align processes that encourage and facilitate personalized learning for students Actions: a) Implement the district personalized learning framework aligned to district initiatives b) Conduct training for teachers to implement personalized learning with students c) Monitor and provide feedback to support campus implementation of personalized learning for students d) Utilize resources to provide personnel, technology, and instructional materials in order to close achievement gaps in core content areas. e) Communicate areas of concern in regards to under-performing student groups to ensure teachers target super groups in order to personalize learning and close learning gaps Staff Responsible for Monitoring: Principal, Assistant Principals, Instructional Facilitator, Leaders of Learners Title I: 2.4, 2.5, 2.6 - TEA Priorities: Build a foundation of reading and math - ESF Levers: Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction Problem Statements: Demographics 1, 2, 3 - Student Learning 1, 2, 3, 4, 5 - School Processes & Programs 1, 2, 3, 4 - Perceptions 1, 2 Funding Sources: Title I Tutors - 211 - Title I - \$43,979, Professional Development - 211 - Title I - \$20,000	Formative			Summative

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Based on student achievement data, our sub-populations of Asian students are under performing. Root Cause: There are opportunities to enhance the personalization of learning and the use of data to evaluate instructional effectiveness.
Problem Statement 2: Student achievement data shows that Special Education students are scoring significantly lower than their peers. Root Cause: SpEd students are expected to perform at the same level as General Education students disregarding the individual needs they have. The In-Class Support model was not effective. Moving to a Learning Lab could potentially assist students.
Problem Statement 3: Honors courses are not reaching appropriate level of rigor to promote increase in Masters Grade Level on STAAR Testing. Root Cause: There is a need for increased expectations for learners and for more comprehensive training for teachers to effectively support Honors-level instruction.

Student Learning

Problem Statement 1: Based on student achievement data, our sub-populations of Asian students are under performing. **Root Cause:** There are opportunities to enhance the personalization of learning and the use of data to evaluate instructional effectiveness.

Problem Statement 2: Student achievement data shows that Special Education students are scoring significantly lower than their peers. **Root Cause:** SpEd students are expected to perform at the same level as General Education students disregarding the individual needs they have. The In-Class Support model was not effective. Moving to a Learning Lab could potentially assist students.

Problem Statement 3: While Approaches Grade Level achievement remains relatively steady, Meets Grade Level achievement continues to lag. **Root Cause:** Lesson planning could benefit from a more intentional emphasis on high rigor and open-ended questioning. Additionally, higher-level questioning should be more purposefully integrated, and there is a need to better address the needs of Tier 2 students.

Problem Statement 4: Honors courses are not reaching appropriate level of rigor to promote increase in Masters Grade Level on STAAR Testing. **Root Cause:** There is a need for increased expectations for learners and for more comprehensive training for teachers to effectively support Honors-level instruction.

Problem Statement 5: The need for professional development aligned to district and campus initiatives is significant. **Root Cause:** Turnover in recent years has reduced the number of teachers who have participated in necessary professional learning. Teachers do not know how to use Renaissance, which should be a data baseline tool. Analyzing reports is vital in order to plan for student learning gaps.

School Processes & Programs

Problem Statement 1: Based on student achievement data, our sub-populations of Asian students are under performing. **Root Cause:** There are opportunities to enhance the personalization of learning and the use of data to evaluate instructional effectiveness.

Problem Statement 2: Student achievement data shows that Special Education students are scoring significantly lower than their peers. **Root Cause:** SpEd students are expected to perform at the same level as General Education students disregarding the individual needs they have. The In-Class Support model was not effective. Moving to a Learning Lab could potentially assist students.

<p>Problem Statement 1: While Approaches Grade Level achievement remains relatively steady, Meets Grade Level achievement continues to lag. Root Cause: Lesson planning could benefit from a more intentional emphasis on high rigor and open-ended questioning. Additionally, higher-level questioning should be more purposefully integrated, and there is a need to better address the needs of Tier 2 students.</p> <p>Problem Statement 2: Honors courses are not reaching appropriate level of rigor to promote increase in Masters Grade Level on STAAR Testing. Root Cause: There is a need for increased expectations for learners and for more comprehensive training for teachers to effectively support Honors-level instruction.</p> <p>Problem Statement 3: The Parent-Teacher Association (PTA) is experiencing low membership rates, impacting the level of parental involvement and support for school initiatives. Root Cause: Families face barriers to PTA participation due to financial constraints and limited availability, which hinder their ability to engage fully with the organization.</p>

Goal 3: All students and staff will learn and work in a safe and responsive environment.

Performance Objective 1: Increase the percentage of students and staff who report feeling safe at school.

Evaluation Data Sources: District safety survey of students, parents and staff

Strategy 1 Details		Reviews			
Strategy 1: Establish a safe school-community environment where students and staff report a sense of belonging, security, and well-being. Actions: a) Use campus staff (i.e Safety and Security Admin, School Resource Officer (SRO), counselor, and crisis intervention counselor) to work with campus administrators and teachers to identify and address safety and social emotional concerns. b) Collaborate with local public safety officials and other community agencies to develop communication protocols for efficient incident management. c) Conduct safety meetings with students, administrators and community members to evaluate and problem solve district safety concerns. d) Conduct safety audits to identify security issues on campus. e) Continue to utilize the Anonymous Alerts and Threat Assessment system for students, staff, and community to report safety concerns and personal threats. f) Schedule and monitor a minimum of two safety drills per month (1 fire and 1 other). Staff Responsible for Monitoring: Principal, Assistant Principals, Counselors, Head Custodian, Security Guard, School Resource Officer (SRO) Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 5 - School Processes & Programs 3		Formative			Summative

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 5: The need for professional development aligned to district and campus initiatives is significant. Root Cause: Turnover in recent years has reduced the number of teachers who have participated in necessary professional learning. Teachers do not know how to use Renaissance, which should be a data baseline tool. Analyzing reports is vital in order to plan for student learning gaps.

Targeted Support Strategies

Goal	Objective	Strategy	Description
1	2	2	Implement system-wide practices appropriate for Emergent Bilinguals (EBs). The English Language Proficiency Status target is measured by the performance of Emergent Bilinguals each year on the Texas English Language Proficiency Assessment System (TELPAS). in 2023-2024, only 19.8% of EBs progressed 1 or more level; only 1.8% progressed 2 or more levels. For 2024-2025, our goal is 100% of all EBs will progress at least 1 level.

State Compensatory

Budget for Watauga Middle School

Total SCE Funds: \$202,305.00

Total FTEs Funded by SCE: 2.08

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for Watauga Middle School

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Ann Newhouse	Student Assistance Counselor	1
Kristi Wright	Reading Intervention	0.65
Olivia Davalos Alanis	Teacher	0.29
Sally Redmon	Teacher	0.14

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Parents: Amber Lopez Brittany Dickey
Community Members: D. Nelson (Business Rep) J. Taylor (Business Rep) D. Serratt (Community Rep) K. Woodruff (Community Rep)
Teachers: A. Saujon T. Smith D. Garr J. Munoz

Parents: Amber Lopez Brittany Dickey
Administrators: S. Houston Shedd G. Chipman Dr. M. Choate
Other Campus and District Staff: Dr. A. May C. Thompson (District professional)

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 68.91% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program

7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

We are also working to meet the needs of our Asian and White population Reading and Math Targets of +3%/+7% and +15/+11 respectively in the area of Academic Achievement.

We are also working to meet the needs of our Asian and White population Math Targets of +12/+6 respectively in the area of Academic Growth.

We are also working to meet the needs of our Asian and White population in the area of Student Success (Student Achievement Domain Score (STAAR Component Only)) with needing to grow +11% in the White category, +3% in the Asian category and +7% in the two or more race category.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- CHAMPS
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as

schoolwide incentive programs, individual and class recognition's, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

- 1. Demographics
- 2. Perceptions
- 3. Student Learning
- 4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Parents: A. Lopez B. Dickey A. Little
Teachers: A. Jordan A. Saujon F. Truss T. Smith R. Garr G. Bergman J. Munoz K. Jordan
Administrators: S. Houston Shedd

Parents: A. Lopez B. Dickey A. Little
Other Campus and District Staff: C. Thompson Dr. A. May Community & Business Members: D. Nelson (Business Rep) J. Taylor (Business Rep) D. Serratt (Community Rep) K. Woodruff (Community Rep)

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Thursday evenings in order to accommodate parents’ work schedules (exceptions noted below). The following family engagement activities are planned for 2024-25:

- August Refresh Back to School Event (Saturday 9:00-1:00) at WG Thomas Coliseum
- September Meet the Teacher Night & Title I Meeting (Thursday) on campus
- October Title 1 Meeting through TEAMS
- December Book Fair (Monday through Thursday 8:00-5:00) on campus
- January Open House (Thursday) on campus
- March Experience Birdville Event (Saturday 9:00-1:00)
- April Family Engagement Policy and Compact Revision (Wednesday) on campus
- CORE and Specials Parent Involvement Nights (one in the fall and one in the spring)

5.1: Determine which students will be served by following local policy

The Asian population will receive targeted intervention during the 2024-2025 School Year.

Addendums

Continuum of Services at Watauga Middle School

Mainstream is an instructional arrangement for providing special education services according to individual education plans to eligible students with disabilities whose instruction is provided in the regular classroom setting with necessary special education support. This support shall be designed to enrich education in order to enable success of all students.

Inclusion is an instructional arrangement in which qualified special education personnel implement a student's IEP through indirect and/or support services to the student in the regular classroom setting. Inclusion may include a co-teach arrangement in which two or more certified teachers share responsibility for planning, instruction, and evaluation of all students, including those with IEPs.

Resource is an instructional arrangement for providing special education instruction and related services in a setting other than regular education for less than 50% of the regular school day. Resource classes are designed to provide direct instruction for students who have been identified as being multiple grade levels behind, and who need extensive modifications and accommodations that could not be provided in the regular classroom.

The Academic and Adaptive Behavior Learning Environment (AABLE) program includes students with significant deficits in cognitive and adaptive behaviors who demonstrate needs in functional and developmental areas. Instruction emphasizes academics, communication, socialization, personal management, vocational, and functional skills.

The Alternative Curriculum Centered for Exceptional Student Success (ACCESS) program generally serves students with severe physical and/or mental impairments. Often times these students are not independently mobile, require assistance to care for their daily needs and may be considered medically fragile. Focus of instruction includes visual and auditory stimulation, motor skill development, assistive technology, developmentally appropriate academic instruction, interaction with others and communication skills. The ACCESS program assists students in developing communication, self-help and functional living skills in order to attain maximum independence.

Strategies/Actions

- Follow all IEP's with fidelity
- Collaborate/communicate with general education staff and parents to ensure student success
- Each program on the continuum of services will set realistic goals to improve student performance for the 2019-2020 school year.
- Case managers will complete failure reports each six weeks and submit them to assigned admin
 - https://docs.google.com/document/d/1HV4d4TlzQLtN9UISdHsq4U1-T2tB_i-iM1vK8liSpVs/edit
- The AABLE class has ability grouped their students and included rotations by content so that teachers can focus more in-depth on content and meeting the needs of individual students
- Continuation of AABLE program selling snacks to:
 - Provide real world skills in money handling, inventory, customer service, selling products, etc.
 - Supports necessary social skills and academic goals
 - Prepare them for high school
 - Support a field trip for our kids in the spring

WATAUGA MIDDLE SCHOOL

TITLE I, PART A PARENT AND FAMILY ENGAGEMENT POLICY

Statement of Purpose

The purpose of the Watauga Middle School Parent and Family Engagement Policy is to promote a highly effective working partnership among families and staff. Watauga Middle has adopted the policy to ensure that we provide parents and families with substantial and meaningful opportunities to participate as equal partners in the education of their students. The campus will build capacities of staff, parents, families, and community members to work together as equal partners to improve achievement for all students.

Goals

- WMS will promote regular, two way communication between home and school
- Parents, families, educators, and community members assist in improving student achievement by supporting family involvement in the education of their students
- WMS will provide a safe and open atmosphere for parents and families to visit the school and to actively encourage parent and family support and assistance for school programs
- WMS staff will develop and deliver timely information and training to parents
- WMS will respond to such barriers as language, culture, education levels and work schedules of parents and families that may limit opportunities to participate fully in the education of their students
- Parents and families support their student's learning at home and in school and serve as their student's advocate
- WMS will disseminate information to parents on all required Title 1 notifications

Annual Meeting

Watauga Middle School will hold an annual parent meeting to educate parents about Title I funding and how it will be used to support the parent and family engagement. The campus will also host a flexible number of meetings with parents throughout the school year. A primary goal of these meetings will be to establish parents as equal partners in their student's academic achievement.

Parents' Right to Know

Watauga Middle School will provide parents with an annual notification that outlines the parents' right to know about the professional qualifications of the classroom teachers who instruct their student, as well as any paraprofessionals who provide services to the student.

Building Capacity for Parent-School Partnerships

Watauga Middle School will facilitate the use of district resources by parents and families, including those provided through Birdville ISD parent liaisons and staff:

- Training for parents in understanding students' state and local assessment and screener results
- Other parent trainings based on identified needs and requests
- Links to external agency resources, as needed
- Parenting skills classes
- ESL classes
- Homework help training
- Translation services for homework
- Interpreter services for ARD, LPAC, counseling, psychological evaluations, teacher/principal conferences with parents at Title I, Part A schools, district meetings, PTA, and others

School-Parent Compacts

Watauga Middle School will jointly develop and share with parents a school-parent compact. The school-parent compact outlines how parents, staff, and students share the responsibility for improved student academic achievement. It also describes the necessary partnership that must develop between the school and its families through regular two-way, meaningful communication. Watauga Middle will undertake an annual collaborative review of its school-parent compact and make revisions as needed.

Watauga Middle School has a responsibility to:

- Implement high-quality curriculum and instruction in a supportive and effective learning environment
- Provide One-to-One Technology
- Utilize relevant sections of the school-parent compact to guide parent-teacher conferences
- Provide frequent reports to parents on their student's progress
- Offer parents reasonable access to staff, opportunities to volunteer and participate in their student's class, and observation of classroom activities
- Initiate and respond to parent communications

Parent responsibilities to support their student's learning include:

- Ensuring regular student attendance and the school provided One-to-One Technology is with them
- Participating in decisions related to their student's education
- Monitoring positive use of extracurricular time, establishing healthy habits, and modeling literacy at home
- Completing an online volunteer registration form and volunteering on campus, whenever practical
- Initiating and responding to school communications
- Monitoring academic progress via Focus and Canvas (as applicable)

Parent Engagement Evaluation

Each spring, Watauga Middle School will assemble a team, including Title I parents, teachers, and staff members, to review the content and effectiveness of family engagement policies and programs. Evaluation information will be collected through parent surveys that gauge levels of family engagement while identifying barriers to parent participation. Based on this input and through a collaborative consultation process, the campus will review the existing family engagement policy and make revisions as necessary.

ESCUELA INTERMEDIA WATAUGA

TÍTULO I, PARTE A, POLÍTICA DE COMPROMISO DE PADRES Y FAMILIAS

Declaración de Propósito

El propósito de la Política de Participación de Padres y Familias de la Escuela Watauga Middle es promover una asociación de trabajo altamente efectiva entre las familias y el personal. Watauga Middle ha adoptado la política para garantizar que brindemos a los padres y las familias oportunidades sustanciales y significativas para participar como socios iguales en la educación de estudiantes. El campus desarrollará las capacidades del personal, los padres, las familias y los miembros de la comunidad para trabajar juntos como socios iguales para mejorar el rendimiento de todos los estudiantes de la escuela.

Metas

- WMS promoverá la comunicación bidireccional (ambas partes) regular entre el hogar y la escuela.
- Los padres, las familias, los educadores y los miembros de la comunidad ayudarán a mejorar el rendimiento estudiantil al apoyar la participación de la familia en la educación de estudiantes.
- WMS proporcionará un ambiente seguro y abierto para que los padres y las familias visiten la escuela y promover activamente el apoyo y la asistencia de los padres y las familias para los diferentes programas escolares.
- El personal de WMS desarrollará y entregará información y capacitación oportuna a los padres de familia.
- WMS responderá a diferentes barreras tales como el idioma, la cultura, los niveles de educación y los horarios de trabajo de los padres de familia y las familias que pueden limitar las oportunidades de participar plenamente en la educación de estudiantes.
- Los padres y las familias apoyarán el aprendizaje de sus hijos tanto en el hogar como en la escuela y servirán como guía de estudiantes.
- WMS difundirá información a los padres sobre todas las notificaciones requeridas del Título 1

Reunión Anual

La escuela de Watauga llevará a cabo una reunión anual de padres para educar a los padres sobre el financiamiento del Título I y como se utilizará para apoyar la participación de los padres y la familia. El campus también organizará una cantidad flexible de reuniones con los padres durante el año escolar. El objetivo principal de estas reuniones será establecer a los padres de familia como socios iguales en el rendimiento académico de estudiantes.

Derecho de los Padres de Familia a saber.

La escuela de Watauga proporcionará a los padres de familia una notificación anual que describe el derecho de los padres a saber sobre las calificaciones profesionales de los maestros que instruyen a estudiantes, así como a cualquier paraprofesional que brinde servicios de estudiantes.

Crear la capacidad para la asociación entre padres y escuela.

La escuela de Watauga facilitará el uso de los recursos del distrito por parte de los padres y las familias, incluidos los proporcionados a través de los enlaces y el personal de Birdville ISD:

- Capacitación a padres de familia para comprender la evaluación estatal y local de los estudiantes y los resultados de las evaluaciones.
- Otros entrenamientos para padres basados en las necesidades y solicitudes.

- Enlaces a recursos de agencias externas, según se solicite.
- Clases de guía parental.
- Clases de ESL
- Entrenamiento de ayuda con la tarea
- Servicios de traducción para la tarea.
- Servicios de intérpretes para ARD, LPAC, asesoramiento, evaluaciones psicológicas, conferencias de maestros / directores con los padres en las escuelas del Título I, Parte A, reuniones de distrito, PTA y otros.

Pactos escuela-padres

La escuela de Watauga desarrollará y compartirá conjuntamente con los padres un pacto escuela-padres. El pacto entre la escuela y los padres describe cómo los padres, el personal y los estudiantes comparten la responsabilidad de mejorar el rendimiento académico de los estudiantes. También describe la asociación necesaria que debe desarrollarse entre la escuela y sus familias a través de una comunicación regular bidireccional y significativa. Watauga Middle realizará una revisión anual de colaboración de su pacto entre padres y escuela y realizará las revisiones que sean necesarias.

La escuela de Watauga tiene la responsabilidad de:

- Implementar un plan de estudios e instrucción de alta calidad en un entorno de aprendizaje eficaz y de apoyo.
- Proporcionar tecnología uno a uno
- Utilizar secciones relevantes del pacto escuela-padres para guiar las conferencias de padres y maestros.
- Proporcionar informes frecuentes a los padres sobre el progreso de sus estudiantes.
- Ofrecer a los padres acceso razonable al personal, oportunidades para ser voluntario y participar en la clase de sus hijos y observación de las actividades del aula.
- Iniciar y responder a las comunicaciones de los padres.

Las responsabilidades de los padres para apoyar el aprendizaje de sus estudiantes incluyen:

- Asegurar la asistencia regular de los estudiantes y la tecnología uno a uno proporcionada por la escuela esta con ellos
- Participando en decisiones relacionadas con la educación de sus estudiantes
- Monitorear el uso positivo del tiempo extracurricular, establecer hábitos saludables y modelar la alfabetización en el hogar
- Completar un formulario de inscripción de voluntario en línea y ser voluntario en el campus, siempre que sea práctico
- Iniciar y responder a las comunicaciones escolares.
- Monitoreo del progreso académico a través de Focus y Canvas (según corresponda)

Evaluación de participación de los padres

Cada primavera, la Escuela Secundaria Watauga reunirá un equipo, que incluye a los padres, maestros y miembros del personal del Título I, para revisar el contenido y la efectividad de las políticas y programas de participación familiar. La información de evaluación se recopilará a través de encuestas de padres que miden los niveles de participación familiar al tiempo que identifican las barreras para la participación de los padres. Con base en esta información y a través de un proceso de consulta colaborativa, el campus revisará la política de participación familiar existente y hará las revisiones que sean necesarias.

Watauga Middle School
Family/School Compact
2024 - 2025

The Family/School Compact is a voluntary agreement between students, parents, teachers and the administrators at Watauga Middle School. The Compact outlines how students, parents, teachers and the administrators will share responsibility in helping the students meet the state and district academic standards.

As a student, I will:

- Participate actively in my own learning.
- Attend school and arrive on time each day.
- Follow all school CHAMPs.
- Come to school with a positive attitude and maintain it throughout the day.
- Bring my BISD issued ChromeBook daily and ensure it is charged and/or bring the charger.
- Respect students, school staff, property, and myself.
- Complete all assigned work and understand it is **required** and not optional.
- Attend tutorials as needed/recommended by my teachers.
- Check my grades via Focus on-line weekly. <http://schools.birdvilleschools.net/bisd>.

As a parent/guardian, I will:

- Have my student attend school daily and arrive on time.
- Ensure my student brings their BISD issued ChromeBook daily as well as ensure it is charged and/or they bring their charger. If my student loses or breaks their ChromeBook and/or charger, I understand I am responsible for paying for them in order to replace them.
- Expect my student to practice self-discipline and show respect.
- Establish a time for homework, review it regularly and collaborate in my student's education which includes committing them to tutorials as/if needed.
- Attend parent/teacher conferences and openly communicate the needs of my student.
- Check my student's grades via Focus on-line weekly. <http://schools.birdvilleschools.net/bisd>. (Use of public library or school library computers is available.)

As teachers, we will:

- Maintain high standards of academic achievement and positive behavior.
- Accept the challenge of helping all learners succeed.
- Respect students, parents, and community members as equal partners in the education process.
- Maintain an open line of communication between school and home.
- Ensure student progress is monitored timely through progress reports and reports cards:
 - ❖ First Nine Weeks: Aug. 14th – Oct. 10th
 - ❖ Second Nine Weeks: Oct 15th – Dec. 19th
 - ❖ Third Nine Weeks: Jan. 7th – Mar. 13th
 - ❖ Fourth Nine Weeks: Mar. 24th – May 22nd
- Create a learning environment that will help develop responsible, caring and independent students.
- Ensure students have BISD issued technology for 1:1 capabilities.

As administrators, we will:

- Maintain high standards of academic achievement and positive behavior.
- Accept the challenge of helping all learners learn, all teachers teach and all parents feel proud.
- Respect students, parents, and community members as equal partners in the education process.
- Provide an environment that allows for positive communication between the students, parents and school staff.
- Support this form of students, parents and school staff involvement.

Watauga Middle School
Acuerdo entre Familias y Escuela
2024 - 2025

Un acuerdo entre familias y escuela es entre estudiantes, padres, maestros y los administradores de la escuela secundaria Watauga. El acuerdo se describe como los estudiantes, padres, maestros y los y administradores compartirán la responsabilidad en ayudar a los estudiantes a cumplir con los estándares académicos del estado y distrito.

Como estudiante yo:

- Participare en mi propio aprendizaje.
- Vendré a la escuela y llegar a tiempo.
- Seguiré las reglas de CHAMPs.
- Vendré con una actitud positiva durante el día.
- Traeré mi BISD Chromebook todos los días y asegurare de que esté cargada y / o traer el cargador.
- Respetare mi persona, otros estudiantes, personal de la escuela y propiedades de la escuela.
- Completare todo mi trabajo de la escuela y entender que es requerido y no una opción.
- Asistiré a tutoriales según sea necesario o recomendado por los maestros.
- Revisa mis calificaciones a través de Focus en línea semanalmente.
<http://schools.birdvilleschools.net/bisd>.

Como padre/ tutor yo:

- Hare que mi hijo(a) asista a la escuela todos los días y llegar a tiempo.
- Asegurare que mi hijo a traiga su BISD Chromebook todos los días y que esté cargada y / o traerá el cargador. Si mi estudiante pierde o rompe su ChromeBook y / o cargador, entiendo que soy responsable de pagarlos para reemplazarlos.
- Asistiré a las conferencias de padres / maestros y comunicar abiertamente las necesidades de mi hijo(a).
- Checare las calificaciones de mi hijo a través de Focus semanalmente por línea
<http://schools.birdvilleschools.net/bisd>. (En una biblioteca pública o las computadoras de la biblioteca de la escuela estarán disponibles).
 - ❖ Primeras nueve semanas: del 14 de agosto al 10 de octubre
 - ❖ Segundas nueve semanas: del 15 de octubre al 19 de diciembre
 - ❖ Tercera nueve semanas: del 7 de enero al 13 de marzo
 - ❖ Cuarta nueve semanas: del 24 de marzo al 22 de mayo
- Esperare de mi hijo(a) en la práctica de la autodisciplina y el respeto.
 - Estableceré un tiempo para la tarea, examinarla con regularidad y ser participé en la educación de mi hijo(a).

Como maestro yo:

- Mantendré alto rendimiento a nivel educativo y una actitud positiva.
- Aceptare el desafío de ayudar a todos los estudiantes a tener éxitos.
- Respetare a los estudiante, padres y miembros de la comunidad como socios iguales en el proceso educativo.
- Mantendré una línea abierta de comunicación entre escuela y casa.
- Asegurare que el progreso de los estudiantes sea monitoreado a tiempo mediante informes de progreso y boletas de calificaciones:
- Creare un ambiente de aprendizaje que ayudara a desarrollar la responsabilidad, cuidado y dependencia del estudiante
- Aseguraré de que los estudiantes tengan tecnología emitida por BISD para capacidades 1:1

Como administrador yo:

- Mantendré un alto rendimiento a nivel educativo y una actitud positiva.
- Aceptare el desafío de ayudar a todos los estudiantes a aprender, los maestros a enseñar, y los padres que se sientan orgullosos.
- Respetare a los estudiantes, padres y miembros de la comunidad como socios iguales en el proceso educativo.
- Proveeré un ambiente que permita la comunicación positiva entre los estudiantes, padres y el personal de la escuela.
- Apoyare esta forma de los estudiantes, los padres y personal escolar involucrado.

Comprehensive Needs Assessment

Demographics

Demographics Summary

Smithfield Middle School is located in the North East boundary of the Birdville Independent School District and serves approximately 826 students from Hurst, North Richland Hills, and Colleyville. Of the 826 students, 126 of those students are Open Enrollment students. These classes are comprised of the following demographics: Male Students-428 (51.8%) Female Students-398 (48.1%) White-66.4% Hispanic-18.6% Asian-4.8% Black-6% Other-3.5% Special Education-9.6% Gifted and Talented-18.9% Economically Disadvantaged-25.1% Students taking at least one honors Class-70%. Our demographic data does move up and down year by year but remains relatively stable.

Demographics Strengths

The medium income of our families does allow a large percent of our parents the ability to not work, thus allowing them more time to be direct their children's education. We firmly believe, that in order to successfully educate a child, a strong partnership between the home and the school is established. Our goal is to form this partnership with every one of our parents. The demographic of this area certainly allows us opportunities for parents involved. Parental support and involvement is hardly ever an issue at Smithfield Middle School. Furthermore, many of our students come from homes where one or both of the parents have college degrees. We feel that the importance of education is stressed not only while our students are at school but also at home.

Student Achievement

Student Achievement Summary

Student Academic Achievement Summary

Smithfield Middle School has a tradition and culture of academic excellence. While the 20-21 school was a challenge and we did see a decrease in scores across the state, we were very proud of the numbers our students were able to achieve. When compared to our top 40 comparison group Smithfield Middle School ranked in the top 10 in every category.

6th grade Reading-88.1% (30% Masters)
7th grade Math-88% (43% Masters)
7th grade Reading-86% (36% Masters)
7th grade Writing-83% (21% Masters)
8th grade Math-88% (35% Masters)
8th grade Reading-87% (31% Masters)
8th grade Science-91% (54% Masters)
8th grade Social Studies-79% (29% Masters)
Algebra I-99% (90% Masters)

Student Achievement Strengths

The biggest challenge looking at the 20-21 data was to establish a baseline of comparison. Compared to like schools Smithfield Middle School performed well above the average of those schools in the state with similar demographics.

We are pleased with this data as it indicates that instruction remained at a high level during the difficult 20-21 school year. We will use the 21-22 school year to establish a new baseline and plan accordingly from there.

We have already begun to identify learning gaps and have plans in place to address those gaps. We realize however that this will be a long term plan and not something that will be solved within one instructional year.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

As our ELL population grows we have made a dedicated effort to hire more bilingual teachers. These efforts have paid off as we have gone from 2 bilingual teachers to 5 bilingual teachers in the past two years.

Looking ahead to the future we realize that we have several teachers who can retire within the next three years. We have identified future teacher leaders and are moving these people into leadership roles in order to have a smooth transition plan.

Technology

Technology Summary

One of the positive things that have come out of the COVID-19 pandemic is the push for greater technology on our campus. Now that we have moved to a one to one ratio, we will need to learn how to master ways in becoming proficient in the use of those tools. Plans for a data base of tools and best practices were created through the 20-21 school year. It was very obvious at the start of this school year that our teachers were much more comfortable with technology and have embraced the use of these tools. In fact, we are seeing a true desire and hunger to learn more. Where there was once resistance, we are now seeing an eagerness and desire to grow in the area of technology.

Demographics

Demographics Summary

Smithfield Middle School is located in the North East boundary of the Birdville Independent School District and serves approximately 830 students from Hurst, North Richland Hills, and Colleyville. These classes are comprised of the following demographics:

Male Students-53.2%

Female Students-46.8%

White-63.2%

Hispanic-20.7%

Asian-6.5%

Black-7.8%

Other-3.65%

Special Education-11.21%

Gifted and Talented-18.27%

Economically Disadvantaged-28.38%

Emergent Bilingual- 8%

Demographics Strengths

The medium income of our families does allow a large percent of our parents the ability to not work, thus allowing them more time to be directly involved in their children's education. We firmly believe, that in order to successfully educate a child, a strong partnership between the home and the school must be established. Our goal is to form this partnership with every one of our parents. The demographics of this area certainly allow us opportunities to get our parents involved. Parental support and involvement is hardly ever an issue at Smithfield Middle School. Furthermore, many of our students come from homes who one or both of the parents have college degrees. We feel that the importance of education is stressed not only while our students are at school but also at home.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): While emergent bilingual students have been successful on state assessments, SMS staff need additional training to continue meeting the needs of these students. **Root Cause:** The emergent bilingual population has doubled in the last three years.

Student Learning

Student Learning Summary

Smithfield Middle School students performed very well on the individual STAAR assessments for 2023-2024. Reading scores for all students remained at 90%+ for the passing standard and 6th and 8th grade maintained averages at or above 90%. 6th grade reading improved in the meets and masters levels by 7.9% and 8.5% from 2022-2023. Math scores for all students averaged 89.3% for the passing standard and slightly increased in the Meets and Masters levels in 6th grade. Science remained at 90%+ for the passing standard and maintained the same meets and masters percentages from 2022-2023. Algebra students performed at the 100% score for Approaches, 99.1 for Meets level and 94.7% for the Masters level. Smithfield Middle School achieved the highest scores in the passing levels in 24 out of the 27 levels.

Students indicated that they were prepared for the STAAR assessment and the rigor of the new STAAR 2.0 questions. Special education students and Emergent Bilingual students continue to be an area that we will address for more support in the classroom through specific interventions and supports in and out of the classroom.

Student Learning Strengths

Smithfield Middle School has a tradition and culture of academic excellence. Success in academics is not only encouraged, it is expected from students, staff, and community. Students continue to be successful and competitive with schools most like us.

6th grade Reading-90% (42.1% Masters)

6th grade Math-94% (40.2% Masters)

7th grade Reading-87.6% (50.9% Masters)

7th grade Math-81.4% (35.8% Masters)

8th grade Reading-94.3% (51.7% Masters)

8th grade Math-92.9% (44.2% Masters)

8th grade Science-90.9% (34.8% Masters)

8th grade Social Studies-81.9% (24.5% Masters)

Algebra I-100% (94.7% Masters)

Problem Statements Identifying Student Learning Needs

Problem Statement 1: STAAR state assessment data indicate a decrease in achievement levels on a majority of tests from 2022-2023 school year. **Root Cause:** The decrease in achievement is linked to a significant turnover in teaching staff, with 32 new hires since 2022, many of whom are new to the teaching profession and require additional support and training.

School Processes & Programs

School Processes & Programs Summary

The faculty and staff at Smithfield Middle School believe, that in order to be a top tier school, a campus must focus on both the culture and systems of the organization. When both culture and systems are well balanced and aligned, optimal learning conditions will be present.

Instructional- Smithfield Middle staff members are invested in best practices of teaching by using district initiatives designed around curriculum and instruction for student success. Smithfield teachers provide training for the district in implementing best practices teaching strategies. Throughout the year, teachers perform "Raider Rounds" where they observe other teachers teaching. This system allows teachers to provide feedback to improve their craft of teaching and managing students.

From 2022-2024, Smithfield Middle hired 30 new teachers, which makes up 58% of our teaching staff. Teachers are learning our systems and the processes that run the school. The challenge for the new teachers is to become as familiar with the systems and know how to use them.

Smithfield Middle School's fine art's programs have had a tradition of success. Band, choir, art, theatre lead the way in competitions and put an emphasis on being successful extra curricular activities for a well rounded education. Athletics is also an area students find success and growth during their time at Smithfield. Through football, basketball, volleyball, track, and cross country, students learn to compete and more importantly, they learn to work as a team and support one another. Smithfield Middle also offers off-campus gymnastics and tennis where they are able to compete in a specialized sport.

Special Education Programs: In addition to our regular special education program, SMS also supports the Regional Day School for the Deaf. This program serves 10-20 students who have profound hearing loss from all across North Texas. In addition to the RDSD program, SMS also serves as the cluster campus for students who are identified as Emotionally disturbed. The PASS program is designed to serve these students by working on both their academics and their behavior needs through a combination of self contained and inclusion classes. This program serves between 8-10 students per year.

School Processes & Programs Strengths

Smithfield Middle has many systems that help run the day-to-day operations that allow students to be successful. The Tutorial Board is a system that allows students to independently attend tutorials. This decreases barriers for students to seek help when they are in need. The Tutorial List system is a communication and accountability system that supports teachers and students. Teachers use the list to document missing assignments, and this is communicated to parents and students. The result of the system is students are accountable to turning in their missing assignments; students follow-through in completing the assignments; and student learning increases. This is the most important

system we use for student success.

The Raider Recovery System is to support students completing and turning in assignments. If a student has missing assignments, teachers add the assignments to a spreadsheet, so administration can communicate the missing assignments to the students and parents. Parents are emailed several times a week to notify them of the assignments and expectations for completing the assignments. The Raider Recovery System has recovered over 11,000 assignments over the last two years.

Smithfield Administration sends progress reports to students and parents with grades for all classes once a week to communicate student progress and concerns. Students and parents are also emailed once a week if a student is failing one or more classes. This allows for students and parents to have conversations about the grades and communicate with the teachers about a plan to improve the grade.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Smithfield Middle School hired thirty new teachers in the last two years, leading to a period of adjustment as these staff members familiarize themselves with established processes and systems. **Root Cause:** Teacher turnover rates are contributing to ongoing challenges with staff integration and continuity.

Perceptions

Perceptions Summary

The perception and feeling on students and staff safety is 85% feel safe or believe their child is safe. There were no subject groups that was above 10% where they felt that Smithfield Middle was not a safe school. The leadership survey shows that administration is trusted, cultivate a culture of relationships, and have autonomy to do their job to the best of their ability. With 46% of the staff being new to SMS over the last two years, data is trending in a good direction. We hire teachers who have the same mission and vision as the current staff members.

Perceptions Strengths

On a 4 point scale, teachers said they feel:
Connected with administration: 3.6
Connected with Staff: 3.5
Trust with Admin: 3.8
Culture of Relationships: 3.7
Autonomy: 3.8
Trusted: 3.8

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Smithfield Middle needs to improve the way parents and community members are involved in helping at campus or extracurricular events.

Root Cause: Parents became less involved with school activities after COVID-19 due to restrictions from the state.

Priority Problem Statements

Problem Statement 1: While emergent bilingual students have been successful on state assessments, SMS staff need additional training to continue meeting the needs of these students.

Root Cause 1: The emergent bilingual population has doubled in the last three years.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Smithfield Middle School hired thirty new teachers in the last two years, leading to a period of adjustment as these staff members familiarize themselves with established processes and systems.

Root Cause 2: Teacher turnover rates are contributing to ongoing challenges with staff integration and continuity.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: Smithfield Middle needs to improve the way parents and community members are involved in helping at campus or extracurricular events.

Root Cause 3: Parents became less involved with school activities after COVID-19 due to restrictions from the state.

Problem Statement 3 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Community Based Accountability System (CBAS)

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- PSAT
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- State-developed online interim assessments

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Budgets/entitlements and expenditures data

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

High Priority

Evaluation Data Sources: Secondary: Renaissance STAR Assessments (grades 6-8, reading and mathematics), iStation (grade 7 diagnostic for reading difficulties), TEA Interim reading/ELA and mathematics (grades 6-8, and Algebra)

Strategy 1 Details	Reviews			
Strategy 1: Support the implementation of Tier 1 priorities within each content area. Actions: A. Math- Engage students with content vocabulary using interactive word walls. B. Social Studies- Analyze written and visual primary and secondary sources, including maps, graphs, political cartoons, and timelines. C. Science- Engage students with content vocabulary using interactive word walls and tracking data on student mastery of content vocabulary. D. Reading/Language Arts- Conduct student writing conferences using assessment data and rubrics. Birdville Independent School District
North Ridge Middle School
2024-2025 Campus Improvement Plan

Mission Statement

*Through collaborative practice, purposeful work, and responsive review,
North Ridge Middle School will
empower lifelong learners who will value creativity and diversity as they
deepen strong moral character within a meaningful, safe, and stimulating learning environment.*

Vision

Through open, honest communication with our students, parents, and colleagues, we will foster a safe environment committed to creating a lifelong love of learning. Students will know that their successes are due to their hard work and effort. Through our example, our students will learn to respect themselves, their peers, and gain a yearning for self-improvement. Their educational experience will instill the belief that they can succeed and will continue to contribute

Value Statement

- 1. We build strong relationships on our campus in which our encounters are personal and meaningful, with a goal to produce a positive, proactive work environment.*
- 2. We see all challenges as opportunities and we own them.*
- 3. We embrace the opportunity to continually grow through a refusal to be complacent, a desire to be the best, and functioning within a system that supports reflective practice.*
- 4. We value the differences inherent in each stakeholder and place ourselves in a position of reciprocal*

trust and transparency to be relied upon for the unique strengths we bring to the table.

5. We are adaptive and transparent.

6. We celebrate the success of one another.

7. We set clear expectations and boundaries, as well as provide an engaging learning environment.

8. We know our roles. We clarify them often and provide additional assistance when and where needed.

9. We seek to create unique, rigorous, and real-world experiences.

10. We respond to the needs of our students with a sense of urgency and adhere to the belief in a holistic approach to helping each student grow academically and socially.

11. We strive to anticipate the explicit and implied needs of our students and staff members.

12. We strive to ensure that our school is safe, clean, comfortable, and maintained to the strictest standards.

13. We use data to guide our decisions, improve and develop the learner, and to evaluate our effectiveness.

14. We strive for perfection in order to be excellent.

District Culture and Climate

District Culture and Climate Summary

At North Ridge Middle we strive to maintain a culture and climate predicated on ensuring that high levels of learning take place every day for all students.

Through courageous leadership, pertinent professional development, access to more technology than ever before and support of our Professional Learning Community framework, we make sure that students and teachers have the resources necessary to succeed.

We have a zero-tolerance policy when it comes to bullying and we take preventative measures at the beginning of the school year by bringing in one of the best presenters in the area.

Students at North Ridge Middle also excel in a wide variety of extra-curricular activities that lend themselves to helping students grow academically and socially. Athletics and Fine Arts students typically demonstrate high levels of excellence and their programs do a lot to enhance the environment and to attribute to a positive esteem building experience for our students.

Our vision, mission, and beliefs guide the work at North Ridge Middle School. They embody our collective thoughts around how we value, serve, and cultivate our students.

Our Culture

North Ridge Middle School is refining The Ridgeway Mystique, a culture where education is student centered and hinged upon building relationships.

North Ridge Middle School evaluates our opportunities, as we strive as a community to be better tomorrow than we were today in an effort to create success for all.

North Ridge Middle School provides a bright, clean, loving, welcoming learning environment for our students, our colleagues and our community to learn and grow.

North Ridge Middle School is open and transparent and invites collaboration to refine our goal of maintaining our student-first philosophy.

Vision

Through open, honest communication with our students, parents, and colleagues, we will foster a safe environment committed to creating a lifelong love of learning. Students will

know that their successes are due to their hard work and effort. Through our example, our students will learn to respect themselves, their peers, and gain a yearning for self-improvement. Their educational experience will instill the belief that they can succeed and will continue to contribute to a productive society.

Mission

Through collaborative practice, purposeful work, and responsive review, North Ridge Middle School will empower lifelong learners who will value creativity and diversity as they deepen strong moral character within a meaningful, safe, and stimulating learning environment.

CORE Values and Beliefs

1. We build strong relationships on our campus in which our encounters are personal and meaningful, with a goal to produce a positive, proactive work environment.
2. We see all challenges as opportunities and we own them.
3. We embrace the opportunity to continually grow through a refusal to be complacent, a desire to be the best, and functioning within a system that supports reflective practice.
4. We value the differences inherent in each stakeholder; place ourselves in a position of reciprocal trust and transparency to be relied upon for the unique strengths we bring to the table.
5. We are adaptive and transparent.
6. We celebrate the success of one another.
7. We set clear expectations and boundaries, as well as provide an engaging learning environment.
8. We know our roles. We clarify them often and provide additional assistance when and where needed.
9. We seek to create unique, rigorous, and real world experiences.
10. We respond to the needs of our students with a sense of urgency and adhere to the belief in a holistic approach to helping each student grow academically and socially.
11. We strive to anticipate the explicit and implied needs of our students and staff members.
12. We strive to ensure that our school is safe, clean, comfortable, and maintained to the strictest standards.
13. We use data to guide our decisions, improve and develop the learner, and to evaluate our effectiveness.
14. We strive for perfection in order to be excellent.

District Culture and Climate Strengths

Students and teachers feel like they are safe when they enter the doors of North Ridge Middle School.

The stakeholders in our community are highly involved and visible which is a tremendous advantage that we embrace.

Students are well-behaved and take school seriously.

North Ridge Middle is highly structured and this helps translate to an environment that is conducive to positive and respectful behavior. NRMS also has created "The Ridge Way", a positive behavior team attended by teachers from each grade and department.

Continuous Improvement: Attendance and academic goal boards are in front of the school to promote positive growth in these areas. Throughout the building, our departments and individual classes promote and demonstrate progress by graphing and charting student and class growth based on common assessments.

C.O.R.E. values are evident throughout the building. In the main hall on display are the values as well as in every classroom. Each month NRMS teachers select worthy students who have demonstrated the C.O.R.E. value for the month. The students are acknowledged and rewarded.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

New teachers to NRMS are assigned mentors to help in their growth.

Teachers are evaluated yearly on the T-TESS statement.

We seek teachers that are talented, highly motivated, student-centered and that are able and willing to go the extra mile for students.

All staff are highly qualified in the content area that they teach.

Staff Quality, Recruitment, and Retention Strengths

High-quality staff.

NRMS has attracted several Master Teachers from various campuses district-wide.

NRMS retains staff by being inclusive and allowing all staff members to feel like their voice can be heard at all times. Our building also promotes and encourages an environment for leaders to grow throughout the building.

The collaborative, collegial atmosphere of NRMS lends itself to retention of excellent staff members and the recruitment of like-minded individuals.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

At North Ridge Middle School we strictly adhere to the state standards and the district curriculum. We work diligently to make sure that there is the appropriate alignment and that the TEKS are taught at the appropriate depth, complexity and rigor.

Our Professional Learning Communities meet daily to look at data from common assessments, engaging lesson design and ensure that there are no gaps in our system.

NRMS also provides an additional conference period for our Department Heads to facilitate more leadership density and accountability.

Curriculum, Instruction, and Assessment Strengths

PLC are highly functioning and there are numerous examples of the continuous improvement framework in our hallways with data displayed by teachers. We utilize common assessments to guide future instruction and aid in remediation.

We utilize the district content area consultants to come out and meet with content areas regularly.

As we grow in the PLC process we are more intentional with our approach and dive into the data at a much deeper level than before when planning lessons.

NRMS uses the protocols to enrich the PLC discussion.

PDSA is practiced/developing throughout our classrooms to reflect upon our practices and improve student performance.

Progressing with the implementations of the Work Shop Model, vocabulary, Word Wall, and SMART goals.

Family and Community Engagement

Family and Community Engagement Summary

Our stakeholders are highly involved in our school and take great pride in it.

Average North Ridge Parent or fan:

Choir average attendance: 150 to 200

Band average attendance: 600-700

Theater average attendance: 100-125

Football average attendance: 100-150

Volleyball average attendance: 30-60

Basketball average attendance: 60-80

National Jr. Honor Society Induction: 175-200

Family and Community Engagement Strengths

PTA involvement within our building with volunteers.

High turnout for extra curricular activities and Meet the Teacher events.

Parent communication has greatly improved as use the Remind101 system, school-wide, Facebook, Instagram, Twitter, and teacher web-pages.

Each teacher is required to contact every family within the first six-weeks of school to touch base with the parents/guardians. We feel this will help our bond with the parents and help with our partnership.

Technology

Technology Summary

Tier 2 Math - 10 Chromebooks in each math classroom for Compass/stations.

Tier 2 Reading - A lab with new laptops for interventions.

Tier 3 - Some computers in the smaller math and reading interventionists rooms

We have computers for use in the content mastery room.

4 student computers in each ELA classroom.

Demographics

Demographics Summary

North Ridge Middle School currently serves 662 students:

55.1% White

27.0% Hispanic

7.0% Black/African American

3.2% Asian

6.1% Two or More Races

.5% American Indian or Alaska Native

Other sub populations include:

13.79% - Students receive Special Educations services

9.5% - Students are identified as Gifted and Talented

48.00% - Students are taking one of more Career and Technology courses

7.6% - Emergent Bilingual Students

42.6% - Economically Disadvantaged Students

46.1% - Students identified as At Risk

Demographics Strengths

North Ridge Middle has a welcoming and collaborative culture that excels in continuous improvement focusing on student learning and student achievement.

"The Ridge Way" culture has contributed to an increase in: OHI survey of positivity, collaboration, and overall well-being of NRMS.

6th Grade: Demonstrates overall consistency in Reading scores in with a rise in areas of Approached to Meets.

7th Grade: Demonstrates overall increase in our LEP students in Reading over the last year. This indicates that SIOP and TIER I instructional strategies is

working effectively. We had an increase in Approached to Meets in 7th grade.

8th Grade: Demonstrates overall increases in state testing from Approaches to Meets as well as a slight increase in Meets to Masters.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): North Ridge Middle School observed a decline in the percentage of 7th grade students meeting the "approaches grade level" standard in Math.

Root Cause: The effectiveness of Professional Learning Communities (PLCs) was below expectations, impacting the support and strategies implemented to address student learning needs in Math.

Student Learning

Student Learning Summary

Based on scores, our Meets to Masters levels need improvement.

Meets:

6th Grade Math: Meets 58% Masters 23%

6th Grade Reading: Meets 78% Masters 40%

7th Grade Math: Meets 61% Masters 25%

7th Grade Reading: Meets 73% Masters 37%

8th Grade Math: Meets 64% Masters 17%

8th Grade Reading: Meets 69% Masters 17%

8th Grade Science: Meets 62% Masters 21%

8th Grade History: Meets 42% Masters 21%

Student Learning Strengths

The strength of the campus are the teachers and meeting the needs of the students. We have worked extremely effectively to ensure that intentional instructional teaching was done. Our students were successful with the first round of testing from 2022-2023 STAAR. We did see improvements however, we are not where we should be academically.

6th Grade Math: Approaches 84%

6th Grade Reading: Approaches 89%

7th Grade Math: Approaches 81%

7th Grade Reading: Approaches 90%

8th Grade Math: Approaches 82%

8th Grade Reading: Approaches 88%

8th Grade Science: Approaches 86%

Problem Statements Identifying Student Learning Needs

Problem Statement 1: STAAR performance in areas of Reading and Math have decreased slightly over the last four years. **Root Cause:** The inconsistent use of resources and instructional materials has led to this decline. This year, the school will utilize resources, including funding, to provide personnel, technology, training, support, and instructional materials in order to close achievement gaps in core content areas.

School Processes & Programs

School Processes & Programs Summary

New teachers to NRMS are assigned mentors to help in their growth.

Teachers are encouraged to observe other teachers in their classrooms to gain ideas, knowledge, ask questions, and relationships.

Teachers are being evaluated on a less than annual appraisal system if they have taught on campus for two years and received at least proficient in three domains on their T-TESS evaluations.

Teachers are evaluated yearly on the T-TESS statement and monitored by pre conference, walk through, formal evaluations and post conference using the T-TESS appraisal system rubric.

We seek teachers that are talented, highly motivated, student-centered and that are capable of understanding Best Practices as well as develop a Growth Mindset when it comes to student achievement.

All staff are highly qualified in the content area that they teach. In addition NRMS is moving towards teachers certified in the content area that they teach.

School Processes & Programs Strengths

High-quality staff are employed throughout the campus.

NRMS has attracted several Master Teachers from various campuses district-wide as well as throughout the Metroplex.

NRMS retains staff by being inclusive and allowing all staff members to feel like their voice can be heard at all times. Our building also promotes and encourages an environment for leaders to grow throughout the building.

The collaborative, collegial atmosphere of NRMS lends itself to retention of excellent staff members and the recruitment of like-minded individuals.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): New teachers struggle to utilize the many programs and platforms designed to promote efficiency within the teaching/learning process. **Root Cause:** Teacher turnover has led to gaps in teacher proficiency in online programs and platforms. To address this issue, NRMS has assigned mentor teachers to new teachers to assist with utilizing technology.

Perceptions

Perceptions Summary

At North Ridge Middle, we strive to maintain a culture and climate that ensures that all students experience high levels of learning every day. Over the last few years, we have noticed that our Economically Disadvantaged students have increased.

Since my arrival here at North Ridge, we noticed an increase in the number of economically disadvantaged students. I arrived 15 years ago as a Texas History Teacher. The data indicated that NRMS's percentage of Economically Disadvantaged was under 10%. Administration has monitored the numbers over the years, and as of 2024, NRMS has reached 42% of Economically Disadvantaged students, with an At-Risk percentage of 46.1%. This is our third year of qualifying for Title I, and we want to meet the needs of ALL students while constantly focusing on our Economically Disadvantaged population. The staff has embraced this opportunity by meeting and collecting data collectively to meet the needs of the campus. The priorities of our campus will not change, but we will continue to focus on continuous improvement, literacy, and culture. If we focus on those areas, we will not have an option but to exceed the needs of all students.

Through courageous leadership, pertinent professional development, access to more technology than ever before and support of our Professional Learning

In a community framework, we make sure that students and teachers have the resources necessary to succeed.

We have a zero-tolerance policy regarding bullying, and we address each grade level at the beginning of the year to speak with our young people about the negative effects of bullying. We have adopted several programs to assist with inclusion and tolerance, such as the North Ridge Middle Housing System.

At the beginning of the year, all students are placed into houses and mini-houses. In their mini-houses, which consist of 12-14 students and 1 faculty/staff member, students learn rules, procedures, soft skills, communication skills, and more to be successful in the building and in the real world.

We meet with our incoming 6th-grade parents to discuss the transition to middle school and what they can expect, hoping to relieve any uncertainty they may have about the experience.

Students at North Ridge Middle also excel in a wide variety of extra-curricular activities that lend themselves to helping students grow academically and socially. Athletics and Fine Arts students typically demonstrate high levels of excellence and their programs do a lot to enhance the environment and to attribute to a positive esteem-building experience for our students.

We plan on meeting students' needs assessment-wise by focusing on master-level improvement in community relationships with Dads.

Our vision, mission, and beliefs guide the work at North Ridge Middle School. They embody our collective thoughts about valuing, serving, and cultivating our students.

Our Culture

North Ridge Middle School is refining The Ridgeway Mystique, a culture where education is student centered and hinged upon building relationships.

North Ridge Middle School evaluates our opportunities, as we strive as a community to be better tomorrow than we were today in an effort to create success for all.

North Ridge Middle School provides a bright, clean, loving, welcoming learning environment for our students, our colleagues and our community to learn and grow.

North Ridge Middle School is open and transparent and invites collaboration to refine our goal of maintaining our student-first philosophy.

Vision

Through open, honest communication with our students, parents, and colleagues, we will foster a safe environment committed to creating a lifelong love of learning. Students will know that their successes are due to their hard work and effort. Through our example, our students will learn to respect themselves, their peers, and gain a yearning for self-improvement. Their educational experience will instill the belief that they can succeed and will continue to contribute to a productive society.

Mission

Through collaborative practice, purposeful work, and responsive review, North Ridge Middle School will empower lifelong learners who will value creativity and diversity as they deepen strong moral character within a meaningful, safe, and stimulating learning environment.

CORE Values and Beliefs

1. We build strong relationships on our campus in which our encounters are personal and meaningful, with a goal to produce a positive, proactive work environment.
2. We see all challenges as opportunities and we own them.
3. We embrace the opportunity to continually grow through a refusal to be complacent, a desire to be the best, and functioning within a system that supports reflective practice.

4. We value the differences inherent in each stakeholder; place ourselves in a position of reciprocal trust and transparency to be relied upon for the unique strengths we bring to the table.
5. We are adaptive and transparent.
6. We celebrate the success of one another.
7. We set clear expectations and boundaries, as well as provide an engaging learning environment.
8. We know our roles. We clarify them often and provide additional assistance when and where needed.
9. We seek to create unique, rigorous, and real world experiences.
10. We respond to the needs of our students with a sense of urgency and adhere to the belief in a holistic approach to helping each student grow academically and socially.
11. We strive to anticipate the explicit and implied needs of our students and staff members.
12. We strive to ensure that our school is safe, clean, comfortable, and maintained to the strictest standards.
13. We use data to guide our decisions, improve and develop the learner, and to evaluate our effectiveness.
14. We strive for perfection in order to be excellent.

Perceptions Strengths

Students and teachers feel like they are safe when they enter the doors of North Ridge Middle School.

The stakeholders in our community are highly involved and visible which is a tremendous advantage that we embrace.

Students are well-behaved and take school seriously.

North Ridge Middle is highly structured and this helps translate to an environment that is conducive to positive and respectful behavior. NRMS also has created "The Ridge Way", a positive behavior team attended by teachers from each grade and department.

Continuous Improvement: Attendance and academic goal boards are in front of the school to promote positive growth in these areas. Throughout the building, our departments and individual classes promote and demonstrate progress by graphing and charting student and class growth based on common assessments.

C.O.R.E. values are evident throughout the building. In the main hall on display are the values as well as in every classroom. Each month NRMS teachers select worthy students who have demonstrated the C.O.R.E. value for the month. The students are acknowledged and rewarded.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Because of past success NRMS has become a school that has relaxed in communicating our cultural expectations. In efforts to improve this process we have adopted a new focus on Continuous Improvement, Literacy, and Culture. Each lends itself to new and improved ways to increase our cultural deficiencies. **Root Cause:** Lack of communication with all stakeholders has impeded the communication of the expectations.

Priority Problem Statements

Problem Statement 1: Because of past success NRMS has become a school that has relaxed in communicating our cultural expectations. In efforts to improve this process we have adopted a new focus on Continuous Improvement, Literacy, and Culture. Each lends itself to new and improved ways to increase our cultural deficiencies.

Root Cause 1: Lack of communication with all stakeholders has impeded the communication of the expectations.

Problem Statement 1 Areas: Perceptions

Problem Statement 2: North Ridge Middle School observed a decline in the percentage of 7th grade students meeting the "approaches grade level" standard in Math.

Root Cause 2: The effectiveness of Professional Learning Communities (PLCs) was below expectations, impacting the support and strategies implemented to address student learning needs in Math.

Problem Statement 2 Areas: Demographics

Problem Statement 3: New teachers struggle to utilize the many programs and platforms designed to promote efficiency within the teaching/learning process.

Root Cause 3: Teacher turnover has led to gaps in teacher proficiency in online programs and platforms. To address this issue, NRMS has assigned mentor teachers to new teachers to assist with utilizing technology.

Problem Statement 3 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

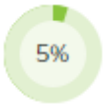

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: All students will achieve their full potential by taking ownership of their learning and setting high academic goals.

Performance Objective 1: Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

Evaluation Data Sources: Renaissance STAR Assessments (grades 6-8 mathematics and grades 6-8 reading) and State Interim Assessments for EOC tested subjects Alignment to Strategic Plan,

Strategy 1 Details	Reviews			
Strategy 1: System Safeguard Strategy Critical Success Factors CSF1 CSF 2 Supports implementation of literacy through Tier I priorities and our literacy based site team within each content area. Actions: *Literacy based site team that will implement a campus literacy based program. * Evaluate the effectiveness of classroom implementation of literacy goals through walk-through and T-TESS * Communicate effectively the new literacy goals and it's implementation across all content areas. * Implement Blended Learning Staff Responsible for Monitoring: Administration Academic Coach Literacy Team Title I: 2.4, 2.5, 2.6 - TEA Priorities: Build a foundation of reading and math Problem Statements: Demographics 1 - School Processes & Programs 1 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$155,247, Tutoring - 211 - Title I - \$10,650 , Instructional Facilitator - 255 - Title II - \$81,379	Formative			Summative

1.1: Comprehensive Needs Assessment

<https://docs.google.com/spreadsheets/d/1M2jWpevdv0P70kh1atydUjYjkZCCbpLR/edit?usp=sharing&ouid=106713420998967649916&rtpof=true&sd=true>

https://docs.google.com/spreadsheets/d/1DRm4EFeyH138d1Zu8KTwVylfCt1G3G7e/edit?usp=drive_link&ouid=106713420998967649916&rtpof=true&sd=true

https://docs.google.com/spreadsheets/d/12bmrixu7QtJx9Luu96hdF69jBBXpouBwmQyjW9pBWS8/edit?usp=drive_link

https://docs.google.com/spreadsheets/d/1y8LPYkL37AbA5NjyI4Wwgv3O0NMbuEU/edit?usp=drive_link&ouid=106713420998967649916&rtpof=true&sd=true

The Comprehensive Needs Assessment was completed in May 2023 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2023.

2.1: Campus Improvement Plan developed with appropriate stakeholders

Parents: Eric Bryant and Sandra Jimenez

Community Members: Kenny Foster and Mercedes Sigala

Teachers: Melinda Hummer and Callye Wood

Administrators: John Davis, Ermela Jennings, and Colby Blankenship

Instructional Coach: Sarah Thompson

Other Campus and District Staff: Reggie Harris, Laura De Le Paz, and Lexee Belcher.

2.2: Regular monitoring and revision

The Campus Improvement Plan is amended and cross checked in November, January, March, and June for progress monitoring.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made accessible to parents and the community through the campus website in English and other applicable languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested on the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 41% of students were identified as at-risk based on one or more of the following criteria:

- 1. low performance on a readiness test or assessment instrument*
- 2. semester failure of two or more academic subjects*
- 3. grade retention*
- 4. lack of satisfactory performance on state-mandated testing*
- 5. pregnancy or parenthood*
- 6. placement in an alternative education program*
- 7. expulsion*
- 8. parole, probation, deferred prosecution, or conditional release*
- 9. drop out status*
- 10. limited English proficiency*
- 11. custody or care of the Department of Protective and Regulatory Services*
- 12. homelessness*
- 13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home*

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student Learning will be supported through research-based instructional strategies such as:

* Workshop Model

* Tier I Instructional Strategies

* Accelerated Instruction

* Blended Learning Instructional Strategies

Increased learning time is provided through pull out intervention programs and targeted tutorials with highly qualified teachers.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that meet the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities and programs.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a many stakeholders collaborative process using many sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

- 1. Demographics*
- 2. Perceptions*
- 3. Student Learning*
- 4. Processes and Programs*

The results of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Parents: Eric Bryant and Sandra Jimenez

Teachers: Melinda Hummer and Callye Wood

Administrators: John Davis, Ermela Jennings, and Colby Blankenship

Other Campus and District Staff: Reggie Harris, Laura De Le Paz, and Sarah Thompson

The Parent and Family Engagement Plan is made available to parents and the community through the campus website in English and other applicable languages. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Thursday evenings and Friday mornings in order to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2023-24:

- *August Refresh Back to School Event (Friday 9:00-1:00) at WG Thomas Coliseum*
- *September Meet the Teacher Night (Thursday only) on campus*
- *October Title I Meeting (Thursday) on campus*
- *November Literacy Event (Thursday) on campus*
- *December Book Fair (Monday through Thursday 8:00-5:00) on campus*
- *January STEM Event (Thursday) on campus*
- *March Open House (Thursday only) on campus*
- *March Discover Birdville Event (Saturday 9:00-10:00) at Birdville High School*
- *April Family Engagement Policy and Compact Revision (Thursday) on campus*
- *May Art Show (Tuesday through Friday 8:00-6:00) at Haltom Public Library*

Comprehensive Needs Assessment

Demographics

Demographics Summary

Demographics

Demographics Summary

Birdville Elementary School of Fine Arts is located in northeast Tarrant County in Haltom City, Texas. The campus serves approximately 517 students in grades prekindergarten through grade 5.

- 70% (361) Hispanic
- 18% (93) White
- 6% (30) Black/African American
- 3% (17) Asian
- 3% (16) other races.
- 43% (222) Emergent Bilingual
- 82% (425) economically disadvantaged
- 16% (76) of students receive special education services.

Of the 34 teachers on the campus, 85% (29) are female, 15% (5) are male, 70% (24) are White and are 28% (10) Hispanic. In the 2022-2023 school year, 6% (2) were beginning teachers, 10% (3) had 1 to 5 years experience, 17.6% (6) had 6 to 10 years, 41% (14) had 11 to 20 years, and 25% (9) had more than 20 years of experience. In terms of highest college degree held, 100% of teachers hold a bachelor's degree, and 27% (9) hold a master's degree. Twenty nine percent (10) of the staff at BES are minority

Student attendance rate was 95.5% in 2023-2024.

Demographics Strengths

We have low teacher turnover on the campus.

We have a diverse student and staff population.

We have a high percentage of experienced teachers.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Students come with limited academic exposure which creates an additional challenge for instruction. **Root Cause:** Given the fact that we have 82% economically disadvantaged coupled with 77% at risk, there is a high correlation that this is impacting academic exposure. The percentage of at risk students increased 8% from last year.

Student Learning

Student Learning Summary

STAAR scores showed improvement over the previous year.

Students on Tier 1 in math and reading increased while students on Tier 2 and 3 decreased.

Star Renaissance Math and Reading assessments show significant growth in all grade levels.

Telpas scores reflect a significant number of students improving at least 1 proficiency level over the previous year. Here is the breakdown:

- K-2 students 27% (15 out of 56) improved at least 1 proficiency level
- 3rd grade students 50% (12 out of 24) improved at least 1 proficiency level
- 4th grade 27% (8 out of 30) improved at least 1 proficiency level
- 5th 63% (15 out of 24) improved at least 1 proficiency level

Student Learning Strengths

STAAR performance in all grades showed improvement.

BES received a rating of B.

An increasing number of economically disadvantaged students are scoring in the mastery and approaches range.

Students are showing growth on TELPAS.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students in grades 3-5 did not score well on the extended constructed responses (ECR) on STAAR. In 3rd grade 46.15% (18 out of 39) and 40.91% (9 out of 22) Spanish received a 0 score. 4th grade was 27.59% (16 out of 58) English and 16.67% (31 out of 6) Spanish. 5th grade students scoring a 0 were 63.96% (34 out of 54) English and 66.67% (4 out of 6) Spanish. **Root Cause:** Many students produced well-written responses, but they did not directly address the questions asked. This indicates a need for instruction that focuses not only on writing quality but also on teaching students how to properly analyze and respond to prompts. Improving both writing skills and task comprehension will lead to better ECR performance.

School Processes & Programs

School Processes & Programs Summary

Birdville Elementary offers a wide range of programs to meet the unique needs of students. We are a School of Specialization in Fine Arts. Therefore, all of our students are afforded the opportunity to participate daily in a fine arts area: Theater Arts, Music, Dance and Visual Arts. The addition of these classes has helped our students to express themselves and to gain confidence outside of the core academic classrooms.

We follow the Make Your Day discipline program. This program is supportive of both student and staff needs. We had 0 office referrals during the 2023-2024 school year.

We have a comprehensive Multi-Tiered System of Support (MTSS) program for intervention in grades K-5 to assist our Tier 2 & 3 students in making progress and to be as successful as possible. An MTSS collaborative team has been assembled that meets throughout the year to discuss student progress and to identify ways in which we can best assist our students who are struggling. Additionally, we have various special programs to help in meeting the unique needs of our EB, Special Education, and Gifted students as follows:

- Self-contained Academic and Adaptive Behavior Learning Environment (AABLE) classes for students identified with specific learning disabilities which require more intensive instruction
- Early Childhood Special Education (ECSE) classrooms for 3 and 4 year old students with specific learning disabilities.
- Special Education Resource classes and inclusion support for students identified with learning disabilities in various areas
- Dual Language classes for students who are Emergent Bilingual and whose primary language is Spanish
- Advanced Academic classes for students who are identified as Gifted and Talented
- Dyslexic classes for students identified with dyslexia

School Processes & Programs Strengths

We have a staff of highly experienced teachers. 66% (22) of the teachers at Birdville Elementary have at least 11 years of teaching experience.

The campus is task oriented and has aligned goals.

Make Your Day sets consistent expectations for students and allows the campus to focus on academic needs.

We have a strong bilingual program.

Birdville Elementary has a student leadership team to support student and campus needs.

Administration provides weekly curriculum planning times for teams with opportunities for collaboration.

Our campus focuses on safety and security.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The attendance rate of 95.5% shows improvement, but is still below pre-Covid levels. Students with chronic absenteeism miss a significant amount of instruction. **Root Cause:** Students often miss school for reasons other than illness. We need to educate parents about the learning lost due to chronic absenteeism.

Perceptions

Perceptions Summary

At BES, we have established core beliefs and a mission statement, which we revisit every school year. The Site Based Committee met to discuss topics relating to processes at BES. Topics included:

- Parent perception about their child's progress
- Parent perception regarding communication from the campus
- Parent perception regarding the impact of our Fine Arts program and intervention programs
- Parent perception of safety and our school-wide discipline program
- Parent perception regarding our Parent involvement Activities (Curriculum Nights, SLAM Night, Multicultural Night, Fine Arts Showcase; Fall Carnival, Field Day, Title I Parent Night)

Parents perception of the above were all positive. Parents were split on communication preferences, with some preferring social media while others like email. We will continue to use both. We will also be using Class Dojo campus wide during the 2024-2025 school year. This is a good compromise between email and social media.

Parents expressed that they have confidence in the security at BES. Identification is required to enter the building. In addition, all classroom and exterior doors are locked at all times. We have a locked door that separates the main hallway from the academic classrooms. We are able to dismiss students from the building, keeping students inside the building until we hand them off to parents.

Students needing serious discipline intervention is well below the district/state averages. There were no office referrals for the 2022-2023 school year. Our Make Your Day program philosophy that students are responsible for their choices and that they must take ownership and accountability has positively contributed to this number. Additionally, the program requires parent involvement and everyone on campus has been trained and facilitates this program across all grade levels to include the cafeteria monitors, rotations teachers, and other staff members beyond the classroom.

Perceptions Strengths

Birdville Elementary is a safe and orderly campus, as reported by 99% of parents, 100% of staff, and 85% of students.

We provide multiple opportunities for parents to become involved throughout the year not only directly on campus, but also at home in working with their children. Our PTA is growing each year, involving more parents on the board and with the Power Hour. This is a program that encourages all parents to volunteer for just one hour during the year. We also communicate with parents (both in English/Spanish) in a variety of ways to include weekly grade level newsletters, Peachjar, take-home planners, website, Facebook, emails, letters from the principal, monthly calendar of events, Class Dojo messages, and phone calls. Our discipline program continues to be highly effective as is evidenced by discipline referrals being lower than average. Our teachers are able to implement all of our district initiatives in an effective and efficient manner, engaging students in relevant learning. Students also have responded well to the Fine Arts program. We feel this has positively impacted student attendance as our student and staff attendance rates continue to be high.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): While we offer a variety of opportunities for parents to become involved, we still struggle with getting them to be involved more on a consistent basis. **Root Cause:** Many of our students come from single parent family homes or homes where both parents work. Parents can also feel intimidated by the educational setting due to their own prior experiences. In addition, many of our parents do not speak English, making them hesitant to volunteer and become involved.

Priority Problem Statements

Problem Statement 1: Students come with limited academic exposure which creates an additional challenge for instruction.

Root Cause 1: Given the fact that we have 82% economically disadvantaged coupled with 77% at risk, there is a high correlation that this is impacting academic exposure. The percentage of at risk students increased 8% from last year.

Problem Statement 1 Areas: Demographics

Problem Statement 2: The attendance rate of 95.5% shows improvement, but is still below pre-Covid levels. Students with chronic absenteeism miss a significant amount of instruction.

Root Cause 2: Students often miss school for reasons other than illness. We need to educate parents about the learning lost due to chronic absenteeism.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: Students in grades 3-5 did not score well on the extended constructed responses (ECR) on STAAR. In 3rd grade 46.15% (18 out of 39) and 40.91% (9 out of 22) Spanish received a 0 score. 4th grade was 27.59% (16 out of 58) English and 16.67% (31 out of 6) Spanish. 5th grade students scoring a 0 were 63.96% (34 out of 54) English and 66.67% (4 out of 6) Spanish.

Root Cause 3: Many students produced well-written responses, but they did not directly address the questions asked. This indicates a need for instruction that focuses not only on writing quality but also on teaching students how to properly analyze and respond to prompts. Improving both writing skills and task comprehension will lead to better ECR performance.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: While we offer a variety of opportunities for parents to become involved, we still struggle with getting them to be involved more on a consistent basis.

Root Cause 4: Many of our students come from single parent family homes or homes where both parents work. Parents can also feel intimidated by the educational setting due to their own prior experiences. In addition, many of our parents do not speak English, making them hesitant to volunteer and become involved.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- State-developed online interim assessments

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data

Employee Data

- Professional learning communities (PLC) data
- State certified and high quality staff data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

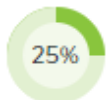

High Priority

HB3 Goal

Evaluation Data Sources: Fountas & Pinnell reading levels

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Students come with limited academic exposure which creates an additional challenge for instruction. Root Cause: Given the fact that we have 82% economically disadvantaged coupled with 77% at risk, there is a high correlation that this is impacting academic exposure. The percentage of at risk students increased 8% from last year.
Student Learning
Problem Statement 1: Students in grades 3-5 did not score well on the extended constructed responses (ECR) on STAAR. In 3rd grade 46.15% (18 out of 39) and 40.91% (9 out of 22) Spanish received a 0 score. 4th grade was 27.59% (16 out of 58) English and 16.67% (31 out of 6) Spanish. 5th grade students scoring a 0 were 63.96% (34 out of 54) English and 66.67% (4 out of 6) Spanish. Root Cause: Many students produced well-written responses, but they did not directly address the questions asked. This indicates a need for instruction that focuses not only on writing quality but also on teaching students how to properly analyze and respond to prompts. Improving both writing skills and task comprehension will lead to better ECR performance.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 2: Close achievement gaps that exist for all under-performing student groups as measured by state and district assessments. Meet all progress monitoring targets for grades prekindergarten - 3rd in reading and mathematics for identified student groups as measured by a district-approved monitoring instrument.

HB3 Goal

Evaluation Data Sources: STAAR, and district CBA assessments
Historical performance by student subgroup on state and district assessments

Strategy 1 Details	Reviews			
Strategy 1: Continue implementation of the district continuous improvement process and requirements for mission statements, goal setting, PDSA process and data folders in the classroom. Actions: a) Provide all teachers with a timeline of specific expectations for the implementation of the CI components. b) Continue to support and monitor the implementation of the PDSA process and provide appropriate professional learning support. c) Monitor the PDSA development process through PLCs to ensure alignment to district expectation. d) Meet regularly with all grade levels in PLC's to discuss formative data using the CI process. e) Monitor progress in the implementation of the CI components and provide feedback to teachers. f) Vertically align implementation of Continuous Improvement through Instructional Walks. Staff Responsible for Monitoring: Principal, Assistant Principal, Instructional Coaches Title I: 2.4, 2.5 Problem Statements: Demographics 1	Formative			Summative

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Students come with limited academic exposure which creates an additional challenge for instruction. Root Cause: Given the fact that we have 82% economically disadvantaged coupled with 77% at risk, there is a high correlation that this is impacting academic exposure. The percentage of at risk students increased 8% from last year.
Perceptions
Problem Statement 1: While we offer a variety of opportunities for parents to become involved, we still struggle with getting them to be involved more on a consistent basis. Root Cause: Many of our students come from single parent family homes or homes where both parents work. Parents can also feel intimidated by the educational setting due to their own prior experiences. In addition, many of our parents do not speak English, making them hesitant to volunteer and become involved.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 3: Students will display an awareness of social-emotional development as measured by a district-administered student survey.

Evaluation Data Sources: Social-Emotional Learning survey

Strategy 1 Details	Reviews			
Strategy 1: Implement Character Strong curriculum for social-emotional learning. Utilize TBRI and campus based interventions to address student SEL needs. Actions: a) Classroom teachers will implement Character Strong lessons every Friday. b) The counselor will provide classroom guidance lessons weekly targeting social-emotional skills. c) Identified students will be placed in individual and/or social skills small group counseling to further support their social/emotional needs. d) Follow MYD protocols. e) Train faculty in TBRI. f) Utilize SCE-funded Crisis Counselors to provide support to students in areas of social-emotional learning. Staff Responsible for Monitoring: Principal, classroom teachers, counselor, crisis counselor Title I: 2.5, 2.6 Problem Statements: Demographics 1	Formative			Summative

Title I

1.1: Comprehensive Needs Assessment

Our Comprehensive Needs Assessment process started in April of 2023 when the campus LOL Team and Communication Council began to look at our needs, how we were addressing those needs, and identifying areas to continue to target for the 2023-2024 school year. On May 8th the LOL met with the site based team to discuss the 4 focus areas of the comprehensive needs assessment. We started the process of developing our campus improvement plan based on our CNA. We shared the results of this meeting and sought input from the site based committee during the May meeting.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The CIP process started in April and was complete by August 2023. Stakeholders involved in this process were:

Maria Chaffin - Kindergarten teacher

Mary Renfrow- Kindergarten teacher

Janalee Smith - 1st Grade teacher

Kris Fletcher - 2nd Grade teacher

Lance Schmaltz - 2nd Grade teacher

Lauren Lindsay - 3rd Grade teacher

Amanda Dumas - 3rd Grade teacher

Sandra Melendez - 4th Grade teacher

Ken Puhl - 4th Grade teacher

Gabe Nogueras - 5th Grade Bilingual teacher

Sara Carlos – Resource teacher

Fred Vetrees – 5th Grade teacher

Kristy Hixon – Counselor

Maria Koegl – Parent

Brittany Bryant – Parent

Nora Crews – Parent

Kathleen Otero - Parent

Christina Molina – Parent

Debbie Showell - Assistant Principal

Tammy Pope – Principal

Invited but unable to attend:

Jennifer Linder - Parent

Kevin Steinhebel - Business Partner

Brandon Treadway - Community Representative

Basi Trejo – District Professional

Robert Clack – Business Partner

Angie Morrison – Teacher

Victoria Cator – Community Member

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

Our Campus Improvement Plan is made available to all parents on our campus webpage @ <https://www.birdvilleschools.net/be>

For those parents without internet access - we provide paper copies upon request.

2.4: Opportunities for all children to meet State standards

2.4 Opportunities for all children

Through the Campus Needs Assessment, 65.3% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing

5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Make Your Day
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training
- Sanford Harmony
- TBRI
- MTA

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognition, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Improvement Plan will be evaluated and revised annually.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Maria Chaffin - Kindergarten teacher

Mary Renfrow- Kindergarten teacher

Janalee Smith - 1st Grade teacher
Kris Fletcher - 2nd Grade teacher
Lance Schmaltz - 2nd Grade teacher
Lauren Lindsay - 3rd Grade teacher
Amanda Dumas - 3rd Grade teacher
Sandra Melendez - 4th Grade teacher
Ken Puhl - 4th Grade teacher
Gabe Nogueras - 5th Grade Bilingual teacher
Sara Carlos – Resource teacher
Fred Vetrees – 5th Grade teacher
Kristy Hixon – Counselor
Maria Koegl – Parent
Brittany Bryant – Parent
Nora Crews – Parent
Kathleen Otero - Parent
Christina Molina – Parent
Debbie Showell - Assistant Principal
Tammy Pope – Principal

The Family Engagement Policy will be posted to the Birdville Elementary website and will be available to parents upon request. The policy will also be offered in multiple languages as practicable by request.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Thursday evenings in order to accommodate parents’ work schedules and to maintain consistency. The following family engagement activities are planned for 2023-2024:

- Refresh Back to School Event
- Meet the Teacher Night

- Curriculum Night/ Title 1 Meeting September 8
- November STEAM Night
- March Open House
- March Musical production of Aladdin
- March Discover Birdville Event (Saturday)
- April Family Engagement Policy and Compact Revision- time and location TBD
- May Art Show
- Multicultural Night
- Multiple Fine Arts productions TBD
- Multiple Spirit Nights at local businesses TBD

Birdville Independent School District
David E. Smith Elementary
2024-2025 Campus Improvement Plan

Mission Statement

The David E Smith family is committed to serving our community by fostering growth in a safe environment, empowering students to succeed in a global world.

Vision

We are here to prepare, nurture, support, and empower students to be life-long learners and leaders. We will work collaboratively to equip and encourage student growth academically, socially, and emotionally.

Value Statement

Lion Promise

I promise to be a Lifelong learner who practices Integrity by Overcoming obstacles and Nurturing a Safe, Successful School family.

Comprehensive Needs Assessment

Revised/Approved: August 30, 2024

Demographics

Demographics Summary

David E. Smith Elementary is in Haltom City, Texas in the Birdville Independent School District. In August of 2023, David E Smith Elementary merged with WT Francisco Elementary. In 1954, David E Smith Elementary opened its doors to the community and quickly outgrew the building which created a need for a new campus. In 1959, WT Francisco Elementary opened its doors, establishing two incredible campuses supported by one community. Now the two campuses come back together under one roof to be the David E Smith Lions.

Demographics Summary

David E Smith Elementary is a Title I campus that currently serves 640 students in grades pre-k through fifth grade for the 2024-2025 school year.

Students

David E Smith Elementary student demographics as of 2023-2024 school year were made up of 76% Hispanic, 4% Asian, 16% White, and 3% African American. The percentage of students served by special education was 15% and 5% were served by gifted and talented services. The percent of students who were considered At-risk was 80% and 82% were considered Economically Disadvantaged. The campus served 40% of students in the Bilingual Program and 52% of students were identified as Emergent Bilingual.

Teachers

According to the most recent Texas Academic Performance Report (2022-23), David E. Smith had 46 staff members an average of 17.3 years of teaching experience.

Demographics Strengths

Over the past decade, the campus' attendance rates have generally remained stable, with some fluctuations and a noticeable impact from the COVID-19 pandemic. From 2013-2019, attendance rates averaged 96.1%, reflecting consistent student attendance. The COVID-19 pandemic brought significant challenges, particularly evident in the 2021-2022 school year, where attendance dropped to 94.17%. Since then, there has been a gradual recovery, with attendance improving to 94.52% in 2022-2023 and reaching 95.05% in 2023-2024.

With 40% of our students enrolled in bilingual classes, they have the opportunity to become bi-literate in English and Spanish. Eighty-two percent of our students are Economically Disadvantaged which provides free or reduced lunch costs and federal funding for additional personnel to meet students' needs.

Academically, we met the federal accountability standard with 61% of our white student population meeting the Reading Language Arts STAAR

assessment. Also in federal accountability with regard to Student Growth in Reading Language Arts, 66% of our "all students" group, 82% of our "white" student group and 64% of our "high focus" student group population met standard.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Since the onset of the COVID-19 pandemic, the campus continues to face challenges in engaging families. This lack of engagement is reflected in academic performance, and social-emotional well being. **Root Cause:** With 80% of our families experiencing economic hardship, it often leads to a lack exposure to educational and social opportunities.

Student Learning

Student Learning Summary

STAAR Reading Language Arts results

	2022	2023	2024

English Language Proficiency Status

The English Language Proficiency Status targets are tentatively set by the TEA. The TELPAS overall composite scores for David E. Smith indicate students in their first through third year are making adequate progress in the development of language skills and students in their fourth year in are on a trajectory to reach the Advanced level of language proficiency.

TELPAS Overall Composite Scores by Years in U.S. Schools for David E Smith EL for 2023 – 2024

Student Learning Strengths

For the 2023-2024 school year, our student achievement STAAR scores met federal accountability standards in Student growth for Reading Language Arts and for our Emergent Bilinguals taking the TELPAS assessment.

In Reading/Language Arts, both fourth and fifth grades demonstrated resilience, with 87% of students in both grades meeting *Approaches* in 2024. Fifth-grade reading performance was particularly commendable, maintaining high levels of students reaching *Approaches* (87%) and *Meets* (53%) across the past two years, reflecting consistency in performance.

In Math, fourth-grade students maintained steady performance from the previous year, with 80% reaching *Approaches* and 45% meeting *Meets* in 2024. This consistency suggests that instructional strategies in math for fourth graders remain effective.

While Science scores for fifth grade declined, the percentage of students reaching *Approaches* remained over 50% in 2024, showing that more than half of the students are grasping foundational science concepts, offering a solid base for improvement.

These strengths reflect the potential for improvement and suggest that targeted support in key areas could boost performance in future assessments.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percentage of students performing at the meets grade-level standard in Reading Language Arts and Mathematics have not shown growth or declined in percent score. **Root Cause:** Several data points indicate that we need to strengthen the instructional delivery system and provide coaching support to help teachers meet the needs of their students through the use of PDSA, Student Data folders, and Student Discourse.

School Processes & Programs

School Processes & Programs Summary

David E Smith offers a wide variety of processes and programs to meet the diverse needs of the student population. Currently, 82% of students receive free or reduced lunches. Twelve percent of students are served through the ESL program and 40% of our students are served in our Bilingual program in grades Kindergarten through Fifth grade. Fifteen percent of students are served through Special Education. Four percent are served through dyslexia programs, and 5% of students are served through Gifted and Talented.

In addition, we have a strategic and successful RtI program that identifies students with needs in math and reading in Kindergarten - 5th grade. Currently, 47% of our students are served through RTI. These students are placed on tiers, given strong research-based instruction in small group settings, and their progress is monitored and assessed frequently. Teachers are provided with training, resources, and staff support to meet the needs of these struggling students.

David E. Smith is committed to guaranteeing growth for all students- academically, emotionally, and physically. Our students are involved in setting individual, class, and grade-level goals and monitoring their progress along the way in meeting these goals. Students celebrate their growth and success with nine-week Awards Assemblies and other celebrations. The staff also sets professional goals and the campus calendar and schedule provide opportunities for the staff to visit other teachers' classrooms and learn from one another. We strive to foster a culture of literacy in all content areas. Our desire is to promote innovation with the use of Chromebooks and other technology resources that assist in increased engagement, collaboration and formative assessment. All students participate in monthly Counselor lessons, weekly social-emotional lessons, and a common school-wide focus on our social and emotional program, Conscious Discipline. DES has the support of a local church to provide weekend food backpacks for about 30 families. The local church also brings in mentors for our students. The mentors serve as reading buddies or lunch buddies. The campus offers a variety of extracurricular activities to meet the many needs of our students and families. DES has a Dads on Duty program where any male figure who is associated with our school or community can come to volunteer on our campus during the day.

School Processes & Programs Strengths

- The master schedule for the campus has been strategically planned and developed to maximize the time spent in the classroom, while ensuring students served for interventions do not miss critical tier 1 instruction.
- The campus RtI team, including our Instructional Facilitators, interventionists and administration, have created a systematic and comprehensive approach of reviewing multiple points of data for all students several times a year. This system allows for easy identification of students and data progress monitoring from a variety of sources in both reading and math.
- There is a strong focus on social and emotional learning for both students and staff. The school focus is utilizing the program Conscious Discipline. This is a campus wide approach to teaching our students skills and powers to help regulate their emotions so they maintain their executive brain state so they are ready to learn.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): According to our student and staff survey, the results indicated a need for a systematic approach to responding to discipline. **Root Cause:** There is not a system in place for the classroom teachers to use when responding to misbehavior in the class that is consistent amongst the campus or grade levels.

Perceptions

Perceptions Summary

One hundred percent of the faculty and students have been trained in our Standard Response Protocol (SRP) in case of an emergency.

Our District safety audit was held last year and had performance of excellence.

Students participate in attendance incentive programs. Classes track their data weekly and along with grade levels are celebrated each nine weeks.

Our campus has four committees to help serve our campus and address needs. These include our Leaders of Learners who support instructional practices and leadership on campus and district initiatives. The logistics and safety committee problem solve campus logistical concerns and work to keep our campus safe. The social committee organize recognitions and assemblies for staff and students. The Conscious Discipline Action Team serves to provide parent training and help identify social emotional needs for our students.

A family and student survey was conducted in the Spring, with over 200 responses received. The survey asked families about safety, communication, connection to the school, only to name a few. Over 99% of the surveys returned had only positive statements and comments about the campus.

A staff survey was also conducted in the Spring and the results were very positive. 98% of the responses showed that the school had clear priorities, where most everyone can be trusted, that people are cared for, and that school expectations/priorities and goals are well known.

Perceptions Strengths

At David E Smith we believe that all of our stakeholders should experience excellent customer service.

We do this by...

- Keeping the community informed of school wide events and information.
- Sending home quarterly calendars with events.
- Offering various forms of communication in English and Spanish. ex. paper flyers, email, social media
- Partnering with our active PTA.
- Hosting quarterly Award Assemblies.
- Conducting SRP drills monthly.
- Partnering with Bethesda school and have student mentors and reading buddies weekly.
- Partnering with Recovery Resource Council to provide small group support.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): On our Spring survey, families and staff indicated a feeling of being disconnected within the school family. **Root Cause:** With the merging of the two campuses, our staff and student population have doubled in size leaving an understandable connectivity gap within our community.

Priority Problem Statements

Problem Statement 1: Since the onset of the COVID-19 pandemic, the campus continues to face challenges in engaging families. This lack of engagement is reflected in academic performance, and social-emotional well being.

Root Cause 1: With 80% of our families experiencing economic hardship, it often leads to a lack exposure to educational and social opportunities.

Problem Statement 1 Areas: Demographics

Problem Statement 2: The percentage of students performing at the meets grade-level standard in Reading Language Arts and Mathematics have not shown growth or declined in percent score.

Root Cause 2: Several data points indicate that we need to strengthen the instructional delivery system and provide coaching support to help teachers meet the needs of their students through the use of PDSA, Student Data folders, and Student Discourse.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: According to our student and staff survey, the results indicated a need for a systematic approach to responding to discipline.

Root Cause 3: There is not a system in place for the classroom teachers to use when responding to misbehavior in the class that is consistent amongst the campus or grade levels.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: On our Spring survey, families and staff indicated a feeling of being disconnected within the school family.

Root Cause 4: With the merging of the two campuses, our staff and student population have doubled in size leaving an understandable connectivity gap within our community.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Istation Indicators of Progress (ISIP) accelerated reading assessment data for Grades 3-5 (TEA approved statewide license)
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Prekindergarten Self-Assessment Tool
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- State-developed online interim assessments

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Gifted and talented data
- Dyslexia data

- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Goals

Revised/Approved: August 30, 2024

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year.

a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals.

b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

HB3 Goal

Evaluation Data Sources: Elementary: Fountas & Pinnell reading levels, CLI Engage - Circle (prekindergarten), mClass assessments (math, K and reading, grades K-2) Renaissance - Star Assessments (math, 1-5 and reading, grades 3-5), grades 3-5 reading and math TEA Interims

Strategy 1 Details	Reviews			
Strategy 1: 1) Build capacity of campus staff to implement the District curriculum and state-approved resources with fidelity. Actions: a) Provide tiered professional learning opportunities that are responsive to all staff needs to build their capacity. b) Support campus teams to implement the District curriculum, identified resources, and strategies. c) Provide coaching support for teachers. d) Use data to provide targeted support and progress monitoring. Staff Responsible for Monitoring: Campus Administration, Leaders of learners team and Instructional Facilitators Title I: 2.4, 2.5, 2.6 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools Problem Statements: Student Learning 1 Funding Sources: Title I Personnel - 211 - Title I - \$169,840	Formative			Summative
	Nov	Jan	Mar	June
	 35%	 50%		

Strategy 2 Details	Reviews			
<p>Strategy 2: Emphasize the continued implementation of reading and mathematics instruction with a focus on lesson internalization, the use of best practices, and continuous improvement.</p> <p>Actions: a) Continue to support new teachers on the science of teaching reading through the implementation of the reading academies and coaching model. b) Provide teachers the necessary coaching and training to continue the implementation of district and state literacy requirements. c) Continue to emphasize and facilitate campus instructional focus walks and debriefing sessions. d) Infuse lessons and research-based best practices from state-approved resources into regularly scheduled Professional Learning Communities (PLC). e) Collect process data to measure the degree of alignment and implementation of PDSA, Student Discourse, and Student Data Folders. f) Integrate the use of proficiency scales for mathematics grades K - 5. g) Increase teacher capacity to teach the required K-3 phonics program. h) Integrate Research-Based Instructional Strategies for literacy and mathematics instruction.</p> <p>Staff Responsible for Monitoring: Campus Administration, Instructional Facilitators, and teachers</p> <p>Title I: 2.4, 2.5, 2.6 - TEA Priorities: Build a foundation of reading and math, Improve low-performing schools Problem Statements: Student Learning 1</p>	Formative			Summative

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: The percentage of students performing at the meets grade-level standard in Reading Language Arts and Mathematics have not shown growth or declined in percent score. Root Cause: Several data points indicate that we need to strengthen the instructional delivery system and provide coaching support to help teachers meet the needs of their students through the use of PDSA, Student Data folders, and Student Discourse.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 2: Close achievement gaps that exist for all under-performing student groups as measured by state and district assessments.

a) Meet all progress monitoring targets for grades prekindergarten - 3rd in reading and mathematics for identified student groups as measured by a district approved monitoring instrument.

b) Develop a local targeted improvement plan and engage in quarterly data-driven progress monitoring meetings with the District.

HB3 Goal

Evaluation Data Sources: Historical performance by student subgroup on state and district assessments.

Strategy 1 Details	Reviews			
Strategy 1: Conduct program evaluations targeting special population groups to ensure program quality, coherency, and efficiency. Actions: a) Implement plans for the various programs that will address closing achievement gaps of special population groups (special education, Emergent Bilinguals, dyslexia and other special populations such as homeless). b) Develop and implement a system to monitor and ensure compliance requirements of special programs through the use of ARD, 504 and MTSS meetings. d) Implement processes to collect, analyze, and monitor the effectiveness of special programs that support identified students. e) Continue to implement accelerated instruction according to HB1416 Staff Responsible for Monitoring: Campus Administration, Campus Staff, Instructional Facilitators Title I: 2.6 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools Problem Statements: Demographics 1 Funding Sources: Title I Tutors - 211 - Title I - \$12,821	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
Strategy 2: Establish the Continuous Improvement/Plan Do Study Act (PDSA) process as a standard operating procedure in the campus for improving instruction, data analysis, and student growth. Actions: a) Provide support, training and coaching in the use of the PDSA process and provide appropriate, tiered professional learning support. b) Provide "Championship goals" for each grade level that align to the grade level standard for mClass and Star Ren. Model the use of PDSA through PLCs to ensure alignment to campus expectations. c) Highlight classroom examples of the PDSA process, goal-setting, and data folders during campus PLCs. Staff Responsible for Monitoring: Campus Administration, Campus Staff, Instructional Facilitators Title I: 2.4, 2.5, 2.6 - TEA Priorities: Build a foundation of reading and math, Improve low-performing schools Problem Statements: Student Learning 1	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 3 Details	Reviews			
Strategy 3: Enlist community and business partners to assist in providing support to students and families who are in need. Actions: a) Collaborate with PTA to schedule and host school-wide events in order to increase parent involvement, such as parent education classes. b) Identify and communicate the needs of the student population and their families with community partners. c) Develop parent and family engagement policy and offer flexible opportunities for meetings. d) Partner with community partners (Bethesda and Mercy Cares) to provide mentoring to our at risk students. Staff Responsible for Monitoring: Campus Administration Title I: 4.1, 4.2 Problem Statements: Demographics 1 Funding Sources: Family Engagement Resources - 211 - Title I - \$1,860	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 4 Details	Reviews			
Strategy 4: Implement the district protocol to ensure identification and accurate coding of all students who qualify to receive special program services. Actions: a) Continue to provide access to students receiving special education services to all available. Ensure appropriate interventions and approved accommodations are provided to students as determined by the ARD committee. b) Provide training to campus staff to utilize Success-Ed to monitor program responses to students who are identified for 504, special education, or MTSS services. c) Ensure that all special services (MTSS, SPED, EB, AI, At risk) are documented in the appropriate programs: Success Ed, Ellevation, Pulse, Focus Staff Responsible for Monitoring: Campus Administration, Campus staff, Intervention Services department, Special Education staff, 504 coordinator, attendance clerk Title I: 2.4, 2.5, 2.6 - TEA Priorities: Improve low-performing schools Problem Statements: Student Learning 1	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 5 Details	Reviews			
Strategy 5: Implement the Multi-Tiered Systems of Support (MTSS) framework to facilitate differentiated support and interventions for identified students. Actions: a) Hold campus MTSS meetings throughout the year. b) Time has been allotted within the master schedule to designate time for grade level guided reading and guided math time. Tutors will be assigned to each teacher to give extra support in both math and reading. c) Regularly meet with PLC teams to discuss progress, needs, curriculum and resources. This will allow our teachers to support the intervention plan to meet our students needs. The teachers will analyze data, utilize best practices for intervention and create intervention groups. d) Implement SEL curriculum Conscious Discipline (CD) and district provided resources. e) Continue to provide professional learning for CD and tiered behavior interventions. f) Utilize SCE funded crisis counselor to provide support to students in areas of social-emotional learning. g) Create and Implement an Accelerated Intervention Plan to address HB4545. Staff Responsible for Monitoring: Campus Administration, Classroom teachers, Title 1 Tutors and Instructional Facilitators Title I: 2.4, 2.5, 2.6 - TEA Priorities: Build a foundation of reading and math, Improve low-performing schools Problem Statements: Student Learning 1	Formative			Summative

State Compensatory

Budget for David E. Smith Elementary

Total SCE Funds: \$184,442.00

Total FTEs Funded by SCE: 4.24

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for David E. Smith Elementary

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Breana Cobb	Educational Assistant	0.25
Carmen Oliveros	Teacher	0.25
Julie herring	Instructional Facilitator	1
Kathy Nguyen	Teacher	0.5
Kristin Gaines	Teacher	0.33
Misty Demoss	Reading Intervention	0.33
Monica Souphankhaysy	Educational Assistant	1
Rebeca Quintana	BL Reading Intervention	0.33
Yaneth Zuniga	Teacher	0.25

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed on April 25, 2023 based on spring survey feedback, TELPAS and universal screener results, attendance and behavior data compiled in the Spring of 2023. The CNA was reviewed and finalized to include current STAAR achievement data on August 28, 2023.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Parents:
Dylan Medrano and Emily Reed
Community Members:
Mike Eason and Kelsey Kimbrough
Teachers:
Carrie Chandler, Sheila Anderson, Lisa Mais, Brandon Brumley, Stacey Self, Alex Brumley, Ninfa Cortez, Roxanne Magee, Shelly Villa, Ginger Rocha, Eva Fisher
Administrators:
Amanda Holman and Latisha Moore
Other Campus and District Staff:
Amanda Jones and Kinzie Mallot

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 76% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Conscious Discipline
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognition's, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Improvement Plan is revised and evaluated in November, January, March, and June. The schoolwide plan (CIP) is developed annually.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Parents:
Dylan Medrano, Emily Reed
Teachers:
Lisa Mais, Roxanne Magee, Eva Fisher, Morgan Martinez, Shelly Villa, Ginger Rocha, Rebeca Quintana
Administrators:
Latisha Moore and Amanda Holman
Other Campus and District Staff:
Julie Herring and Amanda Jones

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Monday evenings and Tuesday and Thursday mornings in order to accommodate parents’ work schedules. The following family engagement activities are planned for 2023-24:

- August Refresh Back to School Event at WG Thomas Coliseum
- August Meet the Teacher Night
- Back to school bash Title I Meeting
- October Title I Meeting

- October Book Fair
- October Music performance
- October Awards Ceremony and Data talk
- November Music performance
- November Math Event
- December Fun Run
- December Music performance - 5th gr
- January Literacy Event
- February World Read Aloud Day
- March Open House
- March Discover Birdville Event]
- March Music performance
- April Music performance
- April Science Night
- April Family Engagement Policy and Compact Revision
- May Field Day

2024-2025 Campus Improvement Plan

Mission Statement

The mission of Jack C Binion Elementary is to empower students by offering innovative learning experiences that motivate our community to strive for academic excellence.

Vision

Our vision is to empower all students through purposeful learning experiences, preparing them for success in our diverse society.

Core Beliefs

- We believe all students can learn.*
- We believe that there are multiple pathways to academic success.*
- We believe high expectations and consistency lead to academic success.*
- We believe communication creates meaningful relationships.*

Comprehensive Needs Assessment

Demographics

Demographics Summary

Jack C. Binion Elementary School is located in Richland Hills, Texas, a suburban city in the northeastern part of Tarrant County. The school is part of the Birdville Independent School District and serves the local community, providing education to elementary-aged children. The area around the school is primarily residential, characterized by single-family homes and parks, making it a family-friendly environment. The school is positioned within a vibrant community supporting educational development and student growth.

Demographics Strengths

Jack C. Binion Elementary School boasts several key strengths that contribute to its vibrant learning environment and support its school improvement plan:

The school serves a richly diverse student body, which enhances cultural understanding and fosters an inclusive atmosphere. This diversity allows for broader perspectives and experiences, enriching classroom discussions and peer interactions.

Jack C. Binion Elementary's teaching staff is a mix of new and experienced educators. This balance promotes a dynamic learning environment where innovative teaching methods are implemented alongside proven strategies, benefiting student engagement and learning outcomes.

With nearly 50% of the staff being bilingual, the school is well-equipped to support English language learners and their families. This capability not only aids in effective communication but also ensures that students receive tailored support in their learning journeys.

The school offers the Academy 4 mentorship program for 4th graders, which focuses on providing one-to-one mentorship. This initiative is instrumental in fostering meaningful relationships between mentors, students, and families, ultimately equipping the community to support educational success.

The Parent-Teacher Association (PTA) at Jack C. Binion Elementary is crucial in supporting academic and extracurricular activities. Their involvement helps create a strong school community, promotes parental engagement, and enhances student resources.

The school has demonstrated consistent academic growth, reflecting effective teaching strategies and a supportive environment. This commitment to continuous improvement ensures that students are well-prepared for their future educational endeavors.

Overall, these strengths position Jack C. Binion Elementary School as a nurturing and effective educational institution dedicated to fostering student success and community engagement.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The overall attendance percentage for the 2023-24 school year was 94.2. Our goal each year is 96%. **Root Cause:** Campus attendance systems (daily calls, house visits, attendance letters, district tribunal, etc) did not effectively address attendance issues.

Student Learning

Student Learning Summary

The data presented below includes assessment information for the 2023-2024 school year. Notably, Jack C. Binion Elementary School has shown significant improvement in its State of Texas Assessment of Academic Readiness (STAAR) scores from 2023 to 2024, demonstrating substantial growth across all subject areas.

Course	Performance Level	Mono-Lingual 2023	Mono-Lingual 2024	Bi-Lingual 2023	Bi-Lingual 2024
3rd Grade RLA	Approaches	66%	58%	50%	55%

	Meets	36%	18%	0%	0%
	Masters	16%	1%	0%	0%

Student Learning Strengths

These summary statements capture the significant growth across various subjects and grades, highlighting areas of success while also identifying opportunities for continued improvement in student learning outcomes.

Third Grade Math

Mono-Lingual-- We achieved a 6% growth in the Meets category, reflecting positive engagement with the curriculum.

Bi-Lingual--Notable growth was seen, with a 17% increase in Approaches, 22% growth in Meets, and a 4% increase in Masters, indicating a solid understanding of foundational concepts.

Fourth Grade Math

Mono-Lingual-- A robust 18% growth in Approaches, coupled with a 15% increase in Meets and a 4% rise in Masters, shows substantial progress in student performance.

Bi-Lingual-- Growth metrics include a 21% increase in Approaches and a 9% growth in Meets, highlighting improvement in student comprehension.

Fifth Grade Math

Mono-Lingual-- We observed a 14% growth in Approaches and a 15% increase in Meets, demonstrating a commitment to academic success.

Bi-Lingual-- Exceptional growth with a 42% increase in Approaches and a 7% rise in Meets indicates significant advancements in student learning.

Third Grade Reading

Mono-Lingual--Growth in reading is evident with a 1% increase in Meets and a 9% rise in Masters, suggesting enhanced reading proficiency among students.

Fifth Grade Reading

Bi-Lingual-- An 11% growth in Approaches reflects reading and comprehension progress.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Jack C Binion students need to learn strategies to aid in making connections in math, reading, writing, and science. **Root Cause:** While it is evident that our teachers know how to use strategies, students are not successfully utilizing strategies to make connections in all areas of math, reading, writing, and science.

School Processes & Programs

School Processes & Programs Summary

Jack C. Binion Elementary is a Title I school that offers extensive support and programs to meet the diverse needs of its students. Starting in Pre-Kindergarten, students undergo universal screening in reading and math, enabling teachers to tailor instruction to each student's needs. While the majority of students participate in the general curriculum, Jack C. Binion Elementary provides additional support systems for students who are performing below grade level, ensuring that all students receive the help they need to succeed.

School Processes & Programs Strengths

A wide variety of support systems are provided for students, which may include:

- Full Day Pre-Kindergarten
- Dyslexia Support
- Emergent Bilingual Support
- Special Education Services
- Accelerated Instruction
- Intervention and Tutorials in Reading, Math, and Science

In addition, Jack C. Binion Elementary offers Gifted and Talented services to students who are performing above their peers.

Jack C. Binion Professional Learning Communities meet weekly to analyze student data and plan for instruction.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Students are not reaching their potential in academic achievement. **Root Cause:** Implementing critical instructional strategies such as goal setting and reflection, workshop model, and formative assessments are inconsistent within the classroom and across the campus.

Problem Statement 2 (Prioritized): Students are disengaging from challenging academics and instruction. **Root Cause:** The root cause of student disengagement is the inconsistent application of lesson internalization and feedback strategies, leading to insufficient support and motivation in challenging academic areas. This lack of cohesive approach affects students' ability to stay engaged and invested in their learning.

Perceptions

Perceptions Summary

In the spring of 2024, Jack C. Binion Elementary collected perception data from students and parents for our annual campus needs assessment.

Student Results

- 86.5% of students feel safe at school
- 90% of students feel that their teacher believes they will be successful.
- 90% of students feel there is an adult they can talk to at school if they have a problem.
- 80.5% of students feel they are treated with respect at school.

Parent Results

- 93% of parents feel that Jack C. Binion students are safe at school.
- 86% of parents feel that Jack C. Binion Elementary has a good public image.
- 80% of parents feel that Jack C. Binion has an excellent learning environment.
- 76% of parents feel that Jack C. Binion's teachers have respect for students.

Jack C. Binion has many opportunities for parent involvement and engagement.

- Meet the Teacher
- Curriculum Night/Title 1 Night
- Reading and Math Nights
- Turkey Trot Race
- Open House
- Breakfast with Santa
- Academy 4 Student Mentorship Program

Perceptions Strengths

Most Jack C. Binion parents and students feel school is safe, students have teachers who believe in their ability to succeed, and students have a trusted adult they can seek help from.

Jack C. Binion Elementary has a well-developed safety plan that students understand.

Jack C. Binion has many robust opportunities for parent and family engagement.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Parent participation in school activities, including meetings and events, is below expectations, leading to limited parental involvement in their child's education and school community. **Root Cause:** Low parent participation stems from a lack of awareness about its importance and limited engagement opportunities due to scheduling conflicts or insufficient outreach. Enhancing communication, offering flexible event times, and educating parents on the impact of their involvement can help increase participation in school activities and the community.

Problem Statement 2 (Prioritized): 100% of students and parents do not feel safe at school, even though extensive safety measures and training have been implemented. **Root Cause:** Even with extensive safety protocols and training in place, students and parents may feel unsafe due to a lack of process communication, the number of nationwide incidents, and media coverage.

Priority Problem Statements

Problem Statement 1: Jack C Binion students need to learn strategies to aid in making connections in math, reading, writing, and science.

Root Cause 1: While it is evident that our teachers know how to use strategies, students are not successfully utilizing strategies to make connections in all areas of math, reading, writing, and science.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Students are not reaching their potential in academic achievement.

Root Cause 2: Implementing critical instructional strategies such as goal setting and reflection, workshop model, and formative assessments are inconsistent within the classroom and across the campus.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: The overall attendance percentage for the 2023-24 school year was 94.2. Our goal each year is 96%.

Root Cause 3: Campus attendance systems (daily calls, house visits, attendance letters, district tribunal, etc) did not effectively address attendance issues.

Problem Statement 3 Areas: Demographics

Problem Statement 4: 100% of students and parents do not feel safe at school, even though extensive safety measures and training have been implemented.

Root Cause 4: Even with extensive safety protocols and training in place, students and parents may feel unsafe due to a lack of process communication, the number of nationwide incidents, and media coverage.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: Parent participation in school activities, including meetings and events, is below expectations, leading to limited parental involvement in their child's education and school community.

Root Cause 5: Low parent participation stems from a lack of awareness about its importance and limited engagement opportunities due to scheduling conflicts or insufficient outreach. Enhancing communication, offering flexible event times, and educating parents on the impact of their involvement can help increase participation in school activities and the community.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Students are disengaging from challenging academics and instruction.

Root Cause 6: The root cause of student disengagement is the inconsistent application of lesson internalization and feedback strategies, leading to insufficient support and motivation in challenging academic areas. This lack of cohesive approach affects students' ability to stay engaged and invested in their learning.

Problem Statement 6 Areas: School Processes & Programs

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

HB3 Goal

Evaluation Data Sources: CIRCLE (prekindergarten reading and math), mClass (kindergarten reading and math), mClass (grades 1-2 reading), and Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5) Campus CFAs (Curriculum Focused Assessment) Elementary: BAS (Benchmark Assessment System), Historic STAAR (State of Texas Assessment of Academic Readiness) Data, CBA (Curriculum Based Assessment) Data

	Nov	Jan	Mar	June
Strategy 1: Refine and implement the campus plan to improve and address student attendance, social needs that interfere with attendance and collect pertinent data on strategies that would mitigate poor student attendance. Actions: a) Use campus funds to provide incentives to improve student attendance. b) Monitor student attendance and review progress quarterly to determine the effectiveness of the campus attendance plan. c) Create an attendance incentive plan that recognizes attendance daily, weekly, quarterly, each semester, and annually. d) Implement strategies to identify and address social needs within families that prevent students from attending school and involve key stakeholders to mitigate student attendance issues. Staff Responsible for Monitoring: Administration, Teachers Title I: 2.6 - TEA Priorities: Improve low-performing schools Problem Statements: Demographics 1				
<div><div> No Progress</div><div> Accomplished</div><div> Continue/Modify</div><div> Discontinue</div></div>				

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: The overall attendance percentage for the 2023-24 school year was 94.2. Our goal each year is 96%. Root Cause: Campus attendance systems (daily calls, house visits, attendance letters, district tribunal, etc) did not effectively address attendance issues.

Goal 2: Utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 2: Use the Continuous Improvement model to systematically identify and enhance processes and outcomes at both the grade level and campus-wide, ensuring that practices are continuously refined to meet the needs of students and achieve better academic and operational results

Evaluation Data Sources: Evaluation of goal achievement as per campus improvement plans

Strategy 1 Details	Reviews			
Strategy 1: Implement continuous improvement components to achieve campus goals by consistently planning, executing, and refining strategies for better student outcomes and effectiveness. Actions: a) Continue to support and monitor campus-wide implementation of continuous improvement components. b)Track goals, campus trends, and data during weekly Professional Learning Community meetings. c) Conduct PDSA refresher training using instructional facilitators. d) Utilize student data folders for goal setting and data tracking. Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: Jack C Binion students need to learn strategies to aid in making connections in math, reading, writing, and science. Root Cause: While it is evident that our teachers know how to use strategies, students are not successfully utilizing strategies to make connections in all areas of math, reading, writing, and science.
School Processes & Programs
Problem Statement 1: Students are not reaching their potential in academic achievement. Root Cause: Implementing critical instructional strategies such as goal setting and reflection, workshop model, and formative assessments are inconsistent within the classroom and across the campus. Problem Statement 2: Students are disengaging from challenging academics and instruction. Root Cause: The root cause of student disengagement is the inconsistent application of lesson internalization and feedback strategies, leading to insufficient support and motivation in challenging academic areas. This lack of cohesive approach affects students' ability to stay engaged and invested in their learning.

Goal 3: All students and staff will learn and work in a safe and responsive environment.

Performance Objective 1: Increase the percentage of students and staff who report feeling safe at school.

High Priority

Evaluation Data Sources: Safe School's Report, Campus and District Survey

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR achievement, TELPAS, and universal screener results, as well as attendance and behavior data compiled in April and May 2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Dr. Cheryl Waddell	Principal
Kelli Maikell	Assistant Principal
Rose Kebe	Assistant Principal
Annell Butler	Instructional Facilitator
Jamie Norris	Instructional Facilitator
Camille Hulsey	Counselor
Deanna Stults	Counselor
Ruben Anguiano	Parent
Sharon Wynn	Community Member

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as needed. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 79% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Feedback Model
- Components of Positive Behavioral Intervention System

- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Character Strong Curriculum

Increased learning time is provided through classroom intervention programs and guided small-group instruction.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning
4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

Dr. Cheryl Waddell- Principal

Kelli Maikell- Assistant Principal

Rose Kebe- Assistant Principal

Miray Hakim- Teacher

Deanna Stults- Counselor

Camille HUlsey- Counselor

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Tuesday evenings to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2024-25.

- August Refresh Back to School Event (Saturday, 9:00-1:00) at WG Thomas Coliseum
- August Meet the Teacher Night
- September Title I Meeting (Tuesday) on campus
- September Literacy Event/ Curriculum Night (Tuesday) on campus
- December Book Fair (Monday through Thursday, 8:00-5:00) on campus
- January Math Night Event (Tuesday) on campus
- March Open House (Tuesday only) on campus
- March Explore Birdville Event (Saturday, 9:00-10:00) at Birdville Center for Technology and Advanced Learning
- April Family Engagement Policy and Compact Revision (Tuesday) on campus

Comprehensive Needs Assessment

Demographics

Demographics Summary

Alliene Mullendore Elementary, established in 1955, is situated in the southern part of North Richland Hills, Tarrant County. The school serves a diverse student body of approximately 351 students, ranging from pre-kindergarten to fifth grade. Among these students, 39% (137 students) are White, 34% (121 students) are Hispanic, 16% (55 students) are African American, 8% (27 students) are Asian, and 2% (7 students) identify as multi-racial. The Native American and Pacific Islander populations together make up less than 1% (4 students) of the student body. Mullendore is a Title 1 campus, with around 66% (232 students) of its students classified as economically disadvantaged. Additionally, 65% (228 students) are considered "At-Risk," 19% (65 students) are emergent bilinguals, and 21% (72 students) receive academic special education services. Approximately 6% (20 students) are identified as Gifted and Talented and receive GATE services, while 7% (24 students) are identified as dyslexic. All certified staff members meet federal requirements for being highly qualified. The school's attendance rate stands at 95%.

Demographics Strengths

Student demographics have remained relatively stable over time, with most student population groups fluctuating by only 2 or 3 percentage points from year to year. No significant changes have been observed in these groups. While our overall student population is growing, partly due to students returning from the International Leadership of Texas (ILT), our recent move and relocation to the former Richland Elementary site has led to a decrease in enrollment this year, as some families have chosen schools closer to their homes.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our enrollment has decreased from the previous year. **Root Cause:** The relocation to another campus during the rebuilding of our school has inconvenienced some families who rely on a school within walking distance. Additionally, ILT's "Referral Rewards Program," which offers families \$250 for each new student who enrolls and references them, has also impacted our enrollment.

Student Learning

Student Learning Summary

One of our campus academic goals is for 100% of our students to demonstrate growth in reading and math, with 80% achieving at least one year’s growth or more in these subjects. Mullendore staff and administrators closely monitor student progress throughout the year using Progress Monitoring checks, student data folders, and PDSA to analyze success and refine instructional practices.

State, district, and grade-level common assessments are utilized to measure the growth each student achieves.

STAAR Data reported

Reading	Approaches	Meets	Masters
3rd Grade (48 total students)	67% (32 students)	46% (22 students)	13% (6 students)
4th Grade (54 total students)	69% (37 students)	26.% (14 students)	11% (6 students)
5th Grade (46 total students)	67 (31 students)	52% (24 students)	17% (8 students)
Math	Approaches	Meets	Masters
3rd Grade (48 total students)	81% (39 students)	46% (22 students)	15% (7 students)
4th Grade (54 total students)	41% (22 students)	22% (12 students)	6% (3 students)
5th Grade (46 total students)	50% (23 students)	26% (12 students)	9% (4 students)

In Reading, for the 2022-2023 school year, 67% of 3rd graders, 69% of 4th graders, and 67% of 5th graders met the *Approaches* standard. Performance was highest in 5th grade with 52% meeting the *Meets* standard. However, the percentage of students reaching the *Masters* level was relatively low across all grades, with 13% in 3rd grade, 11% in 4th grade, and 17% in 5th grade.

In Math, 81% of 3rd graders met the *Approaches* standard, but only 41% of 4th graders and 50% of 5th graders reached this level. The percentage of students meeting the *Meets* standard was highest in 3rd grade (46%), with lower percentages in 4th grade (22%) and 5th grade (26%). The *Masters* level was achieved by 15% of 3rd graders, 6% of 4th graders, and 9% of 5th graders.

Student Learning Strengths

When looking at data reported by the 2023-2024 STAAR assessment:

- 3rd grade math students had an increased performance of 8% for approaches, 11% increase in meets, and 2.5% increase in masters compared to the previous year.
- 3rd grade reading students had an increased performance of 8% for meets, and 9% in masters compared to the previous year.
- 4th grade reading students had an increase performance of 10% for approaches and 5% in masters compared to the previous years.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): When looking at mCLASS data and zones of growth, there was a 17%-20% discrepancy between 2nd grade, 1st grade, and Kindergarten. Second grade was 17% points lower than the national norm while Kindergarten and 1st grade were equal to or above the national norm. **Root Cause:** The phonological instruction needs to be delivered with consistency and fidelity, resulting in closing gaps in student learning.

Problem Statement 2 (Prioritized): When analyzing student performance gaps, two areas showing significant need due to insufficient growth in math are Hispanic students and those who are Economically Disadvantaged. **Root Cause:** Staff hired for the 2022-2023 school year at Mullendore, many of whom were new to the profession and held alternative certifications, faced challenges due to limited experience and opportunities for professional development. which may have contributed to a decline in student success.

Problem Statement 3 (Prioritized): STAAR scores in grades 3-5 were lower than expected. Students did not excel to the level of Mastery that was anticipated during the school year. **Root Cause:** Teacher and student absences played a factor in this. When subs were not available, support staff was pulled to cover classes, or classes were combined which hampered instruction and student learning.

School Processes & Programs

School Processes & Programs Summary

Mullendore houses the Structured Environment to Enhance Communication (SEEC) program for the Richland High School cluster feeder pattern. This early intervention program is designed to support Pre-Kindergarten through 5th grade students who face multiple learning and language acquisition challenges. New to Mullendore this year, we also offer the Preschool Program for Children with Disabilities (ECSE-SEEC), which serves 3- and 4-year-old children in need of early special education intervention, focusing on cognitive, social-emotional, language and communication, and physical skills.

Mullendore also has a Gifted and Talented (GATE) program that serves K-2 students identified as GT. Additionally, the campus offers an "Invest" program aimed at enhancing the skills of second-grade students who were close to meeting the qualifying requirements for GATE. This program enriches their abilities to better prepare them for GATE qualification in third grade.

For students facing academic challenges, Mullendore provides a resource program that offers both "push-in" and "pull-out" services. Students struggling with reading due to dyslexia receive intensive instruction from a full-time reading specialist trained in MTA. Those who struggle with math benefit from small group instruction led by a full-time math interventionist. Additionally, students who need extra reading support but are not classified as dyslexic receive assistance from a certified teacher who serves as a reading support tutor. Similarly, students who need extra math support but are not considered tier 3 receive help from a certified math tutor.

School Processes & Programs Strengths

Mullendore follows a structured Response to Intervention (RtI) process, where all students are reviewed in collaborative discussions every three weeks. In the first "cycle," intervention and enrichment strategies are discussed, and the student's tier placement is evaluated and adjusted if the RtI committee deems it appropriate. During the second "cycle," each student is individually reviewed to assess the effectiveness of the strategies implemented. These RtI meetings include the Principal, Assistant Principal, teacher of record, math and reading interventionists, and often an instructional coach who provides instructional and curricular recommendations.

To address the diverse social and emotional needs of our students, an alternative Friday schedule has been implemented. This schedule allows for school-wide support and encouragement. During this time, grade levels focus on Character Strong lessons and meet with a "Buddy Class" to discuss Conscious Discipline routines and procedures. Students engage in activities such as reading with their "buddy," sharing data folders, and discussing and reviewing PDSAs.

A Super PLC schedule is being implemented allowing teachers to meet for an extended conference time with the Campus Instructional Facilitator reviewing data and student supports. During this time the counselor is able to meet with students for further Character Strong Counseling lessons and our Librarian is able to support the lessons with children's literature.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our STAAR reading scores decreased from the previous year. **Root Cause:** The focus of the PLC was not tightly aligned.

Problem Statement 2 (Prioritized): Many students that are on a Tier 2 or Tier 3 academically have not grown. They have stayed stagnant in their Tier despite intervention and support. **Root Cause:** Students are not able to move academically because they are struggling socially and emotionally and not able to be in the right brain state for the learning to take place.

Perceptions

Perceptions Summary

Implementing Conscious Discipline as our school-wide discipline strategy has fostered a sense of involvement and success in the emotional growth and well-being of our students and their families. Through social media posts, live Facebook feeds, and monthly newsletters, we actively keep our parents and stakeholders informed and engaged with what's happening on our campus. To encourage socialization and relationship-building, we have planned monthly family activities and PTA programs throughout the year. Our school and PTA will continue to host "restaurant nights," which serve not only as fundraisers but, more importantly, as opportunities to strengthen community and rapport among parents, students, and staff. To reduce crowding in the halls and building, school events are spread out over several nights, and whenever possible, school-wide family events are held outdoors. Each morning, families and students are greeted at the door, and on Fridays, music is played to motivate, welcome, and bring joy as they arrive.

Perceptions Strengths

By analyzing the data from annual surveys distributed to parents, students, and staff, we have identified several areas showing positive outcomes. Parents have expressed appreciation for the effective communication, the organized arrival and dismissal processes, and the multiple channels through which information is shared. The overwhelming majority of respondents feel safe and secure while at school. Additionally, parents report a sense of pride in their children attending Mullendore Elementary, and they believe that Mullendore effectively meets their children's academic, social, and emotional needs.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): According to the Mullendore Parent survey that was sent at the end of the school year, 33% of our families are not able to identify the positive behavior intervention system we have in place at Mullendore Elementary. **Root Cause:** Attention and details regarding Conscious Discipline, our positive behavior intervention system, are shared with families at the beginning of the year and monthly in newsletters but not consistently throughout the year.

Problem Statement 2 (Prioritized): Staff feedback from survey and campus walks indicated areas of the building that were unsafe and caused a concern for potential injury. **Root Cause:** The building we were housed in was old and there was lots of shifting in the ground and areas around the building due to foundational concerns and drainage issues.

Priority Problem Statements

Problem Statement 1: When looking at mCLASS data and zones of growth, there was a 17%-20% discrepancy between 2nd grade, 1st grade, and Kindergarten. Second grade was 17% points lower than the national norm while Kindergarten and 1st grade were equal to or above the national norm.

Root Cause 1: The phonological instruction needs to be delivered with consistency and fidelity, resulting in closing gaps in student learning.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Our enrollment has decreased from the previous year.

Root Cause 2: The relocation to another campus during the rebuilding of our school has inconvenienced some families who rely on a school within walking distance. Additionally, ILT's "Referral Rewards Program," which offers families \$250 for each new student who enrolls and references them, has also impacted our enrollment.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Our STAAR reading scores decreased from the previous year.

Root Cause 3: The focus of the PLC was not tightly aligned.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: According to the Mullendore Parent survey that was sent at the end of the school year, 33% of our families are not able to identify the positive behavior intervention system we have in place at Mullendore Elementary.

Root Cause 4: Attention and details regarding Conscious Discipline, our positive behavior intervention system, are shared with families at the beginning of the year and monthly in newsletters but not consistently throughout the year.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: Many students that are on a Tier 2 or Tier 3 academically have not grown. They have stayed stagnant in their Tier despite intervention and support.

Root Cause 5: Students are not able to move academically because they are struggling socially and emotionally and not able to be in the right brain state for the learning to take place.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: STAAR scores in grades 3-5 were lower than expected. Students did not excel to the level of Mastery that was anticipated during the school year.

Root Cause 6: Teacher and student absences played a factor in this. When subs were not available, support staff was pulled to cover classes, or classes were combined which hampered instruction and student learning.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Staff feedback from survey and campus walks indicated areas of the building that were unsafe and caused a concern for potential injury.

Root Cause 7: The building we were housed in was old and there was lots of shifting in the ground and areas around the building due to foundational concerns and drainage issues.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: When analyzing student performance gaps, two areas showing significant need due to insufficient growth in math are Hispanic students and those who are Economically Disadvantaged.

Root Cause 8: Staff hired for the 2022-2023 school year at Mullendore, many of whom were new to the profession and held alternative certifications, faced challenges due to limited experience and opportunities for professional development. which may have contributed to a decline in student success.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information

Student Data: Student Groups

- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data

Parent/Community Data

- Parent surveys and/or other feedback

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will show growth in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) . b) Improve Mathematics performance of students in the sub-population of Hispanic and Economically Disadvantaged in Domain 3 Closing the Gaps as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

High Priority

HB3 Goal

Evaluation Data Sources: Fountas & Pinnell reading levels, mCLASS assessments, Star Ren Reading and Star Ren Math screeners.

Strategy 1 Details	Reviews			
Strategy 1: Implement district reading and math workshop models. Actions: a) Ensure all reading and math teachers attend district professional development. b) Utilize instructional facilitator to help mentor and train teachers with use of district-provided strategies. c) Implement Instructional Rounds and provide coverage so that teachers will be able to visit Model Classrooms. d) Implement comprehensive RtI plan and Progress Monitoring. e) Ensure Reading and Math workshop model utilizes district curriculum materials. Staff Responsible for Monitoring: Principal, Assistant Principal, Instructional Facilitator Title I: 2.4, 2.5, 2.6 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math - ESF Levers: Lever 5: Effective Instruction - Targeted Support Strategy - Additional Targeted Support Strategy - Results Driven Accountability Problem Statements: Student Learning 1	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
Strategy 2: Focus on personalized learning for students. Actions: a) Scheduled WIN time for intervention and extension c) Implement guided reading and guided math instruction d) Implement flexible small groups based on data e) Utilize performance data from mClass and Star Renaissance to target instruction to student need Staff Responsible for Monitoring: Principal, Assistant Principal, Instructional Facilitator, Title 1 Tutor, Special Education E.A. Title I: 2.4 - TEA Priorities: Build a foundation of reading and math - ESF Levers: Lever 5: Effective Instruction Problem Statements: Student Learning 1, 3 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$173,455, Title I Personnel - 211 - Title I - \$28,713	Formative			Summative

<div>  No Progress  Accomplished  Continue/Modify  Discontinue </div>				

Performance Objective 1 Problem Statements:

Student Learning

Problem Statement 1: When looking at mCLASS data and zones of growth, there was a 17%-20% discrepancy between 2nd grade, 1st grade, and Kindergarten. Second grade was 17% points lower than the national norm while Kindergarten and 1st grade were equal to or above the national norm. **Root Cause:** The phonological instruction needs to be delivered with consistency and fidelity, resulting in closing gaps in student learning.

Problem Statement 3: STAAR scores in grades 3-5 were lower than expected. Students did not excel to the level of Mastery that was anticipated during the school year. **Root Cause:** Teacher and student absences played a factor in this. When subs were not available, support staff was pulled to cover classes, or classes were combined which hampered instruction and student learning.

Perceptions

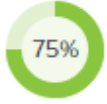

Problem Statement 1: According to the Mullendore Parent survey that was sent at the end of the school year, 33% of our families are not able to identify the positive behavior intervention system we have in place at Mullendore Elementary. **Root Cause:** Attention and details regarding Conscious Discipline, our positive behavior intervention system, are shared with families at the beginning of the year and monthly in newsletters but not consistently throughout the year.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 2: Close achievement gaps that exist for all under-performing student groups as measured by state and district assessments. Meet all progress monitoring targets for grades prekindergarten - 3rd in reading and mathematics for identified student groups as measured by a district-approved monitoring instrument.

High Priority

State Compensatory

Budget for Alliene Mullendore Elementary

Total SCE Funds: \$173,455.00

Total FTEs Funded by SCE: 3.32

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for Alliene Mullendore Elementary

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Ashlee Collins	Teacher	0.5
Ivana Matouchev	Educational Assistant	0.33
Jamie Ford	Teacher	0.33
Jennifer Denham	Teacher	0.5
Ovenua Bateman	Educational Assistant	0.33
Sarah McCarty	Instructional Facilitator	1
Teri Naya	Reading Intervention	0.33

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2022 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2022.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Teachers:

Melissa Piesche

Elizabeth Huggins

Cherri Kehoe

Amanda Rivera

Natalia Chancellor

Parents:

Mandee Wisnewski

Heidi Pagel

Community Members:

Shawn Wood

Helen Clark

Administrators:

Merritt Dobecka

Other Campus and district staff:

Channing Haye

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 57.78% low performance on a readiness test or assessment instrument

1. semester failure of two or more academic subjects
2. grade retention
3. lack of satisfactory performance on state-mandated testing
4. pregnancy or parenthood
5. placement in an alternative education program
6. expulsion
7. parole, probation, deferred prosecution, or conditional release
8. drop out status
9. limited English proficiency
10. custody or care of the Department of Protective and Regulatory Services
11. homelessness
12. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Conscious Discipline
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognition, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning

4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Teachers:

Melissa Piesche

Elizabeth Huggins

Cherri Kehoe

Amanda Rivera

Natalia Chancellor

Parents:

Mandee Wisnewski

Heidi Pagel

Community Members:

Shawn Wood

Helen Clark

Administrators:

Merritt Dobecka

Sara Muetzenberg

Other Campus and district staff:

Channing Haye

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Monday, Tuesday and Thursday evenings as well as Friday mornings in order to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2022-23:

- August Refresh Back to School Event (Friday 9:00-1:00) at WG Thomas Coliseum
- August Meet the Teacher Night (Thursday only) on campus
- August Curriculum Night and Title I Meeting (Monday the 29th and Tuesday, the 30th) on campus
- September Book Fair and Grandparents Luncheon (Wednesday the 14th, Thursday, the 15th, and Friday, the 16th) on campus
- October Title I Meeting (Wednesday 10am) on campus
- October Student Program (Tuesday) on campus
- November Veteran's Day Program (Friday) on campus
- November Student Program (Tuesday) on campus

Comprehensive Needs Assessment

Demographics

Demographics Summary

Smithfield Elementary School (SES) serves approximately 603 students in grades PK-5th. Of those 603 students, 56% (340 students) are White, 27% (164 students) are Hispanic, 9% (57 students) are African American, 4% (24 students) are Asian and 1% (7 students) are of two or more races. SES is a Title I campus which means that 42% (256 students) of our students are economically disadvantaged. We have 51% (308 students) of our students which are considered to be "At-Risk". 11% (64 students) of our students are Limited English Proficient (LEP). We have 15% (92 students) of our students who receive special education services. We also have 8% (50 of our students) of our students who are identified and served in the Gifted and Talented program. Our student attendance was 95%.

Demographics Strengths

Smithfield Elementary School benefits from a diverse student population, with a significant proportion of students in the Gifted and Talented program (8%) and a high student attendance rate of 95%. The school effectively supports a broad range of student needs, including those in special education (15%) and Limited English Proficient (LEP) students (11%). The school's status as a Title I campus reflects its commitment to addressing the needs of economically disadvantaged students (42%) and those classified as "At-Risk" (51%). The diverse demographics and attendance rate are strengths that provide a solid foundation for targeted interventions and support within the campus improvement plan.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Smithfield Elementary is experiencing a growing emergent bilingual population, increasing from 7% in 2020-2021 to 11% in 2023-2024. This rising trend poses challenges in providing adequate support and resources tailored to the needs of these students, which may impact their overall educational experience and integration. **Root Cause:** The root cause is likely a lack of scalable and adaptive support systems to keep pace with the growing number of emergent bilingual students. The current resources and instructional strategies may not be sufficient to effectively address the expanding needs of this population, leading to potential gaps in language development and academic support.

Student Learning

Student Learning Summary

Based on the Spring 2024 STAAR data for Smithfield Elementary School, the following summary highlights student performance across different accountability groups:

Overall Performance

- 89% of students met the Approaches Grade Level (GL) Standard, 67% met the Meets GL Standard, and 35% achieved the Masters GL Standard.
- Students from the Asian subgroup showed the highest performance across all metrics, with 100% meeting the Approaches GL Standard, 87% meeting the Meets GL Standard, and 57% achieving the Masters GL Standard.
- The High Focus group had lower performance, with 82% at Approaches, 56% at Meets, and 24% at Masters GL Standard.

Reading/Language Arts (RLA)

- 94% of students met the Approaches GL Standard, 75% met the Meets GL Standard, and 48% achieved the Masters GL Standard.
- The Asian and Two or More Races subgroups excelled, with 100% of students meeting the Approaches and Meets GL Standards, and a significant percentage achieving the Masters GL Standard (85% and 100%, respectively).
- The African American subgroup had lower performance, with 84% at Approaches, 58% at Meets, and 21% at Masters GL Standard.

Mathematics

- 88% of students met the Approaches GL Standard, 67% met the Meets GL Standard, and 28% achieved the Masters GL Standard.
- Asian students again performed exceptionally well, with 100% meeting the Approaches and Meets GL Standards, and 46% reaching the Masters GL Standard.
- The African American subgroup had the lowest performance, with 80% at Approaches, 35% at Meets, and 10% at Masters GL Standard.

Science

- 78% of students met the Approaches GL Standard, 40% met the Meets GL Standard, and 15% achieved the Masters GL Standard.
- American Indian and Asian students excelled, with 100% meeting the Approaches GL Standard and high performance at Meets and Masters GL Standards.
- The African American subgroup had 100% Approaches, with no students meeting the Meets or Masters GL Standards.

Student Learning Strengths

The STAAR data reveals that Smithfield Elementary School has significant strengths in student learning, particularly in Reading/Language Arts, Mathematics, and Science. Mastery levels in Reading/Language Arts are notably high, with nearly half of the students achieving the Masters GL Standard. The consistent high performance of the Asian, American Indian, and Two or More Races subgroups across all three subjects—Reading/Language Arts, Mathematics, and Science—further underscores the effectiveness of the school's educational programs. These strengths provide a strong foundation for continued academic success and suggest that Smithfield Elementary is effectively fostering both proficiency and advanced understanding across key academic areas.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Smithfield Elementary faces disparities in academic achievement and/or growth across various student subgroups, particularly in Reading/ Language Arts, Mathematics, and Science. **Root Cause:** These gaps indicate a need for more targeted and effective interventions to ensure that all students succeed academically and reach their full potential.

School Processes & Programs

School Processes & Programs Summary

The academic RtI program at Smithfield Elementary serves students in grades K through 5 in both reading and mathematics. Students are identified for tiered intervention services using data from universal screeners administered three times each year and through consideration of other performance evidence by a collaborative conference committee. Progress monitoring and collaboratives take place once every 9 weeks to reevaluate where students are. The specific services provided for students on Tiers 2 and 3 are outlined in the district RtI Manual, which is updated annually to reflect programmatic changes in screening assessments and interventions.

Performance data suggest that the RtI program has been moderately successful in moving students off of tiered interventions. There remains a large proportion of students served on Tier 2 and Tier 3, (22% in reading and 13% in math for grades K-5 as of May 2024) which is based in part on universal screener performance.

School Processes & Programs Strengths

We have developed a process for evaluating student progress every 9 weeks through a collaborative meeting between teachers, administration, the instructional facilitator and the dyslexia specialist. Interventions are also discussed during these collaboratives. Our math percentage of tier 2 and 3 students has remained the same over the past 2 years.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Screener assessments for May 2024 indicate that 25% of students are reading below grade level. **Root Cause:** These gaps indicate a need for more targeted and effective interventions to ensure that all students succeed academically and reach their full potential, particularly with guided reading practices and phonics.

Perceptions

Perceptions Summary

At Smithfield Elementary we conduct Parent Surveys at the beginning of the year. However, the data that is collected is about expectations that parents have of teachers and their students, in addition to what we can expect from them as parents. We also have a parent survey that asks what they feel are strengths of SES and areas that need improvement. We utilize the data from the district safety survey, as well. The top 2 areas of improvement are:

1. Parking/pick-up and drop off
2. Increase in security officer presence

Perceptions Strengths

One of the consistent responses that parents give is that they feel as though their child is safe at school and that they feel welcomed while they are on campus.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: At our campus, parking and dismissal processes are creating significant challenges for parents. **Root Cause:** The current parking facilities are inadequate to accommodate the number of vehicles, leading to congestion and safety concerns. During dismissal times, the situation exacerbates as traffic flow becomes unpredictable, causing delays and increasing frustration among the school community.

Problem Statement 2 (Prioritized): Survey data indicate that parents believe campus safety is an area of concern, even though they strongly agree that students feel safe at school. **Root Cause:** Limited or unclear communication regarding school safety has contributed to parents' concerns and perceptions about the campus environment.

Priority Problem Statements

Problem Statement 1: Screener assessments for May 2024 indicate that 25% of students are reading below grade level.

Root Cause 1: These gaps indicate a need for more targeted and effective interventions to ensure that all students succeed academically and reach their full potential, particularly with guided reading practices and phonics.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Smithfield Elementary faces disparities in academic achievement and/or growth across various student subgroups, particularly in Reading/Language Arts, Mathematics, and Science.

Root Cause 2: These gaps indicate a need for more targeted and effective interventions to ensure that all students succeed academically and reach their full potential.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Smithfield Elementary is experiencing a growing emergent bilingual population, increasing from 7% in 2020-2021 to 11% in 2023-2024. This rising trend poses challenges in providing adequate support and resources tailored to the needs of these students, which may impact their overall educational experience and integration.

Root Cause 3: The root cause is likely a lack of scalable and adaptive support systems to keep pace with the growing number of emergent bilingual students. The current resources and instructional strategies may not be sufficient to effectively address the expanding needs of this population, leading to potential gaps in language development and academic support.

Problem Statement 3 Areas: Demographics

Problem Statement 4: Survey data indicate that parents believe campus safety is an area of concern, even though they strongly agree that students feel safe at school.

Root Cause 4: Limited or unclear communication regarding school safety has contributed to parents' concerns and perceptions about the campus environment.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus/District improvement plans (current and prior years)
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Other PreK - 2nd grade assessment data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback

Goals

Revised/Approved: October 30, 2024

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year.

- a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals.
- b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would, in turn, increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

HB3 Goal

Evaluation Data Sources: PK: CIRCLE (reading and math)

K-5: Fountas & Pinnell reading levels

K: mClass (reading and math)

1-2: mClass (reading)

3-5: Renaissance STAR Reading

1-5: Renaissance STAR Math

3-5: State Interim Assessments (reading, math)

Strategy 1 Details	Reviews			
Strategy 1: Continue to build capacity of campus staff to implement the district literacy plan.. Actions: a. Utilize the leadership team to train and to lead the implementation of the district plan and strategies. b. Provide literacy plan coaching support for teachers. c. Use exemplar teachers to model lessons to help other teachers visual practice(s) in action. d. Implement "Plan for Learning Protocols" in PLC to design exemplar Tier I lessons e. Address lack of growth in second grade by proving intensive planning and coaching for Tier I instruction. f. Improve the level of Rigor in second grade Tier I instruction. Staff Responsible for Monitoring: Administrators Leadership Team Instructional Facilitator Title I: 2.4, 2.5 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math Problem Statements: School Processes & Programs 1 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$183,288	Formative			Summative

Title I

1.1: Comprehensive Needs Assessment

We developed our CNA in May for the upcoming 2023-24 school year.

2.1: Campus Improvement Plan developed with appropriate stakeholders

Melissa Pellegrino-Principal

Ryan Holzberger-Assistant Principal

Weston Baccus- 5th Grade Teacher

Courtney Maxwell-4th Grade Teacher

Haley Hollis-3rd Grade Teacher

Sarah Smith-2nd Grade Teacher

Heather Bartlett-1st Grade Teacher

Courtney Wilson-Kindergarten Teacher

Maggie Shikany- PE teacher

Carrie Growald-Math Interventionist

Courtney Files-Parent

Abby Stienbrink-Parent

Kyle Fox-Community Member

Andrea Trotter-Business Owner

2.2: Regular monitoring and revision

We will evaluate our CIP 4 times a year. In November, January, March and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 41% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Conscious Discipline

- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutoring.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning
4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Parents: Diana Kirkwood Courtney Files
Teachers: Courtney Wilson Weston Baccus Courtney Maxwell
Administrators: Melissa Pellegrino Ryan Holzberger
Other Campus and District Staff: Kat Green

4.2: Offer flexible number of parent involvement meetings

The following family engagement activities are planned for 2023-24:

- August Refresh Back to School Event at WG Thomas Coliseum
- August Meet the Teacher Night Aug. 14 on campus
- Parent Info Night/Title I Meeting Aug. 28th, 29th and 30th
- October Museum Night at FW Museum
- Science Hat Parade Oct. 27th
- Cookies with Santa Dec. 12th
- Fine Arts Day Jan. 31st
- March Open House on campus
- March Discover Birdville Event
- April Family Engagement Policy and Compact Revision May on campus

Smithfield Elementary Parent Involvement Policy

OVERVIEW

As per Public Law 107-110, the *No Child Left Behind Act*, Smithfield Elementary has adopted the following policy to ensure that the staff coordinates all possible programs to provide quality services to our children and families and to afford parents substantial and meaningful opportunities to participate in the education of their children.

Our goal is to maximize opportunities for all parents to participate in ways that will help all children to be successful in the meeting the State's academic content and academic achievement standards. In addition, we strive to provide opportunities for parents to assist us in maximizing our students' potential to become successful citizens upon completion of their public school careers.

To reach our goal, the staff and representative parents have drafted the following policy outlining the ways in which parents are encouraged to participate in the life of the school and the ways we will reach out to parents

REQUEST FOR SUGGESTIONS

The staff at Smithfield Elementary invites parents to offer suggestions for improving our efforts to involve parents in meaningful ways. Please call Melissa Pellegrino at (817)547-2100 or email at Melissa.pellegrino@birdvilleschools.net to give us your suggestions or to discuss opportunities for you to work directly with us.

Birdville Independent School District
Snow Heights Elementary
2024-2025 Campus Improvement Plan

Mission Statement

We are committed to building strong relationships in order to provide a safe and caring environment that challenges all students to reach their potential.

Vision

Students from Snow Heights will grow to be our future leaders and contribute positively to the communities in which they live.

Value Statement

Our Core Beliefs are the following:

- We believe students are all on individual journeys where they are valued, empowered to learn, and have a voice.*
- We believe our welcoming school community is a safe and inclusive environment that values all members through empathy and respect.*
- We believe that learning is a lifelong process for all students that is challenging, purposeful, and rewarding.*

Comprehensive Needs Assessment

Demographics

Demographics Summary

Snow Heights Elementary, located in North Richland Hills, Texas, is a PreK-5 Title 1 campus in Birdville ISD. Although this improvement plan focuses on the 2024-2025 school year, the demographic information comes from the Texas Academic Performance Report data collected during the 2023-2024 school year. Student enrollment at Snow Heights Elementary during 2023-2024 was similar to previous school years. Enrollment data shows that campus enrollment was approximately 395 students for the majority of the school year. Our Hispanic student group is one of our largest ethnic groups and represents 26.65% (105 students) of the population. Our largest student group is White at 50.00% (197 students). Our smallest groups are the following: African American-13.71% (54 students), Asian-4.82% (19 students), and 3.81% (15 students) claim Two-or-More Races. The percentages for most of these groups has increased in just one year's time.

The approximate 13% student mobility rate for Snow Heights Elementary remains consistent from year to year, while 47.72% (188), of our students are Economically Disadvantaged which is consistent with previous school years. The other student groups for Snow Heights Elementary include 4.06% (16 students) Emergent Bilingual (EB), 6.35% (25 students) Gifted and Talented, and 21.83% (86 students) Special Education. Additionally, 46.45% (183) of our students have been identified as at-risk. The campus attributes much of its achievement to a strong partnership with parents and a focus on high-quality education. The campus is predominantly a neighborhood school, where most students reside within the neighborhood, and approximately one-fourth of students are transported. Snow Heights strives for good attendance and had a 94.31% student rate last year, which has decreased from the previous school year. While this is below our campus and district goal of 97%, we will continue to work on increasing the attendance rate for staff and students.

Demographics Strengths

Snow Heights Elementary has many strengths. Some of the most notable demographic strengths include:

1. The community of Snow Heights is steeped in tradition, involved, consistent, and committed to education. Many families stay in the area just for the school and many of the teachers went to Snow Heights as students. Since our families value education, we have many supportive parents and students who strive for success.
2. The attendance rate at Snow Heights Elementary is always a focus for any school year and will continue to be for the current year. It remains very close year to year: 96.8% in 2015-2016, 96.6% in 2016-2017, 96.0% in 2017-2018 96.2% in 2018-2019, and 96.8% in 2020-2021. Attendance dipped severely during the 2021-2022 school year, 94.8%, due to continued Covid protocols. While attendance increased (95.07%) during the 2022-2023 school year, our attendance in the 2023-2024 school year decreased to 94.31%. Our goal is to reach a rate of 96% or higher for the 2024-2025 school year.
3. Students at Snow Heights Elementary are very accepting of new students regardless of race or ethnicity. Utilizing the district's Social Emotional Behavior (SEB) curriculum, as well as Capturing Kids' Hearts (CKH) strategies, keeps the students and staff committed to building strong relationships with one another. These strong relationships spillover into the homes of our families and in our community.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Campus attendance is falling short of the 97% goal, indicating a need for improvement in maintaining student attendance rates. **Root Cause:** Decreased attendance rates since COVID-19 may be due to lingering impacts of the pandemic, such as health concerns, changes in routine, or challenges in re-engaging students and

families.

Problem Statement 2 (Prioritized): In addition to Resource and Speech students, we have two self-contained Special Education classes on campus. This puts Snow Heights with a 21.83% in Special Education which is almost a 4% increase from the previous school year and above the district average. **Root Cause:** The increase in the percentage of Special Education students at Snow Heights, including those coming from other campuses for specialized programs, may be due to changes in district-wide placement practices, variations in student support needs, or adjustments in enrollment patterns.

Problem Statement 3 (Prioritized): While most of our students meet the district and campus goal of achieving at least one year's growth in Math, there is still an achievement gap in this subject area. **Root Cause:** Despite most students meeting the growth goals in Math, an achievement gap persists due to underlying disparities in instructional quality, access to resources, or individual learning needs that are not fully addressed.

Problem Statement 4 (Prioritized): There is a disconnect between K-2 and 3-5 Writing; students are not making adequate progress as they enter upper grades. **Root Cause:** With the addition of Extended Constructed Responses on the STAAR tests, students are not adequately prepared when using the current writing curriculum.

Student Learning

Student Learning Summary

The following scores show Snow Heights' performance on the 2024 State of Texas Assessment of Academic Readiness (STAAR) test:

Subject	Campus Approaches	Campus Meets	Campus Masters	District Approaches
3 rd Grade-Reading	84%	49%	13%	75.23%
3 rd Grade-Math	73%	42%	11%	72%
4 th Grade-Reading	83%	48%	17%	82.16%
4 th Grade-Math	67%	31%	15%	67.19%
5 th Grade-Reading	87%	68%	50%	81.94%
5 th Grade-Math	80%	60%	25%	79.03%
5 th Grade-Science	82%	53%	26%	62.33%

In addition, the following scores show Snow Heights' performance on the 2024 STAAR Alternate 2 test:

Subject	Campus Satisfactory	Campus Accomplished	District Satisfactory	District Accomplished
3 rd Grade-Reading	100%	0%	95.65%	13.04%
3 rd Grade-Math	100%	0%	95.65%	26.09%
4 th Grade-Reading	100%	0%	87.1%	6.45%
4 th Grade-Math	100%	100%	96.77%	16.13%
5 th Grade-Reading	100%	67%	82.75%	3.45%
5 th Grade-Math	100%	33%	93%	31%
5 th Grade-Science	100%	67%	93.1%	27.59%

Student Learning Strengths

Snow Heights Elementary has a population of hard-working, high-achieving students. The campus is proud of many different student achievement strengths, including:

- Strong Reading Interim & STAAR scores in 3rd, 4th, and 5th Grades
- Strong mCLASS scores in K-2
- Closing gaps in area of Math

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Most of our Special Education students are not meeting the Approaches level on any STAAR test they take. **Root Cause:** Many of our Special Education students do not qualify for STAAR Alt. While these students can utilize accommodations, many are still below grade level and struggle completing the STAAR test at the Approaches level.

Problem Statement 2 (Prioritized): There is not adequate growth in Masters scores in most subject areas for students in Grades 3-5 **Root Cause:** Students are not achieving growth from Meets to Masters levels due to potential gaps in instructional strategies, support systems, or enrichment opportunities that may not fully address the needs of advanced learners.

Problem Statement 3 (Prioritized): Based on previous STAAR scores, Meets and Masters scores have decreased in Reading and Math for all grades. **Root Cause:** The campus is not providing sufficient differentiation opportunities for students.

Problem Statement 4 (Prioritized): Students are not achieving allowable points on Writing responses in Grades 3-5. **Root Cause:** Additional professional learning is needed in this area so students are prepared for the writing components tested on STAAR.

School Processes & Programs

School Processes & Programs Summary

At Snow Heights Elementary, students are served by a number of specialized programs related to their individual needs. Almost 48% (approximately 190) of our students are served by the Free and Reduced Lunch program. Sixteen (4.06%) of our students are considered Emergent Bilingual and receive services through our English as a Second Language program. Currently, 21.83% (86) of our students are served in Special Education. Many of those students have been assigned to our AABLE (Academic and Adaptive Behavior Learning Environment). This program includes students with significant deficits in cognitive and adaptive behaviors who demonstrate needs in functional and developmental areas. Finally, 6.35% of our students have been identified as gifted and talented and are served in the district's Advanced Academics program.

The Multi-Tiered System of Support (MTSS) program serves students in grades Kindergarten through 5 in both Reading and Mathematics. Students are identified for tiered intervention services using data from universal screeners administered three times each year and through consideration of other performance evidence by a collaborative conference committee. Our goal is to keep the intervention groups small and staffed appropriately which will aid students in closing gaps in their learning. In addition, we offer enrichment to our Tier 1 students by utilizing tutors and other staff members.

School Processes & Programs Strengths

- Snow Heights has a strong vertical alignment among teachers and staff. They meet in vertical teams (Reading/Writing, Math, and Science) throughout the year to align curriculum and interventions.
- Trained tutors are utilized to assist in providing intervention to struggling students
- Teachers implement Tier 1 priorities to ensure strong Tier 1 instruction is being delivered

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The Reading and Math year's growth data for Snow Heights shows that our higher level Tier One students are not making adequate growth.
Root Cause: The campus is not providing sufficient differentiation opportunities for students.

Problem Statement 2 (Prioritized): Students are slow to respond to intervention as many are not moving off tiers in a timely manner. **Root Cause:** Insufficient adherence to Tier 1 instructional priorities and inconsistent implementation of interventions may be contributing to gaps in student learning and achievement.

Problem Statement 3 (Prioritized): Insufficient time and intentional collaboration for data analysis across grade levels are limiting the effectiveness of data-driven instruction and decision-making. **Root Cause:** Limited time and lack of structured collaboration for data analysis may hinder the ability to fully understand and address student needs, impacting the

overall effectiveness of instructional strategies and interventions.

Problem Statement 4 (Prioritized): Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools. **Root Cause:** Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools.

Problem Statement 5 (Prioritized): Campus attendance is falling short of the 97% goal, indicating a need for improvement in maintaining student attendance rates. **Root Cause:** Decreased attendance rates since COVID-19 may be due to lingering impacts of the pandemic, such as health concerns, changes in routine, or challenges in re-engaging students and families.

Perceptions

Perceptions Summary

During the 2022-2023 school year, Snow Heights Elementary collected data from students and parents in regards to school safety, processes, and events. Staff, parents, and students in Grades 3-5 completed these surveys during the Spring of 2023. Data collected included perceptions of the overall safety environment of Snow Heights as well as meeting the social/emotional needs for students.

Students, parents, and staff responded to the following questions:

1. Visitors must present a photo ID to obtain a visitor's badge?
2. Have you noticed any open or unlocked exterior doors during the instructional day?
3. Does your student have a trusting relationship with at least one adult on campus?
4. Have you noticed any staff member without an ID badge?
5. Staff members monitor hallways during school hours?
6. Procedures used to make disciplinary decisions are well known to students?
7. Students receive training specifically on bullying prevention and cyberbullying?
8. Students receive training on positive social skills, violence prevention, conflict resolution and communication/decision making skills?
9. Are you informed about Anonymous Alerts?
10. Have you discussed Stand Response Protocols (Lock-Down, Secure Lock-Out, Shelter, Hold, and Evacuation)?
11. Respect for all persons is emphasized throughout the campus?
12. Are you (is your student) involved in at least one extra-curricular activity either at school or outside of the campus?
13. Overall do you consider your campus safe and orderly?

Perceptions Strengths

Survey results indicated the following regarding perceptions of school safety, processes, and procedures.

- Over 98% of student responses showed that students were trained and ready to implement Standard Response Protocols
- 92% of parents reported that their student had a trusting relationship with at least one adult on campus
 - 94% of students reported that they had a trusting relationship with at least one adult on campus
 - 98% of parents consider Snow Heights safe and orderly
- Parents and Staff shared the importance of all student/family activities set Snow Heights apart from other campuses

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Even though students indicated that they are aware of Standard Response protocols, parents need more communication in this area so they can discuss with their student(s) **Root Cause:** Insufficient communication of Standard Response Protocols throughout the school year has led to a lack of awareness among parents about safety procedures.

Problem Statement 2 (Prioritized): Despite having social-emotional learning programs in place, there is a perceived gap in the training and support provided for positive social skills, violence prevention, conflict resolution, and communication/decision-making skills, as indicated by feedback from students and parents. **Root Cause:** In regards to Social Emotional Behaviors, students and parents indicated a need for training in positive social skills, violence prevention, conflict resolution, and communication/decision making skills.

Problem Statement 3 (Prioritized): Parents have expressed a need for more communication regarding curriculum expectations and disciplinary procedures, indicating that current methods may not effectively keep them informed. **Root Cause:** Current communication strategies and outlets (campus, teacher, grade level) may be insufficient or inconsistent in conveying curriculum expectations and disciplinary procedures, leading to gaps in parental awareness and understanding.

Priority Problem Statements

Problem Statement 1: There is not adequate growth in Masters scores in most subject areas for students in Grades 3-5

Root Cause 1: Students are not achieving growth from Meets to Masters levels due to potential gaps in instructional strategies, support systems, or enrichment opportunities that may not fully address the needs of advanced learners.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Based on previous STAAR scores, Meets and Masters scores have decreased in Reading and Math for all grades.

Root Cause 2: The campus is not providing sufficient differentiation opportunities for students.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: The Reading and Math year's growth data for Snow Heights shows that our higher level Tier One students are not making adequate growth.

Root Cause 3: The campus is not providing sufficient differentiation opportunities for students.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Insufficient time and intentional collaboration for data analysis across grade levels are limiting the effectiveness of data-driven instruction and decision-making.

Root Cause 4: Limited time and lack of structured collaboration for data analysis may hinder the ability to fully understand and address student needs, impacting the overall effectiveness of instructional strategies and interventions.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Even though students indicated that they are aware of Standard Response protocols, parents need more communication in this area so they can discuss with their student(s)

Root Cause 5: Insufficient communication of Standard Response Protocols throughout the school year has led to a lack of awareness among parents about safety procedures.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Despite having social-emotional learning programs in place, there is a perceived gap in the training and support provided for positive social skills, violence prevention, conflict resolution, and communication/decision-making skills, as indicated by feedback from students and parents.

Root Cause 6: In regards to Social Emotional Behaviors, students and parents indicated a need for training in positive social skills, violence prevention, conflict resolution, and communication/decision making skills.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: While most of our students meet the district and campus goal of achieving at least one year's growth in Math, there is still an achievement gap in this subject area.

Root Cause 7: Despite most students meeting the growth goals in Math, an achievement gap persists due to underlying disparities in instructional quality, access to resources, or individual learning needs that are not fully addressed.

Problem Statement 7 Areas: Demographics

Problem Statement 8: Students are slow to respond to intervention as many are not moving off tiers in a timely manner.

Root Cause 8: Insufficient adherence to Tier 1 instructional priorities and inconsistent implementation of interventions may be contributing to gaps in student learning and achievement.

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: In addition to Resource and Speech students, we have two self-contained Special Education classes on campus. This puts Snow Heights with a 21.83% in Special Education which is almost a 4% increase from the previous school year and above the district average.

Root Cause 9: The increase in the percentage of Special Education students at Snow Heights, including those coming from other campuses for specialized programs, may be due to changes in district-wide placement practices, variations in student support needs, or adjustments in enrollment patterns.

Problem Statement 9 Areas: Demographics

Problem Statement 10: Most of our Special Education students are not meeting the Approaches level on any STAAR test they take.

Root Cause 10: Many of our Special Education students do not qualify for STAAR Alt. While these students can utilize accommodations, many are still below grade level and struggle completing the STAAR test at the Approaches level.

Problem Statement 10 Areas: Student Learning

Problem Statement 11: Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools.

Root Cause 11: Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools.

Problem Statement 11 Areas: School Processes & Programs

Problem Statement 12: Parents have expressed a need for more communication regarding curriculum expectations and disciplinary procedures, indicating that current methods may not effectively keep them informed.

Root Cause 12: Current communication strategies and outlets (campus, teacher, grade level) may be insufficient or inconsistent in conveying curriculum expectations and disciplinary procedures, leading to gaps in parental awareness and understanding.

Problem Statement 12 Areas: Perceptions

Problem Statement 13: Campus attendance is falling short of the 97% goal, indicating a need for improvement in maintaining student attendance rates.

Root Cause 13: Decreased attendance rates since COVID-19 may be due to lingering impacts of the pandemic, such as health concerns, changes in routine, or challenges in re-engaging students and families.

Problem Statement 13 Areas: Demographics - School Processes & Programs

Problem Statement 14: There is a disconnect between K-2 and 3-5 Writing; students are not making adequate progress as they enter upper grades.

Root Cause 14: With the addition of Extended Constructed Responses on the STAAR tests, students are not adequately prepared when using the current writing curriculum.

Problem Statement 14 Areas: Demographics

Problem Statement 15: Students are not achieving allowable points on Writing responses in Grades 3-5.

Root Cause 15: Additional professional learning is needed in this area so students are prepared for the writing components tested on STAAR.

Problem Statement 15 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Student failure and/or retention rates
- Running Records results

Student Data: Student Groups

- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Study of best practices

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in Reading and mathematics by the end of school year.

a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals.

b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

Texas Education Agency Interims (Grades 3-5 Reading and Mathematics)

Strategy 1 Details	Reviews			
<p>Strategy 1: Continue to build capacity and fidelity in the use of the District curriculum and state approved resources at the campus level.</p> <p>Actions: a) Continue focusing on alignment by planning accordingly in each content area through vertical (Reading/ Writing, Math, & Science) teams b) Maintain and continue implementation plan of Workshop model and small group instruction in Reading, Writing, and Math to support all students c) Monitor implementation of the district curriculum as evidenced in walk-throughs, observations, vertical team meetings, and lesson plans using content specific rubrics d) Utilize campus Instructional Facilitator to complete coaching cycles based on implementing best practices and developing masterful teachers e) Provide necessary resources needed to support the district's curriculum plan-Lead4ward, STAAR4ward, Phonics 95, etc. f) Host a Curriculum Night that includes strategies to promote best home/school strategies with parents/family members g) Support writing instruction in all subject areas (district strategy for Extended and Short Constructed Responses, grade appropriate grammar rules, complete sentences, spelling, etc.) h) Utilize district content coordinators to support teachers in Tier 1 instruction</p> <p>Staff Responsible for Monitoring: Principal, Assistant Principal, LOL members, Instructional Facilitator, Teachers</p> <p>Title I: 2.4, 2.5</p> <p>Problem Statements: School Processes & Programs 1, 2, 3</p> <p>Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$65,899, Parent Family Engagement - Curriculum Night - 211 - Title I - \$4,000</p>	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
Strategy 2: Continue implementation of Reading and Mathematics instruction with a focus on internalization, the use of best practices, and continuous improvement Actions: a) Support coaching and training of district and state literacy requirements b) Maintain focus of phonics instruction in Kindergarten through 3rd grade using 95 Phonics curriculum c) Regularly utilize the campus' Leveled Library and Fountas & Pinnell Interactive Read Alouds/Shared Reading resources for instruction in all subject areas d) Support the district's curriculum plan by providing time for students to use the following programs: Reading A to Z and ST Math e) Utilize Title One tutors to support reading and math instruction f) Model literacy through a staff book club that meets monthly g) Participate in World Read Aloud Day to promote literacy with staff, students, and community members h) Continue publishing the student written newspaper, "The Polar Gazette" i) New to K-3 teachers attend Reading Academy training j) Utilize and implement new learning obtained through Reading Academies (Science of Teaching Reading) k) Build capacity and knowledge base of proficiency scales in Mathematics l) In Math, spiral review previously learned Texas Essential Knowledge and Skills (TEKS) on a weekly basis m) Create and conduct online assessments for 2nd-5th grade in Math using Aware n) Utilize Fact Fluency strategies to build automaticity with math facts (addition, subtraction, multiplication, and division) o) Conduct individualized teacher/student conferences to track data, set goals, and implement student created PlanDoStudyActs (PDSAs) using electronic/online data folders Problem Statements: Demographics 3, 4 - Student Learning 3, 4 - School Processes & Programs 1 Funding Sources: Professional Development - 211 - Title I - \$5,739	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 3 Details		Reviews			
Strategy 3: Understand and implement progress monitoring and data driven decision-making to inform instruction and responsive teaching Actions: a) Teachers design a learning plan based on their own personal goal(s) as well as select a Student Learning Objective for Texas Teacher Evaluation & Support System (T-TESS) b) Provide training on using data from multiple assessments (CIRCLE, mClass, Star Renaissance-Reading. & Math, and Interims) to inform instruction c) Collect, analyze and use data for progress monitoring d) Continue to build capacity through the Professional Learning Committee (PLC) process e) Utilize Aware to create online assessments f) Respond instructionally by utilizing data and support from Academic Coach g) Utilize district content coordinators to support teachers in Tier 1 instruction h) Follow district and campus assessment calendars i) Participate in Universal Screeners three times a year: Beginning of Year (BOY), Middle of Year (MOY), and End of Year (EOY) j) Progress monitor students in Reading (BAS, Star Renaissance, mClass), Writing (Extended Response Rubric in Grades 3-5) and Math (Star Renaissance) throughout the school year (occurs between BOY, MOY, and EOY) k) Conduct interim assessments in Grades 3-5, Reading and Math twice a year and Science once a year l) Share campus/teacher/student progress through the district's Quarterly Review Protocol process Staff Responsible for Monitoring: Principal, Assistant Principal, Instructional Facilitator, Classroom Teachers Problem Statements: School Processes & Programs 3		Formative			Summative
		Nov	Jan	Mar	June
					
Strategy 4 Details		Reviews			
Strategy 4: Provide rigorous learning opportunities for our GT/advanced students Actions: a) Promote higher level thinking by creating and utilizing rigorous questions b) Continue implementing Math Menus c) Provide time for teachers to unpack the standards and then design tasks, products, and assessments that meet the rigor of the standards d) Utilize Gifted and Talented Education (GATE) teachers, district content coordinators, Instructional Facilitator, and digital specialists to aid teachers in designing lessons and products that meet the rigor of the standards e) Ensure classroom teachers and all specified staff receive yearly six hour Gifted and Talented update Staff Responsible for Monitoring: Principal, Assistant Principal, GATE Teacher, Academic Coach Problem Statements: Student Learning 2, 3 - School Processes & Programs 1		Formative			Summative
		Nov	Jan	Mar	June
					

Strategy 5 Details		Reviews			
Strategy 5: Continue to administer progress monitoring assessments for the purpose of closing the achievement gaps, achieving HB3 Board goals and responding to the individual needs of students. Actions: a) Follow district and campus assessment calendars b) Participate in Universal Screeners three times a year: Beginning of Year (BOY), Middle of Year (MOY), and End of Year (EOY) c) Progress monitor students in Reading (BAS, Star Renaissance, mClass), Writing (Norma Jackson) and Math (Star Renaissance) throughout the school year (occurs between BOY, MOY, and EOY); Fact Fluency Running Records d) Conduct interim assessments in Grades 3-5, Reading and Math twice a year e) Create and conduct online nine weeks assessments for 2nd-5th grade in Math using Aware f) Respond instructionally by utilizing data and support from Academic Coach and Multi-Tiered Systems of Support (MTSS) staff g) In Math, spiral review previously learned Texas Essential Knowledge and Skills (TEKS) on a weekly basis Staff Responsible for Monitoring: Principal, Assistant Principal, Academic Coach, and Teachers Title I: 2.4, 2.5, 2.6 Problem Statements: Demographics 3		Formative			Summative
		Nov	Jan	Mar	June
					

 No Progress
 Accomplished
 Continue/Modify
 Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 3: While most of our students meet the district and campus goal of achieving at least one year's growth in Math, there is still an achievement gap in this subject area. Root Cause: Despite most students meeting the growth goals in Math, an achievement gap persists due to underlying disparities in instructional quality, access to resources, or individual learning needs that are not fully addressed.
Problem Statement 4: There is a disconnect between K-2 and 3-5 Writing; students are not making adequate progress as they enter upper grades. Root Cause: With the addition of Extended Constructed Responses on the STAAR tests, students are not adequately prepared when using the current writing curriculum.
Student Learning
Problem Statement 2: There is not adequate growth in Masters scores in most subject areas for students in Grades 3-5 Root Cause: Students are not achieving growth from Meets to Masters levels due to potential gaps in instructional strategies, support systems, or enrichment opportunities that may not fully address the needs of advanced learners.
Problem Statement 3: Based on previous STAAR scores, Meets and Masters scores have decreased in Reading and Math for all grades. Root Cause: The campus is not providing sufficient differentiation opportunities for students.
Problem Statement 4: Students are not achieving allowable points on Writing responses in Grades 3-5. Root Cause: Additional professional learning is needed in this area so students are prepared for the writing components tested on STAAR.

School Processes & Programs

Problem Statement 1: The Reading and Math year's growth data for Snow Heights shows that our higher level Tier One students are not making adequate growth. **Root Cause:** The campus is not providing sufficient differentiation opportunities for students.

Problem Statement 2: Students are slow to respond to intervention as many are not moving off tiers in a timely manner. **Root Cause:** Insufficient adherence to Tier 1 instructional priorities and inconsistent implementation of interventions may be contributing to gaps in student learning and achievement.

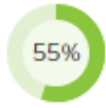

Problem Statement 3: Insufficient time and intentional collaboration for data analysis across grade levels are limiting the effectiveness of data-driven instruction and decision-making. **Root Cause:** Limited time and lack of structured collaboration for data analysis may hinder the ability to fully understand and address student needs, impacting the overall effectiveness of instructional strategies and interventions.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 2: Close achievement gaps that exist for all under-performing student groups as measured by state and district assessments. Meet all progress monitoring targets for grades prekindergarten - 3rd in reading and mathematics for identified student groups as measured by a district-approved monitoring instrument.

HB3 Goal

Evaluation Data Sources: Historical performance by student subgroup on state and district assessments

Strategy 1 Details	Reviews			
<p>Strategy 1: Build strong, equitable, and responsive learning environments to ensure program quality, coherency, and efficiency</p> <p>Actions: a) Design a master schedule that includes protected time for Tier 1 instruction b) Utilize collective data in MTSS collaborative conferences to make instructional decisions based on the needs of individual students c) Provide part time Reading and Math tutors to serve Tier 2 students in order to decrease learning gaps and increase student performance d) Utilize content tutors to provide small group/accelerated instruction based on individual student needs e) Ensure that any teacher or staff member that provides specialized services to students receive training in strategies aligned to program requirements f) Provide regular opportunities for Special Education teachers to plan for instruction with General Education to ensure proper alignment is taking place in all subject areas g) Ensure that Special Education is represented in Vertical Alignment Teams (Reading/Writing, Math, and Science) h) Share information to staff and parents about specialized programs documented through professional learning opportunities, 504 meetings, Admission, Review, & Dismissal (ARDs), parent/teacher conferences, etc. i) Utilize student information systems, Success Ed/Focus, to monitor program responses to students who are identified as 504, Special Education, or RtI j) Utilize resources to provide personnel, technology, and instructional materials in order to close achievement gaps in core content areas k) Ensure all teachers are certified to teach English Language Learners-Emergent Bilinguals l) Utilize the district's English Learners Teacher Toolkit as well as Elevation m) Share English Learner district training opportunities with teachers n) Conduct Language Proficiency Assessment Committee (LPAC) meetings to address student needs</p> <p>Staff Responsible for Monitoring: Principal, Assistant Principal, Counselor, Instructional Facilitator</p> <p>Title I: 2.6</p> <p>Problem Statements: Demographics 2 - Student Learning 1</p> <p>Funding Sources: Title I Tutors - 211 - Title I - \$30,000</p>	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
Strategy 2: Provide professional learning that assists teachers in developing, administering, and using student performance data to evaluate student growth Actions: a) Utilize campus Instructional Facilitator (IF) to collaborate with teachers through the PLC process and evaluate student growth on a regular basis b) Conduct Progress Monitoring measures in Reading, Math, and Writing throughout the school year c) Teachers create nine week assessments in K-2 Math based on the rigor of the standards d) Using Aware, teachers create online assessment in 3-5 Math based on the rigor of the standards e) Conduct MTSS collaborative conferences throughout the school year: BOY, MOY, EOY, and two progress monitoring meetings f) Ensure collaboration between grade level PLCs and classroom/Special Education teachers and interventionists g) Share and attend district professional learning opportunities in regards to progress monitoring-Lead Forward, Aware, Focus, etc. h) Provide training to classroom teachers on appropriate interventions and approved accommodations Staff Responsible for Monitoring: Principal, Assistant Principal, Counselor, Instructional Facilitator, Digital Learning Specialist Problem Statements: School Processes & Programs 1, 3, 4	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 3 Details	Reviews			
Strategy 3: Continue implementation of the district's PDSA process to improve instruction, data analysis, and student growth. Actions: a) Grade levels display, post, and update BOY, MOY, and EOY Reading, Writing, and Math data in hallways and in classrooms b) Grade levels implement personal digital data folders for each student in Reading, Writing, and/or Math c) Conduct individualized teacher/student conferences to track data, set goals, and implement student created PDSAs d) Utilize grade level PLCs to analyze and discuss data Staff Responsible for Monitoring: Principal, Assistant Principal, Instructional Facilitator Problem Statements: School Processes & Programs 3	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 4 Details	Reviews			
Strategy 4: Enlist community and business partners to assist in providing support to students and families Actions: a) Design and implement a school wide plan to increase parent involvement b) Provide a Curriculum Information Night to inform parents on best practices c) Conduct a Science Night for students and parents to gain a deeper knowledge in all aspects of Science d) Grade levels provide a weekly newsletter to keep parents informed of classroom expectations e) Principal shares Capturing Kids' Hearts strategies, academic, and/or safety tips, or relevant information in regards to parenting in monthly newsletter f) Implement Mentor Program to serve students using volunteers from Cross Church or other community members g) Utilize essential parent volunteers/Parent Teacher Association (PTA) members to assist teachers inside and outside of the classroom h) Host a "Good News Club" for students on a weekly basis throughout the school year Title I: 4.1, 4.2 Problem Statements: Demographics 1 - School Processes & Programs 5 - Perceptions 2, 3	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 5 Details	Reviews			
Strategy 5: Develop, implement, and monitor a campus process to ensure identification and accurate coding of all students who qualify to receive services under the fifteen At Risk indicators Actions: a) Provide training to specified staff members on identifying At Risk students b) Create profile sheets on identified students to track At Risk indicators c) Meet quarterly to ensure coding is updated and accurate Staff Responsible for Monitoring: Principal, Assistant Principal (PEIMS Coordinator), and Counselor Problem Statements: School Processes & Programs 4 - Perceptions 3	Formative			Summative
	Nov	Jan	Mar	June
				
 No Progress  Accomplished  Continue/Modify  Discontinue				

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Campus attendance is falling short of the 97% goal, indicating a need for improvement in maintaining student attendance rates. Root Cause: Decreased attendance rates since COVID-19 may be due to lingering impacts of the pandemic, such as health concerns, changes in routine, or challenges in re-engaging students and families.
Problem Statement 2: In addition to Resource and Speech students, we have two self-contained Special Education classes on campus. This puts Snow Heights with a 21.83% in Special Education which is almost a 4% increase from the previous school year and above the district average. Root Cause: The increase in the percentage of Special Education students at Snow Heights, including those coming from other campuses for specialized programs, may be due to changes in district-wide placement practices, variations in student support needs, or adjustments in enrollment patterns.

Student Learning

Problem Statement 1: Most of our Special Education students are not meeting the Approaches level on any STAAR test they take. **Root Cause:** Many of our Special Education students do not qualify for STAAR Alt. While these students can utilize accommodations, many are still below grade level and struggle completing the STAAR test at the Approaches level.

School Processes & Programs

Problem Statement 1: The Reading and Math year's growth data for Snow Heights shows that our higher level Tier One students are not making adequate growth. **Root Cause:** The campus is not providing sufficient differentiation opportunities for students.

Problem Statement 3: Insufficient time and intentional collaboration for data analysis across grade levels are limiting the effectiveness of data-driven instruction and decision-making. **Root Cause:** Limited time and lack of structured collaboration for data analysis may hinder the ability to fully understand and address student needs, impacting the overall effectiveness of instructional strategies and interventions.

Problem Statement 4: Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools. **Root Cause:** Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools.

Problem Statement 5: Campus attendance is falling short of the 97% goal, indicating a need for improvement in maintaining student attendance rates. **Root Cause:** Decreased attendance rates since COVID-19 may be due to lingering impacts of the pandemic, such as health concerns, changes in routine, or challenges in re-engaging students and families.

Perceptions

Problem Statement 2: Despite having social-emotional learning programs in place, there is a perceived gap in the training and support provided for positive social skills, violence prevention, conflict resolution, and communication/decision-making skills, as indicated by feedback from students and parents. **Root Cause:** In regards to Social Emotional Behaviors, students and parents indicated a need for training in positive social skills, violence prevention, conflict resolution, and communication/decision making skills.

Problem Statement 3: Parents have expressed a need for more communication regarding curriculum expectations and disciplinary procedures, indicating that current methods may not effectively keep them informed. **Root Cause:** Current communication strategies and outlets (campus, teacher, grade level) may be insufficient or inconsistent in conveying curriculum expectations and disciplinary procedures, leading to gaps in parental awareness and understanding.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 3: Students will display an awareness of social-emotional development as measured by a district-administered student survey.

Evaluation Data Sources: Social-Emotional Learning survey TBD

Strategy 1 Details	Reviews			
Strategy 1: 1) Implement the district curriculum for social and character development (SCD) Actions: a) Ensure delivery of lessons using CKH and Character Strong curriculum that provides students with experiences to develop character values b) Implement activities that will integrate character values throughout the campus-Counselor Guidance Lessons, and Grade Level Service projects, etc. c) Implement and maintain a Kindness Club for students in Grades 2-5 d) Counselors deliver classroom guidance lessons addressing suicide prevention and bullying warning signs, resources, and strategies e) Implement and regularly refer to Continuous Improvement mission statements and CKH Social Contracts f) Ensure Capturing Kids' Hearts strategies are being utilized (greetings, affirmations, the 4 questions, etc.) g) Create after school groups that build upon the social/emotional needs of students-Kindness Crew, Yearbook, Pep Club, Polar Gazette etc. h) Create and host lunch bunch groups to address student needs-Grief/Divorce support, Friendship, Anger, etc. i) Recognize students each nine weeks that demonstrate the district's character traits Staff Responsible for Monitoring: Principal, Assistant Principal, Counselor Problem Statements: Perceptions 2	Formative			Summative

Performance Objective 3 Problem Statements:

Perceptions
Problem Statement 2: Despite having social-emotional learning programs in place, there is a perceived gap in the training and support provided for positive social skills, violence prevention, conflict resolution, and communication/decision-making skills, as indicated by feedback from students and parents. Root Cause: In regards to Social Emotional Behaviors, students and parents indicated a need for training in positive social skills, violence prevention, conflict resolution, and communication/decision making skills.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 4: Reduce the number of students assigned to behavioral MTSS Tiers 2 and 3.

Evaluation Data Sources: Behavioral RtI data records

Strategy 1 Details	Reviews			
Strategy 1: 1) Implement the behavioral MTSS plan with fidelity. Actions: a) Monitor district expectations of Behavior interventions as stated in the MTSS handbook b) Regularly conduct collaborative conferences with teachers and staff members in regards to student behavior (BOY, MOY, EOY, and two progress monitoring meetings) c) Implement weekly Social Emotional Behavior (SEB) strategies such as Capturing Kids Hearts (CKH) & Character Strong lessons to align with the whole child tenets d) Ensure use of Capturing Kids' Hearts (CKH) in classrooms and throughout the campus e) Utilize campus wide discipline plan f) Utilize the district Behavior Facilitator or General Education Behavior RtI Facilitator when needed g) Conduct bi-monthly guidance lessons to support classroom SEB instruction h) Provide ongoing training and support for all staff to build their capacity to implement MTSS i) Set and monitor student goals in regards to behavior using Success Ed and/or Focus j) Provide supplemental resources to support SEB-interest inventories, ABC chart, behavior charts, etc. k) Communicate CKH strategies to parents/guardians through grade level and campus newsletters l) Utilize Crisis Intervention Counselor to provide support to students in areas of social-emotional behavior. School Processes & Programs
Problem Statement 4: Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools. Root Cause: Misalignment between cluster campuses, including middle and high schools, is leading to inconsistent educational experiences and outcomes across our feeder schools.

Perceptions

Problem Statement 2: Despite having social-emotional learning programs in place, there is a perceived gap in the training and support provided for positive social skills, violence prevention, conflict resolution, and communication/decision-making skills, as indicated by feedback from students and parents. **Root Cause:** In regards to Social Emotional Behaviors, students and parents indicated a need for training in positive social skills, violence prevention, conflict resolution, and communication/decision making skills.

Problem Statement 3: Parents have expressed a need for more communication regarding curriculum expectations and disciplinary procedures, indicating that current methods may not effectively keep them informed. **Root Cause:** Current communication strategies and outlets (campus, teacher, grade level) may be insufficient or inconsistent in conveying curriculum expectations and disciplinary procedures, leading to gaps in parental awareness and understanding.

Goal 2: Utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 1: Increase the annual total average daily attendance (ADA) as compared to the prior school year, through improved student retention, recruitment, and days in attendance.

Evaluation Data Sources: Overall district ADA as per Summer PEIMS submission

Strategy 1 Details	Reviews			
Strategy 1: 1) Monitor campus initiative to improve and address student attendance, social needs that interfere with attendance, and collect pertinent data on strategies that mitigate poor student attendance. Actions: a) Implement Truancy Prevention Measures-make contact by phone to discuss concerns/needs b) Continue monitoring student and staff attendance each nine weeks; post on Attendance Wall c) Implement grade level and/or classroom incentive measures to increase attendance d) Recognize Perfect Attendance (student and staff) at Celebration Assemblies e) Share district Attendance information (fliers, social media posts, etc.) to inform parents about the importance of student attendance f) Utilize district Tribunal for students with poor attendance Staff Responsible for Monitoring: Principal, Assistant Principal Problem Statements: Demographics 1 - School Processes & Programs 5	Formative			Summative

Root Cause: Decreased attendance rates since COVID-19 may be due to lingering impacts of the pandemic, such as health concerns, changes in routine, or challenges in re-engaging students and families.

Perceptions

Problem Statement 3: Parents have expressed a need for more communication regarding curriculum expectations and disciplinary procedures, indicating that current methods may not effectively keep them informed. **Root Cause:** Current communication strategies and outlets (campus, teacher, grade level) may be insufficient or inconsistent in conveying curriculum expectations and disciplinary procedures, leading to gaps in parental awareness and understanding.

State Compensatory

Budget for Snow Heights Elementary

Total SCE Funds: \$65,899.00

Total FTEs Funded by SCE: 1.99

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for Snow Heights Elementary

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Carrie McCaghren	Teacher	0.33
Kelly DAvis	Educational Assistant	0.33
Sheri Norton	Instructional Facilitator	1
Shonna Whitmore	Reading Intervention	0.33

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was conducted during the months of March and April 2024. It was then presented in May using data from the 2022-2023 and any current data from the 2023-2024 school year which included STAAR achievement, TELPAS and universal screener results, attendance and behavior data, and spring survey feedback.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed with the following stakeholders:

Kelly Lebsock-Physical Education Teacher, SBDM Member

Myciah Baxter-4th Grade Teacher, SBDM Member

Michelle Howard-3rd Grade Math Teacher, SBDM Member

Jillian Dreixler-Assistant Principal, LOL & SBDM Member

Tonya Bishop-1st Grade Teacher, SBDM Member

Susan Nall-Principal

Kerri Sands-District MTSS Facilitator

Chelsea White-SHE parent

Melissa Vittas-SHE parent, PTA Member

Don Beach-Business Representative & Volunteer

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March and June each school year.

2.3: Available to parents and community in an understandable format and language

The Snow Heights 2024-2025 campus plan will be available to parents and community members on the campus' website: www.birdvilleschools.net/she. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, approximately 52% of our students were identified as at-risk based on one or more of the following criteria:

- (1) low performance on a readiness test or assessment instrument
- (2) semester failure of two or more academic subjects
- (3) grade retention
- (4) lack of satisfactory performance on state-mandated testing
- (5) pregnancy or parenthood
- (6) placement in an alternative education program
- (7) expulsion
- (8) parole, probation, deferred prosecution, or conditional release
- (9) drop out status
- (10) limited English proficiency
- (11) custody or care of the Department of Protective and Regulatory Services
- (12) homelessness
- (13) residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social/emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research based instructional strategies such as:

- Continuous Improvement
- Capturing Kids Hearts
- Phonics Instruction in K-3
- Workshop Model
- Accelerated Instruction
- Math/Numeracy Intervention
- Leveled Literacy Intervention
- Responsive Classroom
- TBRI Training
- Social Emotional Curriculum-Character Strong

Increased learning time is provided through pull out intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at risk student population. , The campus will continue to emphasize the importance of communication between the school and home, as well as provide parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of

programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning
4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Kathleen Kaiser, parent

Casey Orr, parent

Dana Sutton-parent

Robin Doyle, parent

Kim Drees, parent

Bonnie Jordan, parent

Lindsey Gill, parent

Helen Haack, parent

Katy Kemp, parent

Ginny Tanner, parent/teacher

Laura Wilson, parent/Counselor

Susan Nall, Principal

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the

fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

The following family engagement activities are planned for 2024-2025:

August: Meet the Teacher/Curriculum Night, Aug.8, 2024

September: Title I Meeting & Grade Level Curriculum Night, September 19, 2024

November: Polar Bash, November 9, 2024

December: Cookies with Santa, December 12, 2024

February: Science Night, February 20, 2025 at Fort Worth Science Museum

February: World Read Aloud Day, February 5, 2025

March: Discover Birdville Event, date tbd

March: Polar Hop, March 7, 2025

April: Fun Run, April 3, 2025

May: Field Day, May 2, 2025

April Family Engagement Policy and Compact Revision (date tbd)

May: Talent Show, May 16, 2024

August Refresh Back to School Event (date tbd) at WG Thomas Coliseum

Campus Funding Summary

Snow Heights Elementary Parent Involvement Policy

OVERVIEW

As per Public Law 107-110, the *No Child Left Behind Act*, Snow Heights Elementary has adopted the following policy to ensure that the staff coordinates all possible programs to provide quality services to our children and families and to afford parents substantial and meaningful opportunities to participate in the education of their children.

Our goal is to maximize opportunities for all parents to participate in ways that will help all children to be successful in the meeting the State's academic content and academic achievement standards. In addition, we strive to provide opportunities for parents to assist us in maximizing our students' potential to become successful citizens upon completion of their public school careers.

To reach our goal, the staff and representative parents have drafted the following policy outlining the ways in which parents are encouraged to participate in the life of the school and the ways we will reach out to parents

REQUEST FOR SUGGESTIONS

The staff at Snow Heights Elementary invites parents to offer suggestions for improving our efforts to involve parents in meaningful ways. Please call Susan Nall at (817) 547-2200 or email Ms. Nall at susan.nall@birdvilleschools.net to give us your suggestions or to discuss opportunities for you to work directly with us.

Snow Heights Elementary Parent Involvement Policy

OVERVIEW

As per Public Law 107-110, the *No Child Left Behind Act*, *Snow Heights Elementary* has adopted the following policy to ensure that the staff coordinates all possible programs to provide quality services to our children and families and to afford parents substantial and meaningful opportunities to participate in the education of their children.

Our goal is to maximize opportunities for all parents to participate in ways that will help all children to be successful in the meeting the State's academic content and academic achievement standards. In addition, we strive to provide opportunities for parents to assist us in maximizing our students' potential to become successful citizens upon completion of their public school careers.

To reach our goal, the staff and representative parents have drafted the following policy outlining the ways in which parents are encouraged to participate in the life of the school and the ways we will reach out to parents

REQUEST FOR SUGGESTIONS

The staff at Snow Heights Elementary invites parents to offer suggestions for improving our efforts to involve parents in meaningful ways. Please call Susan Nall at (817) 547-2200 or email Ms. Nall at susan.nall@birdvilleschools.net to give us your suggestions or to discuss opportunities for you to work directly with us.

SNOW HEIGHTS ELEMENTARY SCHOOL

TITLE I, PART A PARENT AND FAMILY ENGAGEMENT POLICY

Statement of Purpose

The purpose of the Snow Heights Elementary Parent and Family Engagement Policy is to promote a highly effective working partnership among families and staff. Snow Heights Elementary has adopted the policy to ensure that we provide parents and families with substantial and meaningful opportunities to participate as equal partners in the education of their children. The campus will build capacities of staff, parents, families, and community members to work together as equal partners to improve achievement for all students.

Goals

- Snow Heights Elementary will promote regular, two way communication between home and school through principal and grade level newsletters, social media, the school's website, parent conferences, and monthly meetings
- Parents, families, educators, and community members assist in improving student achievement by supporting family involvement in the education of their children
- Snow Heights Elementary will provide a safe and open atmosphere for parents and families to visit the school and to actively encourage parent and family support and assistance for school programs
- Snow Heights Elementary and its staff will develop and deliver timely information and training to parents
- Snow Heights Elementary will respond to such barriers as language, culture, education levels and work schedules of parents and families that may limit opportunities to participate fully in the education of their children
- Parents and families support their children's learning at home and in school and serve as their children's advocate
- Snow Heights Elementary will disseminate information to parents on all required Title 1 notifications

Annual meeting

Snow Heights Elementary will hold an annual parent meeting to educate parents about Title I funding and how it will be used to support the parent and family engagement. The campus will also host a flexible number of meetings with parents throughout the school year. A primary goal of these meetings will be to establish parents as equal partners in their child's academic achievement.

Parents' Right to Know

Snow Heights Elementary will provide parents with an annual notification that outlines the parents' right to know about the professional qualifications of the classroom teachers who instruct their child, as well as any paraprofessionals who provide services to the child.

Building Capacity for Parent-School Partnerships

Snow Heights Elementary will facilitate the use of district resources by parents and families, including those provided through Birdville ISD parent liaisons and staff:

- Training for parents in understanding students' state and local assessment and screener results
- Other parent trainings based on identified needs and requests
- Links to external agency resources, as needed
- Parenting skills classes
- ESL classes
- Homework help training
- Translation services for homework
- Interpreter services for ARD, LPAC, PPCD evaluations, counseling, psychological evaluations, teacher/principal conferences with parents at Title I, Part A schools, district meetings, PTA, and others

School-Parent Compacts

Snow Heights Elementary will jointly develop and share with parents a school-parent compact. The school-parent compact outlines how parents, staff, and students share the responsibility for improved student academic achievement. It also describes the necessary partnership that must develop between the school and its families through regular two-way, meaningful communication. Snow Heights Elementary will undertake an annual collaborative review of its school-parent compact and make revisions as needed.

Snow Heights Elementary has a responsibility to:

- Implement high-quality curriculum and instruction in a supportive and effective learning environment
- Utilize relevant sections of the school-parent compact to guide parent-teacher conferences
- Provide frequent reports to parents on their child's progress
- Offer parents reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities
- Initiate and respond to parent communications

Parent responsibilities to support their child's learning include:

- Ensuring regular attendance
- Participating in decisions related to their child's education
- Monitoring positive use of extracurricular time, establishing healthy habits, and modeling literacy at home
- Completing an online volunteer registration form and volunteering on campus, whenever practical
- Initiating and responding to school communications

Parent Engagement Evaluation

Each spring, Snow Heights Elementary will assemble a team, including Title I parents, teachers, and staff members, to review the content and effectiveness of family engagement policies and programs. Evaluation information will be collected through parent surveys that gauge levels of family engagement while identifying barriers to parent participation. Based on this input and through a collaborative consultation process, the campus will review the existing family engagement policy and make revisions as necessary.

DEMOGRAPHICS

STRENGTHS

Snow Heights Elementary has many strengths. Some of the most notable demographic strengths include:

1. The community of Snow Heights is steeped in tradition, involved, consistent, and committed to education. Many families stay in the area just for the school and many of the teachers went to Snow Heights as students. Since our families value education, we have many supportive parents and students who strive for success.

2. The attendance rate at Snow Heights Elementary is always a focus for any school year and will continue to be for the current year. It remains very close year to year: 96.8% in 2015-2016, 96.6% in 2016-2017, 96.0% in 2017-2018, and 96.2% in 2018-2019. Since Covid, attendance has decreased but is back to the 96% for the 2022-2023 school year.

3. Students at Snow Heights Elementary are very accepting of new students regardless of race or ethnicity. Utilizing the district's SELFIE attributes as well as Capturing Kids' Hearts keeps the student and staff committed to building strong relationships with one another. These strong relationships spillover into the homes of our families and in our community.

AREAS FOR GROWTH

- Our campus has yet to meet our attendance goal of 97%.
- In addition to Resource and Speech students, we have two AABLE classes on campus. This puts Snow Heights with a 18.4% in Special Education which is an increase from the previous school year and above the district average.
- While most of our students meet the district and campus goal of achieving at least one year's growth in Math, there is still an achievement gap in this subject area.

GOALS

- Meet and maintain school attendance goal of 97% for the 2023-2024 school year.
- Follow RtI guidelines/ interventions and SpEd protocols prior to recommending SpEd testing for a student
- Focus on students achieving moving from one level to the next (Approaches, Meets or Masters) on STAAR test in Math for the 2023-2024 school year
- Focus on progress monitoring in all subject areas to monitor growth

PERCEPTIONS

STRENGTHS

During the 2022-2023 school year, Snow Heights Elementary collected data from students and parents in regards to school safety, processes, and events. Staff, parents, and students in Grades 4-5 completed these surveys during the Spring of 2023. Data collected included perceptions of the overall safety environment of Snow Heights as well as meeting the social/emotional needs for students. In addition, a campus survey was sent to all SHE families to obtain their level of satisfaction of the 2022-2023 school year.

Survey results indicated the following regarding perceptions of school safety, processes, procedures, and campus activities:

- Over 90% of student responses showed that students were trained and ready to implement Standard Response Protocols
- 96% of parents reported that their student had a trusting relationship with at least one adult on campus and felt the campus was safe and orderly
- Parents and Staff shared the importance of all student/family activities set Snow Heights apart from other campuses

AREAS FOR GROWTH

- Even though students indicated that they are aware of Standard Response protocols, parents need more communication in this area so they can discuss with their student(s)
- Students and parents indicated a need for training in positive social skills, violence prevention, conflict resolution, and communication/decision making skills as well as bullying prevention.
- Parents want more communication when it comes to curriculum expectations and disciplinary procedures

GOALS

- Continue to conduct BISD safety survey as well as campus surveys to monitor student & community perceptions
- Utilize Capturing Kids' Hearts strategies
- Implement SEL curriculum to students; Provide parents/guardian SEL resources
- Continue providing after school clubs for students: Yearbook, Polar Gazette, Good News Club, Dance Club, etc.
- Continue building strong relationships with PTA and community members

STUDENT LEARNING

STRENGTHS

Snow Heights Elementary has a population of hard-working, high achieving students. The campus is proud of many different student achievement strengths, including:

- Strong Reading scores in 4th and 5th Grades
- Strong Math scores in 5th Grade
- Closing gaps on Achievement

Accountability Rating=A

*based on 2022 data

AREAS FOR GROWTH

- There continues to be a decrease in Masters scores in most subject areas for students in Grades 3-5
- Even though Math scores have improved, many students are not meeting the campus expectation of achieving Approaches or Meets on the Math STAAR test
- Special Education students are not performing well (obtaining Approaches level) on the STAAR test

GOALS

- Ensure vertical alignment is taking place in Math, Reading/Writing, and Science with intentionality
- Implement strong Tier 1 instruction to ALL students
- Provide intervention/ accelerated instruction through tutors
- Implement PLC process to discuss student growth and progress
- Track student growth in data folders

PROCESSES & PROGRAMS

STRENGTHS

The academic and behavior RtI program serves students in grades K through 5. Students are identified for tiered intervention services using data from Reading and Math universal screeners administered three times each year as well as consideration of other performance evidence by a collaborative conference committee. Our goal is to keep intervention groups small and staffed appropriately which will aid students in closing gaps in their learning and behavior. In addition, we offer enrichment to our Tier 1 students by utilizing tutors and other staff members.

AREAS FOR GROWTH

- The Reading and Math year's growth data for Snow Heights shows that our higher level Tier One students are not making adequate growth.
- Students are slow to respond to intervention as many are not moving off tiers in a timely manner.
- Ensure time is allotted to analyze data in all grade levels
- Focus on alignment with cluster campuses including middle and high schools

GOALS

- Teachers meet in vertical teams throughout the year to align curriculum and interventions on campus
- Collaborate and plan with comparison campuses to strengthen cluster alignment
- Utilize trained tutors and classroom teachers to assist in providing intervention to Tier 3 students
- Implement Tier 1 priorities to ensure strong Tier 1 instruction is being delivered
- Utilize Crisis Intervention Counselor to assist Counselor in forming and hosting groups
- Provide minutes in the daily schedule to address SEL learning

Birdville Independent School District
Cheney Hills Elementary
2024-2025 Campus Improvement Plan

Mission Statement

The mission of Cheney Hills Elementary is to empower our diverse community by creating a welcoming environment that provides impactful learning experiences for students so that they can realize their value and potential on their own journey to academic excellence.

Vision

Our vision is to be a school of excellence where our students are inspired to learn and engage through extraordinary experiences, preparing them for an ever-changing, diverse society.

Core Beliefs

We believe kids come first.

We believe we have the power to change lives.

We believe in providing every student an opportunity to learn and grow.

We believe that fostering positive relationships along with a growth mindset is essential to student success.

Demographics

Demographics Strengths

Demographics

Demographics Summary

Students

Cheney Hills Elementary is a Title I campus serving approximately 690 students, of which 75% are Hispanic, 11% White, 8% Black/African American, 2% Asian, and 1% are two-or-more races. The percentage of Hispanic students has steadily increased while the percentage of White students has decreased. The campus currently has 88% percent of the students qualifying for free and/or reduced lunch, a steady increase over previous years. Emergent Bilinguals represent about 47% of the student population. Special Education serves roughly 17% of students in K-5 and roughly 2% of student population qualify at Gifted and Talented.

Our mobility rate is 24.7%, which is about 8% higher than the state average of 16.8%. Our attendance rate is 94.3% which is a slight improvement over the previous rate of 93%.

Teachers

A total of 91 staff members were employed by the campus in the 2023-2024 school year. Of those staff, 16% were administrative support, 59% were teachers, 24% were educational assistants. Approximately 37% of the teaching staff is bilingual.

Demographics Strengths

Cheney Hills Elementary is a 3 year old facility finished in August of 2021. The campus combines two former district elementary campuses Major Cheney and Richland Hills. Our building is named after Major Cheney who was an educational pioneer in the late 1800's. He donated hundreds of acres and petitioned Birdville ISD to construct a school that would serve African Americans for several decades. His great-great-granddaughter currently serves on the BISD School Board. The latter part of the school name comes from being located in Richland Hills.

Cheney Hills Elementary is a neighborhood school that is nestled between the two main communities it serves. It is connected via a pedestrian bridge to the community on its south allowing easy access by foot for that community.

Cheney Hills has a majority Hispanic student population which lends itself to a rich traditional "family feel" on our campus.

Many parents are eager and willing to do what they can to help their students - we have seen a marked increase in parent and community

involvement this past school year.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The overall attendance percentage for the 2022-23 school year was 94.3. Our goal for the 24/25 year is 95.5%. **Root Cause:** Campus attendance systems (daily calls, house visits, attendance letters, etc) did not effectively address attendance issues as there is a need for parent education on the importance of regular school attendance.

Student Learning

Student Learning Summary

Overall, out of 634 total tests, 58% met the *Approaches GL* standard or above, 28% met the *Meets GL* standard or above, and 10% achieved the *Masters GL* standard.

By Subject:

- **Reading/Language Arts (RLA):** 61% of students met the *Approaches GL* standard or above, with 33% reaching *Meets GL* and 14% achieving *Masters GL*.
- **Mathematics:** 61% of students met the *Approaches GL* standard or above, 29% reached *Meets GL*, and 9% achieved *Masters GL*.
- **Science:** 37% of students met the *Approaches GL* standard or above, with 13% reaching *Meets GL* and 3% achieving *Masters GL*.

Accountability Groups:

- **Overall performance** varied by group, with African American students performing lower at *Approaches GL* (41%) compared to other ethnicities, and students in high-focus groups showing similar trends.

This data highlights strengths and areas for improvement across subjects and student groups, with specific attention needed for enhancing performance in Mathematics and Science.

Student Learning Strengths

Cheney Hills Elementary students demonstrated growth in the following areas as measured by STAAR.

Math English scores showed increases in the approaches level for 3rd and 4th grades. There were also increases in the meets level for 3rd and 5th grades. The masters level showed increases in 4th and 5th grade. Math Spanish showed increased performance at the approaches level for all three grades and a slight increase at the masters level in 3rd grade.

Reading Language Arts English scores at the meets level showed improved student performance at the meets level in 5th grade and improvement at the masters level in grades 3 and 5. Reading Language Arts Spanish student performance showed increases at the approaches level for 5th grade and at the masters level for grade 3.

Science English scores showed minimal increases at the approaches and masters level and a small increase in the meets level.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is noted variance in instructional resources and practices being used in our curriculum. **Root Cause:** Teachers need to be trained in accessing district-vetted materials, resources, and strategies.

Problem Statement 2 (Prioritized): Students need to learn and utilize strategies to aid in making connections in math, reading, writing, and science routinely. **Root Cause:** Teachers have taught students how to use strategies, students are not successfully utilizing strategies to make connections in math, reading, writing, and science.

School Processes & Programs

School Processes & Programs Summary

Cheney Hills Elementary is a Title I school that provides extensive support and programs for students and staff. Staff are supported through professional learning opportunities guided by campus and district coaches. Teachers are also provided support by administrators and coaches through Professional Learning Community coaching cycles and T-TESS walk-throughs. In addition to professional learning, weekly PLC meetings reinforce learning by analyzing data, sharing high yield strategies, discussing implementation, studying educational relevant articles, etc. Teachers practice strategies, share lessons and receive feedback from their team and from 3 academic coaches.

The 24/25 school year marks the second year in the process of becoming a Leader In Me campus. Leader in Me is an evidence-based, comprehensive model that builds leadership and life skills in students, creates a high-trust school culture, and lays the foundation for sustained academic achievement. There are over 5,000 Leader in Me schools in all 50 states and in over 50 countries. Their mission is to unleash the greatness in students, educators, and school communities everywhere. The Leader in Me premise is rooted in Steven Covey's seminal work, *Seven Habits of Highly Effective People* but presents the content in a student-friendly manner. The intent of the campus is to become a "Lighthouse Campus." A Lighthouse Campus is a campus that embodies the Leader in Me principles to such a degree that they become a demonstration school for other campuses that desire to become a Leader in Me Campus. We then want to be able to be a "Leadership Academy" for Birdville as a way to promote what we do and how we reach students.

School Processes & Programs Strengths

- Strong bilingual program
- Instructional coaches and administration have created a syllabus of needed professional development to be delivered over the course of the school year.
- A cadre of instructional coaches and district content coordinators lead professional development
- Professional learning content for Monday faculty meetings and weekly Professional Learning Community meeting times have been planned for the year.
- Administrators provide timely feedback.
- Curriculum planning times for teams and with opportunities for collaboration.
- Student Management System built on teacher responsibilities.
- Student Council
- Leader In Me

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Students are not reaching their potential in academic achievement. **Root Cause:** Implementation of key instructional strategies such as goal setting and reflection, workshop model, and formative assessment are not consistent within the class or across campus.

Perceptions

Perceptions Summary

The following information was taken from our Campus Needs Assessment Parent survey last May:

- Over 88% of the parents surveyed indicate that their child feels safe while at school
- 100% of surveyed parents state that they feel the learning environment for their student is excellent
- Over 85% of surveyed parents state they feel that they can communicate effectively with their child's teacher
- 94% of surveyed parents report that their child likes coming to school
- Over 95% of surveyed parents report that if they had a question that the staff has been there to help
- Over 85% of surveyed parents report that their child's academic needs are being met

Perceptions Strengths

The results from the Campus Needs Assessment Parent Survey indicate strong parental satisfaction across several key areas. Over 88% of parents report that their child feels safe at school, a critical component of a positive school environment. Additionally, 100% of surveyed parents believe the learning environment is excellent, highlighting the school's success in creating a strong academic atmosphere. Communication between parents and teachers is also highly regarded, with over 85% of parents feeling they can communicate effectively with their child's teacher. Furthermore, 94% of parents report that their child enjoys coming to school, reflecting a welcoming and engaging school climate. Over 95% of parents feel supported by the staff when they have questions, and more than 85% believe their child's academic needs are being met. These results demonstrate a robust perception of safety, communication, academic support, and overall satisfaction with the school's performance.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Only 85% of the parents reported that their students feel safe while at school. **Root Cause:** The lack of consistent promotion of anonymous alerts and behavior expectations has contributed to this problem.

Priority Problem Statements

Problem Statement 1: Students are not reaching their potential in academic achievement.

Root Cause 1: Implementation of key instructional strategies such as goal setting and reflection, workshop model, and formative assessment are not consistent within the class or across campus.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Only 85% of the parents reported that their students feel safe while at school.

Root Cause 2: The lack of consistent promotion of anonymous alerts and behavior expectations has contributed to this problem.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: There is noted variance in instructional resources and practices being used in our curriculum.

Root Cause 3: Teachers need to be trained in accessing district-vetted materials, resources, and strategies.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: The overall attendance percentage for the 2022-23 school year was 94.3. Our goal for the 24/25 year is 95.5%.

Root Cause 4: Campus attendance systems (daily calls, house visits, attendance letters, etc) did not effectively address attendance issues as there is a need for parent education on the importance of regular school attendance.

Problem Statement 4 Areas: Demographics

Problem Statement 5: Students need to learn and utilize strategies to aid in making connections in math, reading, writing, and science routinely.

Root Cause 5: Teachers have taught students how to use strategies, students are not successfully utilizing strategies to make connections in math, reading, writing, and science.

Problem Statement 5 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data

- Discipline records
- Student surveys and/or other feedback
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

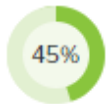

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments

High Priority

HB3 Goal

Evaluation Data Sources: CLI Engage - CIRCLE (prekindergarten reading and math), mCLASS (kindergarten reading and math), mCLASS (grades 1-2 reading), and Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5)

Strategy 1 Details	Reviews			
Strategy 1: Create and provide an aligned campus-wide system for guided reading implementation. Actions: 1) Provide model lesson as needed 2) Provide training and pictures/video of implementation 3) Discuss and monitor student data progress during student data meetings 4) Document usage during administrative walkthroughs 5) Emphasis on word study Staff Responsible for Monitoring: Principal, Assistant Principal, Academic Coach, Teacher Committee Title I: 2.4, 2.5, 2.6 - ESF Levers: Lever 5: Effective Instruction - Additional Targeted Support Strategy Problem Statements: Student Learning 2 Funding Sources: Title I Personnel - 211 - Title I - \$146,393	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details		Reviews			
Strategy 2: Lessons will be designed using the workshop model as an instructional framework. Actions: 1) Teachers will review the critical elements of the workshop model (Mini-Lesson, Work Period, Reflection). 2) Teachers will utilize Reading Language Arts content coordinators as a resource. 3) Administrators and Academic Coach will conduct focus walks giving feedback on effective elements in the workshop model. 4) Guided Reading will be an instrumental piece to an effective workshop. 5) Students will have choice in the selection of texts to work on mastery of the daily learning target. Staff Responsible for Monitoring: Principal, Assistant Principal, Academic Coach TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 5: Effective Instruction - Additional Targeted Support Strategy Problem Statements: Student Learning 2		Formative			Summative
		Nov	Jan	Mar	June
					
Strategy 3 Details		Reviews			
Strategy 3: Students not meeting the standard on the third and fourth grade ELAR and Math STAAR assessment will participate in accelerated instruction. Actions: 1) Students will be grouped in a 1:5 ratio 2) Students will receive front loading instruction delivered by a quality teacher/tutor 3) Teachers will follow the district created curriculum for AI Staff Responsible for Monitoring: Academic Coach, Principal, Assistant Principal TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 5: Effective Instruction - Additional Targeted Support Strategy Problem Statements: Student Learning 1 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$173,028, Title I Tutors - 211 - Title I - \$71,192		Formative			Summative
		Nov	Jan	Mar	June
					

Strategy 4 Details		Reviews			
Strategy 4: Teachers will be consistent in the use of data to inform instructional decisions. Actions: 1) Analyze STAAR, Interim, Common Assessment, & Benchmark Data within 5 days of completion and use protocols to determine next steps. 2) Students will utilize data folders to set achievement goals (based on assessment) and reflect on individual performances. 3) Teachers will utilize a variety of "Checking for Understanding" strategies to determine student instructional needs. 4) Teachers will meet bi-weekly with Principal and Assistant Principal to discuss student progress and compare with performance data. Staff Responsible for Monitoring: Principal, Academic Coach, Assistant Principal TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction - Additional Targeted Support Strategy Problem Statements: Student Learning 1, 2		Formative			Summative
		Nov	Jan	Mar	June
					
Strategy 5 Details		Reviews			
Strategy 5: Build teacher capacity to implement BISD literacy plan Actions: 1. Administrators, Instructional Facilitators, and reading coordinators will conduct guided reading walkthroughs to inform level of fidelity of implementation. 2. The content coordinator will provide professional development in guided reading based on walkthrough data. 3. Model guided lessons as needed. 4. Require teachers to participate in coaching cycles with the campus instructional facilitator. 5. Analyze Benchmark Assessment System beginning and middle of the year data, universal screeners, and progress monitoring data to measure growth and inform instruction. 6. Monthly Lunch and Learn PD with all teachers and coaches. 7. Utilize BISD Tier 1 priority rubric. Staff Responsible for Monitoring: Principal, Assistant Principals, Instructional Facilitators Title I: 2.4 Problem Statements: Student Learning 1, 2		Formative			Summative

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2023 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in May of 2023.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The campus improvement plan was developed by a committee of teachers, staff, parents, business members, and community members.

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, over 80% of students were identified as at-risk based on one or more of the following criteria:

- (1) low performance on a readiness test or assessment instrument
- (2) semester failure of two or more academic subjects
- (3) grade retention
- (4) lack of satisfactory performance on state-mandated testing
- (5) pregnancy or parenthood
- (6) placement in an alternative education program
- (7) expulsion
- (8) parole, probation, deferred prosecution, or conditional release
- (9) drop out status
- (10) limited English proficiency
- (11) custody or care of the Department of Protective and Regulatory Services

(12)homelessness

(13)residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social?emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Leader in Me
- Workshop Model
- Social Skills Training

Increased learning time is provided through teacher and interventionist push-in time, Accelerated Learning, and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognition, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Parent and Family Engagement Plan was developed through the input and involvement of the following: Faculty & School Community

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meetings, and by request in the campus front office.

4.1: Develop and distribute Parent and Family Engagement Policy

The Family Engagement Policy will be posted on our campus website.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Tuesday and/or Thursday evenings in order to accommodate parents' work schedules. The following family engagement activities are planned for 2024-25:

- August - Meet the Teacher Night on campus August 12
- August 29 -Title I Meeting/Curriculum Night
- September 9-12 - Grandparents Day lunches
- September 13 - Skate Night
- October 1 and 2 Bring your parent to PE
- October 24 PTA Meeting
- October - 30 Leader in Me Concert and Trunk-or-Treat
- November 11 PTA and 5th grade program
- December 6 Richland Hills Tree lighting performance
- December 10 PTA and 2nd grade program
- January 23 CiCi's Pizza Night
- January 11 - Howdy Y'all Dance
- January 25 CiCi's Pizza Night
- March Open House on campus and spring book fair open late for parents to attend
- April 10 Chuck E Cheese Night
- April 24 PTA and 1st grade program
- April Family Engagement Policy and Compact Revision on campus
- May 1 PTA and Kinder program
- May 15 Multicultural Night
- May 22 Talent Show

5.1: Determine which students will be served by following local policy

Addendums

Statement of Purpose

The school-parent compact is a written agreement between the Title I, Part A school and the families of children it serves that identifies how families, teachers and school staff, and students will share responsibility for improved academic achievement. The compact also outlines the means by which the school and its parents/families will build and develop a partnership to help children achieve the State's high standards.

School Responsibilities

As a campus, our teachers and staff will support the learning of all students by:

- Providing high-quality curriculum and instruction that enables children to meet the State's academic achievement standards.
- Providing a supportive and effective learning environment.
- Engaging in meaningful, two-way communication in a language that family members can understand.
- Holding parent-teacher conferences (at least annually in elementary schools) during which this compact will be discussed as it relates to the individual child's achievement.
- Providing families with frequent reports on their child's progress.
- Providing reasonable access to staff, including opportunities to volunteer, participate in the child's classroom, and observe classroom activities.
- Engaging parents in annual planning, review, and improvement of the school-parent compact.

Parent Responsibilities

As a parent/guardian/family member, I will support my child's learning in the following ways:

- Monitoring my child's academic progress.
- Participating in decision-making related to my child's education.
- Attending school functions including conferences, school events, PTA, etc.
- Communicating with the school on an ongoing basis.

Student Responsibilities

As a student, I will take ownership in my learning by:

- Cooperating with others.
- Working hard to achieve my goals.
- Demonstrating character by displaying the C.O.R.E. values which include responsibility, empathy, kindness, honesty, acceptance and courage.
- Being confident and the best I can be.
- Being respectful to myself, my teachers and my classmates.

CHENEY HILLS ELEMENTARY SCHOOL

TITLE I, PART A PARENT AND FAMILY ENGAGEMENT POLICY

Statement of Purpose

The purpose of the Cheney Hills Elementary Parent and Family Engagement Policy is to promote a highly effective working partnership among families and staff. Cheney Hills has adopted the policy to ensure that we provide parents and families with substantial and meaningful opportunities to participate as equal partners in the education of their children. The campus will work to build capacities of the school staff, as well as the capacities of parents, families, and community members, to work together as equal partners to succeed in improving achievement for all students.

Goals

- Schools promote regular, two way communication between home and school
- Parents, families, educators, and community members assist in improving student achievement by supporting family involvement in the education of their children
- Schools provide a safe and open atmosphere for parents and families to visit the school their children attend and to actively encourage parent and family support and assistance for school programs
- Schools and staff develop and deliver timely information and training to parents, including language classes
- Schools respond to such barriers as language, culture, education levels and work schedules of parents and families that may limit opportunities to participate fully in the education of their children
- Parents and families support their children's learning at home and in school and serve as their children's advocate
- Schools disseminate information to parents on all required Title 1 notifications

Annual meeting

Cheney Hills will hold an annual parent meeting to educate parents about Title I funding and how it will be used to support the parent and family engagement. Birdville ISD will support the efforts of Title I, Part A schools by providing PowerPoint presentations, simultaneous translation equipment, communication tools, translators, childcare, and printing. The campus will host a flexible number of meetings with parents throughout the school year. A primary goal of these meetings will be to establish parents as equal partners in their child's academic achievement.

Parents' Right to Know

Cheney Hills Elementary will provide parents with an annual notification that outlines the parents' right to know about the professional qualifications of the classroom teachers who instruct their child, as well as any paraprofessionals who provide services to the child.

Building Capacity for Parent-School Partnerships

Through the district's parent liaisons and staff, Birdville ISD will provide the following services to parents:

- Training for parents in understanding students' state and local assessment and screener results
- Other parent trainings based on identified needs and requests
- Links to external agency resources, as needed
- Parenting skills classes
- ESL classes
- Homework help training
- Translation services for homework
- Interpreter services for ARD, LPAC, PPCD evaluations, counseling, psychological evaluations, teacher/principal conferences with parents at Title I, Part A schools, district meetings, PTA, and others

To foster better collaboration with parents, Birdville ISD will also provide the following services to schools and district departments:

- Staff training regarding contributions parents make to their children's education
- Written translation services to schools and departments
- Communication tools and templates for promoting activities and services offered at Title I, Part A schools
- Other support as needed to assist Title I, Part A schools in planning and implementing effective parent and family engagement activities

School-Parent Compacts

Cheney Hills Elementary will jointly develop and share with parents a school-parent compact. The school-parent compact outlines how parents, staff, and students share the responsibility for improved student academic achievement. It also describes the necessary partnership that must develop between school and its families through regular two-way, meaningful communication. Each campus will undertake an annual collaborative review of its school-parent compact and make revisions as needed.

Cheney Hills has the responsibility to:

- Implement high-quality curriculum and instruction in a supportive and effective learning environment
- Utilize relevant sections of the school-parent compact to guide parent-teacher conferences

- Provide frequent reports to parents on their child's progress
- Offer parents reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities
- Initiate and respond to parent communications

Parent responsibilities to support their child's learning include:

- Ensuring regular attendance
- Participating in decisions related to their child's education
- Monitoring positive use of extracurricular time, establishing healthy habits, and modeling literacy at home
- Completing an online volunteer registration form and volunteering on campus, whenever practical
- Initiating and responding to school communications

59

Parent Engagement Evaluation

Each spring, Cheney Hills Elementary will assemble a team, including Title I parents, teachers, and staff members, to review the content and effectiveness of their family engagement policies and programs.

Evaluation information will be collected through parent surveys that gauge levels of family engagement while identifying barriers to parent participation. Based on this input and through a collaborative consultation process, Cheney Hills Elementary will review the existing family engagement policy and make revisions as necessary.

Birdville Independent School District
O.H. Stowe Elementary
2024-2025 Campus Improvement Plan

Accountability Rating: Not Rated

Mission Statement

As a Stowe Family, we empower one another to grow together by loving each other and using positive communication skills to provide a safe and caring learning environment.

Vision

We envision a school where we build a foundation for learning by leading by example, inspiring change, and providing opportunities that will make lasting impacts on the hearts and minds of all students.

Motto

Good, better, best.

Never rest until your good is better and your better is best.

Comprehensive Needs Assessment

Demographics

Demographics Summary

O.H. Stowe Elementary School is located in Haltom City, Texas which is just northeast of downtown Fort Worth. We have approximately 675 students with 81% qualifying for Free/Reduced Lunch. Our student demographics are as follows: African American- 14%, American Indian-0.4%, Asian-7%, Hispanic-53%, White-21%, Two or More- 4%. Additionally, OHS has the following special population groups: Gifted and Talented 2.5%, Special Education 14%, ESL Students 34%, Mobility Rate 20%. We believe that having a positive and collaborative campus culture where everyone works together to do what is needed will help us meet the varied needs of our students. Stowe staff values collaboration and effective professional learning communities (PLC's). The faculty and staff place value on knowing our students and designing engaging work that meets their needs. Our teachers pay attention to all content areas but give additional attention to reading, math, science, social studies, and writing. Student performance data on TEKS objectives are analyzed and used to guide instruction. Individual data based on the TEKS is used to design specific intervention plans to meet the needs of our students.

Demographics Strengths

The diversity at OHS is a strength due to our ability to learn from each other and value different ways of thinking to become global learners. The staff works to identify the individual needs of each student and develop educational plans that improve the student's learning experience. Additionally, due to our students' experiences, our staff is able to draw from a variety of life lessons which enhances the learning platform. Families share that they love our campus and how included they feel in their child's educational experience. Stowe has many families that take pride in the fact that they have had generations attend the school.

Problem Statements Identifying Demographics Needs

Problem Statement 1: The chronic absenteeism rate is 25%. **Root Cause:** Parent understanding of the importance of daily attendance. Additionally, transportation can be an issue in getting students to/from school.

Student Learning

Student Learning Summary

OH Stowe works to provide a learning environment that is focused on the growth and development of the whole child. In addition to academic resources, Stowe has seen the need to provide a full-time second assistant principal and counselor to the campus. The counselor serves as a Crisis Intervention Counselor.

As a campus, 75% of students are considered Tier II or Tier III in reading and/or mathematics. Based on the 2024 STAAR data, Stowe saw significant growth from 4th to 5th grade in both math and reading, small growth from 3rd to 4th grade in reading, and no growth from 3rd to 4th grade in math. Stowe still is performing below the district average in reading and math. Students in Kindergarten through 2nd grade are working to get to on grade level before entering 3rd grade. In 3rd-5th grade, students are working to make at least one year's growth in reading and math.

O.H. Stowe is identified for targeted support and improvement for reading and mathematics achievement and growth in 3rd through 5th grade. The reading targeted intervention is due to the academic achievement status targets not being met in the "All students", "White", "Special Education", and "Continuously Enrolled" student demographics. The math targeted intervention is due to both academic achievement and growth status. The demographics not met in academic achievement are "All Students", "Hispanic", "White", "Economic Disadvantaged", "EB/EL (Current and Monitored)", "Continuously Enrolled", and "Non-continuously Enrolled". The demographics missed for Growth Status are "All Students", "Hispanic", "White", "Economic Disadvantaged", and "Non-continuously Enrolled".

Student Learning Strengths

We have pockets of growth when looking at our STAAR data from last year. Our campus has done a good job of identifying and supporting dyslexia students and special education

students. This can be attributed to the consistency of intervention and the processes put in place to support Tier I instruction.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Current STAAR Reading data shows that we are performing below the district average in all grade levels. **Root Cause:** Tier I instruction, specifically small group guided reading needs to be implemented with fidelity and teachers need to provide intervention in the instructional setting.

Problem Statement 2 (Prioritized): STAAR Math data shows that we are performing below the district average in all grade levels. **Root Cause:** Tier I instruction, specifically small group guided math and number talks need to be implemented with fidelity and teachers need to provide intervention in the instructional setting.

School Processes & Programs

School Processes & Programs Summary

Students at Stowe are served by a number of specialized programs related to student need. 80% of students are served by the free/reduced price lunch program, (BISD 58%) and 33% of students are English Learners (ELs), (BISD 20%) served by bilingual or English as a second language (EB) programs. Currently, 17% of students are served through special education, (BISD 10%).

Another specialized program at O.H. Stowe, is our special education SEEC (Structured Education Environment Classroom) program. The SEEC program supports students with communication disabilities. There are two self-contained SEEC classrooms. The ultimate goal is to maximize student placement in mainstream settings where they have access to the general curriculum and interactions with peers.

The academic RtI/MTSS program serves students in grades K through 5 in both reading and mathematics. Students are identified for tiered intervention services using data from universal screeners administered three times each year and through consideration of other performance evidence by a collaborative conference committee. The specific services provided for students on Tiers 2 and 3 are outlined in the district MTSS Manual, which is updated annually to reflect programmatic changes in screening assessments and interventions. The campus houses three certified reading interventionists, three educational assistants, and one MTSS Specialist who works with teachers in order to develop quality intervention in the classroom setting.

Performance data suggest that the RtI program has been moderately successful in moving students off of tiered interventions, there remains too large of a proportion of students served on Tier 3, which is based in part on universal screener performance below the 10th percentile nationally.

School Processes & Programs Strengths

The Stowe staff has a commitment to be creative in how to serve each student. The campus did a deep dive into Professional Learning Communities (PLCs) in order to align the decision-making process for enrichment, intervention, and behavior needs. The campus also uses highly qualified tutors to come in and support our intervention process. We have refocused our efforts on the foundational pieces that make a successful campus and are implementing Capturing Kids' Hearts and Continuous Improvement Processes at a high level.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): RTI data shows that students are not making a years' growth across all grade levels. **Root Cause:** Challenges in closing math and reading performance gaps and reducing lost instruction time may be contributing to students not making a year's growth across all grade levels.

Perceptions

Perceptions Summary

Stowe plans to increase the amount of data collected on a regular basis from students, parents and staff regarding their perceptions of campus programs, processes, and procedures. We will continue to collect perception data on school safety issues.

Data collected last year states that 81% of students report they consider the campus safe and orderly. 74% of parents reported that they felt the campus was safe and orderly.

Community Outreach - Stowe maintains relationships with community organizations that support our weekend food backpack program, a mobile food pantry, holiday food provisions for families, school supplies, volunteers and tutors. All campus communication is in both English and Spanish. When available, communication is done through Blackboard so that the information can be translated into the native language of parents.

Perceptions Strengths

Stowe maintains relationships with community organizations that support our weekend food backpack program, a mobile food pantry, holiday food provisions for families, school supplies, volunteers and tutors. All campus communication is in both English and Spanish.

Families feel welcomed to participate in their child's educational experience.

The campus is perceived to be an overall safe and orderly place to send your child.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Parents are not involved and unaware of the systems and processes at Stowe. **Root Cause:** Family engagement activities have not been directed at communication about Capturing Kids' Hearts and its impact on the campus.

Priority Problem Statements

Problem Statement 1: RTI data shows that students are not making a years' growth across all grade levels.

Root Cause 1: Challenges in closing math and reading performance gaps and reducing lost instruction time may be contributing to students not making a year's growth across all grade levels.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: STAAR Math data shows that we are performing below the district average in all grade levels.

Root Cause 2: Tier I instruction, specifically small group guided math and number talks need to be implemented with fidelity and teachers need to provide intervention in the instructional setting.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Current STAAR Reading data shows that we are performing below the district average in all grade levels.

Root Cause 3: Tier I instruction, specifically small group guided reading needs to be implemented with fidelity and teachers need to provide intervention in the instructional setting.

Problem Statement 3 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

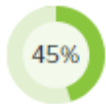

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

High Priority

HB3 Goal

Evaluation Data Sources: CLI Engage - CIRCLE (prekindergarten reading and math), mCLASS (kindergarten reading and math), mCLASS (grades 1-2 reading), and Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5)

Strategy 1 Details	Reviews			
Strategy 1: Build capacity to implement the district literacy plan at the campus level Actions: a) provide literacy training for staff b) utilize Instructional Coach to complete student-centered coaching cycles focused on student data and growth c) all teachers will be trained to deliver literacy strategies across all content areas d) target tutorials during school to groups of students who need additional support e) utilize instructional resources, digital and physical, to provide high quality tier I instruction f) use exemplar teachers to model lessons to help other teachers see practice in action Staff Responsible for Monitoring: Campus Principal; Instructional Facilitator; Leadership Team Title I: 2.4, 2.5 Problem Statements: Student Learning 1, 2 - School Processes & Programs 1	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details		Reviews			
Strategy 2: Implement the campus literacy plan with the focus on responsive teaching and continuous improvement. Actions: a) campus instructional walks conducted by campus leaders of learners and intervention team and utilize data to review progress of implementation b) create a master schedule that provides targeted intervention/accelerated instruction time for all students in the core content classrooms through push-in or pull-out support c) use Continuous Improvement strategies to guide data and goal setting conversations with students in which students will measure growth in reading and writing and set goals Staff Responsible for Monitoring: Campus Principal; Instructional Facilitator Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 1		Formative			Summative
		Nov	Jan	Mar	June
					
Strategy 3 Details		Reviews			
Strategy 3: Provide training in data analysis, progress monitoring and data-driven decision making to inform instruction and responsive teaching. Actions: a) Schedule and implement instructional round sessions based on best practices and responsive teaching. b) Provide weekly PLC meetings centered around looking at campus data and use it to plan and create lesson plans. c) Provide monthly professional development on best practices and strategies to help support teachers instructional design and delivery. d) Conduct campus classroom walkthroughs for the purpose of collecting artifacts to support literacy implementation and data on processes Staff Responsible for Monitoring: Principal, assistant principals, instructional coach, leadership team Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 1, 2 - School Processes & Programs 1		Formative			Summative

Evaluation Data Sources: mCLASS; Star Renaissance; STAAR Interims; STAAR performance

Strategy 1 Details	Reviews			
Strategy 1: Implement campus growth plan focused on Tier I priorities in reading and mathematics instruction Actions: a) campus instructional walks conducted by campus leaders of learners and intervention team focused on implementation of math and reading workshop model d) establish a guided math library to provide additional resources to target specific goals e) begin mapping TEKS and create pre/post tests for all math units to measure student growth and identify skills to target during intervention and accelerated instruction f) use data to guide goal setting conversations with students in which students will measure growth in math and reading in order to set goals Staff Responsible for Monitoring: Campus Principal; Instructional Coach Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 1, 2 - School Processes & Programs 1 Funding Sources: Campus Personnel - 211 - Title I - \$45,558, SCE Campus Personnel - 199 - General Funds: SCE - \$106,608	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details		Reviews			
Strategy 2: Provide regular professional learning that assists teachers in the development, administration, and use of performance data to evaluate academic growth of under-performing students. Actions: a) Provide professional development for all teachers in analyzing and using a variety of data reports for the purpose of focused instruction, appropriate interventions and approved accommodations. b)Track student performance to determine progress towards success on meeting grade level goals and standards. c)Implement professional development plan targeting the needs of our under-performing student groups, emergent bilingual and special education students. Staff Responsible for Monitoring: Principal , Assistant Principals and Instructional Coach Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 1, 2 - School Processes & Programs 1		Formative			Summative
		Nov	Jan	Mar	June
					
<div>  No Progress  Accomplished  Continue/Modify  Discontinue </div>					

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: Current STAAR Reading data shows that we are performing below the district average in all grade levels. Root Cause: Tier I instruction, specifically small group guided reading needs to be implemented with fidelity and teachers need to provide intervention in the instructional setting.
Problem Statement 2: STAAR Math data shows that we are performing below the district average in all grade levels. Root Cause: Tier I instruction, specifically small group guided math and number talks need to be implemented with fidelity and teachers need to provide intervention in the instructional setting.
School Processes & Programs
Problem Statement 1: RTI data shows that students are not making a years' growth across all grade levels. Root Cause: Challenges in closing math and reading performance gaps and reducing lost instruction time may be contributing to students not making a year's growth across all grade levels.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 3: Close achievement gaps that exist for all under-performing groups as measured by STAAR and district CBA assessments

Evaluation Data Sources: STAAR data; CBA assessments; STAAR interims; TEA Accountability

Strategy 1 Details	Reviews			
Strategy 1: Align the current instructional interventions provided for students with disabilities with Tier I priorities, curricular standards, and state and local assessments Actions: a) align special education instructional practices to Tier I priorities in math and ELAR b) increase opportunities for collaboration between general education and special education teachers c) train all teachers on effective strategies to use with students receiving special education services e) intentionally design Tier I instruction so all under-performing student groups receive small group (guided reading and math workshop instruction in addition to a pullout program Staff Responsible for Monitoring: Campus Principal; Instructional Coach; Special Education Team Lead Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 1, 2 - School Processes & Programs 1	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 2 Details	Reviews			
Strategy 2: Implement a collaborative process to monitor Tier 2 and Tier 3 student progress on a regular basis Actions: a) create Response to Intervention/Multi-tiered Support System protocol for monitoring student progress (BOY, MOY, EOY, and progress monitoring in fall and spring) b) provide quality professional learning on Tier I priorities and how to include these high-yield instructional strategies in all settings c)Collaborate with Title I Tutors and teachers to gather data on the effectiveness of the interventions provided Staff Responsible for Monitoring: Campus Administration and Instructional Coach Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 1, 2 - School Processes & Programs 1 Funding Sources: Title I Tutors - 211 - Title I - \$12,949	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 3 Details	Reviews			
Strategy 3: Develop and implement system-wide instructional practices appropriate for emergent bilingual students Actions: a) provide quality training for all instructional staff to engage and support Emergent Bilinguals b) utilize DL/ESL coach to help with lesson design, model lessons and strategies for EBs, co-teach, analyze EB student data, help K-5 teachers with new dual language program, plan and observe lessons for newcomers, and observe students. c) administrators will meet with DL/ESL coach as needed and schedule walk-throughs to collect data on ESL and EB support for students in classrooms d) monitor language proficiency and academic performance data to identify where additional support is needed e) ensure that all parent notifications, school signage, and school reports will be in an understandable and uniform format and to the extent practicable, in a language that parents can understand Staff Responsible for Monitoring: Campus Administration Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 1, 2 - School Processes & Programs 1	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 4 Details	Reviews			
Strategy 4: Continue implementation of the district continuous improvement process requirements for mission statements, goal setting, PDSA process and data folders in the classroom Actions: a) collect evidence from classroom walk-throughs and observations to highlight successful use of continuous improvement in improving outcomes b) provide training, coaching, and support for teachers on the continuous improvement process c) review campus PDSA through the year in PLCs and in LOL meetings d) each teacher will create a championship goal for the year and identify a strategic goal for each unit to focus classroom PDSA on with each class Staff Responsible for Monitoring: Campus Administration Title I: 2.4, 2.5, 2.6 Problem Statements: School Processes & Programs 1	Formative			Summative
	Nov	Jan	Mar	June
				
 No Progress  Accomplished  Continue/Modify  Discontinue				

Performance Objective 3 Problem Statements:

Student Learning
Problem Statement 1: Current STAAR Reading data shows that we are performing below the district average in all grade levels. Root Cause: Tier I instruction, specifically small group guided reading needs to be implemented with fidelity and teachers need to provide intervention in the instructional setting.

Student Learning
Problem Statement 2: STAAR Math data shows that we are performing below the district average in all grade levels. Root Cause: Tier I instruction, specifically small group guided math and number talks need to be implemented with fidelity and teachers need to provide intervention in the instructional setting.
School Processes & Programs
Problem Statement 1: RTI data shows that students are not making a years' growth across all grade levels. Root Cause: Challenges in closing math and reading performance gaps and reducing lost instruction time may be contributing to students not making a year's growth across all grade levels.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 4: Students will display an awareness of social-emotional development.

Evaluation Data Sources: campus survey of students; counselor and discipline referral data

Strategy 1 Details	Reviews			
Strategy 1: Implement Capturing Kids' Hearts and infuse the ideals into all aspects of the campus culture Actions: (a) design student tasks that provide students with experiences to develop socially and and emotionally (b) design activities that will integrate CKH values throughout the campus (c) Collect data through surveys that will be used to monitor implementation and determine impact of CKH (d) utilize a CKH Strategist to consult on implementing the processes to maximize impact on students though two traction visits a year (e) Utilize CKH Premium to implement social emotional learning time across the campus Monday mornings for a designated time each week. EXCEL time. (f) continue to have 100% of staff trained in Capturing Kids' Hearts Staff Responsible for Monitoring: Campus Administration Title I: 2.5, 2.6, 4.2 Problem Statements: School Processes & Programs 1 Funding Sources: Professional Development - 211 - Title I - \$12,000	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 2 Details	Reviews			
Strategy 2: Provide a comprehensive school counseling program Actions: (a) conduct classroom guidance lessons and implement Character Strong curriculum as well as Capturing Kids' Hearts curriculum. (b) design activities that will integrate SEL values throughout the campus (d) design classroom counseling lessons addressing suicide prevention and bullying warning signs, resources, and strategies (f) provide a Crisis Counselor to intervene with emotional needs of students and provide support to staff on intervention and identify when behaviors escalate as a result of trauma experiences Staff Responsible for Monitoring: Campus Administration; Campus Counselor; Crisis Counselor Title I: 2.5, 2.6 Problem Statements: School Processes & Programs 1 Funding Sources: Crisis Counselor - 211 - Title I - \$97,683	Formative			Summative

Performance Objective 4 Problem Statements:

School Processes & Programs

Problem Statement 1: RTI data shows that students are not making a years' growth across all grade levels. **Root Cause:** Challenges in closing math and reading performance gaps and reducing lost instruction time may be contributing to students not making a year's growth across all grade levels.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 5: Reduce the number of students assigned to Tier 2 and Tier 3 Behavior RtI/MTSS

Evaluation Data Sources: referral data; classroom walk-through data; students on Behavior RtI list; counselor guidance lessons; counselor caseload; number of SEL groups; number of counseling groups

Strategy 1 Details	Reviews			
Strategy 1: Implement the district behavior RtI plan Actions: a) provide training on the district behavior RtI plan b) provide a full-time Crisis Intervention Counselor at Stowe to respond to student and family need c) identify needed support systems d) meet with district behavior facilitator and teachers to develop plans for tier 2 and tier 3 students e) all classrooms have a calm down corner space supported by campus counseling team f) provide professional development on behavior interventions Problem Statements: School Processes & Programs 1	Formative			Summative

Performance Objective 5 Problem Statements:

School Processes & Programs
Problem Statement 1: RTI data shows that students are not making a years' growth across all grade levels. Root Cause: Challenges in closing math and reading performance gaps and reducing lost instruction time may be contributing to students not making a year's growth across all grade levels.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 6: Utilize resources to provide personnel, technology, and instructional materials in order to close achievement gaps in core content areas

Strategy 1 Details	Reviews			
Strategy 1: Schedule campus personnel in a way to maximize their time with students Actions: a) use a Title I EA to support science lab instruction to ensure all students access the science lab at least one time weekly b) provide partial funding for bilingual reading interventionist c) instructional support will push into or pull-out from the classroom based on individual student need d) tutoring provided by certified teachers Title I: 2.4, 2.5, 2.6 Problem Statements: School Processes & Programs 1 Funding Sources: Campus Personnel - 211 - Title I - \$28,245	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 2 Details	Reviews			
Strategy 2: Provide technology that will allow for engagement in lessons and support the instruction to close achievement gaps in core areas Actions: a) provide interactive whiteboards/smart TVs for each classroom Title I: 2.4, 2.5, 2.6 Problem Statements: School Processes & Programs 1	Formative			Summative
	Nov	Jan	Mar	June
				
<div>  No Progress  Accomplished  Continue/Modify  Discontinue </div>				

Performance Objective 6 Problem Statements:

School Processes & Programs
Problem Statement 1: RTI data shows that students are not making a years' growth across all grade levels. Root Cause: Challenges in closing math and reading performance gaps and reducing lost instruction time may be contributing to students not making a year's growth across all grade levels.

Goal 2: The system will utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 1: Increase the annual total average daily attendance (ADA) as compared to the prior school year through improved student retention and days in attendance

Evaluation Data Sources: attendance, truancy, absentee numbers

Strategy 1 Details	Reviews			
Strategy 1: Develop and implement a campus program to incentivize student attendance Actions: a) create a program to incentives attendance weekly, monthly, quarterly, and annually b) utilize the Truancy Tribunal as attendance interventions to improve student attendance Staff Responsible for Monitoring: Campus Administration Title I: 4.1, 4.2 Problem Statements: School Processes & Programs 1 Funding Sources: Parent Family Engagement - 211 - Title I - \$1,984	Formative			Summative

State Compensatory

Budget for O.H. Stowe Elementary

Total SCE Funds: \$106,608.00

Total FTEs Funded by SCE: 3.145

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for O.H. Stowe Elementary

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Christi Shobert	Instructional Facilitator	1
Cindy Bui	Educational Assistant	0.33
Isaura Espinoza	BL Reading Intervention	0.165
Jean Talent	Reading Intervention	0.33
Joanna Casiano	Teacher	0.33
Kalyn Heid	Reading Intervention	0.33
Michele Cambra	Educational Assistant	0.33
Rebecca Rojas	Teacher	0.33

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in July 2024 based on survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Parents:
Amy Michlitsch
Michelle Cambra
Teachers:
Amber Everitt
Katterine Rojas
Charlie Brockelman
Karen Fry
Ronnie Stewart
Administrators:
Charile Lokey
Carrie Welborn
Other Campus and District Staff:
Jaye Antwine
Jean Talent

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, ____% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Workshop Model

- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training
- Capturing Kids' Hearts

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning
4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Parents: Michelle Cambra Amy Michlitsch
Teachers: Amber Everitt Katterine Rojas Charlie Brockelman Karen Fry Ronnie Stewart
Administrators: Charlie Lokey Carrie Welborn
Other Campus and District Staff: Jaye Antwine Jean Talent

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Thursday evenings and Friday mornings in order to accommodate parents’ work schedules (exceptions noted below). The following family engagement activities are planned for 2022-23:

- August Refresh Back to School Event (Friday 9:00-1:00) at WG Thomas Coliseum
- August Meet the Teacher Night (Thursday only) on campus
- Stowe Family Dinner and October Title I Meeting (Thursday/Friday) on campus
- November Book Fair (Monday through Thursday 8:00-5:00) on campus
- March Discover Birdville/Kinder Carnival Event (Saturday 9:00-10:00) at Haltom High School

- April Family Engagement Policy and Compact Revision (Thursday/Friday) on campus
- May Art Show (Tuesday through Friday 8:00-6:00) at Haltom Public Library

Comprehensive Needs Assessment

Demographics

Demographics Summary

West Birdville is a suburban campus in northeast Tarrant County. West Birdville is located in Haltom City, the campus serves approximately 663 students. West Birdville is classified as a Title I campus with 85.22% economically disadvantaged. The demographic summary consists of: 82.9% Hispanic, 13.5% White, 1% Asian, .75% African American, and 0.3% American Indian. 70.44% of our students are Emerging Bilinguals(EBs), 10.56% of our students are in Special Education, 6.18% of our students are served in Dyslexia services, and 4.22% of our students are identified as Gifted and Talented. 87.33% of our students are identified as At-Risk.

District Culture and Climate

District Culture and Climate Summary

West Birdville is entering into our second year of Capturing Kids' Hearts implementation.

Demographics

Demographics Summary

West Birdville is a suburban campus in northeast Tarrant County. West Birdville is located in Haltom City, the campus serves approximately 688 students. West Birdville is classified as a Title I campus with 89.53% economically disadvantaged. The demographic summary consists of: 88.95% Hispanic, 7.70% White, 1.89% Asian, 0.73% African American, and 0.29% American Indian. Emerging Bilingual students make up 69.48% of our campus population, 11.34% of our students are in Special Education, 3.20% of our students are served in Dyslexia services, and 3.49% of our students are identified as Gifted and Talented. Approximately 89.53% of our students are identified as At-Risk. West Birdville has seen an increase in our immigrant population at 6.98%.

A total of 52 teachers (including district specialists assigned to West Birdville) and 21 educational aides were employed at West Birdville for the 2023-2024 school year. West Birdville remains the largest bilingual campus with the highest percentage of economically disadvantaged students.

Demographics Strengths

Four hundred nineteen out of 478 Emergent Bilingual students are being served in a bilingual classroom. Sixty students are being served in a ESL classroom. West Birdville's student numbers saw a decrease from 2022-2023, but also including an increase from Fall 2023 to Spring 2024.

Parent communication has increased with the addition of Facebook Live each Tuesday morning as well as Tuesday folders teachers are sending home each week. Maintaining communication with parents has been and will continue to be a priority for West Birdville. Direct communication has had a positive influence on student attendance percentages as well as academic performance in the classroom. The reimplementation of Adult ESL classes for the 2024-2025 school year will assist in the communication and partnerships with our families. Our monthly information sessions, Pastries for Parents will continue to be a time where we provide information and resources to parents in regards to current issues plaguing our students and families (suicide, internet safety, immigration legal assistance, financial services, and many more). This time together will continue to be a success in delivering information to parents and continuing to bridge the partnership between school and home. Academy 4 will continue to be a partner with West Birdville allowing for community members to mentor 4th grade students as well as work with students on grade level TEKS where West Birdville students showed the largest deficits for the 2023-2024 school year.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): West Birdville's at-risk population continues to increase year over year with the last documented at-risk population at 89.53%. **Root Cause:** West Birdville has seen a significant increase in our newcomer/immigrant population from 2022-2023 to 2023-2024 and expect this trend to continue in 2024-2025. West Birdville welcomed 48 newcomer/immigrant students during the 2023-2024 school year from areas such as Cuba, Honduras, Venezuela, Mexico, El Salvador, and Peru. Many of these are SIFE (students with interrupted formal education).

Problem Statement 2 (Prioritized): The percentage of West Birdville students being identified and served in the Gifted and Talented program remains low at 3.49%. We are seeing students in our bilingual classrooms not being identified as regularly as our students in our monolingual classrooms. **Root Cause:** The Gifted and Talented assessment is in English, which can be a hurdle for EB students.

Student Learning

Student Learning Summary

STAAR 2023-2024

3rd Grade Reading

English: Approaches 62%, Meets 30%, Masters 14%

Spanish: Approaches 32%, Meets 9%, Masters 3%

3rd Grade Math

English: Approaches 51%, Meets 25%, Masters 9%

Spanish: Approaches 42%, Meets 19%, Masters 8%

4th Grade Reading

English: Approaches 72%, Meets 28%, Masters 9%

Spanish: Approaches 50%, Meets 20%, Masters 0%

4th Grade Math

English: Approaches 51%, Meets 29%, Masters 8%

Spanish: Approaches 19%, Meets 0%, Masters 0%

5th Grade Reading

English: Approaches 62%, Meets 34%, Masters 14%

5th Grade Math

English: Approaches 68%, Meets 33%, Masters 8%

Spanish: Approaches 46%, Meets 15%, Masters 0%

5th Grade Science

English: Approaches 32%, Meets 10%, Masters 1%

Spanish: Approaches 6%, Meets 0%, Masters 0%

Student Learning Strengths

Students in grades K-2 are continuing to see steady growth among district screeners. Students in grades K-2 showed growth on mClass composite scores as a result of the Phonics 95 program. Strengths in these grade levels continue to excel in both the areas of reading and math. In grades 3-5 West Birdville showed growth in the Closing the Gaps domain from the previous year. West Birdville's PLC process has shown evidence of success in teacher planning and preparation for student success in Tier 1 instruction. The implementation of a PLC+ program at West Birdville allows teachers the time needed to plan explicit tier 1 instruction both horizontally and vertically. Across 3, 4, and 5 grade levels growth was shown from the pre/post common assessment model implemented for both reading and math. Student growth is being shown specifically in the area of Math where evidence shows an increase in pre/post tests scores varying from 40-70%. Consistent and continuous use of the PDSA process allowed teachers the ability to reteach, review, and enrich classroom instruction on a daily basis. Students demonstrated growth in scores from the Fall to Spring Interims. Student needs are being discussed regularly during grade level planning meetings, PLC+, collaborative meetings with administration.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): In grades 3-5, STAAR scores indicate students are not achieving the Meet Grade Level standard in all subject areas. **Root Cause:** Academic gaps are occurring due to random variance within tier I instruction among grade level teachers. Strategies targeting tier I rigor and relevance will be discussed during PLC+.

Problem Statement 2 (Prioritized): West Birdville did not see adequate growth demonstrated by students within the antiquated MTSS model of pull-out services. Students remained on tiers for their entire elementary career. **Root Cause:** West Birdville saw a reliance on an unsuccessful MTSS model that has been removed from West Birdville's daily instruction. West Birdville will be following the model of students receiving closing the gaps instruction in their tier I instruction classroom delivered by their teacher of that content area.

Problem Statement 3 (Prioritized): Across 3rd, 4th, and 5th grades, there are significant achievement gaps in both reading and math, particularly among Spanish-speaking students, where performance in Approaches, Meets, and Masters levels remains consistently below English-speaking students. Additionally, low performance in 5th-grade science, especially in Spanish, highlights further disparities that need to be addressed. **Root Cause:** Increased teacher and staff absences, along with a decline in attendance at after-school professional learning sessions, have negatively impacted student instruction and success. As a result, professional learning has shifted to during the school day with added incentives.

School Processes & Programs

School Processes & Programs Summary

Each year we seek input from our staff using surveys which contain questions that allow them to express their thoughts on systems and procedures from the current school year and what goals they have for the following school year. Student surveys are also conducted at the campus and district level in regards to programs, safety, and security. Student surveys are conducted in the upper grades.

West Birdville students are served by a number of specialized programs related to student need. 89.53% of students are served by the free/reduced price lunch program, and 69.48% of students are Emergent Bilinguals (EBs), served by bilingual(60.90%) or English as a second language (ESL) programs(8.72%). Currently, 11.34% of students are served through special education.

Data from the district's universal screeners and data collected from teachers is utilized to create small groups that will focus on varying closing the gaps instruction. We utilize resources provided by the district for this program. A portion of Title I funds are used to hire a highly-qualified tutor. We continue to see an increase in the number of students that are not meeting student achievement expectations, therefore additional tutors will be utilized to work with students before/after school. Our goal is to allow teachers the opportunity to serve students in the classroom without student removal for an extended period of time resulting in a loss of instruction time. A campus dyslexia specialist will continue to implement the "Take Flight" program with her groups throughout the day. This model requires students to be pulled from their classroom for a total of 45 minutes during the reading content block. Students pulled for dyslexia instruction will not be pulled from tier I instruction, but during specific small group time.

West Birdville utilizes a purposeful and productive professional learning communities(PLCs) process that focuses on learning/coaching, planning, practice, and data-driven analysis. PLCs meet weekly focusing on the district's 4 question protocol. Both campus administrators and campus instructional coaches attend weekly grade level PLCs. Agendas and content are decided upon by the grade level as a team.

West Birdville has four self-contained classrooms. Starting in the pre-primary grades, we have 2 classes(ECSE) that serve students with various needs. These disabilities can include: physical, cognitive, and emotional. One of the ECSE classrooms is a half-day program and the other is a full-day program. Two classrooms are categorized as AABLE. These self-contained classrooms serve students with cognitive and/or physical delays. These classrooms serve students in K-2 (AABLE I) and 3-5 (AABLE II).

West Birdville has 4 campus decision-making committees consisting of LOL, Faculty Advisory, Attendance, and Logistics/Safety.

West Birdville has successfully implemented CKH as our relationship building process and will be adding Make Your Day as a student accountability piece for the 2024-2025 school year.

School Processes & Programs Strengths

Strengths can be seen in the school processes at West Birdville including the many partnerships with our communities both within the campus and outside of the campus. The campus priority and focus on PLCs allocates time each week for teachers to plan tier 1 instruction that is calibrated among the grade level to ensure students are meeting mastery of the TEKS. West Birdville has implemented PLC+ allowing an extended time for teachers to plan both with their specific grade level and vertically with the grade level above. West Birdville has made instrumental changes to the MTSS process specifically with its removal from the daily schedule. Students will receive focused and intentional progress monitoring instruction intended to close learning gaps from the student's tier I instruction teacher. Special education/dyslexia students are served during specific content area ensuring students are not being removed from tier I instruction.

West Birdville has the support of local churches who provide weekend food bags to eighty students weekly as well as a multitude of other student and teacher assistance.

West Birdville will continue their partnership with Academy 4 focusing on the mentor program for our 4th grade students. The adjusted program has allowed Academy 4 to continue

allowing West Birdville students the opportunity to receive mentoring services as well as an opportunity to focus on closing the gaps on specific TEKS that showed deficits on the 2023-2024 STAAR. This program gives students experiences that they could possibly not have in their lifetime while setting goals focused on academics, social and emotional growth, and the characteristics of being a good citizen.

West Birdville offers a digital one to one (as able) opportunity for all students. Students receive accelerated instruction tutoring during the school day and after the normal school day.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Student attendance continues to be an area of concern. Student attendance has not met the district 96% expectation. **Root Cause:** Parent engagement in student attendance has seen a decrease year over year. District truancy systems focus largely on secondary students placing elementary parents on a longer wait list for the district tribunal process.

Problem Statement 2 (Prioritized): Campus PLC utilizing data below a surface level to engage in high levels of tier I instructional planning. **Root Cause:** Teachers did not have the freedom needed to perform the necessary planning and data disaggregation for explicit tier I instruction. Implementation of PLC+ and teacher led PLCs with extensive data disaggregation will allow for appropriate planning and reduce random variance.

Perceptions

Perceptions Summary

Staff are surveyed each year with a district survey as well as a campus survey. Additionally, West Birdville has participated in the OHI as well. The staff campus survey asks the input of staff regarding culture, climate, professional learning, etc. Staff overwhelmingly reported feeling safe while at school/work. Staff reported the services offered by our campus counselors were very helpful including individual student counseling, mustang patrol, and guidance lessons. Staff have the ability to fill out a survey each Friday attached to the principal page (campus newsletter) indicating where they are on self-care and what they need for the upcoming week in regards to instruction. Staff are also given the ability to provide agenda items to the admin meeting conducted each Monday. These additional agenda items are discussed and feedback is provided to the staff as soon as possible. The OHI indicated a campus focus on resource utilization for the 2024-25 school year.

This year had a greater teacher turnover rate than 2023-24 with 5 teachers retiring, 3 teachers shared with a struggling campus, and other teacher resignations. Each grade level is responsible for hosting data nights for parents and the community to stay involved. Many activities/events are scheduled throughout to involve our community into our school including literacy nights, visit to the Fort Worth Museum of Science, cultural celebrations, grade level music programs, and many more.

Perceptions Strengths

At West Birdville, we believe that all of our stakeholders should experience excellent customer service. We believe we should keep the community informed of school wide events and information. Grade levels send home weekly newsletters to parents informing parents/guardians of upcoming curriculum and events. Campus principal, Vanessa Sutton, campus assistant principals, Janeth Arriola/Amanda Escamilla, and campus counselor, Alejandra Nunley, conduct weekly Facebook Live announcements. We deliver our various forms of communication in both English/Spanish including Pastries for Parents. School performances are scheduled throughout the school year with our music program. We are constantly working to increase our active PTA members as this has been an area of focus and continue to be an area of need. Parents are well informed of Title I program information.

Reimplementation of our Adult ESL classes will begin again for the current school year.
All required SRP drills are performed monthly and twice yearly with our SRO and local PD.

Our community participates in our events by the hundreds and want to be a daily part of school life.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Despite positive feedback on staff safety, counselor services, and opportunities for input on self-care and instructional needs, West Birdville experienced a higher teacher turnover rate this year compared to 2023-24. Additionally, the OHI survey highlighted a need to focus on resource utilization, indicating potential challenges in maintaining staff retention and meeting instructional demands. **Root Cause:** The increase in teacher turnover, despite strong staff support systems, may be linked to challenges in resource utilization, workload distribution, or the demands of additional responsibilities, which have not been fully addressed.

Priority Problem Statements

Problem Statement 1: In grades 3-5, STAAR scores indicate students are not achieving the Meet Grade Level standard in all subject areas.

Root Cause 1: Academic gaps are occurring due to random variance within tier I instruction among grade level teachers. Strategies targeting tier I rigor and relevance will be discussed during PLC+.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: West Birdville did not see adequate growth demonstrated by students within the antiquated MTSS model of pull-out services. Students remained on tiers for their entire elementary career.

Root Cause 2: West Birdville saw a reliance on an unsuccessful MTSS model that has been removed from West Birdville's daily instruction. West Birdville will be following the model of students receiving closing the gaps instruction in their tier I instruction classroom delivered by their teacher of that content area.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Student attendance continues to be an area of concern. Student attendance has not met the district 96% expectation.

Root Cause 3: Parent engagement in student attendance has seen a decrease year over year. District truancy systems focus largely on secondary students placing elementary parents on a longer wait list for the district tribunal process.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Campus PLC utilizing data below a surface level to engage in high levels of tier I instructional planning.

Root Cause 4: Teachers did not have the freedom needed to perform the necessary planning and data disaggregation for explicit tier I instruction. Implementation of PLC+ and teacher led PLCs with extensive data disaggregation will allow for appropriate planning and reduce random variance.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Despite positive feedback on staff safety, counselor services, and opportunities for input on self-care and instructional needs, West Birdville experienced a higher teacher turnover rate this year compared to 2023-24. Additionally, the OHI survey highlighted a need to focus on resource utilization, indicating potential challenges in maintaining staff retention and meeting instructional demands.

Root Cause 5: The increase in teacher turnover, despite strong staff support systems, may be linked to challenges in resource utilization, workload distribution, or the demands of additional responsibilities, which have not been fully addressed.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: West Birdville's at-risk population continues to increase year over year with the last documented at-risk population at 89.53%.

Root Cause 6: West Birdville has seen a significant increase in our newcomer/immigrant population from 2022-2023 to 2023-2024 and expect this trend to continue in 2024-2025. West Birdville welcomed 48 newcomer/immigrant students during the 2023-2024 school year from areas such as Cuba, Honduras, Venezuela, Mexico, El Salvador, and Peru. Many of these are SIFE (students with interrupted formal education).

Problem Statement 6 Areas: Demographics

Problem Statement 7: The percentage of West Birdville students being identified and served in the Gifted and Talented program remains low at 3.49%. We are seeing students in our bilingual classrooms not being identified as regularly as our students in our monolingual classrooms.

Root Cause 7: The Gifted and Talented assessment is in English, which can be a hurdle for EB students.

Problem Statement 7 Areas: Demographics

Problem Statement 8: Across 3rd, 4th, and 5th grades, there are significant achievement gaps in both reading and math, particularly among Spanish-speaking students, where performance in Approaches, Meets, and Masters levels remains consistently below English-speaking students. Additionally, low performance in 5th-grade science, especially in Spanish, highlights further disparities that need to be addressed.

Root Cause 8: Increased teacher and staff absences, along with a decline in attendance at after-school professional learning sessions, have negatively impacted student instruction and success. As a result, professional learning has shifted to during the school day with added incentives.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data

- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

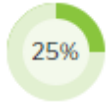

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

High Priority

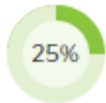

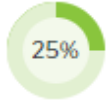

HB3 Goal

Evaluation Data Sources: Fountas & Pinnell reading levels

CLI Engage - CIRCLE (prekindergarten reading and math), mClass (kindergarten reading and math), mClass (1-2 reading), Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5), TEA Interims (grades 3-5 reading and mathematics)

Strategy 1 Details	Reviews			
<p>Strategy 1: Develop and implement classroom teacher capacity in the use of district curriculum and state-approved resources leading to the production of rigorous student tasks matching state standards.</p> <p>Actions: a) Continue to follow the campus literacy plan that is aligned with the district plan b) Provide personalized training for all staff to build their capacity in the district literacy plan (Academic Coaches) at the campus level in support of all students. Training is determined by communicated staff needs. c) Utilize the Vertical Team and the LOL committee to help communicate the plan d) Help teachers visualize practice in action during Instructional Rounds e) Teachers will engage in mandatory coaching cycles that correlate with their T-Tess professional goal. f) Teachers will conduct progress monitoring every 3 weeks in accordance with campus reading goals</p> <p>Staff Responsible for Monitoring: Administration LOL team Academic coaches Classroom teachers</p> <p>Title I: 2.4, 2.5, 2.6 - TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 5: Effective Instruction - Targeted Support Strategy</p> <p>Problem Statements: Demographics 1 - Student Learning 1, 2, 3 - School Processes & Programs 2</p> <p>Funding Sources: Instructional Facilitator - 211 - Title I - \$79,210</p>	Formative			Summative

Performance Objective 1 Problem Statements:**Demographics**

Problem Statement 1: West Birdville's at-risk population continues to increase year over year with the last documented at-risk population at 89.53%. **Root Cause:** West Birdville has seen a significant increase in our newcomer/immigrant population from 2022-2023 to 2023-2024 and expect this trend to continue in 2024-2025. West Birdville welcomed 48 newcomer/immigrant students during the 2023-2024 school year from areas such as Cuba, Honduras, Venezuela, Mexico, El Salvador, and Peru. Many of these are SIFE (students with interrupted formal education).

Problem Statement 2: The percentage of West Birdville students being identified and served in the Gifted and Talented program remains low at 3.49%. We are seeing students in our bilingual classrooms not being identified as regularly as our students in our monolingual classrooms. **Root Cause:** The Gifted and Talented assessment is in English, which can be a hurdle for EB students.

Student Learning

Problem Statement 1: In grades 3-5, STAAR scores indicate students are not achieving the Meet Grade Level standard in all subject areas. **Root Cause:** Academic gaps are occurring due to random variance within tier I instruction among grade level teachers. Strategies targeting tier I rigor and relevance will be discussed during PLC+.

Problem Statement 2: West Birdville did not see adequate growth demonstrated by students within the antiquated MTSS model of pull-out services. Students remained on tiers for their entire elementary career. **Root Cause:** West Birdville saw a reliance on an unsuccessful MTSS model that has been removed from West Birdville's daily instruction. West Birdville will be following the model of students receiving closing the gaps instruction in their tier I instruction classroom delivered by their teacher of that content area.

Problem Statement 3: Across 3rd, 4th, and 5th grades, there are significant achievement gaps in both reading and math, particularly among Spanish-speaking students, where performance in Approaches, Meets, and Masters levels remains consistently below English-speaking students. Additionally, low performance in 5th-grade science, especially in Spanish, highlights further disparities that need to be addressed. **Root Cause:** Increased teacher and staff absences, along with a decline in attendance at after-school professional learning sessions, have negatively impacted student instruction and success. As a result, professional learning has shifted to during the school day with added incentives.

School Processes & Programs

Problem Statement 2: Campus PLC utilizing data below a surface level to engage in high levels of tier I instructional planning. **Root Cause:** Teachers did not have the freedom needed to perform the necessary planning and data disaggregation for explicit tier I instruction. Implementation of PLC+ and teacher led PLCs with extensive data disaggregation will allow for appropriate planning and reduce random variance.

Perceptions

Problem Statement 1: Despite positive feedback on staff safety, counselor services, and opportunities for input on self-care and instructional needs, West Birdville experienced a higher teacher turnover rate this year compared to 2023-24. Additionally, the OHI survey highlighted a need to focus on resource utilization, indicating potential challenges in maintaining staff retention and meeting instructional demands. **Root Cause:** The increase in teacher turnover, despite strong staff support systems, may be linked to challenges in resource utilization, workload distribution, or the demands of additional responsibilities, which have not been fully addressed.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 2: Close achievement gaps that exist for all under-performing student groups (Hispanic, white, and high focus) as measured by state and district assessments.

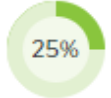

Meet all progress monitoring targets for grades prekindergarten - 3rd in reading and mathematics for identified student groups as measured by a district-approved monitoring instrument.

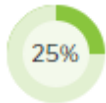

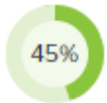

Engage in quarterly reviews with district personnel to review progress monitoring targets, closing the gaps growth, and student achievement (meets and masters)

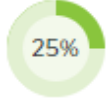

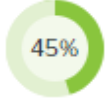

High Priority

<p>Problem Statement 1: Despite positive feedback on staff safety, counselor services, and opportunities for input on self-care and instructional needs, West Birdville experienced a higher teacher turnover rate this year compared to 2023-24. Additionally, the OHI survey highlighted a need to focus on resource utilization, indicating potential challenges in maintaining staff retention and meeting instructional demands. Root Cause: The increase in teacher turnover, despite strong staff support systems, may be linked to challenges in resource utilization, workload distribution, or the demands of additional responsibilities, which have not been fully addressed.</p>

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 3: Students will display dispositions indicative of high levels of social-emotional development as measured by a district-administered survey of student perceptions.

Evaluation Data Sources: Observation Data, Guidance lessons, campus student check-in document, observational data from weekly Character Strong classroom lessons

Strategy 1 Details	Reviews			
Strategy 1: Continue to perform with fidelity the district-approved program (Character Strong) that teaches social-emotional skills. Actions: a) Continue with successful implementation of Character Strong at the campus level. b) Utilize the SEL taskforce to assess and evaluate the effectiveness of the SEL program. c) Provide ongoing professional learning to all stakeholders on the SEL program. d) Use character lessons as the basis for identifying the Outstanding Citizen recipients e) Utilize EXCEL Mustang celebrations to enhance the effectiveness of our SEL program Staff Responsible for Monitoring: Administration Campus Staff LOL Team Counselor team Title I: 2.6 Problem Statements: Demographics 1 - Student Learning 2 - School Processes & Programs 1 - Perceptions 1	Formative			Summative

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: West Birdville's at-risk population continues to increase year over year with the last documented at-risk population at 89.53%. Root Cause: West Birdville has seen a significant increase in our newcomer/immigrant population from 2022-2023 to 2023-2024 and expect this trend to continue in 2024-2025. West Birdville welcomed 48 newcomer/immigrant students during the 2023-2024 school year from areas such as Cuba, Honduras, Venezuela, Mexico, El Salvador, and Peru. Many of these are SIFE (students with interrupted formal education).

Student Learning

Problem Statement 2: West Birdville did not see adequate growth demonstrated by students within the antiquated MTSS model of pull-out services. Students remained on tiers for their entire elementary career. **Root Cause:** West Birdville saw a reliance on an unsuccessful MTSS model that has been removed from West Birdville's daily instruction. West Birdville will be following the model of students receiving closing the gaps instruction in their tier I instruction classroom delivered by their teacher of that content area.

School Processes & Programs

Problem Statement 1: Student attendance continues to be an area of concern. Student attendance has not met the district 96% expectation. **Root Cause:** Parent engagement in student attendance has seen a decrease year over year. District truancy systems focus largely on secondary students placing elementary parents on a longer wait list for the district tribunal process.

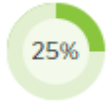

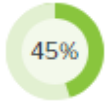

Perceptions

Problem Statement 1: Despite positive feedback on staff safety, counselor services, and opportunities for input on self-care and instructional needs, West Birdville experienced a higher teacher turnover rate this year compared to 2023-24. Additionally, the OHI survey highlighted a need to focus on resource utilization, indicating potential challenges in maintaining staff retention and meeting instructional demands. **Root Cause:** The increase in teacher turnover, despite strong staff support systems, may be linked to challenges in resource utilization, workload distribution, or the demands of additional responsibilities, which have not been fully addressed.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 4: Reduce the number of students assigned to behavioral MTSS tiers 2 and 3

Evaluation Data Sources: Behavioral RtI data records

Strategy 1 Details	Reviews			
Strategy 1: Implement the updated district behavioral MTSS behavior plan on a campus level Actions: a) Provide training on the updated district behavior MTSS plan. b) Provide professional development opportunities and implement with fidelity Capturing Kids' Hearts and Make Your Day c) Schedule extended behavior MTSS collaboratives and utilize Focus to input behavioral student plans. <div><div> No Progress</div><div> Accomplished</div><div> Continue/Modify</div><div> Discontinue</div></div>				

Performance Objective 4 Problem Statements:

Demographics
Problem Statement 1: West Birdville's at-risk population continues to increase year over year with the last documented at-risk population at 89.53%. Root Cause: West Birdville has seen a significant increase in our newcomer/immigrant population from 2022-2023 to 2023-2024 and expect this trend to continue in 2024-2025. West Birdville welcomed 48 newcomer/immigrant students during the 2023-2024 school year from areas such as Cuba, Honduras, Venezuela, Mexico, El Salvador, and Peru. Many of these are SIFE (students with interrupted formal education).
Student Learning
Problem Statement 1: In grades 3-5, STAAR scores indicate students are not achieving the Meet Grade Level standard in all subject areas. Root Cause: Academic gaps are occurring due to random variance within tier I instruction among grade level teachers. Strategies targeting tier I rigor and relevance will be discussed during PLC+. Problem Statement 2: West Birdville did not see adequate growth demonstrated by students within the antiquated MTSS model of pull-out services. Students remained on tiers for their entire elementary career. Root Cause: West Birdville saw a reliance on an unsuccessful MTSS model that has been removed from West Birdville's daily instruction. West Birdville will be following the model of students receiving closing the gaps instruction in their tier I instruction classroom delivered by their teacher of that content area.

School Processes & Programs

Problem Statement 1: Student attendance continues to be an area of concern. Student attendance has not met the district 96% expectation. **Root Cause:** Parent engagement in student attendance has seen a decrease year over year. District truancy systems focus largely on secondary students placing elementary parents on a longer wait list for the district tribunal process.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 5: Increase the number of students achieving meets or masters on STAAR Reading and Math directly affecting the Student Achievement Domain increasing the overall campus accountability rating.

High Priority

Evaluation Data Sources: Campus pre/post assessments, BAS progress monitoring, MClass, STAR Renaissance, CIRCLE and district interims.

Strategy 1 Details		Reviews			
Strategy 1: Students will show at least one year's growth in the area of third through fifth grade math and reading as measured by STAAR. Actions: a) Teachers will conduct progress monitoring each 3 weeks utilizing student data to drive instruction. b) Calibration training will be conducted to reduce random variation within guided reading lexile levels and guided math. c) Continue to strengthen PLCs and all grade levels to autonomy to plan as a team with admin and academic coaches support d) Continue to create and assess students through CAs each nine weeks in the area of math and reading utilizing the pre/post test model. e) Implementation of coaches/teachers creation of rigorous student tasks to align with expected reproduction state standard levels Staff Responsible for Monitoring: Administration Instructional Facilitators Classroom teachers Title I: 2.4, 2.5, 2.6 - TEA Priorities: Improve low-performing schools - Targeted Support Strategy Problem Statements: Demographics 1, 2 - Student Learning 1, 2, 3 - School Processes & Programs 2		Formative			Summative

<div><div> No Progress</div><div> Accomplished</div><div> Continue/Modify</div><div> Discontinue</div></div>					

Performance Objective 5 Problem Statements:

Demographics

Problem Statement 1: West Birdville's at-risk population continues to increase year over year with the last documented at-risk population at 89.53%. **Root Cause:** West Birdville has seen a significant increase in our newcomer/immigrant population from 2022-2023 to 2023-2024 and expect this trend to continue in 2024-2025. West Birdville welcomed 48 newcomer/immigrant students during the 2023-2024 school year from areas such as Cuba, Honduras, Venezuela, Mexico, El Salvador, and Peru. Many of these are SIFE (students with interrupted formal education).

Problem Statement 2: The percentage of West Birdville students being identified and served in the Gifted and Talented program remains low at 3.49%. We are seeing students in our bilingual classrooms not being identified as regularly as our students in our monolingual classrooms. **Root Cause:** The Gifted and Talented assessment is in English, which can be a hurdle for EB students.

Student Learning

Problem Statement 1: In grades 3-5, STAAR scores indicate students are not achieving the Meet Grade Level standard in all subject areas. **Root Cause:** Academic gaps are occurring due to random variance within tier I instruction among grade level teachers. Strategies targeting tier I rigor and relevance will be discussed during PLC+.

Problem Statement 2: West Birdville did not see adequate growth demonstrated by students within the antiquated MTSS model of pull-out services. Students remained on tiers for their entire elementary career. **Root Cause:** West Birdville saw a reliance on an unsuccessful MTSS model that has been removed from West Birdville's daily instruction. West Birdville will be following the model of students receiving closing the gaps instruction in their tier I instruction classroom delivered by their teacher of that content area.

Problem Statement 3: Across 3rd, 4th, and 5th grades, there are significant achievement gaps in both reading and math, particularly among Spanish-speaking students, where performance in Approaches, Meets, and Masters levels remains consistently below English-speaking students. Additionally, low performance in 5th-grade science, especially in Spanish, highlights further disparities that need to be addressed. **Root Cause:** Increased teacher and staff absences, along with a decline in attendance at after-school professional learning sessions, have negatively impacted student instruction and success. As a result, professional learning has shifted to during the school day with added incentives.

School Processes & Programs

Problem Statement 2: Campus PLC utilizing data below a surface level to engage in high levels of tier I instructional planning. **Root Cause:** Teachers did not have the freedom needed to perform the necessary planning and data disaggregation for explicit tier I instruction. Implementation of PLC+ and teacher led PLCs with extensive data disaggregation will allow for appropriate planning and reduce random variance.

Goal 2: The system will utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 1: Decrease the percent of students exhibiting chronic absenteeism and increase overall student attendance to the district expectation of 96%.

High Priority

Evaluation Data Sources: Overall campus attendance records, parent/student incentives, parent attendance goals, classroom data collected each week on student absences

Strategy 1 Details	Reviews			
Strategy 1: Develop and implement a campus-wide program to incentivize student and staff attendance. Actions: a) Redesign and implement improvement plan strategies to increase student attendance by spotlighting the class with the best attendance each 9 weeks per grade level. b) Each classroom is provided a perfect attendance pie chart that allows for daily celebrations. c) Weekly updates for each grade level are provided each Friday during live announcements. d) Create incentives for staff members to encourage better attendance Staff Responsible for Monitoring: Administration Classroom teachers TEA Priorities: Improve low-performing schools - ESF Levers: Lever 5: Effective Instruction Problem Statements: School Processes & Programs 1	Formative			Summative

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Vanessa Sutton

Janeth Arriola

Amanda Escamilla

Sandra Climer

Heather Sheehan

Bayley Torres

Kelli Eclavea

Andrea Southall

Alejandra Resendiz

Maria Rodriguez

Erica Ortega

Yolenny Olmeda

Mayra Chavez

Cynthia Gomez

Julie Van Pelt

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

SAMPLE ANSWER

Through the Campus Needs Assessment, 89.53% were identified as at-risk based on one or more of the following criteria:

- 1. low performance on a readiness test or assessment instrument*
- 2. semester failure of two or more academic subjects*
- 3. grade retention*
- 4. lack of satisfactory performance on state-mandated testing*
- 5. pregnancy or parenthood*
- 6. placement in an alternative education program*
- 7. expulsion*
- 8. parole, probation, deferred prosecution, or conditional release*
- 9. drop out status*
- 10. limited English proficiency*
- 11. custody or care of the Department of Protective and Regulatory Services*
- 12. homelessness*
- 13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home*

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Capturing Kids Hearts
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention

- Character Strong
- Haggerty
- 95 Phonics
- mClass, Star Ren, CIRCLE, F&P BAS

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Vanessa Sutton

Janeth Arriola

Amanda Escamilla

Sandra Climer

Leticia Titus

Kathy Grupe
Kristin Autrey
Robbin Mckinney
Alejandra Resendiz
Velvet Sloan
Maria Rodriguez
Erica Ortega
Cecilia Rivas
Kelli Eclavea
Cynthia Gomez
Shea Sanchez

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Vanessa Sutton
Janeth Arriola
Amanda Escamilla
Sandra Climer
Leticia Titus
Kathy Grupe
Kristin Autrey
Robbin Mckinney
Alejandra Resendiz

Velvet Sloan

Maria Rodriguez

Erica Ortega

Cecilia Rivas

Kelli Eclavea

Cynthia Gomez

Shea Sanchez

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Thursday evenings and Friday mornings in order to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2022-23:

- August Refresh Back to School Event (Friday 9:00-1:00) at WG Thomas Coliseum
- August Meet the Teacher Night (Thursday only) on campus
- Fall Title I Meeting on campus
- November Literacy Event (Thursday) on campus
- November Book Fair (Monday through Thursday 8:00-4:00) on campus
- March Open House (Thursday only) on campus
- March Discover Birdville Event (Saturday 9:00-10:00) at Birdville High School
- April Family Engagement Policy and Compact Revision (Thursday/Friday) on campus
- May Art Show (Tuesday through Friday 8:00-6:00) at Haltom Public Library

Comprehensive Needs Assessment

Demographics

Demographics Summary

Holiday Heights Elementary, located in North Richland Hills, Texas, is a Pre-Kindergarten -5th Grade Title I Campus in Birdville ISD that serves approximately 477 students. Holiday Heights' demographic information indicates a population that is approximately 40.9% White, 31.2% Hispanic, 16.6% Black/African American, 1.7% Two or More Races, 7.8% Asian American, 1% American Indian, and .8% Pacific Islander.

The campus is predominantly a neighborhood school, where most students reside within the community, with only two district buses serving Holiday Heights, therefore most students walk, ride bikes or are picked-up from school from family.

Holiday Heights has a good sense of community between our staff and our families. We have a great deal of parent involvement and good rapport with the community.

Holiday Heights is a Capturing Kids' Hearts National Showcase School for the 2024-2025.

Demographics Strengths

Holiday Heights is a diverse campus and has a good sense of community between our staff and our families. We have good rapport with the community.

Families attend campus events and support the school with donations to the classrooms and school.

Families recognize the effort by Holiday Heights staff publicly.

Student Achievement Summary

Student Achievement Strengths

5th grade in all subject areas scored at or above district and state average.

Overall, students closed the gap in their learning from the 2022-2023 school year.

District Culture and Climate

District Culture and Climate Summary

As a campus, we are dedicated to building a community which empowers each individual to realize his or her full social and academic potential. We believe that the key to achieving our mission is through the dedication of our teachers and their commitment to supporting all learners. Our campus has embraced Capturing Kids' Hearts and believes that building relationships with our students is the key to reaching all learners. We believe that once we have a relationship with our students, we can then support them academically.

District Culture and Climate Strengths

Holiday Heights embraces a culture in which personal and academic achievement is fostered for all students. By building strong relationships with our students and parents, and creating a campus where all classrooms have social contracts, use affirmations, share good things and follow the basic ideas of Capturing Kids' Hearts - we believe we are creating a stronger community of learners.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

Holiday Heights teachers and educational assistants are highly qualified. At this time, approximately all classroom teachers hold their English as a Second Language (ESL) supplement certification or are currently working on obtaining it and all classroom teachers who work with Gifted and Talented (GT) students have the proper credentials. The campus administrators and current teams interview highly qualified candidates to determine if the staff member is the best fit to meet the needs of our students.

Staff Quality, Recruitment, and Retention Strengths

Strengths include that staff is provided professional learning opportunities and support to meet the academic needs of our students. Holiday Heights staff is collaborative and functions as a strong Professional Learning Community (PLC) where administrators and the Instructional Facilitator support teacher growth.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

Staff review student assessments in order to provide targeted instruction for improvement. Professional Learning Communities (PLCs) weekly as a team and more formally during Super PLCs every two weeks to discuss student and teacher needs to promote achievement. During PLCs, instructional activities are aligned with student learning needs and expected outcomes for achievement. During PLCs, Common Assessments and the data collected is then reviewed with the purpose of measuring the impact of curriculum and instruction on student learning. Data from assessments and student data folders are also used to guide small group instruction and intervention groups that focus on meeting the specific needs of our students. Data is used to inform all decisions. We also use the data collected from Common Formative Assessments (CFAs), Progress Monitoring Data Points and Interims to meet as Vertical Teams to help align our instruction as a campus across all subject areas.

Curriculum, Instruction, and Assessment Strengths

Strengths include Professional Learning Committees (PLCs) to review instruction and data, Vertical Teams meet to review aligned instruction in all subjects, all staff follow the district curriculum within all content areas, instructional facilitator and administrators monitor lesson plans and teaching within the classroom with walkthroughs that reflect high level of teaching.

Family and Community Engagement

Family and Community Engagement Summary

Holiday Heights is committed to parent involvement and will continue its efforts to build trusting relationships with parents and families. We are committed to communicating information to parents and encouraging meaningful dialogue in a variety of formats. We will continue to explore how to best encourage parent participation in our school events.

Family and Community Engagement Strengths

Strengths include the commitment to host a variety of events for families to be involved in their children's education and to develop a sense of community. We also have a small, but eager Parent Teacher Association (PTA) Board who are committed to supporting our school community.

District Organization

District Organization Summary

Holiday Heights designs our instructional day around best practices in regards to the amount of time required to effectively teach all content areas. The biggest blocks of learning time are devoted to the content areas of math and reading. In Professional Learning Committee (PLC) meetings, data is consistently reviewed and instructional strategies are changed if needed. Organizational efforts that are in place include Professional Learning Committees (PLCs), Leaders of Learners (LOL) Teams, vertical teams, the campus discipline team, grade-level team leaders, monthly faculty meetings, classroom walkthroughs and the implementation of Capturing Kids' Hearts as an entire campus with clear guidelines and expectations.

District Organization Strengths

Strengths Include a campus discipline team who works to address campus-wide issues and to design positive feedback for student achievement, Professional Learning Committee (PLC) meetings to address student needs using data, schedules are made with an effort at maximizing instructional time and are based on best practices, Vertical Teams align curriculum, strategies and common vocabulary and Capturing Kids' Hearts has all staff on same page - social contracts, greeting students, affirmations, good things, four questions.

Technology

Technology Summary

Holiday Heights believes technology improves student engagement and the overall learning process. We embrace technology to ensure that all students and staff have the appropriate digital resources to provide the highest quality instruction possible. Birdville Independent School District is a 1:1 device district leading to appropriate use of technology to support student learning.

Technology Strengths

Strengths Include having Chromebooks for all students, devices for all staff (teachers and educational assistants) and our district is innovative and is always looking for ways to engage our learners and stay up to date with current technology.

Demographics

Demographics Summary

Holiday Heights Elementary, located in North Richland Hills, Texas, is a Pre-Kindergarten -5th Grade Title I Campus in Birdville ISD that serves approximately 477 students. Holiday Heights' demographic information indicates a population that is approximately 40.9% White, 31.2% Hispanic, 16.6% Black/African American, 1.7% Two or More Races, 7.8% Asian American, 1% American Indian, and .8% Pacific Islander.

The campus is predominantly a neighborhood school, where most students reside within the community, with only two district buses serving Holiday Heights, therefore most students walk, ride bikes or are picked-up from school from family.

Holiday Heights has a good sense of community between our staff and our families. We have a great deal of parent involvement and good rapport with the community.

Holiday Heights is a Capturing Kids' Hearts National Showcase School for the 2024-2025.

.

Demographics Strengths

Holiday Heights is a diverse campus and has a good sense of community between our staff and our families. We have good rapport with the community.

Families attend campus events and support the school with donations to the classrooms and school.

Families recognize the effort by Holiday Heights staff publicly.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Although behavior is more consistent at Holiday Heights, the number of students with extreme behaviors has increased. **Root Cause:** Student Social-Emotional Behavior (SEB) is lacking the foundation needed to self-regulate.

Problem Statement 2 (Prioritized): Holiday Heights has approximately 63% of students identified as At-Risk, with the majority of those students demonstrating gaps in learning.

Root Cause: Learning gaps indicate inconsistent delivery of aligned and targeted instruction.

Student Learning

Student Learning Summary

At Holiday Heights Elementary, STAAR performance data highlights several key strengths and areas for growth. In Reading/Language Arts, 79% of students met or exceeded grade level standards, with 47% at the Meets GL level and 19% at the Masters GL level. Mathematics results show 67% meeting or exceeding grade level standards, with 42% at the Meets GL level and 18% at the Masters GL level. Science performance, however, indicates a need for improvement, with only 65% of students meeting the Approaches GL standard and 26% meeting the Meets GL standard. Targeted interventions in Science could help balance overall student performance.

Student Learning Strengths

5th grade in all subject areas scored at or above district and state average.

Overall, students closed the gap in their learning from the 2022-2023 school year.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Staff has not consistently used the Continuous Improvement process in order to review data and implement needed instruction. **Root Cause:** Inconsistent expectations and inconsistent review of the Plan, Do, Study, Act process during Professional Learning Communities (PLC).

School Processes & Programs

School Processes & Programs Summary

Students at Holiday Heights Elementary are served through a variety of programs related to individual student needs. 69% (351 students) of our students are served by the free and reduced lunch program. 12% (62 students) of our students are considered Emergent Bilingual, 18% (95 students) special education, 7% (35 students) dyslexic, and 5% (25 students) gifted and talented.

Holiday Heights Elementary has two Pre-Kindergarten classrooms. The Pre-Kindergarten program provides intervention with a focus on cognitive, social-emotional, language and communication, and physical skills in an effort to allow children to learn skills that they can further utilize as they transition into the elementary setting.

Holiday Heights Elementary has a kindergarten through second grade and third grade through fifth grade Positive Approach to Student Success (PASS) program on campus. The Positive Approach to Student Success program supports students with significant deficits in adaptive behaviors, personal management and behavioral needs.

The Response to Intervention (RTI) program serves students in grades Kindergarten - 5th grade in both reading and mathematics. Students are identified for tiered intervention services using data from universal screeners administered three times each year - beginning, middle, and end of the year. Collaborative teams also meet to discuss student progress and plan intervention based on student need with a goal of closing the learning gap. We also provide tutoring to our struggling students with staff, including Title I Tutors and Interventionists.

School Processes & Programs Strengths

Holiday Heights staff uses Professional Learning Community (PLC) meetings to address student needs using anecdotal records, observations and data.

The campus schedule and classroom schedules are made with an effort at maximizing instructional time and are based on best practices. Holiday Heights uses Vertical Teams to align curriculum, strategies and common vocabulary. Also, all staff is trained in Capturing Kids' Hearts, which has all staff on same page - social contracts, greeting students, affirmations, good things.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Student behavior has escalated over the past two years and therefore we need a specific, very scripted campus-wide discipline plan. **Root Cause:** Campus needs a refined, consistent, well-defined, and unified approach to discipline. Additionally, inconsistent attendance and other factors have led to low student Social Emotional Learning (SEL), which has been found to contribute to an increase in student behaviors.

Problem Statement 2 (Prioritized): Student and Parent understanding of district, campus, classroom safety protocols along with available resources is lacking. **Root Cause:** Campus lack of communication in regards to safety protocols and resources is not communicated in all modes of communication with families.

Perceptions

Perceptions Summary

The focus of Holiday Heights Elementary is on individual student needs. Our leadership, curriculum, support services, teaching styles, general school environment and community form the foundation for student success. We strive to show #HuskyPride in and out of the school setting.

Perceptions Strengths

According to survey results, Holiday Heights is welcoming, warm, and supportive to students and parents.

Students feel and see that teachers work hard and have their best interests at heart.

School communication: Parents appreciate the communication on social media as well as class newsletters.

Students seem to love and take pride in their school.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Due to inconsistent usage of time, teams have not had enough structured horizontal and vertical planning. **Root Cause:** Administration and the Instructional Facilitator have not engaged staff in structured planning that includes data interpretation with appropriate actions.

Priority Problem Statements

Problem Statement 1: Holiday Heights has approximately 63% of students identified as At-Risk, with the majority of those students demonstrating gaps in learning.

Root Cause 1: Learning gaps indicate inconsistent delivery of aligned and targeted instruction.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Although behavior is more consistent at Holiday Heights, the number of students with extreme behaviors has increased.

Root Cause 2: Student Social-Emotional Behavior (SEB) is lacking the foundation needed to self-regulate.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Staff has not consistently used the Continuous Improvement process in order to review data and implement needed instruction.

Root Cause 3: Inconsistent expectations and inconsistent review of the Plan, Do, Study, Act process during Professional Learning Communities (PLC).

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Student behavior has escalated over the past two years and therefore we need a specific, very scripted campus-wide discipline plan.

Root Cause 4: Campus needs a refined, consistent, well-defined, and unified approach to discipline. Additionally, inconsistent attendance and other factors have led to low student Social Emotional Learning (SEL), which has been found to contribute to an increase in student behaviors.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Due to inconsistent usage of time, teams have not had enough structured horizontal and vertical planning.

Root Cause 5: Administration and the Instructional Facilitator have not engaged staff in structured planning that includes data interpretation with appropriate actions.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Student and Parent understanding of district, campus, classroom safety protocols along with available resources is lacking.

Root Cause 6: Campus lack of communication in regards to safety protocols and resources is not communicated in all modes of communication with families.

Problem Statement 6 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Running Records results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- T-TESS data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Study of best practices
- Other additional data

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

High Priority

HB3 Goal

Evaluation Data Sources: Elementary: Fountas & Pinnell reading levels

Elementary: Elementary: Childrens' Learning Institute (CLI Engage - CIRCLE) - (prekindergarten reading and math), mClass (kindergarten reading and math), mClass (1-2 reading), Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5), Texas Education Agency (TEA) Interims (grades 3-5 reading and mathematics)

Strategy 1 Details	Reviews			
Strategy 1: Build capacity and fidelity in the use of the District curriculum and implementation literacy strategies at the campus level. Actions: a) Provide tiered professional learning opportunities that are responsive to all staff needs to build their capacity to implement campus literacy plans. b) Support campus leadership teams to lead the implementation of the District curriculum, identified resources and literacy strategies. c) Provide coaching support for campus implementation plans. d) Use data to provide targeted support and progress monitoring. Staff Responsible for Monitoring: Administrators, Instructional Facilitators, Title I Tutors, Special Education Staff, Leaders of Learners (LOL) Members, Classroom Teachers Title I: 2.4, 2.5, 2.6 Problem Statements: Demographics 2 - Student Learning 1 - Perceptions 1	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details	Reviews			
<p>Strategy 2: Emphasize the continued implementation of reading and mathematics literacy instruction with a focus on guided instruction and continuous improvement.</p> <p>Actions: a) Continue to provide elementary teachers training on the science of teaching reading based on Texas Education Agency (TEA) and House Bill 3 (HB3) requirements. b) Provide elementary teachers the necessary coaching and training to continue the implementation of district and state literacy requirements. c) Continue to emphasize and facilitate campus instructional focus walks and debriefing sessions. d) Infuse literacy-focused professional learning and discussions into monthly principal meetings. e) Collect artifacts to support literacy implementation and teacher mastery of the science of teaching reading. f) Collect process data to measure the degree of alignment and implementation of district initiatives. g) Monitor implementation of the district Reading Language Arts curriculum through ongoing professional learning and coaching. h) Implement training to support general education and all special program teachers with instructional practices that aligns to the district curriculum and assessment requirements. i) Use instructional facilitator to support teachers in meeting House Bill 3 (HB3) goals and closing the gap regarding student performance. j) Increase teacher capacity to teach the required Kindergarten -3rd grade phonics program.</p> <p>Staff Responsible for Monitoring: Administrators, Instructional Facilitator, Special Education Staff, Classroom Teachers, Central Office Staff</p> <p>Title I: 2.4, 2.5, 2.6</p> <p>Problem Statements: Demographics 2 - Student Learning 1 - Perceptions 1</p>	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 3 Details	Reviews			
<p>Strategy 3: Communicate and assist campus staff in implementing data informed instruction and responsive teaching.</p> <p>Actions: a) Continue to conduct training on the personalized learning framework for all instructional staff. b) Deepen the understanding and implementation of data-driven, responsive instruction through the use of the Professional Learning Committee (PLC) process, including Super PLCs every two weeks (extra data/planning time for staff). c) Conduct campus walks that are specific to instruction and program implementation for the purpose of continuous improvement. d) Use data from multiple assessments (mClass, Star Renaissance and Interims) to inform instruction. e) Collect, analyze and use data for progress monitoring.</p> <p>Staff Responsible for Monitoring: Administrators, Coaches, Interventionists, Special Education Staff, Classroom Teachers, Central Office Staff</p> <p>Title I: 2.5</p> <p>Problem Statements: Demographics 2 - Perceptions 1</p> <p>Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$92,501</p>	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 4 Details		Reviews			
Strategy 4: Enhance and support the implementation of system-wide instructional practices to support Emergent Bilinguals. Actions: a) Identify trends by conducting data analysis to determine progress in reading, math and English language development. b) Increase effective systems of support for student learning in reading and math. Staff Responsible for Monitoring: Administrators, Instructional Facilitator, Multilingual Services, Classroom Teachers, Central Office Staff Problem Statements: Demographics 2 - Perceptions 1		Formative			Summative

School Processes & Programs
Problem Statement 2: Student and Parent understanding of district, campus, classroom safety protocols along with available resources is lacking. Root Cause: Campus lack of communication in regards to safety protocols and resources is not communicated in all modes of communication with families.

Goal 3: All students and staff will learn and work in a safe and responsive environment.

Performance Objective 2: Reduce the cost of accidents resulting in workers' compensation claims by 10% over the previous year and reduce the number of work days lost each year due to accidents occurring on the job by 10%.

Evaluation Data Sources: Annual report of worker's compensation claims.

Strategy 1 Details	Reviews			
Strategy 1: Implement a campus-wide safety awareness program. Actions: a) View and complete all components of Safe Schools Training. b) Monitor the implementation of safety procedures throughout the campus (stepladders, extension cords, appliances). c) Review safety procedures and relevant topics during staff meetings. Performance Objective 3 Problem Statements:

Demographics
Problem Statement 2: Holiday Heights has approximately 63% of students identified as At-Risk, with the majority of those students demonstrating gaps in learning. Root Cause: Learning gaps indicate inconsistent delivery of aligned and targeted instruction.

Student Learning
Problem Statement 1: Staff has not consistently used the Continuous Improvement process in order to review data and implement needed instruction. Root Cause: Inconsistent expectations and inconsistent review of the Plan, Do, Study, Act process during Professional Learning Communities (PLC).
School Processes & Programs
Problem Statement 2: Student and Parent understanding of district, campus, classroom safety protocols along with available resources is lacking. Root Cause: Campus lack of communication in regards to safety protocols and resources is not communicated in all modes of communication with families.

State Compensatory

Budget for Holiday Heights Elementary

Total SCE Funds: \$92,501.00

Total FTEs Funded by SCE: 2.8

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Dan Walker	Community
Chad Miller	Business Rep
DJ Roberts	Business Rep

he Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, approximately 66% (336 students) were identified as at-risk based on one or more of the following criteria:

1. Low performance on a readiness test or assessment instrument
2. Grade retention
3. Lack of satisfactory performance on state-mandated testing
4. Limited English proficiency
5. Homelessness

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Capturing Kids' Hearts
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

Campus Needs Assessment (CNA) addresses:

1. Demographics
2. Perceptions

3. Student Learning

4. Processes and Programs

The findings of the Campus Needs Assessment (CNA) are used to inform the Campus Improvement Plan (CIP). Both the Campus Needs Assessment (CNA) and Campus Improvement Plan (CIP) are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

Lisa Walker	Principal
Kenji Ford	Assistant Principal
Mirna Molina	Pre-K
Sarah Yamane	Kindergarten
Adrienne Kern	First Grade
Sonya Diaz	Second Grade
Colleen Courtney	Third Grade
Melanie White	Fourth Grade
Kimberly Hughes	Fifth Grade
Stephanie Carney	Intervention
Mallory Bownds	District
Alonzo Flores	Parent
Ron Owen	Parent
Nicole Hackney	Community
Dan Walker	Community
Chad Miller	Business Rep
DJ Roberts	Business Rep

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Tuesday or Thursday evenings and Friday mornings in order to accommodate parents' work schedules .The following family engagement activities are planned for 2023-2024:

- August Refresh Back to School Event at WG Thomas Coliseum
- August Meet the Teacher Night on campus
- Grade Level What You Need To Know Night on campus
- September Grandparents Ice Cream Social on campus
- September PTA Membership Night on campus
- September Title I Meetings on campus
- October Science Night on campus
- November Fun Run on campus during the day
- November Music Program on campus
- December PTA Event on campus
- December Winter Holiday Celebration Night on campus
- January Math Night on campus
- March Open House on campus
- March Discover Birdville Event
- April Family Engagement Policy and Compact Revision on campus

Comprehensive Needs Assessment

Demographics

Demographics Summary

Our campus serves approximately 705 students in grades Pre-Kindergarten through Fifth grade. Grade levels range from five to six sections with all grade levels having two bilingual classrooms. Student ethnicity is 66% (471) Hispanic, 23% (161) White, and 7% (52) African American. Our school is about 51% (369) male and 49% (336) female. We have 42% (301) of our students as Emergent Bilinguals. Students identified as economically disadvantaged make up 80% (570) of our students population. Our students labeled At Risk make up 80% (569) of our population. 42% (301) of Watauga students are enrolled in the bilingual or ESL program.

Other Demographics to consider: 5% (36) of our students are identified as Dyslexic, 14% (104) of students are identified under special education, 3% (21) are served under Gifted and Talented and 6% (50) of our population is served under 504. Our mobility rate is 13%.

Demographics Strengths

Our campus is very large and still maintains a strong family bond. The staff works incredibly well together and is very supportive. They work diligently to meet the needs of others and their students.

All campus staff have started the Conscious Discipline training and are implementing the tools in their classrooms.

To support ELL population, funds are allocated for Bilingual Intervention.

Monolingual and Bilingual teachers plan together and stay aligned within the curriculum.

Classes interact with one another developing an appreciation of differing cultures.

We have a local SERTOMA chapter that supports our school and is very involved in supporting public education in the city of Watauga.

Northwood Church has adopted our campus and sponsors a fall carnival, Christmas gifts and over 100 mentors who come out once a month with Academy 4. We have also implemented two programs called Leaders 5, a mentoring program for 5th graders, and a 4 Families project which provides family and parenting education classes through mentorship.

This year, we only hired 2 new teachers to the campus.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Overall campus attendance rates are 94.6%. This is an increase from the past few years but still below our desired rate of 96%. **Root Cause:** A root cause of this issue is inconsistent communication between the campus and families regarding the importance of daily attendance and its impact on student success.

Student Learning

Student Learning Summary

According to the 2024 STAAR results, there was an increase in eleven of the fourteen tests in the percent of students reaching Approaches, Meets or Masters. The campus improved in district ranking in all English tests.

Based on the End of Year 2024 MTTS tiers, 54% of Kinder students were reading on grade level in English, 45% in Spanish, and 68% were on level for Math. 52% of 1st graders were reading on level in English, 32% in Spanish, and 71% were on level for Math. 44% of 2nd graders were reading on level in English, 54% in Spanish and 63% were on level in Math. 65% of 3rd graders were reading on level in English, 54% in Spanish and 61% were on level in Math. 41% of 4th graders were reading on level in English, 50% in Spanish and 58% were on level in Math.

Student Learning Strengths

The percent of Watauga students who scored at the Approaches level in 3rd Grade English Reading and Math was in the middle of Birdville ISD.

The percent of Watauga 4th graders who scored at the Approaches level for English Reading increased by 13%.

The percent of Watauga 5th graders who scored at the Meets level for English Math increased by 12%.

The percent of Watauga 4th graders who scored at the Approaches level for Math STAAR in Spanish increased by 7%.

The percent of Watauga 4th graders who scored at the Approaches level for Reading STAAR in Spanish increased by 13%.

The percent of Watauga 3rd graders who scored at the Approaches, Meets and Masters level for Math STAAR in Spanish was above District, Region and State average.

There were nine 4th grade students who passed Reading STAAR for the first time last year and 17 students increased on their STAAR performance level indicator.

There were nine 5th grade students who passed Math STAAR who had failed the 4th grade Math STAAR.

There were 26 5th grade students who increased on their Math STAAR performance level indicator.

There were 18 5th grade students who increased on their Reading STAAR performance level indicator.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: The All-Students group has a target of 49% for math for 2023-27. Preliminary Results indicate 43% met grade level or above in Spring 2024. **Root Cause:** Staff is working diligently to fill learning gaps of students and more emphasis needs to be placed on students reaching Meets and Masters.

Problem Statement 2 (Prioritized): According to the 2024 STAAR results, there were 39 4th grade students who dropped in their performance level indicator. **Root Cause:** Due to inconsistent instructional strategies, students are not maintaining their level of growth with 4th grade curriculum.

School Processes & Programs

School Processes & Programs Summary

A number of specialized programs related to student need serves students at Watauga Elementary. The free and reduced lunch program serves eighty-three percent of our students. Forty-six percent of the campus is served through a bilingual or ESL program in some capacity. Fifteen percent of our students are served in special education. Approximately six percent of our students are served through 504, as well. Approximately three percent of our students are served through our Gifted and Talented program.

In addition, we have a strategic and successful MTSS program that identifies students with needs in math and reading in Kindergarten - 5th grade. These students are placed on tiers, given strong research-based instruction in small group settings, and their progress is monitored and assessed frequently. Teachers are provided with trainings, resources, and staff support to meet the needs of these struggling students. Five tutors have been hired to help meet the differentiated academic needs of students. We have two Resource teachers and three dyslexia teachers who serve students daily.

Watauga is committed to guaranteeing growth for all students- academically, emotionally and physically. Our students are involved in setting individual, class and grade level goals and monitoring their progress along the way in meeting these goals. Students celebrate their growth and success. The staff also sets professional goals and the campus calendar and schedule provide opportunities for the staff to visit other teachers' classrooms and learn from one another. We strive to foster a culture of literacy in all content areas. Our desire is to promote innovation with the use of technology resources that assist in increased engagement, collaboration and formative assessment. All students participate in monthly Counselor lessons, weekly social-emotional lessons from Character Strong and a common school-wide focus on our social skills program, Conscious Discipline. There are two full time Counselors and a part time crisis counselor who help meet the needs of students. WE has support of local churches to provide weekend food backpacks for several families. The campus offers a variety of extracurricular activities, including choir, running club, garden club, leadership team, and battle of the books, to meet the many needs of our students and families. We have partnered with a local church and Academy 4 so that every 4th grader will have a mentor this year and will go through a monthly leadership curriculum. In addition, we have a parent liaison who works closely with families in building literacy projects and supports in the home. To help foster a great relationship between school and home, we over monthly Prek family nights where families gather for fun activities and form community.

Our campus follows district expectations for instructional and curricular practices. We include personnel recruitment, support, and retention plans through our Title One supplemental plans.

Watauga Elementary only has two teachers who are new to the campus this year. We are thrilled to have consistency among our teaching staff and look for momentum and focus.

Campus professional learning is developed from the district initiatives. Rubrics provided by the district, teacher surveys, instructional walks, classroom observations and student data guide our campus analysis. From these data sources, the campus leadership team identifies areas of needs. These needs are then addressed through professional learning throughout the year. This year our campus focus is on differentiated instruction.

School Processes & Programs Strengths

The master schedule for the campus has been strategically planned and developed to maximize the time for all students and to ensure that students do not miss core Tier 1 instruction. The campus MTSS team has created a systematic and comprehensive approach of reviewing multiple points of data for all students several times a year. This system allows for easy identification of students and data progress monitoring from a variety of sources in both reading and math. There is a strong focus on social and emotional learning for both students and staff.

We have implemented Conscious Discipline and are then completing a book study and video series to help us gradually learn and implement structures that will help student self regulation.

To build engagement with parents, we are utilizing the Latino Family Literacy Project this year.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The number and amount of skills that a teacher needs to effectively meet the demands in a classroom is growing. It takes time, consistency and numerous hours of effective professional learning and coaching. **Root Cause:** Students are coming to school having greater social and behavior, academic and language needs.

Perceptions

Perceptions Summary

Faculty developed mission:

Mission

We are a school who works together to value each part of our community, empower learners, and establish an environment where positive futures are created.

Focused – Empowering – Caring

Student friendly motto, recited daily:

Wildcat Motto

I have the right to learn in a safe, fun, supportive environment.

Clear expectations with visuals are aligned across the campus

Aligned rules in each classroom:

Classroom Rules

Conduct

1. Follow directions
2. Be polite, respectful, and helpful to others.
3. Respect Watauga Elementary property.

Work Habits:

1. Be prepared
2. Use time wisely.
3. Produce quality work.

-

Perceptions Strengths

The staff participated in a survey in the spring of 2024 and results were overwhelmingly positive. The staff reported the campus has a family feel, that everyone is dedicated, supportive, collaborative and professional.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): With 83% of our families considered economically disadvantaged and now all students having faced trauma some kind of trauma, the social emotional needs of students are vast. Healing takes time, resources and well trained staff. **Root Cause:** There is a lack of comprehensive professional development focused on trauma-informed practices for our educators.

Priority Problem Statements

Problem Statement 1: The number and amount of skills that a teacher needs to effectively meet the demands in a classroom is growing. It takes time, consistency and numerous hours of effective professional learning and coaching.

Root Cause 1: Students are coming to school having greater social and behavior, academic and language needs.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: According to the 2024 STAAR results, there were 39 4th grade students who dropped in their performance level indicator.

Root Cause 2: Due to inconsistent instructional strategies, students are not maintaining their level of growth with 4th grade curriculum.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Overall campus attendance rates are 94.6%. This is an increase from the past few years but still below our desired rate of 96%.

Root Cause 3: A root cause of this issue is inconsistent communication between the campus and families regarding the importance of daily attendance and its impact on student success.

Problem Statement 3 Areas: Demographics

Problem Statement 4: With 83% of our families considered economically disadvantaged and now all students having faced trauma some kind of trauma, the social emotional needs of students are vast. Healing takes time, resources and well trained staff.

Root Cause 4: There is a lack of comprehensive professional development focused on trauma-informed practices for our educators.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- T-TESS data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

HB3 Goal

Evaluation Data Sources: Elementary: Fountas & Pinnell reading levels , CLI Engage - CIRCLE (prekindergarten reading and math), mClass (kindergarten reading and math), mClass (1-2 reading), Renaissance STAR Assessments (reading, grades 3-5 and mathematics, 1-5), TEA Interims (grades 3-5 reading and mathematics), Campus Common Assessments

Strategy 1 Details	Reviews			
Strategy 1: Continue to build capacity to implement the District curriculum and state-approved resources with fidelity at the campus level. Actions: a) Provide tiered professional learning opportunities, including coaching cycle, that is responsive to all staff needs to build their capacity to implement campus plans. b) Support teachers in implementing District curriculum, identified resources and strategies. c) Use data to provide targeted support and progress monitoring. Staff Responsible for Monitoring: Campus Administration, Academic Coaches, Leaders of Learners Title I: 2.4, 2.5 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction Problem Statements: Student Learning 2 - School Processes & Programs 1 Funding Sources: Title I Personnel - 211 - Title I - \$179,033	Formative			Summative

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: According to the 2024 STAAR results, there were 39 4th grade students who dropped in their performance level indicator. Root Cause: Due to inconsistent instructional strategies, students are not maintaining their level of growth with 4th grade curriculum.
School Processes & Programs
Problem Statement 1: The number and amount of skills that a teacher needs to effectively meet the demands in a classroom is growing. It takes time, consistency and numerous hours of effective professional learning and coaching. Root Cause: Students are coming to school having greater social and behavior, academic and language needs.

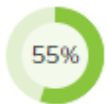

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

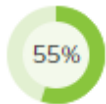

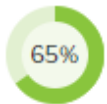

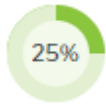

Performance Objective 2: Close achievement gaps that exist for all under-performing student groups as measured by state and district assessments. Meet all progress monitoring targets for grades prekindergarten - 3rd in reading and mathematics for identified student groups as measured by a district-approved monitoring instrument.

HB3 Goal

Evaluation Data Sources: Historical performance by student subgroup on state and district and campus assessments

Strategy 1 Details	Reviews			
Strategy 1: Provide professional development that assists teachers in developing, administering, and utilizing of student performance data to evaluate student growth. Actions: a) Provide professional development for all teachers in analyzing and use of a variety of data for the purpose of focused instruction, appropriate interventions and approved accommodations (ie. state testing and classroom instruction). b) Track student performance on common assessments, interims and district screeners to determine progress toward success on STAAR assessments. Discuss student, class and grade level data in PLCs and write action plans for low performing TEKS. Staff Responsible for Monitoring: Campus Administration, Instructional Facilitators, Campus Staff Title I: 2.4, 2.6 - TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction Problem Statements: Student Learning 2 - School Processes & Programs 1 Funding Sources: Title I Tutors - 211 - Title I - \$33,795	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details		Reviews			
Strategy 2: Implement a multi-tiered system of support (MTSS) for identified students. Actions: a) Hold campus MTSS meetings throughout the year. b) Coordinate with campus staff to discuss progress, needs and curriculum utilized for individual student learning. Staff Responsible for Monitoring: Campus Administration, Instructional Facilitators and Campus Staff Title I: 2.4, 2.6 - TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 2: Strategic Staffing, Lever 3: Positive School Culture, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction Problem Statements: Student Learning 2 - School Processes & Programs 1 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$123,246		Formative			Summative
		Nov	Jan	Mar	June
					
Strategy 3 Details		Reviews			
Strategy 3: Continue implementation of the district continuous improvement process and requirements for mission statements, development of smart goals, use of the PDSA process and progress monitoring using electronic or paper data folders in the classroom. Actions: a) Deliver clear expectations on the implementation of the Continuous Improvement process throughout the school year. Model the processes for grade level teams. b)Continue to support, monitor the implementation of the PDSA process and provide feedback for appropriate, tiered professional learning support. c) Monitor the PDSA development process with common assessments through PLCs to ensure alignment. d) Utilize the rubric to evaluate progress of campus growth. Staff Responsible for Monitoring: Campus Administration and Campus Staff Title I: 2.5, 2.6 - TEA Priorities: Improve low-performing schools - ESF Levers: Lever 5: Effective Instruction Problem Statements: Student Learning 2 - School Processes & Programs 1		Formative			Summative
		Nov	Jan	Mar	June
					

Strategy 4 Details	Reviews			
Strategy 4: Enlist community and business partners to assist in providing support to students and families. Actions: a) Coordinate with PTA to form a strong partnership with campus and families and host family events. b) Coordinate with Northwood Church and Academy 4 about meeting campus needs and providing resources. c)Continue relationships with SERTOMA, other local area churches and counseling resources to increase the support of community involvement. Staff Responsible for Monitoring: Campus Administration, Counselors, Nurse, Parent Liaison Title I: 2.6, 4.1, 4.2 - TEA Priorities: Improve low-performing schools - ESF Levers: Lever 2: Strategic Staffing, Lever 3: Positive School Culture Problem Statements: Demographics 1 - Perceptions 1 Funding Sources: Family Engagement - 211 - Title I - \$2,205	Formative			Summative
	Nov	Jan	Mar	June
				
Strategy 5 Details	Reviews			
Strategy 5: Implement and monitor district protocol to ensure identification and accurate coding of all students who qualify to receive services under the thirteen at-risk indicators. Actions: a) PEIMS Coordinator and attendance clerk collaborate to ensure correct identification and coding for all students. b) Ensure students are receiving appropriate services. Staff Responsible for Monitoring: Campus Administration, Attendance Clerk, Counselor, SPED staff Title I: 2.6 - TEA Priorities: Improve low-performing schools - ESF Levers: Lever 3: Positive School Culture, Lever 5: Effective Instruction Problem Statements: Demographics 1 - Perceptions 1	Formative			Summative
	Nov	Jan	Mar	June
				
<div>  No Progress  Accomplished  Continue/Modify  Discontinue </div>				

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Overall campus attendance rates are 94.6%. This is an increase from the past few years but still below our desired rate of 96%. Root Cause: A root cause of this issue is inconsistent communication between the campus and families regarding the importance of daily attendance and its impact on student success.
Student Learning
Problem Statement 2: According to the 2024 STAAR results, there were 39 4th grade students who dropped in their performance level indicator. Root Cause: Due to inconsistent instructional strategies, students are not maintaining their level of growth with 4th grade curriculum.
School Processes & Programs
Problem Statement 1: The number and amount of skills that a teacher needs to effectively meet the demands in a classroom is growing. It takes time, consistency and numerous hours of effective professional learning and coaching. Root Cause: Students are coming to school having greater social and behavior, academic and language needs.
Perceptions
Problem Statement 1: With 83% of our families considered economically disadvantaged and now all students having faced trauma some kind of trauma, the social emotional needs of students are vast. Healing takes time, resources and well trained staff. Root Cause: There is a lack of comprehensive professional development focused on trauma-informed practices for our educators.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 3: Students will display an awareness of social-emotional development as measured by a district-administered student/staff survey.

Evaluation Data Sources: Social-Emotional Learning survey, Observation data

Strategy 1 Details	Reviews			
Strategy 1: Implement a district approved program that teaches social and character development (SCD). Actions: a) Provide in depth training to campus staff for implementation of Conscious Discipline throughout the year with modeling, book study and video trainings. and monitor campus implementation. b) Provide all staff with expectations of CD structures and routines. c) Implement and monitor SCD and Character Strong lessons in each classroom. d) Utilize Crisis Counselor to provide support to students in areas of social-emotional learning. e)Provide students and families with additional support systems that focus on crisis interventions and trauma informed practices. Staff Responsible for Monitoring: Campus Administration, Counselors, Campus Staff Title I: 2.5, 2.6 - TEA Priorities: Improve low-performing schools - ESF Levers: Lever 2: Strategic Staffing, Lever 3: Positive School Culture Problem Statements: School Processes & Programs 1 - Perceptions 1 Funding Sources: Professional Development - 211 - Title I - \$5,483	Formative			Summative

Performance Objective 3 Problem Statements:

School Processes & Programs
Problem Statement 1: The number and amount of skills that a teacher needs to effectively meet the demands in a classroom is growing. It takes time, consistency and numerous hours of effective professional learning and coaching. Root Cause: Students are coming to school having greater social and behavior, academic and language needs.
Perceptions
Problem Statement 1: With 83% of our families considered economically disadvantaged and now all students having faced trauma some kind of trauma, the social emotional needs of students are vast. Healing takes time, resources and well trained staff. Root Cause: There is a lack of comprehensive professional development focused on trauma-informed practices for our educators.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 4: Reduce the number of students assigned to behavioral MTSS Tiers 2 and 3.

Evaluation Data Sources: Behavioral MTSS records.

Strategy 1 Details	Reviews			
Strategy 1: Implement with fidelity the behavioral MTSS plan. Actions: a) Provide training on the district behavior MTSS plan. b) Implement Conscious Discipline campus wide and provide teachers with clear expectations for Tier 1 behavior supports. c) Train staff on de escalation strategies. d) Utilize district behavior facilitators Staff Responsible for Monitoring: Campus Administration, Counselors, Crisis Counselors, Campus Staff, Behavior Facilitators Title I: 2.5, 2.6 - TEA Priorities: Improve low-performing schools - ESF Levers: Lever 3: Positive School Culture Problem Statements: School Processes & Programs 1 - Perceptions 1	Formative			Summative

School Processes & Programs
Problem Statement 1: The number and amount of skills that a teacher needs to effectively meet the demands in a classroom is growing. It takes time, consistency and numerous hours of effective professional learning and coaching. Root Cause: Students are coming to school having greater social and behavior, academic and language needs.
Perceptions
Problem Statement 1: With 83% of our families considered economically disadvantaged and now all students having faced trauma some kind of trauma, the social emotional needs of students are vast. Healing takes time, resources and well trained staff. Root Cause: There is a lack of comprehensive professional development focused on trauma-informed practices for our educators.

Goal 2: The system will utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 1: Increase the annual total average daily attendance (ADA) as compared to the prior school year, through improved student retention, recruitment, and days in attendance.

Evaluation Data Sources: 23-24 Campus Attendance

Strategy 1 Details	Reviews			
Strategy 1: Refine and implement a campus-wide plan to improve and address student attendance, social needs that interfere with attendance and collect pertinent data on strategies that would mitigate poor student attendance. Actions: a) Develop and refine campus attendance with leadership teams. b) Communicate campus attendance plan with all stakeholders. c) Monitor student attendance and review progress regularly in order to determine effectiveness of the campus plan related to incentives to improve student attendance. d) Implement strategies to identify and address social needs within families that prevent students from attending schools and involve key stakeholders that can help to mitigate student attendance issues. e) Utilize district tribunal process. Staff Responsible for Monitoring: Campus Administration, Attendance Clerk, Counselors, Campus Teachers Title I: 2.5, 2.6 - TEA Priorities: Improve low-performing schools - ESF Levers: Lever 3: Positive School Culture Problem Statements: Demographics 1	Formative			Summative

State Compensatory

Budget for Watauga Elementary

Total SCE Funds: \$123,246.00

Total FTEs Funded by SCE: 3.39

Brief Description of SCE Services and/or Programs

Funds are used to pay for additional personnel to serve students who are at risk of dropping out of school or who have not performed satisfactorily on an end-of-course assessment.

Personnel for Watauga Elementary

<u>Name</u>	<u>Position</u>	<u>FTE</u>
Adrianna Jenkins	Teacher	0.5
Allyson Cortez	Reading Intervention	0.33
Araceli Johnston	Teacher	0.5
Brittany Landaverde	Educational Assistant	0.33
Edith Tavera	Reading Intervention	0.15
Heather Becraft	Instructional Facilitator	1
Jessica Sandmann	Reading Intervention	0.33
Veronica Rodriguez Muniz	Teacher	0.25

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

Parents:
Cecilia Vinogradov
Community Members:
Craig Terry, Ashley Venable
Teachers:
Hannah Lightsey, Tearah Sawyer, Ana Garcia, Cecilia Vinogradov, Mary Vaughan, Sean Halbach, Heather Becraft, Megan Hayes, and Daniela Mendez
Administrators:
Jennifer Martin, Mary Terry, Alicia Roberson
Other Campus and District Staff:
Michell Tennison, Veronica Petty, Jennifer Doty

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 78% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Conscious Discipline
- Workshop Model
- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

- 1. Demographics
- 2. Perceptions
- 3. Student Learning
- 4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Parents:
Cecilia Vinogradov, Jasmine Johnson, Shay Stonecipher
Teachers:
Hannah Lightsey, Tearah Sawyer, Ana Garcia, Mary Vaughan, Sean Halbach
Administrators:
Jennifer Martin, Mary Terry, Alicia Roberson

Parents:
Cecilia Vinogradov, Jasmine Johnson, Shay Stonecipher
Other Campus and District Staff: M
Michell Tennison and Veronica Petty

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Monday evenings in order to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2023-2024:

- August Meet the Teacher Night
- Grade Level Nights/Book Fair
- Kinder - 5th Grade Level Performances in October - May
- October Title I Meeting
- October Skate Night
- October Caine's Arcade
- October Family Carnival
- November Title I Meeting
- December English Spelling Bee
- January Spanish Spelling Bee
- January Museum Night
- March Open House
- March Experience Birdville Event
- April Family Engagement Policy and Compact Revision

- May End of the Year Celebrations, Field Day
- May Grade Level EOY Celebrations

Demographics

Demographics Summary

Hardeman Elementary is a Title I school that served 595 students Pre-k-5th grade during the 2023-2024 school year. Our campus demographics are displayed in detail below.

- Title I campus located in the north end of Birdville ISD
- Serves approximately 595 students
 - PreK – 5th Grade
 - AABLE and ACCESS Special Education Program
- Student Gender
 - 51% Male
 - 49% Female
- Student ethnicity
 - 38% White
 - 36% Hispanic/Latino
 - 12% African American
 - 9% Asian
 - 3% Two or more
 - 2% Other
- 64% of students are Economically Disadvantaged
- 17% of students are Limited English Proficient
- 17% of students are served in ESL Program
- 26% of students are served in Special Education
- 8% of students are served in Advanced Academic Program
- 100% staff meet federal highly qualified requirements
- Average Daily Attendance for 2023-2024 school year is 94.72%

Grace E. Hardeman Elementary School currently employs 85 individuals. We place a high priority on recruiting and hiring teachers with a passion for working with students. All teachers new to the profession participate in the district new teacher mentor program, and are assigned a campus mentor. One hundred percent of the certified teachers on staff are English as a Second Language certified. Teachers in Kindergarten through third grade and some support staff have been trained or are currently participating in Texas Reading Academy. Grace E. Hardeman uses a Professional Learning Community (PLC) model to provide collaborative opportunities for successful communication of the campus routines, procedures and philosophy for all staff members. Grade level team outlooks are positive and productive. GEH is developing a strong Parent Teacher Association (PTA). The Executive Board of the PTA is made up of parents and staff members who work collaboratively to encourage family engagement and community involvement to enhance the goals of the campus.

Demographics Strengths

Some of the most notable demographic strengths for our students include:

- The male to female ratio at Hardeman Elementary is almost equivalent at 51% (306) male and 49% (294) female.
- Six different ethnicities are represented at Hardeman Elementary. This provides students on our campus the opportunity to learn from and learn with students of diverse cultural and ethnic backgrounds.

- The special education programs available on campus allow our student population to be accepting of those with disabilities.
- Teacher retention for the campus is high.
- The campus PTA is growing.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Gifted and talented students are under identified. **Root Cause:** Additional training is needed in best practices to teach standards with greater depth and complexity, which will enhance critical thinking and enable students to apply knowledge to a variety of concepts.

Problem Statement 2 (Prioritized): Average daily attendance has decreased from previous years. **Root Cause:** Chronic illnesses and lack of reliable transportation for families.

Student Learning

Student Learning Summary

In the 2024 STAAR assessments, performance varied across grades and subjects. For 3rd grade, a majority of students met the *Approaches* standard in both Math (81.33%) and Reading (83.12%), with a significant portion also reaching the *Meets* and *Masters* levels. In 4th grade, Math results were notably lower, with only 57.33% of students meeting *Approaches* and just 12% achieving *Masters*. Reading scores in 4th grade were better, with 83.33% meeting *Approaches* and 45.83% meeting *Meets*. The 5th grade showed strong performance across all subjects, especially in Reading, where 88.64% met *Approaches* and 45.45% reached *Masters*. Math results were also strong, with 89.53% at *Approaches* and 68.6% at *Meets*. Science scores in 5th grade indicated a solid foundation, with 75% meeting *Approaches* and 20.45% reaching *Masters*. Overall, the data highlights strong performance in 5th grade but suggests areas for improvement, particularly in 4th grade Math.

Review of 2024 STAAR data:

Assessment	Approaches	Meets	Masters
3rd Grade Math	81.33%	58.67%	26.67%
3rd Grade Reading	83.12%	53.25%	31.17%
4th Grade Math	57.33%	24.0%	12.0%
4th Grade Reading	83.33%	45.83%	18.06%
5th Grade Math	89.53%	68.6%	30.23%
5th Grade Reading	88.64%	70.45%	45.45%
5th Grade Science	75.0%	40.91%	20.45%

Student Learning Strengths

Third grade students at Grace E. Hardeman Elementary performed above the district average for students meeting standards in all areas on the 2024 State of Texas Assessment of Academic Readiness (STAAR)

Fifth grade students at Grace E. Hardeman Elementary performed above the district average for students meeting standards in all areas on the 2024 STAAR

Fifth grade students at Grace E. Hardeman Elementary performed above the state average in all areas of the 2024 STAAR.

The number of students in grades K-2 meeting benchmark on mClass has increased by 15% from the beginning of the 2023 to the end of the 2024 school year.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Fourth grade reading and math STAAR scores have decreased over the past three years. **Root Cause:** Additional support is needed to enhance the implementation of Tier I instruction, including effective use of small groups and data.

Problem Statement 2 (Prioritized): Fifth grade STAAR Science scores decreased in the areas of meets and masters as compared to 2023 STAAR scores. **Root Cause:** The rigor

and fidelity of teaching science in grade K-5 needs to be increased.

Problem Statement 3 (Prioritized): Gifted and talented students are under identified. **Root Cause:** Additional training is needed in best practices to teach standards with greater depth and complexity, which will enhance critical thinking and enable students to apply knowledge to a variety of concepts.

Problem Statement 4 (Prioritized): Average daily attendance has decreased from previous years. **Root Cause:** Chronic illnesses and lack of reliable transportation for families.

School Processes & Programs

School Processes & Programs Summary

During the 2023-2024 school year, students at Grace E. Hardeman Elementary are served by a number of specialized programs related to student need. Approximately 17.31% of students are Emergent Bilingual (EB), served by English as a second language (ESL) programs. Currently, 23.19% of students are served through special education which includes four self-contained programs and five percent of students are served through the gifted and talented program.

The curriculum and instruction at Grace E. Hardeman is guided by the Texas Essential Knowledge and Skills (TEKS) and driven by Birdville Independent School District's scope and sequences, unit plans, and curriculum previews. Some critical components of the district curriculum include Common Based Assessments, Campus Formative Assessments, explicit and systematic reading programs that follow the vision of The Science of Teaching Reading, and district math curriculum implemented through a workshop model.

Assessment is a major part of the instructional decision making process at Hardeman Elementary. Pre-Kindergarten through fifth grade uses screeners to help determine student growth over the course of the year. These screeners include; Circle Progress Monitoring, mClass, Star Renaissance Reading, Star Renaissance Math, and Fountas and Pinnell. District interims and State of Texas Assessment of Academic Readiness (STAAR) are assessment focus areas in grades 3 through 5. The Texas English Language Proficiency Assessment System (TELPAS) is an annual assessment given to students that have been identified as Emergent Bilinguals (EB).

Grade level Professional Learning Communities (PLC) are scheduled weekly with the campus instructional coach for the purpose of collaborative planning, creating campus assessments and analyzing student data through the Plan-Do-Study-Act (PDSA) process.

All students and staff at Grace E. Hardeman have access to technology hardware and software. Computers, document cameras, Chromebooks are available in all classrooms. Some classrooms have Smart Boards. Wireless access points have been installed around the building for educational use. There is a computer lab with twenty-five desktop computers. Students are encouraged to use technology programs and applications such as Go Math, Canvas, SeeSaw, Amplify Reading, Progress Learning, and Spatial Temporal Math (STMATH). Teachers and staff monitor student computer use using Go Guardian. Teachers use the AWARE applications to create assessments and review student assessment data. The campus also has a digital learning specialist that visits the campus weekly to provide training and support for teachers.

There is a strong focus on social and emotional learning for both students and staff. The school focus for the past three years has been utilizing the program Conscious Discipline. This is a campus wide approach to teaching our students skills to help regulate their emotions. The campus also utilizes Love & Logic as well as CHAMPS (Conversation, help, Activity, Movement, Participation, Success) as a classroom management model to improve student behavior by setting clear expectations. Character Strong, a curriculum focused on fostering the whole child, is used to build student character.

School Processes & Programs Strengths

Grace E. Hardeman has identified the following strengths

- Weekly PLCs with the instructional coach to create common assessments, analyze data,
- Weekly team planning to identify effective instructional strategies and individual student needs.
- MTSS meetings to identify students in need of additional interventions and providing early intervention strategies for those students.
- Comprehensive curriculum provided by Birdville Independent School District that addresses the TEKS
- One to one technology devices are provided to students
- Teachers provide students with instruction geared to their individual needs
- One-to-one devices for all students
- Open computer lab
- Wireless access points throughout the building

- Digital learning specialist available for campus needs

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Fifth grade STAAR Science scores decreased in the areas of meets and masters as compared to 2023 STAAR scores. **Root Cause:** The rigor and fidelity of teaching science in grade K-5 needs to be increased.

Problem Statement 2 (Prioritized): Fourth grade reading and math STAAR scores have decreased over the past three years. **Root Cause:** Additional support is needed to enhance the implementation of Tier I instruction, including effective use of small groups and data.

Problem Statement 3 (Prioritized): Our school is facing a challenge in acquiring volunteers. **Root Cause:** Limited volunteer opportunities provided for parents.

Problem Statement 4 (Prioritized): Gifted and talented students are under identified. **Root Cause:** Additional training is needed in best practices to teach standards with greater depth and complexity, which will enhance critical thinking and enable students to apply knowledge to a variety of concepts.

Problem Statement 5 (Prioritized): There is an continued need for purposeful teaching and practicing of appropriate social skills for all students **Root Cause:** Students need direct instruction in social skills necessary to interact with peers or deal with conflict in an appropriate manner.

Problem Statement 6 (Prioritized): There was an increase in workman's compensation claims during the 2024 school year. **Root Cause:** Increase in workman's compensation claims may be due to underlying factors such as changes in workplace conditions, insufficient safety measures, or a rise in incidents that have not been fully addressed.

Perceptions

Perceptions Summary

The involvement of the parents and community at Grace E. Hardeman Elementary is steadily growing. We strive to communicate proactively and provide opportunities for parents to be engaged in the education of their children. We have worked with our Parent Teacher Association to develop a collaborative and positive climate for our families. Through proactive and responsive efforts we have reached out to our community to develop relationships that are friendly and welcoming for all stakeholders. We strive to be culturally sensitive to the needs of families moving into our community by providing opportunities for them to learn about our school. We communicate with families via a monthly principal e-Newsletter, weekly grade level newsletters, and our campus Facebook page. Parents who responded to the district safety survey reported that they feel their child is safe at school. According to the staff safety survey, 100% of our staff reported that they feel our campus is safe for students and staff. Hardeman Elementary maintains a school climate that is inclusive of our diverse population of students and families. The staff, students, and parents have a strong sense of belonging. Parents and staff feel included in the decision making process. Parents report they are proud to be a part of the Hardeman community and feel that the school meets the needs of their students. We have an active and involved PTA and Watch D.O.G. program from whom we receive regular feedback. Parent surveys are conducted each year.

Perceptions Strengths

According to campus and district surveys:

- 100% of staff members feel our campus has a safe and positive climate
- 97% of students feel safe and welcome on campus
- 92% of students feel they have a trusted adult to talk to on campus
- 100% of our parents feel our school is safe
- 96% of parents feel welcome on our campus

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Our school is facing a challenge in acquiring volunteers. **Root Cause:** Limited volunteer opportunities provided for parents.

Problem Statement 2 (Prioritized): There is an continued need for purposeful teaching and practicing of appropriate social skills for all students **Root Cause:** Students need direct instruction in social skills necessary to interact with peers or deal with conflict in an appropriate manner.

Problem Statement 3 (Prioritized): There was an increase in workman's compensation claims during the 2024 school year. **Root Cause:** Increase in workman's compensation claims may be due to underlying factors such as changes in workplace conditions, insufficient safety measures, or a rise in incidents that have not been fully addressed.

Priority Problem Statements

Problem Statement 1: Fifth grade STAAR Science scores decreased in the areas of meets and masters as compared to 2023 STAAR scores.

Root Cause 1: The rigor and fidelity of teaching science in grade K-5 needs to be increased.

Problem Statement 1 Areas: Student Learning - School Processes & Programs

Problem Statement 2: Gifted and talented students are under identified.

Root Cause 2: Additional training is needed in best practices to teach standards with greater depth and complexity, which will enhance critical thinking and enable students to apply knowledge to a variety of concepts.

Problem Statement 2 Areas: Demographics - Student Learning - School Processes & Programs

Problem Statement 3: Fourth grade reading and math STAAR scores have decreased over the past three years.

Root Cause 3: Additional support is needed to enhance the implementation of Tier I instruction, including effective use of small groups and data.

Problem Statement 3 Areas: Student Learning - School Processes & Programs

Problem Statement 4: Our school is facing a challenge in acquiring volunteers.

Root Cause 4: Limited volunteer opportunities provided for parents.

Problem Statement 4 Areas: School Processes & Programs - Perceptions

Problem Statement 5: There is an continued need for purposeful teaching and practicing of appropriate social skills for all students

Root Cause 5: Students need direct instruction in social skills necessary to interact with peers or deal with conflict in an appropriate manner.

Problem Statement 5 Areas: School Processes & Programs - Perceptions

Problem Statement 6: Average daily attendance has decreased from previous years.

Root Cause 6: Chronic illnesses and lack of reliable transportation for families.

Problem Statement 6 Areas: Demographics - Student Learning

Problem Statement 7: There was an increase in workman's compensation claims during the 2024 school year.

Root Cause 7: Increase in workman's compensation claims may be due to underlying factors such as changes in workplace conditions, insufficient safety measures, or a rise in incidents that have not been fully addressed.

Problem Statement 7 Areas: School Processes & Programs - Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Observation Survey results
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Gifted and talented data

Student Data: Behavior and Other Indicators

- Discipline records
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Goals

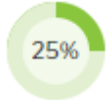

Goal 1: Students will achieve their full potential through a system that is responsive to the academic and social and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

HB3 Goal

Evaluation Data Sources: CLI Engage - CIRCLE (prekindergarten reading and math), mCLASS (kindergarten reading and math), mCLASS (grades 1-2 reading), and Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5)

Strategy 1 Details	Reviews			
Strategy 1: Maximize district resources by implement quality Tier 1 instructional priorities for students in grades Pre-K through 5th grade. Actions: -Utilize grade level PLCs in collaboration with instructional facilitator to implement tier 1 priorities. -Train staff during professional learning sessions after each LOL meeting. -Utilize campus resources including instructional facilitator to provide support for campus and classroom implementation plans. -Utilize RLA vertical teams to increase collaboration system wide on tier 1 priorities and best practices in the classroom. Staff Responsible for Monitoring: Principal, Assistant Principal, LOL team, campus vertical teams Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 1, 2 - School Processes & Programs 1, 2	Formative			Summative
	Nov	Jan	Mar	June
				

Strategy 2 Details		Reviews			
Strategy 2: Align processes that facilitate personalized learning to close achievement gaps, in core content areas, for students in grades Pre-K through grade 5. Actions: -Utilize Continuous improvement rubrics to strengthen instruction and assist teachers in supporting learning for all students including EB population. -Implement MTSS processes to ensure alignment with district protocol and make adjustments as needed. -Utilize district resources with tier 1, 2, and 3 students during readers workshop. -Utilize bilingual ESL EA to facilitate small group intervention with EB students. -Provide enrichment for tier 1 groups based on individual data. -Utilize Title 1 tutor, and classroom teachers to provide intervention for targeted students identified through the MTSS process to decrease learning gaps and increase student performance. Staff Responsible for Monitoring: Principal, Assistant Principal, Instructional Facilitator Title I: 2.4, 2.5, 2.6 Problem Statements: Student Learning 1, 2 - School Processes & Programs 1, 2 Funding Sources: Tutorials - 211 - Title I - \$37,704, SCE Campus Personnel - 199 - General Funds: SCE - \$116,984		Formative			Summative

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in June 2022 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2022.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Kenji ford - Principal

Lindsey Jones - Assistant Principal

Diana Lewis, Julie Williams, Caroline Hildebrandt, Lauren Tidwell, Michael Johnson, Julie Meier, and Sharon Cramer - Teachers

Jaclyn Riski - Instructional Coach and District Professional

Kailee Ballew/ Morgan Myer - parents

Brandon Board - community members

Paul A. - business representatives

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 69.00% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

2.5: Increased learning time and well-rounded education

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.6: Address needs of all students, particularly at-risk

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Positive Behavior Interventions and Supports (PBIS)
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention

- Social Skills Training

Increased learning time is provided through workshop model in both reading language arts and math. Tutorials targeted on student need will also be utilized.

3.1: Annually evaluate the schoolwide plan

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population. School-wide attendance/behavior incentive programs, individual and class recognitions, two-way communication between home and school, and parent and family engagement activities will be utilized as well.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Kenji ford - Principal

Lindsey Jones - Assistant Principal

Diana Lewis, Julie Williams, Caroline Hildebrandt, Lauren Tidwell, Michael Johnson, Julie Meier, and Sharon Cramer - Teachers

Jaclyn Riski - Instructional Coach and District Professional

Kailee Ballew/ Morgan Myer - Parents

Brandon Board - Community Members

Paul A. - Business Representatives

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Campus family engagement activities are scheduled at various times, including evenings in order to accommodate parents' work schedules. The following family engagement activities are planned for 2022-23:

- August Refresh Back to School Event at WG Thomas Coliseum
- August Back to School Bash through Sertoma - August 5th, 10-1pm
- August 14th - Meet the Teacher Night on campus
- September 7th - grade level curriculum nights and Title I Meeting
- September 14th - Family STEAM night
- September 22nd - Back to School Bash
- September 25th- 29th Book Fair on campus
- September 27th - Grandparents Day Celebration

- Awards and data days at the end of each nine week grading period
- Parent classes from the multilingual department beginning Sept. 22
- Grade level performances for families throughout the school year
- Family nights throughout the school year
- World Read Aloud Day
- WatchDog program
- Discover Birdville
- Spring Book Fair
- Open House
- April 5th - volunteer appreciation breakfast and parent engagement policy/compact review
- April - Family Science Night through the Science Museum
- April - Kindergarten Round up & Popsicle on the playground
- May - families invited to Field Day
- May - End of year awards and celebrations

Birdville Independent School District
W.A. Porter Elementary
2024-2025 Campus Improvement Plan

Mission Statement

We will promote excellence by empowering children to reach their individual potential within a supportive learning community.

Vision

The vision at W.A. Porter is to recognize the potential of each child and to guide the child in building confidence, leadership potential, academic, and social skills in an environment that is safe and promotes respect for all.

Comprehensive Needs Assessment

Demographics

Demographics Summary

W. A. Porter Elementary School is established in 1975 and is located in northeast Tarrant County and serves a portion of three municipalities: North Richland Hills, Hurst, and Colleyville. Neighborhoods served by the district range from urban, low-income to suburban upper-middle-class.

The school serves 541 students in grades EE - 5, of which 69.15% are White, 16.33% are Hispanic, 4.72% African American, 5.44% Asian, and 4.6% two or more races. We have 21.78% that are Economically Disadvantaged. The percentage of Hispanic students has steadily increased over the last 10 years, while the percentage of white students has slowly declined. The percentage of students considered to be English language learners (ELLs) has increased over this same time period. There are only 6.35% LEP, but that number has gone up each of the past 4 years. There was a slight increase in Asian and African American students this year. While the characteristics of the student population have changed over this time period, the overall number of students the past 10 years has remained relatively stable with slight decrease in student population. One interesting thing about our campus is that we have a relatively high special education population of 19.24%, but we also have a fairly high percentage of gifted and talented students at 11.81%

W. A. Porter is also the Regional Day School for the Deaf (PK-5) serving students from the districts of Birdville, Carroll, Hurst-Euless-Bedford, Keller, Grapevine-Colleyville, Eagle-Mountain Saginaw.

Of the 53 teachers on the campus, 98% are female, 97% are White, 2.6% are two or more races. This is taken from 2020-2021 school year which is the most recent update from TEA. We have 1 teacher that is new to the profession. 13% had 1 to 5 years experience in education, 18% had 6 to 10 years, 36.6% had 11 to 20 years, and 30.6% had more than 20 years experience. The average length of service years in BISD was 14.8 years. In terms of highest college degree held, 100% of teachers have a bachelor's degree and 34.6% hold a master's degree.

Teacher retention remains high. We only have 1 teacher retiring this year, and we are retaining all other teachers.

Student attendance rate was 95.89%.

Porter as has 21% economically disadvantaged which was down from the previous year. Porter also serves 41.92% at risk students which increased by 8% from last year.

Demographics Strengths

Our student demographic population has remained relatively steady over the years although it is ever so slightly changing.

Our students come from homes where they have a strong foundation of literacy as they enter Porter compared to most campuses.

Our mobility rate is 9.0% which has increased over the past year from 5%, but still remains relatively low. It means our students get to have a solid foundation and have stability in their lives as learners.

There is a lot of support from parents and the community on our campus.

Demographics

Demographics Summary

W. A. Porter Elementary School is established in 1975 and is located in northeast Tarrant County and serves a portion of three municipalities: North Richland Hills, Hurst, and Colleyville. Neighborhoods served by the district range from urban, low-income to suburban upper-middle-class.

The school serves 546 students in grades EE - 5, of which 70.91%(390) are White, 16.36%(90)are Hispanic, 5.27%(29) African American,6%(33) Asian, and .73%(4) two or more races. We have 16.73%(92) that are Economically Disadvantaged. The percentage of Hispanic students has slowly but steadily increased over the last 10 years, while the percentage of white students has slowly declined. The percentage of students considered to be English language learners (ELLs) has increased over this same time period. There are only 5.64%(31) LEP, but that number has maintained for the past 2 years. There was a slight increase in Asian and African American students this year. While the characteristics of the student population have changed over this time period, the overall number of students the past 11 years has remained relatively stable with slight decrease in student population. One interesting thing about our campus is that we have a relatively high special education population of 23.82%(130), but we also have a fairly high percentage of gifted and talented students at 12.91%(70)

W. A. Porter is also the Regional Day School for the Deaf (PK-5) serving students from the districts of Birdville, Carroll, Hurst-Euless-Bedford, Keller, Grapevine-Colleyville, Eagle-Mountain Saginaw.

Of the 53 teachers on the campus, 98% are female, 97% are White, 2.6% are two or more races. This is taken from 2020-2021 school year which is the most recent update from TEA. We have 1 new teacher to the profession this year, and overall our turnover is low which is a great thing about our school. Thirteen percent had 1 to 5 years experience in education, 18% had 6 to 10 years, 36.6% had 11 to 20 years, and 30.6% had more than 20 years experience. The average length of service years in BISD was 14.8 years. In terms of highest college degree held, 100% of teachers have a bachelor's degree and 34.6% hold a master's degree.

Teacher retention remains high. We had 1 teacher move to another campus to get experience with a Title 1 campus so she could work on becoming an administrator. We have had 3 teachers in the past 3 years move on to become academic coaches which says a lot on how we are trying to develop leaders here on campus.

Student attendance rate was 95.89%.

Porter is 21.78% economically disadvantaged which was down from the previous year. Porter also serves 43.09% at risk students which has increased 10 percent in the last 2 years.

Demographics Strengths

Our student demographic population has remained relatively steady over the years although it is ever so slightly changing with increases in the Hispanic population.

Our students come from homes where they have a strong foundation of literacy as they enter Porter compared to most campuses.

Our mobility rate is 9.0% which has increased over the past year from 5%, but still remains relatively low. It means our students get to have a solid foundation and have stability in their lives as learners.

Attendance remains a strength at Porter as our community believes in the value of bringing their child to school.

We have a PTA that has 34 sitting members on the board that are non-teachers. They provide many opportunities for kids through funding programs that we would not be able to do as a non-title campus.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Students miss several days of instruction due to family vacations taken during the school year which caused us to not reach our goal of 97%

Root Cause: There is lack of awareness among families regarding the impact of vacation -related absences on student learning and the campus attendance goals.

Student Learning

Student Learning Summary

2024 STAAR Scores

3rd Grade

- 3rd grade reading scores had 85.06%(74) of our students score Approaches, 67.82%(59 students) score Meets and 32.18%(28students) score Masters.
- 3rd grade math scores we had 87.21%(75 students) score Approaches, 70.93%(61 students) scored Meets and 32.56%(28 students) score Masters.

4th Grade

- 4th grade reading had 93.59%(73 students) of our students score Approaches, 70.51%(55 students) score Meets and 33.33%(26 students) score Masters.
- 4th grade math had 83.33%(65 students) of students score Approaches, 62.82%(49 students) scored Meets, and 21.79%(17 students) scored Masters.

5th Grade

- 5th grade Reading had 92.47%(85 students) of students score Approaches, 75.27%(69 students) score Meets and 40.86%(38 students) score Masters.
- 5th grade Math we had 81.52% (75 students) of students score Approaches, 64.13%(59 students) score Meets and 30.43%(28 students) score Masters.
- 5th grade Science scores had 89.25%(83 students) of students score Approaches, 49.46%(46 students) score Meets and 24.73%(23 students) of students score Masters.

Student Learning Strengths

Third grade math scored the highest in the district in approaches, meets and masters.

5th Grade science scores increased from 2023 from 85% approaches to 89% approaches in 2024. They also increased their masters scores from 2023 from 19% to 25% in 2024.

4th grade students from 2023 increased their reading scores in 2024 from 91.75% approaches to 93% approaches. They also showed an increase in Meets from 2023 to 2024 from 72% Meets to 75% Meets.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): We scored a 76 on our Domain 2A which deals with academic growth showing that 48 students dropped from masters to meets on their 4th or 5th grade reading or math STAAR. **Root Cause:** Third grade math has always been at the top of our district scores as well as the state campus comparisons. Fourth grade math was shown not to be at the same level of rigor that 3rd grade math was using.

Problem Statement 2 (Prioritized): Many of our 3rd and 5th grade writing Extended Constructive Response scores got scored as a 0 on the writing rubric this past year. **Root Cause:** Students that scored a 0 were not always re-stating the prompt which was an automatic score of 0. Students wrote very nice responses, but not re-stating the prompt cost many of our students great scores.

Problem Statement 3 (Prioritized): Special Education population did not make sufficient growth on their STAAR test in reading or math. **Root Cause:** Differentiated instructional strategies and interventions were not consistently tailored to meet the individual learning needs of Special Education students.

School Processes & Programs

School Processes & Programs Summary

Students at W. A. Porter Elementary are served by a number of specialized programs related to student need. There are 16.73 percent of our students that are served by the free/reduced lunch program. We have 23.82% of students that are served through special education which includes the regional day school for the deaf. The Gifted and Talented program serves 12.91% of our population.

The academic RTI program serves students in grades Pre-K through 5th in both Reading and Mathematics. Students are identified for tiered intervention services using data from universal screeners administered three times each year and through consideration of other performance evidence by a collaborative conference committee. Teachers use progress monitoring as a means to keep a closer watch on student progress and group students according to their ability level. Specific services provided for students on Tiers 2 and 3 are outlined in the district Rtl Manual, which is updated annually to reflect programmatic changes in screening assessments and interventions. Performance data suggest that the Rtl program has been successful in moving students off of tiered interventions.

We will continue to use Capturing Kids Hearts this year which focuses on getting through to a student's heart before you capture the mind. Empowering the students to lead our Capturing Kids' Hearts program will be a focus this year. Teachers have students follow a social contract in the classroom and campus wide. Students also participate each week in team building games in PE build those skills that students need. Students learn how to work together to solve problems in a fun but challenging environment. They are guided on problem solving strategies that are life skills as well.

Porter has a very involved community which takes part in our Panther Race, Open House, Data Nights and PTA sponsored events which gives a great chance to interact with the community. These activities are designed to have parents come and participate with their students to see what they are learning and doing as school.

Data meetings are held after each round of assessments to look at student growth and make decisions based on student performance. There is a once a month meeting with our digital specialist and academic coach where teachers will have access to help improve technology in the classroom.

The LOL meets as needed, but not less than once a month to assist in making sure teacher input is heard and to tweak any processes that are not leading to student gains.

Student behaviors have started to increase with the changing population. That has had an impact in overall student learning.

Attendance incentives were used last year on a consistent basis which helped student interest, but it did not have an overall impact on attendance.

Vertical teaming has been successful in aligning our curriculum and coming up with common strategies to best serve our students. Vertical teaming using our writing rubric will be added this year to help focus on our writing performance with the Extended Constructive Responses.

Teachers and staff feel like the PLC process is going very well where we are able to track data, look at progress and pin point areas of growth and evaluate where improvement is needed.

Staff has revealed that they feel campus professional development is specific to what we need. They are included through our LOL team on what they feel like they need, and then we make our professional development plans based on input given.

Our PLC meetings are held once a month in addition to our student monthly data meetings where we focus on using the data to help support student growth. Our RTI process has reduced the number of students on reading tiers, but our math tier 2 and 3 students had a slight increase.

School Processes & Programs Strengths

Grade levels plan with fidelity together to ensure consistency and making sure TEKS and curriculum are covered. Our academic coach meets with our grade levels once a month as well as pop ins to see how things are going. She is involved in our data meetings to discuss how we can help students once we review all information.

Teachers use student data folders helping students to take ownership of their learning. Digital data folders will be used this year as a means of helping students be involved with their own learning. Data meetings are held after assessments to review any new testing, review student progress or further testing we feel might need to be done. We make sure to discuss our tiered students and accommodations that have been tried to see if we need to address any new concerns or make changes in the current plans.

PTA is strong at Porter and there is a lot of help and support that can be tapped into here. We have 34 sitting members that are all parents that serve on our PTA board. More than 35 thousand dollars have been spent each year due to funds generated from our Panther Race. PTA also helps us reach families to come in and help read to students as well as offer classroom support needed. Our PTA also leads 2 events each year where families come to hear a speaker that is relevant to what students or families are going through.

Porter has an experienced and dedicated staff that is stable. We have very little turnover in our staff from year to year, and our student mobility rate is very low meaning these kids our ours from kindergarten to 5th grade.

Teachers at Porter do a great job of integrating technology into the classroom. We are now 1-1 with technology that will allow our staff to utilize Canvas when lessons are applicable, and now all teachers will have brand new IFPs in their classrooms where teachers have access to more instant feedback. So many of the apps used now allow for students to go at their own pace.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There has been some misalignment in reading in math where K-5 teachers had some processes that were not consistent with each other. **Root Cause:** The vertical alignment process was not where it needed to be in grades K-5. There were pockets of alignment, but K-5 had some random variation.

Problem Statement 2 (Prioritized): There were accidents on campus where worker's compensation had to be used for employees. **Root Cause:** There were minor injuries where more focus and awareness could have possibly prevented an injury.

Problem Statement 3 (Prioritized): Our campus fell short in the Capturing Kids' Hearts(CKH) surveys, preventing us from achieving our recognition as a showcase school. **Root Cause:** There was inconsistent implementation of CKH strategies across classrooms and grade levels, possibly due to varying levels of teacher buy-in or limited ongoing training and support.

Problem Statement 4 (Prioritized): Our campus will continue to strengthen our approach to school safety that is critical to maintaining a secure environment for students and staff.

Root Cause: Safety meetings will be a priority throughout the year to ensure all protocols are being followed after all drills and monthly meetings with our safety committee.

Perceptions

Perceptions Summary

With our attendance rate at or near the top consistently in our district and high expectations at Porter, we have a culture that emphasizes the importance of school attendance. With very low absenteeism, our students contribute to the culture of the school by being here. We also have few discipline issues as compared to most campuses. The climate of the school emphasizes high expectations both academically and behaviorally. Even when a discipline program came to Porter, students in that program saw how other students were acting. They many times wanted to be a part of what others were doing. Staff here really embraced the program and poured into those kids to make them feel valued. Our Deaf Ed program is much the same way where our community really embraces those students and staff members to make all of them feel loved and valued.

Surveys have gone out to parents, students and staff at Porter to seek out what were areas of concern.

Parents and students felt that the school was a safe place to be. 96% of parents strongly agreed that they felt safe when their child was at school. They feel loved and cared for by our teachers. According to staff surveys, 97% of staff feel as though the school culture is positive with high staff morale.

Parents are highly involved and always willing to help at a moments notice, and we have a PTA that works tirelessly to help support our teachers and school. Parents also commented on how there is a fantastic and welcoming culture at Porter.

There is a very low turnover rate in staff providing stability on our campus.

We have outstanding parent and community involvement which allows us to do some events that normally might not could happen due to volunteers.

Our surveys indicated that staff feels included in campus decisions. In one survey taken 27% of students did not feel recognized for their good work.

Perceptions Strengths

Parents report that Porter Elementary feels like a private school environment. We have a tremendous amount of open enrollment applications due to the number of people that hear about Porter via word of mouth. They hear about the academic excellence at Porter and want to be a part of it. They love the community feel. Parents have commented on the walk up campus feel since there is not a drive through lane here at Porter. Many families stay late and let their kids play making connections. Parents love the high expectations and comment on how many Porter kids appear in the top 12 every year for the senior class at Birdville High School.

Turnover rate among staff is extremely low which provides Porter with stability that many campuses don't have. Teams work extremely well together and have a family feel.

Parents feel their child is safe at school and have always felt welcome while they are on campus.

Overall there is very little severe behavior concerns which leads to fewer disruptions in the classroom.

Many students are involved in activities outside of school which helps them develop social skills that carry over to on campus activities.

We have a walk up community which allows parents to stay after school and let their kids play and interact with each other. This allows parents to build relationships among other families. Our parents feel welcome at Porter where they can come and help volunteer any time.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): According to students, 27% of them felt like they were not recognized for their hard work. **Root Cause:** Our bigger award ceremonies were not a part of our celebrations last year due to trying a new way of recognizing students.

Priority Problem Statements

Problem Statement 1: There has been some misalignment in reading in math where K-5 teachers had some processes that were not consistent with each other.

Root Cause 1: The vertical alignment process was not where it needed to be in grades K-5. There were pockets of alignment, but K-5 had some random variation.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: There were accidents on campus where worker's compensation had to be used for employees.

Root Cause 2: There were minor injuries where more focus and awareness could have possibly prevented an injury.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: We scored a 76 on our Domain 2A which deals with academic growth showing that 48 students dropped from masters to meets on their 4th or 5th grade reading or math STAAR.

Root Cause 3: Third grade math has always been at the top of our district scores as well as the state campus comparisons. Fourth grade math was shown not to be at the same level of rigor that 3rd grade math was using.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Many of our 3rd and 5th grade writing Extended Constructive Response scores got scored as a 0 on the writing rubric this past year.

Root Cause 4: Students that scored a 0 were not always re-stating the prompt which was an automatic score of 0. Students wrote very nice responses, but not re-stating the prompt cost many of our students great scores.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Students miss several days of instruction due to family vacations taken during the school year which caused us to not reach our goal of 97%

Root Cause 5: There is lack of awareness among families regarding the impact of vacation -related absences on student learning and the campus attendance goals.

Problem Statement 5 Areas: Demographics

Problem Statement 6: According to students, 27% of them felt like they were not recognized for their hard work.

Root Cause 6: Our bigger award ceremonies were not a part of our celebrations last year due to trying a new way of recognizing students.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Special Education population did not make sufficient growth on their STAAR test in reading or math.

Root Cause 7: Differentiated instructional strategies and interventions were not consistently tailored to meet the individual learning needs of Special Education students.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Our campus fell short in the Capturing Kids' Hearts(CKH) surveys, preventing us from achieving our recognition as a showcase school.

Root Cause 8: There was inconsistent implementation of CKH strategies across classrooms and grade levels, possibly due to varying levels of teacher buy-in or limited ongoing training and support.

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Our campus will continue to strengthen our approach to school safety that is critical to maintaining a secure environment for students and staff.

Root Cause 9: Safety meetings will be a priority throughout the year to ensure all protocols are being followed after all drills and monthly meetings with our safety committee.

Problem Statement 9 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Planning and decision making committee(s) meeting data

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- T-TESS data
- T-P ESS data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Study of best practices

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

High Priority

HB3 Goal

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Students miss several days of instruction due to family vacations taken during the school year which caused us to not reach our goal of 97% Root Cause: There is lack of awareness among families regarding the impact of vacation -related absences on student learning and the campus attendance goals.
Student Learning
Problem Statement 1: We scored a 76 on our Domain 2A which deals with academic growth showing that 48 students dropped from masters to meets on their 4th or 5th grade reading or math STAAR. Root Cause: Third grade math has always been at the top of our district scores as well as the state campus comparisons. Fourth grade math was shown not to be at the same level of rigor that 3rd grade math was using. Problem Statement 3: Special Education population did not make sufficient growth on their STAAR test in reading or math. Root Cause: Differentiated instructional strategies and interventions were not consistently tailored to meet the individual learning needs of Special Education students.
School Processes & Programs
Problem Statement 1: There has been some misalignment in reading in math where K-5 teachers had some processes that were not consistent with each other. Root Cause: The vertical alignment process was not where it needed to be in grades K-5. There were pockets of alignment, but K-5 had some random variation.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 2: Reduce the number of students assigned to behavior RTI tiers 2 and 3.

Evaluation Data Sources: Behavior RTI Data Sheets

Strategy 1 Details	Reviews			
Strategy 1: Implement our campus positive behavioral RTI and support program. Actions: A. Provide district expectations of Behavior RTI as outlined in the RTI handbook. B. Conduct Collaborative conferences as needed with teachers and staff and involve the Behavior Interventionist when there is an opportunity. C. Use Character Strong curriculum once a week to support our SEL(Social Emotional Learning). D. Capturing Kids Hearts used for daily positive behavior support. E. Utilize SCE funded Crisis Counselors to provide support to students in areas of social-emotional learning. F. Scheduled WATCH DOGS(Dads of Great Students) to be used as weekly mentors for struggling behavior students. G. Provide mentors form Legacy Church to have weekly lunches with students to build positive connections. <div>  No Progress  Accomplished  Continue/Modify  Discontinue </div>				

Performance Objective 2 Problem Statements:

School Processes & Programs
Problem Statement 3: Our campus fell short in the Capturing Kids' Hearts(CKH) surveys, preventing us from achieving our recognition as a showcase school. Root Cause: There was inconsistent implementation of CKH strategies across classrooms and grade levels, possibly due to varying levels of teacher buy-in or limited ongoing training and support.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 3: Students will display dispositions of high levels of social-emotional development measured by a district administered survey of student perceptions.

Evaluation Data Sources: District and school surveys

Strategy 1 Details	Reviews			
Strategy 1: Use the district approved program Capturing Kids Hearts that teaches social-emotional skills. Actions: A. Implement district program Character Strong with teachers and counselor provided lessons B. Ensure Capturing Kids Hearts strategies are being used in the classrooms with walk-through checks. C. Use the morning announcements as a time to reflect on monthly challenges shared with the school and parents to partner with CKH strategies. D. Providing mentors by partnering with local churches. E. WATCH DOGS will be on campus to help students feel safe, but also we want our WATCH DOGS to help serve as mentors. Performance Objective 4 Problem Statements:

Student Learning
Problem Statement 2: Many of our 3rd and 5th grade writing Extended Constructive Response scores got scored as a 0 on the writing rubric this past year. Root Cause: Students that scored a 0 were not always re-stating the prompt which was an automatic score of 0. Students wrote very nice responses, but not re-stating the prompt cost many of our students great scores.
School Processes & Programs
Problem Statement 1: There has been some misalignment in reading in math where K-5 teachers had some processes that were not consistent with each other. Root Cause: The vertical alignment process was not where it needed to be in grades K-5. There were pockets of alignment, but K-5 had some random variation.
Perceptions
Problem Statement 1: According to students, 27% of them felt like they were not recognized for their hard work. Root Cause: Our bigger award ceremonies were not a part of our celebrations last year due to trying a new way of recognizing students.

Goal 2: The system will utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 1: Increase the annual total average daily attendance(ADA) as compared to the prior school year, through improved student retention, recruitment, and days in attendance.

High Priority
Evaluation Data Sources: Pulse

Strategy 1 Details	Reviews			
Strategy 1: Develop and implement a campus-wide incentive program to increase student and staff attendance. Actions: A. Track attendance by school wide and classroom attendance boards. B. Provide incentives to students and staff on a 6 weeks as well as a yearly basis. C. Recognizing classes with improved attendance D. Implement Truancy Prevention Measures with fidelity. E. Ongoing communication with parents discussing attendance issues. and finding the root causes. F. Work closely with attendance officers to address severe attendance problems. G. Increase communication regarding early dismissals with parents explaining significance of minutes missed in school. Comprehensive Needs Assessment

Demographics

Demographics Summary

Angela Limon

Demographics

Demographics Summary

Demographics Summary

ACFT is a Title I campus that served 560 students in grades EE through fifth grade for the 2023-2024 school year.

Students

Our student demographics as of 2023-24 school year were made up of 48% (267 Students) Hispanic, 4% (21 Students) Asian, 19% (107 Students) White, 24% (130 Students) African American, 0.36% (2 Students) American Indian and 3% (17 Students) other races. The percentage of students served by special education was 15% (82 Students) and 4% (22 Students) were served by gifted and talented services. 77% (427 Students) of students were considered At-risk and 85% (468 Students) were considered Economically Disadvantaged. The campus served 26% (145 Students) of students in the Bilingual Program and 39% (216 Students) were identified as EB.

Teachers

A total of 45 teachers served ACFT during the 2023-24 school year. The majority of our teachers have more than 5 years of experience.

Demographics Strengths

- *This following information was current as of 8/27/24*
- 27% (153 Students) are currently enrolled in bilingual classes, which provide them the opportunity to be bi-literate.
- 77% (442 Students) are Economically Disadvantaged which provides free and reduced lunch and federal funding for additional resources and personnel to meet students' needs.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our 5th grade African American population was significantly lower in both math and reading than our other demographics. In math they are 18 points lower than than our second lowest population and in reading they are 33 points lower than the second lowest population, **Root Cause:** This population is more transient and have attended various schools. The inconsistency of instruction has caused learning gaps.

Problem Statement 2 (Prioritized): Our 4th grade African American population was significantly lower in math and reading than our other grade level demographics in approaches grade level. In math they are 15 points lower than than our second lowest population and in reading they are 19 points lower than the second lowest population, **Root Cause:** This

population is more transient. These students have attended various schools and the inconsistency of instruction has caused learning gaps.

Student Learning

Student Learning Summary

STAAR

Our campus experienced an improvement in approaches on STAAR 3rd and 5th math and also 5th grade reading. Meets was increased in 3rd-5th grade math, 5th grade reading. Masters was experienced an increase in 3rd-5th grade math, 5th grade reading and science.

2024 Results Third Grade

Reading- Approaches 63%, Meets 28% and 4% Masters

Math-Approaches 66%, 36% Meets and 8% Masters

2024 Results Fourth Grade

Reading- Approaches 73%,Meets 45% and 8% Masters

Math- Approaches 65%, Meets 36% and 13% Masters

2024 Results Fifth Grade

Reading- Approaches 80%, Meets 56% and 32% Masters

Math-Approaches 81%, Meets 60% and 34% Masters

Science- Approaches 66%, Meets 31% and 9% Masters

Student Learning Strengths

- Third grade math had an increase of 16% in meets.

- Fourth grade math had an increase of 3% in masters.
- Fifth grade math had an increase of 12% in approaches, 10% in meets and 16% in masters.
- Fifth grade reading had an increase of 10% in approaches, 4% in meets and 2% in masters.
- Fifth grade science had an increase of 10% in approaches.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The overall percentage of 3rd graders performing on the 2024 reading STAAR in comparison to the 2023 reading STAAR decreased by 7% meets . Approaches and masters remained the same. **Root Cause:** Students were not at a proficient level for the written text responses including both short and extended constructed responses. Data shows that 54% of returning students entered 3rd grade on a tier 2 or 3 which indicates they were not reading on grade level.

Problem Statement 2 (Prioritized): The overall percentage of 4th graders performing on the 2023 reading STAAR in comparison to the 2024 reading STAAR decreased by 10% on approaches, 7% meets and 7% masters. **Root Cause:** We had two new reading teachers in the spring. Students in our AABLE 2 class were required to take STAAR instead of STAAR Alt. These students were reading or performing at three or more grade levels below.

School Processes & Programs

School Processes & Programs Summary

The Academy at C.F. Thomas students are served by a variety of programs and processes. 85% of students are receiving free and reduced lunch, 26% are enrolled in our bilingual program and 39% are EB being served by certified ESL teachers. We currently have 15% receiving special education services and 4% qualified for gifted and talented.

At ACFT, we utilize Multi Tiered Systems of Support as a means to establish an individualized plan focused on student needs. In addition, students who did not meet the standard on reading, writing, and math STAAR tests will receive a minimum of 15 to 30 additional hours in accelerated instruction for each test he/she did not meet. Teachers and support staff meet every nine weeks to look at a preponderance of evidence and develop a plan to strengthen tier I, II, and III instruction. We schedule extended MTSS collaborative meetings for students who are moving from tier II to tier III, or have not progressed. During these extended MTSS meetings, we involve additional staff such as the counselor, crisis counselor, speech pathologist, LSSP, etc based on student needs. The team collaborates and develops an individualized plan for the student.

In order to strengthen tier I instruction, professional development opportunities are offered throughout the school year for staff. Instructional facilitators, administration, and district coordinators are utilized during campus professional development training. Furthermore, we regularly conduct Professional Learning Communities to ensure teachers can collaborate on best practices to serve our students.

This year we will continue to implement Conscious Discipline campus-wide. Conscious Discipline is an innovative social-emotional learning and classroom management program with a proven track record of sustainable results. Our counselor will continue to provide social-emotional development lessons as well as teachers will utilize Character Strong on a weekly basis. It is grounded in research and focused on fostering the whole child with vertically-aligned lessons that teaches SCD, side-by-side.

We will continue to use instructional rounds as a process to better understand teaching and learning on our campus in order to improve teacher and student performance.

School Processes & Programs Strengths

- ACFT has bilingual sections in grades Prekindergarten through fifth grade.
- ACFT offers AI support for a minimum of 15/30 hours according to tests not mastered for 3rd-5th STAAR assessments. Each student has an AI Individualized plan according to testing data.
- ACFT has the support of a local business which has provided additional charitable donations to assist with the needs of our students.
- ACFT offers a digital one-to-one opportunity for all students and 2nd-5th teachers have GoGuardian accounts to monitor internet use.
- ACFT has AABLE 1, AABLE 2 and ACCESS classes that provide opportunities for students with deficits. Instruction emphasizes academics, communication, socialization, personal management, vocational, and functional skills.
- All certified teachers have an Newline board installed in their classrooms.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): All Students had a target of 46% for reading 2023-2027 but our preliminary results indicate only 43% met or were above in Spring 2024. **Root Cause:** Overall in grades 4-5 we had 40 students who did not make academic growth, due to a lack of effective Tier 1 instruction in written textual responses.

Problem Statement 2 (Prioritized): All Students had a target of 49% for math 2023-2027 but our preliminary results indicate only 45% met or were above in Spring 2024. **Root Cause:** Overall in grades 4-5 we had 34 students who did not make academic growth, due to a lack of effective Tier 1 and small group targeted instruction.

Perceptions

Perceptions Summary

- 100% of faculty and students have been trained in SRP (Safety Response Protocol) in case of an emergency.
- We have four separate committees to address campus needs. These include; Leaders of Learners who support instructional practices and leadership on campus initiatives, CSI- supports logistical problem-solving team that address campus logistics, Conscious Discipline Action Team who supports our campus implementation of Conscious Discipline, and Spirit Committee-help organize recognitions, and assemblies for staff and students.

Perceptions Strengths

At ACFT, we believe that all of our stakeholders should experience excellent customer service.

- Keep the community informed of school-wide events and information
- Send home monthly calendars highlighting school events
- Various forms of communication in English/Spanish
- School performances are scheduled throughout the school year
- Active PTA
- Inform parents regarding Title I campus funds and information
- Invite the community to participate in school programs and events
- A safety vestibule creates a second barrier of locked doors for the entrance
- SRP drills are performed monthly and twice yearly with our SRO and local PD
- Post regularly on our Social Media with important information and upcoming dates
- 86% of students, 99% of teachers and 82% of parents think that ACFT provides an emotionally and physically safe environment for learning
- Only 13 student received ISS or OSS for the 23-24 school year, which was a significant decrease from 79 in 2022-2023 due to our implementation of Conscious Discipline

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): According to parent and student surveys administered, mutual kindness to one another has become an issue of concern with 29% of students and 20% parents answering with neutral or lower ratings. **Root Cause:** Students do not understand the difference between disagreement and personal preferences. Students will conclude someone is not being kind instead of acknowledging they feel differently about a situation.

Priority Problem Statements

Problem Statement 1: All Students had a target of 46% for reading 2023-2027 but our preliminary results indicate only 43% met or were above in Spring 2024.

Root Cause 1: Overall in grades 4-5 we had 40 students who did not make academic growth, due to a lack of effective Tier 1 instruction in written textual responses.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: According to parent and student surveys administered, mutual kindness to one another has become an issue of concern with 29% of students and 20% parents answering with neutral or lower ratings.

Root Cause 2: Students do not understand the difference between disagreement and personal preferences. Students will conclude someone is not being kind instead of acknowledging they feel differently about a situation.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: The overall percentage of 3rd graders performing on the 2024 reading STAAR in comparison to the 2023 reading STAAR decreased by 7% meets . Approaches and masters remained the same.

Root Cause 3: Students were not at a proficient level for the written text responses including both short and extended constructed responses. Data shows that 54% of returning students entered 3rd grade on a tier 2 or 3 which indicates they were not reading on grade level.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: The overall percentage of 4th graders performing on the 2023 reading STAAR in comparison to the 2024 reading STAAR decreased by 10% on approaches, 7% meets and 7% masters.

Root Cause 4: We had two new reading teachers in the spring. Students in our AABLE 2 class were required to take STAAR instead of STAAR Alt. These students were reading or performing at three or more grade levels below.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Our 5th grade African American population was significantly lower in both math and reading than our other demographics. In math they are 18 points lower than than our second lowest population and in reading they are 33 points lower than the second lowest population,

Root Cause 5: This population is more transient and have attended various schools. The inconsistency of instruction has caused learning gaps.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Our 4th grade African American population was significantly lower in math and reading than our other grade level demographics in approaches grade level. In math they are 15 points lower than than our second lowest population and in reading they are 19 points lower than the second lowest population,

Root Cause 6: This population is more transient. These students have attended various schools and the inconsistency of instruction has caused learning gaps.

Problem Statement 6 Areas: Demographics

Problem Statement 7: All Students had a target of 49% for math 2023-2027 but our preliminary results indicate only 45% met or were above in Spring 2024.

Root Cause 7: Overall in grades 4-5 we had 34 students who did not make academic growth, due to a lack of effective Tier 1 and small group targeted instruction.

Problem Statement 7 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Planning and decision making committee(s) meeting data

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- Observation Survey results

Student Data: Student Groups

- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- School safety data

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

HB3 Goal

Evaluation Data Sources: Elementary: Fountas & Pinnell reading levels, CLI Engage - Circle (prekindergarten), Renaissance - STAR Assessments (math, 1-5, reading 3-5), mClass (Kinder math) and (K-2 reading) and math TEA Interims

Strategy 1 Details	Reviews			
Strategy 1: Continue to build capacity to implement the district curriculum and state-approved resources with fidelity at the campus level. Actions: a) Provide tiered professional learning opportunities including coaching cycles that are responsive to our staff needs to build their capacity to implement our campus plan. b) Support campus Leaders of Learners team to assist in leading the implementation of the district's curriculum, identified resources, and strategies. c) Use data to provide targeted support and progress monitoring. Staff Responsible for Monitoring: Campus Administration Instructional Coaches Leaders of Learners Team Title I: 2.4, 2.5, 2.6 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools Problem Statements: School Processes & Programs 1, 2	Formative			Summative

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Our 5th grade African American population was significantly lower in both math and reading than our other demographics. In math they are 18 points lower than than our second lowest population and in reading they are 33 points lower than the second lowest population, Root Cause: This population is more transient and have attended various schools. The inconsistency of instruction has caused learning gaps.
Problem Statement 2: Our 4th grade African American population was significantly lower in math and reading than our other grade level demographics in approaches grade level. In math they are 15 points lower than than our second lowest population and in reading they are 19 points lower than the second lowest population, Root Cause: This population is more transient. These students have attended various schools and the inconsistency of instruction has caused learning gaps.
Student Learning
Problem Statement 1: The overall percentage of 3rd graders performing on the 2024 reading STAAR in comparison to the 2023 reading STAAR decreased by 7% meets . Approaches and masters remained the same. Root Cause: Students were not at a proficient level for the written text responses including both short and extended constructed responses. Data shows that 54% of returning students entered 3rd grade on a tier 2 or 3 which indicates they were not reading on grade level.

Student Learning

Problem Statement 2: The overall percentage of 4th graders performing on the 2023 reading STAAR in comparison to the 2024 reading STAAR decreased by 10% on approaches, 7% meets and 7% masters. **Root Cause:** We had two new reading teachers in the spring. Students in our AABLE 2 class were required to take STAAR instead of STAAR Alt. These students were reading or performing at three or more grade levels below.

School Processes & Programs

Problem Statement 1: All Students had a target of 46% for reading 2023-2027 but our preliminary results indicate only 43% met or were above in Spring 2024. **Root Cause:** Overall in grades 4-5 we had 40 students who did not make academic growth, due to a lack of effective Tier 1 instruction in written textual responses.

Problem Statement 2: All Students had a target of 49% for math 2023-2027 but our preliminary results indicate only 45% met or were above in Spring 2024. **Root Cause:** Overall in grades 4-5 we had 34 students who did not make academic growth, due to a lack of effective Tier 1 and small group targeted instruction.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

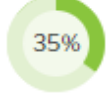

Performance Objective 2: Close achievement gaps that exist for all under-performing student groups as measured by state and district assessments. Meet all progress monitoring targets for grades prekindergarten - 3rd in reading and mathematics for identified student groups as measured by a district-approved monitoring instrument.

Veronica Bustamante	Reading Interventionist	0.5

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Parents:

- Lucritia Ibarra
- Antonio Armendariz

Community Members:

- David Crook
- Monty Brouse

Business Representatives:

- Vicki Brouse
- Samuel Brous

Campus Professionals:

- Angela Limon
- Allison Crook
- Tatiana Castro
- Kelly Campbell
- Robin Le
- Sarah Ruiz
- Sheila Seaborn-Huff

District Professional:

- Stephanie Jackson

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 77.36% of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Conscious Discipline
- Workshop Model
- Sheltered Instruction
- Leveled Literacy Intervention
- Social Character Development

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning
4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Policy is available on our campus website in English and Spanish.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Thursday evenings to accommodate parents' work schedules unless otherwise noted. The following family engagement activities are planned for 2024-25:

- August Refresh Back to School Event at WG Thomas Coliseum
- August Meet the Teacher Night on campus
- September Grandparents Ice Cream Social
- October Title I Meetings on campus
- October Fall Festival on campus
- November Book Fair (Monday through Thursday on campus with Thursday night extended hours)
- November Veterans' Day Event on campus
- December Chorus Event on campus
- March STEM Night and Open House on campus
- March Book Fair on campus
- March Discover Birdville Event
- April Family Engagement Policy and Compact Revision on campus
- Field Day in May on campus

Comprehensive Needs Assessment

Demographics

District Culture and Climate

Staff Quality, Recruitment, and Retention

Curriculum, Instruction, and Assessment

Family and Community Engagement

Technology

Technology Summary

Teachers will continue to integrate technology in their lessons when appropriate. Students will still have the computer lab in their elective rotations.

Technology Strengths

Most of our equipment in the lab seems to be up and running. We are also allowing structured computer time in the morning prior to the beginning of school. This year we will be one of the first campuses receiving the Chromebook roll out. Finally, we have also integrated earned computer time in the PASS program as an incentive for good behavior.

Demographics

Demographics Summary

Foster Village Elementary serves a diverse student population of 424 students. The campus is primarily composed of White (39%) and Hispanic (35%) students, with smaller populations of Black students (14%), Asian students (7%), and those identifying as Two or More Races (4%). The school supports a range of student needs, including 19% in Special Education, 18% Emergent Bilingual, 8% with Dyslexia, 5% in the GATE program, and 5% receiving 504 services. Additionally, 61% of students are Economically Disadvantaged, and 58% are identified as At Risk, reflecting the challenges and opportunities within the school community. The average attendance for 2023-2024 was 95.7%.

Demographics Strengths

Foster Village Elementary's diverse student population is a key strength, with a mix of White, Hispanic, Black, and Asian students contributing to a culturally rich environment. The school is well-equipped to support a variety of student needs, including those in Special Education, Emergent Bilingual programs, and Dyslexia services. Additionally, the school's commitment to advanced learners is evident through its GATE program. The diversity and comprehensive support services create an inclusive and supportive learning environment, ensuring that all students have the opportunity to succeed.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Foster Village Elementary has experienced a notable increase in the percentage of Emergent Bilingual students, rising from 14.51% in 2020/21 to 17.92% in 2023/24. This growing population presents a challenge as the school must effectively address the evolving needs of these students. Despite a rise in percentage, academic outcomes for Emergent Bilingual students show room for improvement. **Root Cause:** The increasing proportion of Emergent Bilingual students underscores the need for enhanced support and resources to ensure that these students achieve academic success and fully integrate into the learning environment. Addressing this trend is critical for closing achievement gaps and supporting the diverse linguistic needs of the student body.

Problem Statement 2 (Prioritized): Special Education students at Foster Village Elementary are not making adequate progress in closing the gaps, with only 16% meeting grade-level standards in Reading/Language Arts and 22% in Mathematics, compared to higher overall student averages. Their academic growth scores also lag behind, indicating significant gaps in achievement and progress. **Root Cause:** The lower academic performance and growth of Special Education students may be related to the need for more individualized instructional strategies and support services. This indicates an opportunity to refine interventions and provide additional professional development for educators to better meet the diverse needs of these students.

Problem Statement 3 (Prioritized): Campus attendance average is 1.12% below attendance target. **Root Cause:** Insufficient communication of the importance of regular attendance and its impact on student success may contribute to the lower attendance rate, leading to a lack of awareness and urgency among students and staff.

Student Learning

Student Learning Summary

Academic Achievement:

Reading/Language Arts (RLA):

- **2024 Performance:** 51% of all students met the Grade Level (GL) standard, with the strongest performance in the Asian group (63%) and lower performance in African American (39%) and High Focus (44%) groups.

Mathematics:

- **2024 Performance:** 48% of all students met the GL standard, with the Asian group again performing strongly at 50%, while African American (43%) and High Focus (40%) groups need additional support.

Academic Growth:

Reading/Language Arts (RLA):

- **2024 Growth:** 66% overall growth, with the Asian group achieving 95%, but African American growth at 45% highlights the need for focused interventions.

Mathematics:

- **2024 Growth:** 71% overall growth, with exceptional gains in the Asian group (113%), though African American growth at 75% shows room for improvement.

Student Learning Strengths

Foster Village Elementary showcases several key strengths in student learning. In Reading/Language Arts (RLA), 51% of all students met the Grade Level (GL) standard, with the Asian student group excelling at 63%, reflecting a strong foundation in literacy. Academic growth in RLA was also notable, with an overall growth rate of 66% and an impressive 95% growth in the Asian group, indicating the success of targeted instructional strategies. In Mathematics, 48% of students met the GL standard, with the Asian group again demonstrating strong performance at 50%. The school also achieved robust growth in Mathematics, with a 71% overall growth rate and an exceptional 113% growth in the Asian group, highlighting significant gains in mathematical proficiency. These strengths illustrate the effectiveness of the school's focus on academic growth and its ability to support high levels of achievement, particularly among the Asian student group.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): We do not have at least 80% of students ending the year on tier 1 in grades Kindergarten through second grade. This is causing significant reading gaps in grades third through fifth. **Root Cause:** District curriculum, tier 1 priorities, and the district literacy initiative is not being implemented with fidelity.

Problem Statement 2 (Prioritized): Foster Village Elementary's African American and High Focus student groups lag in academic performance compared to their peers. Only 39% of African American students met the Reading/Language Arts (RLA) Grade Level standard, and 43% met the Mathematics standard, highlighting significant achievement gaps.

Root Cause: The achievement gaps stem from inconsistent implementation of effective instructional strategies across different student groups. While targeted approaches have benefited the Asian student group, similar supports are lacking or not adequately adapted for African American and High Focus students, necessitating more tailored interventions.

School Processes & Programs

School Processes & Programs Summary

Professional Learning Communities (PLCs): Grade-level teachers at Foster Village Elementary convene weekly, while vertical teams meet every three weeks to collaborate on strategies for enhancing student achievement. These meetings involve lesson planning, discussing instructional strategies, and analyzing data from screeners and common assessments. The focus is on developing comprehensive strategies to support all students. Continuous improvement strategies will be implemented within PLCs at FVE to regularly evaluate and adjust instructional practices based on student progress.

Collaborative Instructional Review (CIR): At Foster Village Elementary School, the CIR, supported by a comprehensive eTool, involves coaches and instructional leaders in a four-step collaborative model. This model focuses on calibrating observations based on criteria such as rigor, relevance, student engagement, and relationships. The resulting observation practices and rubrics aim to foster continuous improvement in teaching and learning at Foster Village Elementary, ultimately enhancing student achievement.

Response to Intervention (RTI): Academic screeners are used to evaluate student learning in reading and math at Foster Village Elementary. Collaborative groups analyze this data to tailor instruction for students needing additional support. Differentiated instruction is employed at Foster Village Elementary to address gaps in learning and meet the needs of all students.

Continuous Improvement (CI): At Foster Village Elementary School, the Continuous Improvement process emphasizes the ongoing enhancement of all campus operations. Student growth is monitored throughout the year, with regular meetings to assess progress. The PDSA (Plan-Do-Study-Act) cycle is applied in every classroom at FVE to develop and implement improvement strategies continuously.

Conscious Discipline: At Foster Village Elementary School, this self-regulation program focuses on social-emotional learning, discipline, and self-regulation. It aims to equip parents and schools with strategies to effectively reach and teach every child. The skills developed through Conscious Discipline at FVE are designed to have a lasting positive impact on students' lives and future generations.

School Processes & Programs Strengths

Our campus excels in fostering a collaborative and data-driven approach to student achievement through its Professional Learning Communities (PLCs), Collaborative Instructional Review (CIR), and Response to Intervention (RTI) processes. By engaging teachers in regular, structured meetings and employing comprehensive tools for instructional review, we ensure a continuous focus on effective teaching strategies and student progress. The integration of Continuous Improvement (CI) practices and Conscious Discipline further enhances our ability to adapt and refine our methods, ensuring that we address student needs comprehensively and support their long-term success.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our campus has random variation in instructional delivery and student expectations. **Root Cause:** Teachers do not have the opportunity to plan vertically in order to ensure that instruction is consistent and builds off learning strengths.

Perceptions

Perceptions Summary

At this time we have a very positive school climate. Staff treats one another as family and supports those in need. Parents and visitors to the campus comment on the positive school climate. This year our families are excited to get back on campus and participate in campus activities. The Parent Teacher Association is planning several events. The campus leadership team is working with a local church and business to develop a partnership to support students and staff. Last year, our school had a 12% teacher turnover rate. Teachers who left went to another BISD school, or another district, or decided to stay at home with kids. Over the past three years, Foster Village Elementary has maintained strong student attendance rates. The attendance rates were 93.94% for 2021-2022, 93.86% for 2022-2023, and improved to 94.58% for 2023-2024. This consistent performance demonstrates the school's dedication to fostering a supportive and engaging environment that encourages regular student attendance.

At our core, we believe we must prepare young minds to become productive members of society while providing a safe environment for growth and success today. We believe if we provide opportunities for students to grow and the individualized supports that are needed, every child will be successful.

Perceptions Strengths

We have a positive campus culture. Staff members look out for one another and support each other. A survey is sent out three times a year to collect data, reflect, and make an action plan to better support our culture. The safety surveys indicates that students feel secure at school, have a trusting relationship with at least one adult, and perceive the school environment as safe and respectful.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We have a large percentage of our high-performing students that utilize Open Enrollment to attend other BISD schools. **Root Cause:** This perception may stem from limited communication about the successes, resources, and individualized support available at the current campus.

Priority Problem Statements

Problem Statement 1: We do not have at least 80% of students ending the year on tier 1 in grades Kindergarten through second grade. This is causing significant reading gaps in grades third through fifth.

Root Cause 1: District curriculum, tier 1 priorities, and the district literacy initiative is not being implemented with fidelity.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Our campus has random variation in instructional delivery and student expectations.

Root Cause 2: Teachers do not have the opportunity to plan vertically in order to ensure that instruction is consistent and builds off learning strengths.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: We have a large percentage of our high-performing students that utilize Open Enrollment to attend other BISD schools.

Root Cause 3: This perception may stem from limited communication about the successes, resources, and individualized support available at the current campus.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: Foster Village Elementary's African American and High Focus student groups lag in academic performance compared to their peers. Only 39% of African American students met the Reading/Language Arts (RLA) Grade Level standard, and 43% met the Mathematics standard, highlighting significant achievement gaps.

Root Cause 4: The achievement gaps stem from inconsistent implementation of effective instructional strategies across different student groups. While targeted approaches have benefited the Asian student group, similar supports are lacking or not adequately adapted for African American and High Focus students, necessitating more tailored interventions.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Foster Village Elementary has experienced a notable increase in the percentage of Emergent Bilingual students, rising from 14.51% in 2020/21 to 17.92% in 2023/24. This growing population presents a challenge as the school must effectively address the evolving needs of these students. Despite a rise in percentage, academic outcomes for Emergent Bilingual students show room for improvement.

Root Cause 5: The increasing proportion of Emergent Bilingual students underscores the need for enhanced support and resources to ensure that these students achieve academic success and fully integrate into the learning environment. Addressing this trend is critical for closing achievement gaps and supporting the diverse linguistic needs of the student body.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Special Education students at Foster Village Elementary are not making adequate progress in closing the gaps, with only 16% meeting grade-level standards in Reading/Language Arts and 22% in Mathematics, compared to higher overall student averages. Their academic growth scores also lag behind, indicating significant gaps in achievement and progress.

Root Cause 6: The lower academic performance and growth of Special Education students may be related to the need for more individualized instructional strategies and support services. This indicates an opportunity to refine interventions and provide additional professional development for educators to better meet the diverse needs of these students.

Problem Statement 6 Areas: Demographics

Problem Statement 7: Campus attendance average is 1.12% below attendance target.

Root Cause 7: Insufficient communication of the importance of regular attendance and its impact on student success may contribute to the lower attendance rate, leading to a lack of awareness and urgency among students and staff.

Problem Statement 7 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- RDA data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Running Records results
- Observation Survey results
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2
- Prekindergarten Self-Assessment Tool
- Texas approved PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

HB3 Goal

Evaluation Data Sources: Elementary: Fountas & Pinnell reading levels, CLI Engage - CIRCLE (prekindergarten reading and math), mClass (kindergarten reading and math), mClass (1-2 reading), Renaissance STAR Assessments(mathematics, 1-5), TEA Interim's (grades 3-5 reading and mathematics)

Strategy 1 Details	Reviews			
Strategy 1: Continue to build capacity to implement the District literacy plan at the campus level. Actions: a) Provide tiered professional learning opportunities that is responsive to all staff needs to build their capacity to implement campus literacy plan. b) Provide technical, consulting, and coaching cycles for teachers as they implement the campus plan. c) Infuse literacy-focused discussions into weekly professional learning committee (PLC) meetings. d) Continue quarterly literacy events to promote reading. e) Collect process data to measure the degree of alignment and implementation of district initiatives. Staff Responsible for Monitoring: Principal, Assistant Principal, Academic Coach, Leadership Team Members, Reading Vertical Team TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - ESF Levers: Lever 5: Effective Instruction Problem Statements: Demographics 1, 2 - Student Learning 1, 2 - School Processes & Programs 1 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$230,522	Formative			Summative

Performance Objective 4 Problem Statements:

Demographics
Problem Statement 1: Foster Village Elementary has experienced a notable increase in the percentage of Emergent Bilingual students, rising from 14.51% in 2020/21 to 17.92% in 2023/24. This growing population presents a challenge as the school must effectively address the evolving needs of these students. Despite a rise in percentage, academic outcomes for Emergent Bilingual students show room for improvement. Root Cause: The increasing proportion of Emergent Bilingual students underscores the need for enhanced support and resources to ensure that these students achieve academic success and fully integrate into the learning environment. Addressing this trend is critical for closing achievement gaps and supporting the diverse linguistic needs of the student body.

Demographics

Problem Statement 2: Special Education students at Foster Village Elementary are not making adequate progress in closing the gaps, with only 16% meeting grade-level standards in Reading/Language Arts and 22% in Mathematics, compared to higher overall student averages. Their academic growth scores also lag behind, indicating significant gaps in achievement and progress. **Root Cause:** The lower academic performance and growth of Special Education students may be related to the need for more individualized instructional strategies and support services. This indicates an opportunity to refine interventions and provide additional professional development for educators to better meet the diverse needs of these students.

Problem Statement 3: Campus attendance average is 1.12% below attendance target. **Root Cause:** Insufficient communication of the importance of regular attendance and its impact on student success may contribute to the lower attendance rate, leading to a lack of awareness and urgency among students and staff.

Student Learning

Problem Statement 1: We do not have at least 80% of students ending the year on tier 1 in grades Kindergarten through second grade. This is causing significant reading gaps in grades third through fifth. **Root Cause:** District curriculum, tier 1 priorities, and the district literacy initiative is not being implemented with fidelity.

Problem Statement 2: Foster Village Elementary's African American and High Focus student groups lag in academic performance compared to their peers. Only 39% of African American students met the Reading/Language Arts (RLA) Grade Level standard, and 43% met the Mathematics standard, highlighting significant achievement gaps. **Root Cause:** The achievement gaps stem from inconsistent implementation of effective instructional strategies across different student groups. While targeted approaches have benefited the Asian student group, similar supports are lacking or not adequately adapted for African American and High Focus students, necessitating more tailored interventions.

School Processes & Programs

Problem Statement 1: Our campus has random variation in instructional delivery and student expectations. **Root Cause:** Teachers do not have the opportunity to plan vertically in order to ensure that instruction is consistent and builds off learning strengths.

Perceptions

Problem Statement 1: We have a large percentage of our high-performing students that utilize Open Enrollment to attend other BISD schools. **Root Cause:** This perception may stem from limited communication about the successes, resources, and individualized support available at the current campus.

Goal 2: The system will utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 1: Increase the annual total average daily attendance (ADA) as compared to the prior school year, through improved student retention, recruitment, and days in attendance.

Strategy 1 Details	Reviews			
Strategy 1: Refine and implement the district plan to improve and address student attendance, social needs that interfere with attendance and collect pertinent data on strategies that would mitigate poor student attendance. Actions: a) Design and implement improvement plan strategies to increase staff and student attendance. b) Monitor student attendance and review progress with Campus Leadership Team on a nine weeks basis in order to determine effectiveness of the campus improvement plan related to incentives to improve student and staff attendance. c) Create a system to celebrate campus attendance. d) Utilize funding from district to provide incentives to improve student attendance. e) Track student attendance and update staff and students in regards to progress on a quarterly basis. Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Campus Improvement Plan was developed through the input and involvement of the following:

Parents:
Crystal Lenz
Community Members:
Cindy Vickerman
Teachers:
Lisa Holder, Amy Greene, Mandy Culp, Marie Suda, Cindy Sawai, Keylee Slough, Kathy LeDoux, Marie Winkley
Administrators:
Jason Winans and Lauren Owens
Other Campus and District Staff:
Courtney Maxwell

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan is made available to parents and the public through the campus website in English and other languages as practicable. The plan is also available through the district website in English, and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 68% (297 students) of students were identified as at-risk based on one or more of the following criteria:

1. low performance on a readiness test or assessment instrument
2. semester failure of two or more academic subjects
3. grade retention
4. lack of satisfactory performance on state-mandated testing
5. pregnancy or parenthood
6. placement in an alternative education program
7. expulsion
8. parole, probation, deferred prosecution, or conditional release
9. drop out status
10. limited English proficiency
11. custody or care of the Department of Protective and Regulatory Services
12. homelessness
13. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through research-based instructional strategies such as:

- Whole Child Initiative
- Conscious Discipline
- Workshop Model
- Sheltered Instruction

- Leveled Literacy Intervention
- Social Skills Training

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognition's, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

1. Demographics
2. Perceptions
3. Student Learning
4. Processes and Programs

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Parents:
Crystal Lenz
Community Members:
Cindy Vickerman
Teachers:
Lisa Holder, Amy Greene, Mandy Culp, Marie Suda, Cindy Sawai, Keylee Slough, Kathy LeDoux, Marie Winkley
Administrators:
Jason Winans and Lauren Owens
Other Campus and District Staff:
Courtney Maxwell

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Thursday evenings and Friday mornings in order to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2022-23:

- August Refresh Back to School Event (Friday 9:00-1:00) at WG Thomas Coliseum
- August Meet the Teacher Night (Thursday only) on campus
- October Title I Meeting (Tuesday) on campus
- November Literacy Event (Thursday/Friday) on campus
- December Book Fair (Monday through Thursday 8:00-5:00) on campus
- January STEM Event (Thursday/Friday) on campus
- March Open House (Thursday only) on campus
- March Discover Birdville Event (Saturday 9:00-10:00) at Birdville High School
- April Family Engagement Policy and Compact Revision (Thursday/Friday) on campus
- May Art Show (Tuesday through Friday 8:00-6:00) at Haltom Public Library

Comprehensive Needs Assessment

Demographics

Demographics Summary

North Ridge Elementary is located in North Richland Hills, Texas, Northeast Tarrant County. North Ridge serves 490 students in pre-kindergarten through fifth grade based on the Fall 2023 PEIMS report. North Ridge has two special education self-contained classrooms, serving a total of 25 Kindergarten-5th grade students. North Ridge Elementary has been identified as a Title 1 campus for the 2024-2025 school year.

Student ethnicity distribution includes 7.96% (39) African American, 29.2% (143) Hispanic, 53.3% (261) White, 5.5% (27) Asian, and 2% (10) Two or More Races. A total of 41.4% (203) North Ridge Elementary students qualify as Economically Disadvantaged. 5.9% (29) are Emergent Bilingual and 44% (216) of the students have met the criteria for a Student At-Risk. 8.8% (4) of students qualify to receive Gifted and Talented support and 17% (82) of the student population is served through Special Education. Data is collected from the 2023-24 Texas Academic Performance Report.

Of the 51 faculty members, 91% are White, 6% are Asian and 3% are African American. Of the 51 faculty members, the average years of experience is 14 years.

Student average attendance rate for the 2023-2024 school year was 96.1%. The mobility rate of our students is 10%.

Demographics Strengths

North Ridge Elementary is growing increasingly diverse in the population that we serve. This diversity helps stakeholders develop an understanding of students, staff and families from various backgrounds as we learn in a multicultural environment. With two full sections of Pre Kindergarten, more of our students are exposed to school before Kindergarten. North Ridge serves students outside it's attendance zone through two self-contained special education classrooms. The North Ridge family has created an inclusive school community for all students.

Texas English language Proficiency (TELPAS) data indicated growth. During the 2023-24 school year, 22.4% students progressed 1 level and 9% progressed 2 or more levels.

North Ridge Elementary had the highest attendance rate in the district increasing from 95.2% to 96.1% last school year. Our African American students' attendance rate rose to 97.4%. Fifth grade students had the highest attendance rate at 96.7%.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The Gifted and Talented population percentage has not shown adequate growth. **Root Cause:** There is a lack of adequate information and guidance provided to both parents and teachers regarding the identification and support of Gifted and Talented students, which hinders the effective recognition and development of these students.

Problem Statement 2 (Prioritized): At the end of last school year, 15% of first graders were below grade level in Reading. **Root Cause:** The implementation of a new Phonics program in its inaugural year was marked by inconsistent instructional strategies, which contributed to the observed shortfall in student reading proficiency.

Problem Statement 3 (Prioritized): TELPAS data indicates that only 8.6% of Emergent Bilingual students grew 2 or more instructional levels within a single year. **Root Cause:** There is a need for enhanced monitoring and support to ensure that Emergent Bilingual students are making adequate progress in their language development.

Student Learning

Student Learning Summary

2023-2024 State of Texas Assessments of Academic Achievement (STAAR) Data

Third Grade State Assessment

STAAR Reading Language Arts: 84% (64) of student scored approaching grade level and 24% (18) scored at the mastered level.

STAAR Math: 84% (64) of students scored approaching grade level and 21% (16) scored at the mastered level.

STAAR Alternate 2 Reading: (2) Satisfactory

STAAR Alternate 2 Math: (2) Satisfactory

Fourth Grade State Assessment

STAAR Reading Language Arts: 87% (59) of students scored approaching grade level and 19% (13) scored at the mastered level.

STAAR Math: 74% (51) of students scored approaching grade level and 22% (15) scored at the mastered level.

STAAR Alternate 2 Reading: (3) Satisfactory

STAAR Alternate 2 Math: (3) Satisfactory

Fifth Grade State Assessment

STAAR Reading Language Arts: 94% (78) of students scored approaching grade level and 53% (44) scored at the mastered level.

STAAR Math: 90% (73) of students scored approaching grade level and 23% (19) scored at the mastered level.

STAAR Science: 94% (78) of students scored approaching grade level and 46% (38) scored at the mastered level.

STAAR Alternate 2 Reading: (6) Satisfactory and (1) Accomplished

STAAR Alternate 2 Math: (4) Satisfactory and (3) Accomplished

STAAR Alternate 2 Science: (2) Satisfactory and (5) Accomplished

MClass Reading

Kindergarten: 16% above benchmark, 36% at benchmark, 23% below benchmark, 25% well below benchmark

First Grade: 33% above benchmark, 38% at benchmark, 9% below benchmark, 25% well below benchmark

Second Grade: 36% above benchmark, 35% at benchmark, 9% below benchmark, 13% well below benchmark

MClass Math

Kindergarten: 42% benchmark, 42% strategic, 16% intensive

Renaissance Math

Second Grade: 40% approaches, 18% meets, 22% masters

Third Grade: 34% approaches, 25% meets, 20% masters

Fourth Grade: 26% approaches, 32% meets, 12% masters

Fifth Grade: 33% approaches, 13% meets, 28% masters

Tier Placements Math

Kindergarten: Tier 1: 97% Tier 2: 2% Tier 3: 1%

First Grade: Tier 1: 78% Tier 2: 15% Tier 3: 6%

Second Grade: Tier 1: 75% Tier 2: 16% Tier 3: 9%

Tier Placements Reading

Kindergarten: Tier 1: 98% Tier 2: 1% Tier 3: 1%

First Grade: Tier 1: 70% Tier 2: 15% Tier 3: 15%

Second Grade: Tier 1: 74% Tier 2: 12% Tier 3: 14%

Student Learning Strengths

North Ridge Elementary demonstrates strong student performance across assessments for the 2023-2024 school year. Significant gains were observed, including a four-point increase in fifth-grade STAAR Science percentages and a two-point rise in third-grade STAAR Math percentages. Fifth-grade STAAR Reading saw a two-point increase in both meeting and mastering grade levels. Early grade data also reflects a solid foundation in Reading and Math, with notable percentages of students performing at or above benchmarks in MClass Reading and Renaissance Math. Additionally, the high percentage of students in Tier 1 for Reading and Math highlights the effectiveness of early intervention and support.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): STAAR scores for 3rd grade Reading lowered by three percentages points. **Root Cause:** The decline is attributed to inconsistencies in the application of instructional strategies and targeted interventions, which hindered the effectiveness of reading instruction.

Problem Statement 2 (Prioritized): STAAR scores for 4th grade Math in the "approaches grade level" category for economically disadvantaged students lowered by two percentage

points. **Root Cause:** The decline is due to inconsistencies in implementing instructional strategies and targeted interventions for economically disadvantaged students, which impacted their performance in Math.

School Processes & Programs

School Processes & Programs Summary

Students at North Ridge Elementary are served through specialized programs related to student need. Our free/reduced price lunch program serves 41.4% (203) of the students enrolled. Certified English as a Second Language (ESL) Teachers serve 5.7% (28) of the student population. The Gifted and Talented Interventionist and Certified Teachers serve 8.8% (43) of students. The North Ridge Special Education Program serves 17% (82) of our Kindergarten-5th grade students. Our self-contained special education student count is 24 and are included in the 17% of students served in special education. Currently, 4% (18) students have been identified as dyslexic are served by the Reading Interventionist. Tier two and three reading and math students are served by their Classroom Teacher. Students served with 504 services total 6.3% (31). This school year, we serve 38 Pre-Kindergarten students.

The Response to Intervention (RTI) Team meets five times a year to progress monitor students. Students are identified for tiered intervention services using data from universal screeners and other data collected by a collaborative conference committee. This committee also works together to plan small groups and appropriate interventions.

Attendance rose from 95% to 96.1%. Our goal is to increase attendance to 97%. An Attendance Plan is in place to support our goal.

Teachers are lead in Professional Learning Communities throughout the year to map curriculum, design instruction, design assessments and monitor student progress.

We have designed vertical target teams focused on: Attendance, Family Engagement, Student Data Folders, Positive Behavior Supports and Professional Learning Committees.

School Processes & Programs Strengths

The Response to Intervention (RTI) Collaborative team has developed a tight process for managing the five data meetings per year. Meeting five times a year, the RTI Team reviews every student's academic and behavioral progress and determines supportive interventions.

Resource Staff conducts an additional Special Education RTI meeting with all stakeholders to monitor the progress of students in special programs.

The Campus Leaders of Learners Team meets on a regular basis to monitor the Campus Improvement Plan and the Campus Professional Learning Plan. This team identifies areas of concern and areas of strength. When this team identifies an area of academic concern, it is brought to the appropriate Campus Vertical Team.

This year we have designed vertical target teams focused on: Attendance, Family Engagement, Student Data Folders, Positive Behavior Supports and Professional Learning Committees.

After school clubs are provided to enhance student's educational outcomes. (Choir, Gardening Club, F.L.A.G. Program, Kindness Club, Battle of the Books and Book Club)

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Data shows there is a rise in the number of students needing emotional support. **Root Cause:** Students are displaying behaviors due to social challenges, family issues, mental health conditions and a lack of social skills.

Problem Statement 2 (Prioritized): Targeted interventions are inconsistently applied and do not attain expected results. **Root Cause:** Our Response to Intervention collaborative

meeting uses a lengthy process for tiering students, which may contribute to a lack of focus on discussing and planning interventions.

Perceptions

Perceptions Summary

We believe learning starts in the heart of our students. Building positive relationships with our students and families are top priority. We have implemented Capturing Kids Hearts to increase positive student-teacher-home relationships. We have also adopted a Positive Behavior System and implement Character Strong practices in which students are involved in creating classroom mission statements, social contracts and classroom agreements. Parent involvement is a target focus of our school and PTA this year. The fully-staffed Parent Teacher (PTA) Association Board plans family events throughout the school year to encourage community involvement. Our Watch D.O.G.S. (Dads of Great Students) program involves an average of 60 fathers/ father figures who volunteer during the school year. Staff is retained yearly due to a strong and positive school culture.

Safety and Capturing Kids Hearts surveys are used to gain stakeholder feedback.

Perceptions Strengths

The Watch D.O.G.S. program participant rate continues to grow each year and also increases volunteerism at North Ridge Elementary.

North Ridge Elementary Parent Teacher Association meetings involve student performances to encourage attendance.

School and PTA events: Grandparents Luncheon, Back to School Picnic, Trunk or Treat, Cookies with Santa, Idea Explosion and End of Year Bash promotes community involvement.

Our school discipline referral rates stay at low numbers due to the implementation of Capturing Kids Hearts and Character Strong.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Stakeholder surveys are not collecting all facets of data needed to create useful, actionable results. **Root Cause:** North Ridge Elementary needs to improve the stakeholder survey process, as the two surveys conducted last year focused only on elements of the Capturing Kids Hearts program.

Problem Statement 2 (Prioritized): Survey results reveal inadequate communication between classroom teachers and home. **Root Cause:** The school needs to refine and improve its process of teacher/parent communication to foster better engagement and support.

Priority Problem Statements

Problem Statement 1: The Gifted and Talented population percentage has not shown adequate growth.

Root Cause 1: There is a lack of adequate information and guidance provided to both parents and teachers regarding the identification and support of Gifted and Talented students, which hinders the effective recognition and development of these students.

Problem Statement 1 Areas: Demographics

Problem Statement 2: STAAR scores for 3rd grade Reading lowered by three percentages points.

Root Cause 2: The decline is attributed to inconsistencies in the application of instructional strategies and targeted interventions, which hindered the effectiveness of reading instruction.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: STAAR scores for 4th grade Math in the "approaches grade level" category for economically disadvantaged students lowered by two percentage points.

Root Cause 3: The decline is due to inconsistencies in implementing instructional strategies and targeted interventions for economically disadvantaged students, which impacted their performance in Math.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Targeted interventions are inconsistently applied and do not attain expected results.

Root Cause 4: Our Response to Intervention collaborative meeting uses a lengthy process for tiering students, which may contribute to a lack of focus on discussing and planning interventions.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Stakeholder surveys are not collecting all facets of data needed to create useful, actionable results.

Root Cause 5: North Ridge Elementary needs to improve the stakeholder survey process, as the two surveys conducted last year focused only on elements of the Capturing Kids Hearts program.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: TELPAS data indicates that only 8.6% of Emergent Bilingual students grew 2 or more instructional levels within a single year.

Root Cause 6: There is a need for enhanced monitoring and support to ensure that Emergent Bilingual students are making adequate progress in their language development.

Problem Statement 6 Areas: Demographics

Problem Statement 7: Data shows there is a rise in the number of students needing emotional support.

Root Cause 7: Students are displaying behaviors due to social challenges, family issues, mental health conditions and a lack of social skills.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Survey results reveal inadequate communication between classroom teachers and home.

Root Cause 8: The school needs to refine and improve its process of teacher/parent communication to foster better engagement and support.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: At the end of last school year, 15% of first graders were below grade level in Reading.

Root Cause 9: The implementation of a new Phonics program in its inaugural year was marked by inconsistent instructional strategies, which contributed to the observed shortfall in student reading proficiency.

Problem Statement 9 Areas: Demographics

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

Performance Objective 2 Problem Statements:

Perceptions
Problem Statement 1: Stakeholder surveys are not collecting all facets of data needed to create useful, actionable results. Root Cause: North Ridge Elementary needs to improve the stakeholder survey process, as the two surveys conducted last year focused only on elements of the Capturing Kids Hearts program.

Goal 3: All students and staff will learn and work in a safe and responsive environment.

Performance Objective 1: Increase the percentage of students and staff who report feeling safe at school from the previous year.

Evaluation Data Sources: Campus Survey
Counseling Referrals
Parent Feedback

Strategy 1 Details		Reviews			
Strategy 1: Establish a safe school-community environment where students and staff report a sense of belonging, security and well-being. Actions: A) Survey families once each quarter on campus safety. B) Identify areas in need of improvement as shown on the campus surveys. C) Conduct training and distribute materials provided by the district on campus safety. D) Conduct safety drills in compliance of district expectations. E) Nurse will lead regular meetings with the Emergency Response Team. Kristen Loveless	Educational Assistant	0.33
Laura De La Paz	Student Assistance Counselor	1
Scherry Creech	Educational Assistant	0.33
Seandae Roberts	Teacher	0.33

Title I

1.1: Comprehensive Needs Assessment

The Comprehensive Needs Assessment was completed in May 2023 based on spring survey feedback, STAAR achievement, TELPAS and universal screener results, attendance and behavior data compiled in April and May of 2023.

2.1: Campus Improvement Plan developed with appropriate stakeholders

The CIP is developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of programs described in other parts of this title), the local educational agency and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determined by the school.

Parents: Ginnie Reed, Heather Hatfield
Community Members: Kellye Alexander, Forrest Cooper, Cathey Fickes
Teachers: Carey Briggs, Samantha Stewart, Sarah Ford, Nina Lee, Jennifer Paris, Koree Neff, Paige Henderson, Raylene Sampson
Administrators: Deborah Coulson, Dan Burbach
Other Campus and District Staff: Ashly Spencer

2.2: Regular monitoring and revision

The Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

The CIP is available to the local educational agency, parents, and the public, and the information contained in such plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

The North Ridge Elementary CIP can be found on the campus webpage and is available in the English language.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 47% (233) of students were identified as at-risk based on one or more of the following criteria:

- 1. low performance on a readiness test or assessment instrument*
- 2. semester failure of two or more academic subjects*
- 3. grade retention*
- 4. lack of satisfactory performance on state-mandated testing*
- 5. limited English proficiency*
- 6. custody or care of the Department of Protective and Regulatory Services*
- 7. homelessness*

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student learning will be supported through district curriculum and research-based instructional strategies such as:

- Workshop Model*
- Sheltered Instruction*
- Leveled Literacy Intervention*
- Capturing Kids Hearts*

Increased learning time is provided through pullout intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

- 1. Demographics*
- 2. Perceptions*

- 3. *Student Learning*
- 4. *Processes and Programs*

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

4.1: Develop and distribute Parent and Family Engagement Policy

Birdville ISD will implement the following Every Student Succeeds Act requirements:

1. Develop jointly with, agree on with, and distribute to parents of participating children the district's written parent involvement policy. The district will incorporate this policy into the district's plan. Title 1, Part A schools will also develop parent and family engagement policies. All policies will be made available to parents to improve the involvement in child's education and academic achievement.

2. Conduct with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy and its program in improving the academic quality of its Title 1, Part A schools, both at the district and campus level. The district will use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, the parental involvement policies.

Parent Engagement Planning Committee:

Parent Engagement Activities are distributed using these methods: email, school newsletter, grade level newsletter, social media, Class Dojo

Parent Engagement distribution is sent in the English language.

4.2: Offer flexible number of parent involvement meetings

Birdville ISD will implement the following Every Student Succeeds Act requirements:

1. Conducting a meaningful consultation with parents of participating children to implement programs, activities, and procedures for the involvement of parents at all of its Title 1, Part A schools. An annual meeting for Title 1, Part A parents will be held each Title 1 campus. The district will provide training for schools on Title 1, Part A and best practices in conducting the Title 1, Part A Annual Meetings where parents are informed on how funds are used on their campus for parental involvement activities.

2. Support its Title 1, Part A schools to build the schools' and parents' capacity for active parental involvement and promoting parenting skills and family literacy to improve academic achievement. Capacity building activities and training (i.e. Literacy Night, Math and Science events, Homework Help) will be provided to parents to increase academic achievement through district-wide and campus efforts. The district will coordinate these efforts and strategies with other federal and state program in a variety of ways.

3. Birdville ISD is committed to working together with parents, students, the community and other stakeholders to improve student achievement. All school and district activities will promote and encourage parental involvement. Title 1, Part A schools will identify any barriers to greater participation by parents in activities of participating children with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background.

4. Ensure that all parent notifications and school reports will be in an understandable and uniform format and to the extent practicable, in a language that parents can understand.

Campus Funding Summary

2024-2025 Campus Improvement Plan

Mission Statement

Together we can shape tomorrow's leaders by collaborating with students, parents, and teachers in order to support the whole child.

Vision

We are a staff that works strategically to build a community where all children feel loved, respected and encouraged to develop to their fullest potential.

Student Achievement

Student Achievement Summary

Demographics

Demographics Summary

John D. Spicer Elementary served 404 students in grades pre-kindergarten - fifth grade with the following demographics:

<p>Attendance</p> <p>94.3%</p> <p>Student Demographics 2023-2024</p> <ul style="list-style-type: none"> • Female: 45.54% • Male: 54.46% • Hispanic - Latino: 27.48% • American Indian-Alaskan Native - .5% • Asian: 9.41% • Black - African American: 36.39% • Native Hawaiian-Pacific Islander - .5% • White: 23.76% • Two-or-More: 1.98% <p>Student Programs 2023-2024</p> <ul style="list-style-type: none"> • 17 Dyslexia - 4.21% • 21 Gifted and Talented - 5.2% • 0 Regional Day school Program for the Deaf - 0% • 11 Section 504 - 2.72% • 71 Special Education Students - 17.57% <p>Bilingual/ESL</p> <ul style="list-style-type: none"> • 69 Emergent Bilingual Students - 17.08% • 0 Bilingual - 0% • 68 English as a second language - 16.83% • 0 Alternative Bilingual Language Program - 0% • 0 Alternative ESL Language Program - 0% <p>Title I Part A</p> <ul style="list-style-type: none"> • 404 School Wide program - 100% • 0 Targeted Assistance -0% • 0 Targeted Assistance Previously Participated - 0% • 0 Title I Homeless - 0% • 0 Neglected - 0% 	<p>Student Indicators 2023-2024</p> <ul style="list-style-type: none"> • 255 At-risk students - 63.12% • 0 Foster Care - 0% • 0 IEP Continuer - 0% • 14 Immigrant - 3.47% • 193 Intervention Indicator - 47.77% • 0 Migrant - 0% • 12 Military Connected - 2.97% • 27 Transfer In Students - 6.68% • 0 Unschooled Asylee/Refugee - 0% • 93 mobility rate - 26.65% <p>Economic Disadvantage</p> <ul style="list-style-type: none"> • 285 Economically Disadvantaged students - 70.54% • 261 Free Meal - 64.6% • 19 Free/Reduced Priced Meals - 4.7% • 5 Other Economic Disadvantage - 1.24% <p>Homeless and Unaccompanied Youth</p> <ul style="list-style-type: none"> • 5 Homeless Status - 1.24% • 0 Shelter - 0% • 2 Doubled Up - .5% • 0 Unsheltered - 0% • 3 Hotel/Motel - .74% • 5 Not Unaccompanied Youth - 1.24% • 0 Unaccompanied Youth - 0% 	<p>Special Education Services</p> <p>Primary disabilities</p> <ul style="list-style-type: none"> • 0 No disability - 0% • 1 Orthopedic Impairment - 1.41% • 5 Other Health Impairment - 7.04% • 0 Auditory Impairment - 0% • 0 Visual Impairment - 0% • 0 Deaf-Blind - 0% • 3 Intellectual Disability - 4.23% • 4 Emotional Disturbance - 5.63% • 18 Learning Disability - 25.35% • 19 Speech Impairment - 26.76% • 15 Autism - 21.13% • 0 Developmental Delays - 0% • 0 Traumatic Brain Injuries - 0% • 6 Noncategorical Early Childhood - 8.45% <p>Instructional Settings</p> <ul style="list-style-type: none"> • 19 Speech Therapy - 26.76% • 0 Homebound - 0% • 0 Hospital Class - 0% • 8 Mainstream - 11.27% • 25 Resource Room - 35.21% • 0 VAC - 0% • 0 Off Home Campus - 0% • 0 State School - 0% • 0 Residential Care - 0% • 9 Self-Contained - 12.68% • 10 Full-Time Early Childhood - 14.08% • 0 Nonpublic Day School - 0% <p>Staff Information 2023-2024</p> <ul style="list-style-type: none"> • 11 Administrative Support - 16.42% • 34 Teacher - 50.75% • 22 Educational Aide - 32.84% • 0 Auxiliary - 0%
---	--	---

In the 2023-2024 academic year, 63.12% of students, or 255 individuals, are considered at-risk. No students are currently in foster care or continuing with an Individualized Education Program (IEP). The student body includes 14 immigrants, representing 3.47%, and 193 students, or 47.77%, who have an intervention indicator. There are no migrant or unschooled asylee/refugee students, but 12 students, or 2.97%, are military-connected. Additionally, 27 students, or 6.68%, transferred into the school this year, and the mobility rate is 26.65%, accounting for 93 students.

Regarding economic disadvantage, 285 students, or 70.54%, fall into this category. Of these, 261 students (64.6%) receive free meals, while 19 students (4.7%) qualify for free or reduced-price meals. Five students, or 1.24%, are categorized under "other economic disadvantage."

When it comes to homelessness, 1.24% of the student population, or five students, have a homeless status. Of these, two students (0.5%) are doubled up, and three students (0.74%) are living in a hotel or motel. All five of these students are not classified as unaccompanied youth, and there are no students identified as unaccompanied youth.

Demographics Strengths

The diversity of our student population provides different cultures that bring a rich learning environment and different perspectives to our students and families. Additionally, the staff at Spicer Elementary is very diverse to meet the needs of our student population. The English Language Proficiency Status target measure set by the state for the TELPAS progress measure is 49%. According to TELPAS data from 2024, Spicer EB students exceeded the target by scoring 61%. Spicer earned 100% in closing the gaps for our ELP status indicator on 2024 Closing the Gap Performance Targets. In the category of Academic Achievement, our Emergent Bilingual population exceeded the state math goal by 7 points. This group also exceeded the state reading goal by 11 points. Additionally, the high focus group exceeded the state goal for reading by 8 points, economically disadvantaged exceeded by 9 points, African American exceeded by 13 points, and Hispanic exceeded by 4 points.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Over the past four years, John D. Spicer Elementary has seen fluctuations in attendance, with a drop from a high in 2020-2021 to a lower rate in 2021-2022, followed by a slight improvement in the following years. **Root Cause:** Despite recent stabilization, the decline from pre-pandemic levels highlights challenges such as economic hardship and student mobility are significant issues that contribute to chronic absenteeism.

Student Learning

Student Learning Summary

mClass Data

73% of kindergarteners scored at or above benchmark on the composite mClass score for reading.

69% of first graders scored at or above benchmark on the composite mClass score for reading.

60% of second graders scored at or above benchmark on the composite mClass score for reading.

67% of all students in grades K-2 scored at or above benchmark on the composite mClass score for reading.

At John D. Spicer Elementary, the 2023-2024 performance data highlights achievement levels across various student groups. Overall, 72% of students scored at or above the "Approaches GL Standard," with 46% meeting or exceeding the "Meets GL Standard," and 22% achieving the "Masters GL Standard."

Key Insights:

- **African American Students:** 68% scored at or above the "Approaches GL Standard," with 40% meeting the "Meets GL Standard" and 14% reaching the "Masters GL Standard."
- **Hispanic Students:** 73% achieved at or above the "Approaches GL Standard," with 41% meeting the "Meets GL Standard" and 16% at the "Masters GL Standard."

High Focus Group:

- The overall percentage of tests at or above the "Approaches GL Standard" for the high focus group is 68%, with 42% meeting the "Meets GL Standard" and 20% reaching the "Masters GL Standard."

Observations:

- **Performance Gaps:** There are noticeable performance gaps, particularly among African American students who show lower percentages at the "Meets GL Standard" and "Masters GL Standard" compared to Hispanic students and the high focus group.
- **High Focus Performance:** The high focus group shows lower achievement levels compared to the overall student population, indicating a need for targeted support to close these gaps.

The data suggests a need for focused interventions to support African American students and the high focus group, addressing performance gaps and improving achievement across all performance indicators.

The data from John D. Spicer Elementary highlights key areas of student achievement across different subjects and groups.

Overall Performance:

- **Approaches GL Standard or Above:** 72% of all students, with varied performance across groups. African American and Hispanic students performed at 68% and 73%, respectively, while the high focus group achieved 68%.
- **Meets GL Standard or Above:** 46% of all students met this standard, with African American students at 40% and Hispanic students at 41%. The high focus group had a lower percentage at 42%.
- **Masters GL Standard:** 22% of all students reached this level. African American students had 14% and Hispanic students 16%, whereas the high focus group achieved 20%.

Subject-Specific Performance:

- **Reading/Language Arts (RLA):** 75% of students met the "Approaches GL Standard or Above," with African American students at 74% and Hispanic students at 81%. The high focus group had a lower performance rate at 70%.
- **Mathematics:** 72% of students achieved the "Approaches GL Standard or Above," with African American students at 70% and Hispanic students at 64%. The high focus group had a rate of 70%.
- **Science:** 64% of students met the "Approaches GL Standard or Above," with African American students at 44% and Hispanic students at 76%. The high focus group performed at 60%.

Action Steps:

1. **Focus on Closing Achievement Gaps:** Address the lower performance among African American students and the high focus group, particularly in Science and Mathematics, through targeted interventions and support.
2. **Enhance Reading and Math Instruction:** Strengthen instructional practices in Reading/Language Arts and Mathematics to improve performance, especially for high focus students.
3. **Increase Support for Science:** Implement strategies to boost achievement in Science, with a focus on underperforming groups.

The plan will aim to improve overall student achievement and address specific needs based on the performance data.

John D. Spicer Elementary's data highlights current performance and future targets in Reading/Language Arts (RLA) and Mathematics.

Reading/Language Arts (RLA):

- **2024 Achievement:** 49% of students met or exceeded the "Meets GL Standard," with African American students at 47% and Hispanic students at 43%.
- **Targets:** Increase to 55% by 2027-28 and 73% by 2037-38.
- **Growth:** Academic growth is at 75% overall, with African American students at 74% and Hispanic students at 69%.

Mathematics:

- **2024 Achievement:** 48% of students met or exceeded the "Meets GL Standard," with African American students at 43% and Hispanic students at 43%.
- **Targets:** Achieve 58% by 2027-28 and 75% by 2037-38.
- **Growth:** Academic growth is at 73% overall, with African American students at 73% and Hispanic students at 76%.

Action Steps:

1. **Enhance Instruction:** Focus on strategies to improve achievement in RLA and Mathematics, particularly for African American and Hispanic students.
2. **Boost Growth:** Implement targeted interventions to reach growth targets in both subjects.
3. **Address Gaps:** Develop support plans to improve performance for high focus groups.

The plan aims to align instructional strategies with performance targets to enhance overall student achievement and growth.

Student Learning Strengths

Interventions and EB strategies that were implemented on campus last year positively impacted student performance according to TELPAS data from 2024. Spicer EB students exceeded the target by scoring 61%. Spicer earned 100% for our ELP status indicator on 2024 Closing the Gap Performance Targets. Additionally, in the category of Academic Achievement, our Emergent Bilingual population exceeded the state math goal by 7 points. This group also exceeded the state reading goal by 11 points.

Economically disadvantaged students performed higher than the state target by 9 points in reading and 1 point in math.

John D. Spicer Elementary demonstrates notable strengths in student learning, particularly in Reading/Language Arts (RLA) and Mathematics. The school has achieved a commendable 75% growth score in RLA, with Hispanic students showing significant progress at 69%. In Mathematics, overall growth is 73%, with Hispanic students leading at 76%. The school's commitment to targeted interventions and instructional improvements has resulted in solid performance outcomes, including 49% Meeting Grade Level or above in RLA and 48% Meeting Grade Level or above in Mathematics. These strengths reflect effective educational practices and a focused approach to enhancing student learning. The campus will build on these strengths to further advance student performance and achieve future academic goals.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 46% of students are meeting or exceeding the Meets Grade Level (GL) Standard in Math scoring just under the state performance target of 49%. 72% of students are meeting or exceeding the Approaches GL Standard showed significant variability, with some assessments reaching 100% while others drop to 38% and 0%.

Root Cause: The campus has a high mobility rate (26.65%). Frequent mobility disrupts learning continuity, complicating skill development. 63.12% of students are at-risk and 70.54% are economically disadvantaged, creating substantial educational gaps in foundational math skills. 17.08% of students identified as Emergent Bilingual, language barriers also hinder math comprehension and engagement.

Problem Statement 2 (Prioritized): John D. Spicer Elementary struggles with Science achievement, as only 29% of students meet or exceed grade-level standards. African American students show particularly low performance at 11%, while Hispanic students are at 29%, and White students at 40%. **Root Cause:** Although 64% of students approach grade-level standards, the low rates of meeting or exceeding standards and significant disparities across subgroups highlight the need for targeted instructional improvements and support. This data indicates a critical need for strategies to enhance Science proficiency for all students, with particular focus on the underperforming groups.

School Processes & Programs

School Processes & Programs Summary

At Spicer we provide Special Education through our Resource and inclusion programs, early childhood education and positive approach to student success (PASS) self-contained programs. Struggling students are addressed through our special support provided by our Title I tutors, Multi-tiered system of supports intervention support staff, and dyslexia interventionist. Our emergent bilingual students are supported in their classrooms by teachers who are certified in English Language Supports.

For our gifted and talented (GT) students, we provide a variety of leveled services for students in grades kindergarten through 5th grade. All teachers are required to complete annual gifted and talented training and our GT students are clustered in specific classes. Pull out classes are offered to our students on our campus and at a separate location where our 3rd, 4th and 5th graders travel one day each week.

Our teachers attend professional development provided by our district where we focus on math and literacy. Teachers are provided expectations for learning and engaging our learners in a campus culture of writing and reading. Teachers are provided support through training and weekly staff walk throughs that provide teachers productive feedback. Weekly planning for learning communities, vertical team meetings and Leaders of Learners ensure all staff are trained in district initiatives.

We offer incentives for our students who have perfect attendance. Students are recognized at school assemblies for good grades, good attendance and positive behavior. Our students are supported emotionally through programs offered such as: Red Ribbon week, Character Strong Lessons, Conscious Discipline strategies, and daily use of our district core values.

Technology is integrated in classrooms as teachers use interactive whiteboards, online Reading resources laptops, chromebooks, Google tools and Google Classroom. Additionally, teachers utilize digital communication applications such as remind, dojo and/or classtag to communicate regularly with parents.

School Processes & Programs Strengths

Spicer serves a diverse population that is reflective of our community. Parents are involved in school opportunities where teachers work together to support individual needs of our families and students.

1. **High Attendance Rate:** The school maintains a commendable attendance rate of 94.3%, reflecting strong student engagement and commitment to regular attendance.
2. **Diverse Student Programs:** The school offers a variety of student programs, including Dyslexia support, Gifted and Talented programs, and Special Education services. This diversity in programs demonstrates the school's commitment to addressing varied learning needs and providing specialized support.
3. **Comprehensive ESL and Bilingual Support:** With 69 Emergent Bilingual students and 68 students receiving English as a Second Language (ESL) support, the school is well-equipped to address the needs of English language learners, fostering an inclusive learning environment.
4. **Title I School-Wide Program:** The school-wide Title I program ensures that all students benefit from federal funding aimed at improving educational outcomes, which supports equitable access to resources and interventions.
5. **Strong Special Education Services:** The school provides extensive Special Education services, including Speech Therapy, Resource Rooms, and Self-Contained classrooms, catering to a wide range of disabilities and ensuring targeted support for students with special needs.
6. **Dedicated Staff:** With a substantial number of teachers and educational aides, the school has a solid support structure for delivering effective instruction and personalized support to students.

7. **School-Wide Expectations** - The staff and students work together to establish and promote school wide expectations in common areas that support the learning environment for all students to feel safe.

These strengths reflect the school's dedication to creating an inclusive, supportive environment that addresses the diverse needs of its student body.

Interventions and EB strategies have positively impacted student performance.

Economically disadvantaged students performed near the campus percentage for each STAAR test.

Targeting increased campus EB strategies, with a focus on vocabulary caused an increase in performance by EB students on STAAR Assessment. EB students scored higher than the campus average for all test in approaches, meets, and masters.

All students successfully utilized data folders to highlight deficiencies in learning to close learning gaps.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Data shows significant performance gaps for economically disadvantaged students. While 72% of all students meet or exceed the Approaches GL Standard, only 68% of economically disadvantaged students do. Moreover, just 39% of these students achieve the Meets GL Standard, compared to 45% overall. **Root Cause:** Limited access to educational resources, unstable home environments, and insufficient support outside of school. Such barriers can impede their ability to meet and exceed grade-level standards.

Problem Statement 2 (Prioritized): End of year mClass screener data showed that 14% of kindergarteners had not met the standard for letter sound mastery and 36% had not mastered the standard for decoding. End of year mClass screener data for first grade showed that 24% of first graders had not met mastery for decoding. End of year mclass second grade data showed that 35% of second graders did not meet mastery for decoding. **Root Cause:** A high percentage of at-risk (63.12%) and economically disadvantaged students (70.54%), who may require more intensive, tailored support. The diverse needs of Emergent Bilingual students (17.08%) and Special Education students (17.57%) have gaps in the early literacy curriculum. Addressing these issues requires enhanced, differentiated literacy instruction and targeted interventions.

Problem Statement 3 (Prioritized): This campus has 63% of students identified at risk that exhibit an increase in social emotional gaps affecting academic performance. **Root Cause:** The high percentage of at-risk students, combined with insufficient social-emotional support, creates barriers to effective learning and engagement. These gaps hinder students' ability to focus on their studies, resulting in decreased academic performance.

Perceptions

Perceptions Summary

At Spicer, we have a belief that all of our students have an opportunity to show their culture and experience how we value education. Below are the results from our end-of-year parent survey:

School Environment: My child feels safe and happy at school.
40 responses

Our dismissal procedures are safe and effective?
40 responses

The majority of respondents, 67.5%, strongly agree that their child feels safe and happy at school, indicating a high level of satisfaction with the school environment. Additionally, 22.5% of respondents agree, further supporting the positive sentiment. A small percentage, 5%, remain neutral on the topic, while 2.5% disagree and another 2.5% strongly disagree. Overall, the responses reflect a largely favorable view of the school environment in terms of safety and happiness for students. The majority of respondents, 55%, strongly agree that the dismissal procedures are safe and effective, suggesting a generally positive assessment of the process. Another 37.5% agree, reinforcing the overall favorable opinion. A small percentage, 5%, remain neutral, while 2.5% disagree and another 2.5% strongly disagree. Overall, the responses reflect that most participants view the dismissal procedures as safe and effective, with a small minority expressing concerns.

The school has improved my child's social skills.
40 responses

Our building is clean and well maintained.
40 responses

The majority of respondents, 55%, strongly agree that the school has improved their child's social skills, indicating a positive impact in this area. Another 27.5% agree, further supporting this view. A smaller portion, 10%, remain neutral, while 5% strongly disagree and another 2.5% disagree. Overall, the responses reflect a generally favorable opinion of the school's role in enhancing students' social skills, with only a small percentage expressing dissatisfaction.

The majority of respondents, 60%, strongly agree that the building is clean and well-maintained, reflecting a positive assessment of the facility's upkeep. An additional 37.5% agree, further supporting this favorable view. Only 2.5% remain neutral, with no disagreement reported. Overall, the responses indicate that most participants believe the building is well maintained, with cleanliness being a strong point.

The school environment is caring and supportive.
40 responses

The majority of respondents, 62.5%, strongly agree that the school environment is caring and supportive, indicating a highly positive perception. Another 30% agree, further emphasizing the favorable sentiment. A small percentage, 5%, remain neutral, while 2.5% strongly disagree. Overall, the responses reflect a predominantly positive view of the school's caring and supportive environment, with only a minor portion expressing dissent.

My child receives the attention he/she needs in the classroom.
40 responses

The majority of respondents, 60%, strongly agree that their child receives the attention needed in the classroom, indicating a strong level of satisfaction. Additionally, 27.5% agree, supporting the positive sentiment. A smaller portion, 7.5%, remain neutral, while 5% strongly disagree. Overall, the responses suggest that most participants feel their child is receiving adequate attention in the classroom, with only a small minority expressing concerns.

I feel welcome at my child's school.
40 responses

The majority of respondents, 65%, strongly agree that they feel welcome at their child's school, reflecting a positive and inclusive atmosphere. An additional 25% agree, reinforcing this sentiment. A small percentage, 5%, remain neutral, while 5% strongly disagree. Overall, the responses indicate that most participants feel welcomed at the school, with only a few expressing concerns.

My child is learning a lot in school this year.
40 responses

The majority of respondents, 65%, strongly agree that their child is learning a lot in school this year, reflecting a strong sense of academic progress. Another 22.5% agree, further supporting this view. A smaller portion, 7.5%, remain neutral, while 5% strongly disagree. Overall, the responses indicate that most participants believe their child is experiencing significant learning, with only a small minority expressing dissatisfaction.

I would be very interested in after school day care at Spicer provided by Spicer staff for my child/children.
38 responses

Out of the responses, 45% are in favor of after-school daycare at Spicer provided by Spicer staff, indicating a significant level of interest. In contrast, 37.5% are not interested, and the remaining 17.5% did not provide a clear indication of their interest. Overall, there is a notable interest in the after-school daycare program, though there are also considerable concerns or lack of interest among some respondents.

Communication: How often do you communicate with your child teacher.
40 responses

Does the teacher respond in timely manner
40 responses

How would you like your child's teacher to communicate with you?
40 responses

The majority of respondents, 55%, communicate with their child's teacher on a weekly basis, indicating frequent and regular contact. Additionally, 30% communicate monthly, reflecting less frequent but still regular interactions. A smaller portion, 10%, communicate quarterly, while 5% either never communicate or do so once a school year. Overall, the responses show a strong trend toward regular communication, with a notable number of participants engaging on a weekly basis. All respondents, 100%, reported that the teacher responds in a timely manner. This unanimous feedback suggests a high level of satisfaction with the teacher's responsiveness. The majority of respondents prefer communication through apps such as Classtag, ClassDojo, or Remind, with 75% indicating this preference. E-mail is the second most preferred method, chosen by 15% of respondents. Phone calls

are the least preferred, with only 10% selecting this option. Overall, there is a strong preference for app-based communication, with a smaller number favoring e-mail and very few preferring phone calls.

The school keeps me updated about the progress of my child.
40 responses

I feel comfortable discussing my child's needs with teachers and staff.
40 responses

My child can get the resources he/she needs to be successful.
40 responses

The majority of respondents, 50%, strongly agree that the school keeps them updated about their child's progress, indicating a high level of satisfaction with communication regarding academic performance. Additionally, 35% agree, further supporting this positive view. A smaller portion, 7.5%, are neutral, and 7.5% disagree, with no responses indicating strong disagreement. Overall, the responses reflect that most participants feel well-informed about their child's progress, though there is a small group that feels less updated. The majority of respondents, 65%, strongly agree that they feel comfortable discussing their child's needs with teachers and staff, indicating a high level of confidence in communication. Additionally, 27.5% agree, further supporting this positive sentiment. A smaller portion, 7.5%, remain neutral, and only 2.5% disagree. Overall, the responses suggest that most participants feel comfortable and supported in addressing their child's needs with school personnel. The majority of respondents, 60%, strongly agree that their child can get the resources needed to be successful, reflecting a strong belief in the availability of necessary support. Additionally, 30% agree, further supporting this positive view. A smaller portion, 7.5%, remain neutral, while 2.5% strongly disagree and another 2.5% disagree. Overall, the responses suggest that most participants feel their child has access to the resources required for success, with only a small minority expressing concerns.

I feel well-informed about what is going on at the school.
40 responses

Do you follow our school on fb and is it helpful?
40 responses

The school encourages parent involvement in school activities.
40 responses

I would be interested in helping in the school.
40 responses

The majority of respondents, 55%, strongly agree that they feel well-informed about what is going on at the school, indicating a high level of satisfaction with communication. Additionally, 35% agree, further reinforcing this positive view. A smaller portion, 7.5%, remain neutral, and 2.5% disagree. Overall, the responses suggest that most participants feel well-informed about school activities and updates, with only a minor group expressing less certainty.

The majority of respondents, 60%, strongly agree that they follow the school on Facebook and find it helpful, indicating a high level of satisfaction with the school's social media presence. An additional 30% agree, further supporting the positive view. A smaller portion, 7.5%, are neutral, while 2.5% disagree and another 2.5% strongly disagree. Overall, the responses suggest that most participants find the school's Facebook page both useful and informative, with only a small number expressing dissatisfaction.

The majority of respondents, 55%, strongly agree that the school encourages parent involvement in school activities, reflecting a strong perception of support for parental engagement. Additionally, 35% agree, further reinforcing this positive view. A smaller portion, 7.5%, remain neutral, and 2.5% strongly disagree. Overall, the responses suggest that most participants feel the school actively promotes parent involvement, with only a minor group expressing reservations. The majority of respondents, 50%, expressed interest in helping at the school, indicating a strong willingness to get involved. Additionally, 35% are unsure, reflecting a cautious or uncertain interest. A smaller portion, 15%, indicated they are not interested. Overall, there is a significant interest in contributing to the school, with a considerable number still uncertain or considering their involvement.

The principal or assistant principal is available to parents and willing to listen.
40 responses

The school counselor provides support to my child when needed.
40 responses

The front office staff is welcoming and helpful.
40 responses

The front office is able to answer my questions and provide me with what I need.
40 responses

The majority of respondents, 60%, strongly agree that the principal or assistant principal is available to parents and willing to listen, reflecting a strong perception of accessibility and responsiveness. Additionally, 35% agree, further supporting this positive view. A smaller portion, 7.5%, remain neutral, while 2.5% strongly disagree. Overall, the responses suggest that most participants feel that the school leadership is approachable and attentive to parent concerns, with only a minor group expressing less certainty.

The majority of respondents, 60%, strongly agree that the school counselor provides support to their child when needed, indicating a high level of satisfaction with the counseling services. Additionally, 30% agree, further supporting this positive view. A smaller portion, 7.5%, remain neutral, and 2.5% strongly disagree. Overall, the responses suggest that most participants feel the school counselor is effective in offering necessary support, with only a small number expressing concerns or uncertainty.

The majority of respondents, 65%, strongly agree that the front office staff is welcoming and helpful, indicating a high level of satisfaction with their service. Additionally, 30% agree, further reinforcing this positive assessment. A small portion, 5%, remain neutral, with no respondents expressing disagreement. Overall, the responses suggest that most participants find the front office staff to be friendly and supportive, with only a minor group feeling indifferent.

The majority of respondents, 60%, strongly agree that the front office is able to answer their questions and provide them with what they need, indicating a high level of satisfaction with the office's responsiveness and effectiveness. Additionally, 35% agree, further supporting this positive view. A small portion, 5%, remain neutral, with no respondents expressing disagreement. Overall, the responses suggest that most participants feel well-supported by the front office, with only a minor group feeling indifferent.

Perceptions Strengths

Our diverse population brings richness to our school by providing a depth of individual differences between our students and families. One example, we have a fourth- and fifth-grade multilingual leadership team. These students assist with translations for staff and other students who speak a language that our district does not have an interpreter for. Additionally, these students serve as ambassadors to our newcomers who speak very limited or no English at all. Twice a year, we offer two multicultural events. The first event is a dinner. We invite families to bring a dish to share as we learn about the variety of cultures at Spicer. This event also provides an opportunity for staff to share our school expectations and answering any questions our parents have. We invite interpreters to ensure that our parents can get the most out of the event. The second event is a multicultural lunch that we call "Holidays around the world", where each student brings a dish from their home country to share with students, staff and parents.

Positive behavioral supports/strategies are utilized in the classrooms and also implemented by the administration to address student behavior in a positive manner. Individual student incentives are utilized and set up for specific students who need more one-on-one support.

Spicer has a social committee that provides emotional support to our staff. We also have a campus safety committee called Campus Safety Investigation (CSI Team) that addresses a variety of campus problems dealing with safety, logistics, and customer service.

The administration team communicates weekly with a staff newsletter sent out every Friday and communicates with a community newsletter each month. Important district and campus dates and events are communicated through the monthly newsletter. Facebook is another tool we use to communicate positive happenings at Spicer as well as advertising for school activities.

Spicer teachers collaborate to achieve overall campus goals through PLCs and vertical team meetings.

Increased community/family involvement to include participants for World Read Aloud Day, an overhaul of the playground, Haltom High School Pals, and an active PTA program.

We implement systematic methods of communication between the school and parents, along with positively promoting the campus.

All classrooms will have safe space, wish you well, and safe keeper ritual.

Survey data shows that 100% of staff, students, and parents feel the school is safe.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): The campus has limited parent involvement for volunteering opportunities that support students and staff in our school, such as PTA. Additionally, we have a lack of community partnerships with organizations and businesses that could bring much needed resources and support to our economically disadvantaged and emergent bilingual students and their families. **Root Cause:** Connections need to be made with community partners to bring in resources and support for families that would also encourage parent involvement. District resources need to be utilized, such as multilingual services to break down language barriers so that school staff can connect with families in a more meaningful way.

Priority Problem Statements

Problem Statement 1: This campus has 63% of students identified at risk that exhibit an increase in social emotional gaps affecting academic performance.

Root Cause 1: The high percentage of at-risk students, combined with insufficient social-emotional support, creates barriers to effective learning and engagement. These gaps hinder students' ability to focus on their studies, resulting in decreased academic performance.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Data shows significant performance gaps for economically disadvantaged students. While 72% of all students meet or exceed the Approaches GL Standard, only 68% of economically disadvantaged students do. Moreover, just 39% of these students achieve the Meets GL Standard, compared to 45% overall.

Root Cause 2: Limited access to educational resources, unstable home environments, and insufficient support outside of school. Such barriers can impede their ability to meet and exceed grade-level standards.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: 46% of students are meeting or exceeding the Meets Grade Level (GL) Standard in Math scoring just under the state performance target of 49%. 72% of students are meeting or exceeding the Approaches GL Standard showed significant variability, with some assessments reaching 100% while others drop to 38% and 0%.

Root Cause 3: The campus has a high mobility rate (26.65%). Frequent mobility disrupts learning continuity, complicating skill development. 63.12% of students are at-risk and 70.54% are economically disadvantaged, creating substantial educational gaps in foundational math skills. 17.08% of students identified as Emergent Bilingual, language barriers also hinder math comprehension and engagement.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: The campus has limited parent involvement for volunteering opportunities that support students and staff in our school, such as PTA. Additionally, we have a lack of community partnerships with organizations and businesses that could bring much needed resources and support to our economically disadvantaged and emergent bilingual students and their families.

Root Cause 4: Connections need to be made with community partners to bring in resources and support for families that would also encourage parent involvement. District resources need to be utilized, such as multilingual services to break down language barriers so that school staff can connect with families in a more meaningful way.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: Over the past four years, John D. Spicer Elementary has seen fluctuations in attendance, with a drop from a high in 2020-2021 to a lower rate in 2021-2022, followed by a slight improvement in the following years.

Root Cause 5: Despite recent stabilization, the decline from pre-pandemic levels highlights challenges such as economic hardship and student mobility are significant issues that contribute to chronic absenteeism.

Problem Statement 5 Areas: Demographics

Problem Statement 6: John D. Spicer Elementary struggles with Science achievement, as only 29% of students meet or exceed grade-level standards. African American students show particularly low performance at 11%, while Hispanic students are at 29%, and White students at 40%.

Root Cause 6: Although 64% of students approach grade-level standards, the low rates of meeting or exceeding standards and significant disparities across subgroups highlight the need for targeted instructional improvements and support. This data indicates a critical need for strategies to enhance Science proficiency for all students, with particular focus on the underperforming groups.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: End of year mClass screener data showed that 14% of kindergarteners had not met the standard for letter sound mastery and 36% had not mastered the standard for decoding. End of year mClass screener data for first grade showed that 24% of first graders had not met mastery for decoding. End of year mclass second grade data showed that 35% of second graders did not meet mastery for decoding.

Root Cause 7: A high percentage of at-risk (63.12%) and economically disadvantaged students (70.54%), who may require more intensive, tailored support. The diverse needs of Emergent Bilingual students (17.08%) and Special Education students (17.57%) have gaps in the early literacy curriculum. Addressing these issues requires enhanced, differentiated literacy instruction and targeted interventions.

Problem Statement 7 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Accountability Distinction Designations

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year.

a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals.

b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

High Priority

HB3 Goal

Evaluation Data Sources: Elementary: CIRCLE (prekindergarten reading and math), mClass (kindergarten reading and math), mClass (grades 1-2 reading), and Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5)

Secondary: Renaissance STAR Assessments (grades 1-5 mathematics and grades 3-5 reading), and reading levels as measured by Benchmark Assessment System (BAS)

Strategy 1 Details	Reviews			
<p>Strategy 1: Build capacity and fidelity in the use of the District curriculum and implementation literacy strategies at the campus level.</p> <p>Actions: 1) Provide trainings during professional learning communities from the instructional facilitator and district personnel and resources to implement Guided/Shared reading and phonics instruction in support of all students. 2) Provide trainings and support during professional learning communities from district personnel and instructional facilitators for math and science instruction. 3) Measure K - 5 student reading levels using Fountas & Pinnell in accordance to the testing windows. 4) Utilize walk through forms to ensure the implementation of targeted small group reading instruction in all grades K - 5, shared reading in grades K-2 using Fountas & Pinnell and Core 95 phonics instruction for grades k-1 and 2-3. 5) Use data to provide targeted support and progress monitoring.</p> <p>Staff Responsible for Monitoring: Principal, Assistant Principal, Instructional facilitator, and Leader of Learners (LOL) team members</p> <p>Title I: 2.4, 2.5, 2.6 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math - ESF Levers: Lever 5: Effective Instruction</p> <p>Problem Statements: Student Learning 1, 2 - School Processes & Programs 1, 2 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$162,505</p>	Formative			Summative

Performance Objective 1 Problem Statements:

Student Learning

Problem Statement 1: 46% of students are meeting or exceeding the Meets Grade Level (GL) Standard in Math scoring just under the state performance target of 49%. 72% of students are meeting or exceeding the Approaches GL Standard showed significant variability, with some assessments reaching 100% while others drop to 38% and 0%. **Root Cause:** The campus has a high mobility rate (26.65%). Frequent mobility disrupts learning continuity, complicating skill development. 63.12% of students are at-risk and 70.54% are economically disadvantaged, creating substantial educational gaps in foundational math skills. 17.08% of students identified as Emergent Bilingual, language barriers also hinder math comprehension and engagement.

Problem Statement 2: John D. Spicer Elementary struggles with Science achievement, as only 29% of students meet or exceed grade-level standards. African American students show particularly low performance at 11%, while Hispanic students are at 29%, and White students at 40%. **Root Cause:** Although 64% of students approach grade-level standards, the low rates of meeting or exceeding standards and significant disparities across subgroups highlight the need for targeted instructional improvements and support. This data indicates a critical need for strategies to enhance Science proficiency for all students, with particular focus on the underperforming groups.

School Processes & Programs

Problem Statement 1: Data shows significant performance gaps for economically disadvantaged students. While 72% of all students meet or exceed the Approaches GL Standard, only 68% of economically disadvantaged students do. Moreover, just 39% of these students achieve the Meets GL Standard, compared to 45% overall. **Root Cause:** Limited access to educational resources, unstable home environments, and insufficient support outside of school. Such barriers can impede their ability to meet and exceed grade-level standards.

Problem Statement 2: End of year mClass screener data showed that 14% of kindergarteners had not met the standard for letter sound mastery and 36% had not mastered the standard for decoding. End of year mClass screener data for first grade showed that 24% of first graders had not met mastery for decoding. End of year mclass second grade data showed that 35% of second graders did not meet mastery for decoding. **Root Cause:** A high percentage of at-risk (63.12%) and economically disadvantaged students (70.54%), who may require more intensive, tailored support. The diverse needs of Emergent Bilingual students (17.08%) and Special Education students (17.57%) have gaps in the early literacy curriculum. Addressing these issues requires enhanced, differentiated literacy instruction and targeted interventions.

Problem Statement 3: This campus has 63% of students identified at risk that exhibit an increase in social emotional gaps affecting academic performance. **Root Cause:** The high percentage of at-risk students, combined with insufficient social-emotional support, creates barriers to effective learning and engagement. These gaps hinder students' ability to focus on their studies, resulting in decreased academic performance.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 2: Close achievement gaps that exist for all under-performing student groups as measured by state and district assessments. Meet all progress monitoring targets for grades prekindergarten - 5th in reading and mathematics for identified student groups as measured by a district-approved monitoring instrument.

HB3 Goal

Evaluation Data Sources: Fountas and Pinnell, mClass, Star Renaissance, STAAR, district CBA, Circle and TEA interim's.

Strategy 1 Details	Reviews			
Strategy 1: Provide professional development that assists teachers in the development, administration, and use of student performance data to evaluate student growth. Actions: 1) Time will be provided for vertical teams, interventionists, and special education staff to meet to strategically develop and organize intervention plans to use in the classroom and document with unit assessments. 2) Ensure teachers attend district curriculum previews. 3) Instructional facilitator will support classroom instruction in 95 Phonics for K-1 teachers and phonics curriculum for 2-3 teachers. 4) Professional development for teachers on strategies for teaching tier 2 academic vocabulary and the planning of classroom activities that support the opportunity for students to work on listening and speaking skills. 5) Provide professional development support on targeted small group instruction. Staff Responsible for Monitoring: Principal, Assistant Principal, and instructional facilitator Title I: 2.4, 2.5, 2.6 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math Problem Statements: Student Learning 1 - School Processes & Programs 1, 2 Funding Sources: Title I Tutoring - 211 - Title I - \$24,223	Formative			Summative

Performance Objective 2 Problem Statements:

Demographics

Problem Statement 1: Over the past four years, John D. Spicer Elementary has seen fluctuations in attendance, with a drop from a high in 2020-2021 to a lower rate in 2021-2022, followed by a slight improvement in the following years. **Root Cause:** Despite recent stabilization, the decline from pre-pandemic levels highlights challenges such as economic hardship and student mobility are significant issues that contribute to chronic absenteeism.

Student Learning

Problem Statement 1: 46% of students are meeting or exceeding the Meets Grade Level (GL) Standard in Math scoring just under the state performance target of 49%. 72% of students are meeting or exceeding the Approaches GL Standard showed significant variability, with some assessments reaching 100% while others drop to 38% and 0%. **Root Cause:** The campus has a high mobility rate (26.65%). Frequent mobility disrupts learning continuity, complicating skill development. 63.12% of students are at-risk and 70.54% are economically disadvantaged, creating substantial educational gaps in foundational math skills. 17.08% of students identified as Emergent Bilingual, language barriers also hinder math comprehension and engagement.

Problem Statement 2: John D. Spicer Elementary struggles with Science achievement, as only 29% of students meet or exceed grade-level standards. African American students show particularly low performance at 11%, while Hispanic students are at 29%, and White students at 40%. **Root Cause:** Although 64% of students approach grade-level standards, the low rates of meeting or exceeding standards and significant disparities across subgroups highlight the need for targeted instructional improvements and support. This data indicates a critical need for strategies to enhance Science proficiency for all students, with particular focus on the underperforming groups.

School Processes & Programs

Problem Statement 1: Data shows significant performance gaps for economically disadvantaged students. While 72% of all students meet or exceed the Approaches GL Standard, only 68% of economically disadvantaged students do. Moreover, just 39% of these students achieve the Meets GL Standard, compared to 45% overall. **Root Cause:** Limited access to educational resources, unstable home environments, and insufficient support outside of school. Such barriers can impede their ability to meet and exceed grade-level standards.

Problem Statement 2: End of year mClass screener data showed that 14% of kindergarteners had not met the standard for letter sound mastery and 36% had not mastered the standard for decoding. End of year mClass screener data for first grade showed that 24% of first graders had not met mastery for decoding. End of year mclass second grade data showed that 35% of second graders did not meet mastery for decoding. **Root Cause:** A high percentage of at-risk (63.12%) and economically disadvantaged students (70.54%), who may require more intensive, tailored support. The diverse needs of Emergent Bilingual students (17.08%) and Special Education students (17.57%) have gaps in the early literacy curriculum. Addressing these issues requires enhanced, differentiated literacy instruction and targeted interventions.

Problem Statement 3: This campus has 63% of students identified at risk that exhibit an increase in social emotional gaps affecting academic performance. **Root Cause:** The high percentage of at-risk students, combined with insufficient social-emotional support, creates barriers to effective learning and engagement. These gaps hinder students' ability to focus on their studies, resulting in decreased academic performance.

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social and emotional needs of the student.

Performance Objective 3: Reduce the number of students assigned to behavioral MTSS Tiers 2 and 3.

Evaluation Data Sources: Campus response to intervention records, Focus, parent meetings, counselor and office referrals.

Strategy 1 Details	Reviews			
Strategy 1: 1) Implement student monitoring and support system schoolwide. Actions: 1) Keep and monitor school wide behavioral Multi tiered system of support (MTSS) data records and document strategies used. 2) Implement campus wide strategies, structures, and procedures from Conscious Discipline. 3) Provide ongoing professional learning to all staff on Conscious Discipline. 4) Use positive behavior intervention supports (PBIS) strategies to recognize students for positive behavior campus wide. 4) Provide families with additional supports through various organizations and resources. Staff Responsible for Monitoring: Principal, Assistant Principal, campus conscious discipline team, counselor, and teachers Title I: 2.4, 2.5, 2.6, 4.1, 4.2 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math - ESF Levers: Lever 3: Positive School Culture Problem Statements: Demographics 1 - School Processes & Programs 1, 3 - Perceptions 1	Formative			Summative

These gaps hinder students' ability to focus on their studies, resulting in decreased academic performance.

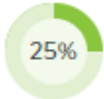

Perceptions

Problem Statement 1: The campus has limited parent involvement for volunteering opportunities that support students and staff in our school, such as PTA. Additionally, we have a lack of community partnerships with organizations and businesses that could bring much needed resources and support to our economically disadvantaged and emergent bilingual students and their families. **Root Cause:** Connections need to be made with community partners to bring in resources and support for families that would also encourage parent involvement. District resources need to be utilized, such as multilingual services to break down language barriers so that school staff can connect with families in a more meaningful way.

Goal 2: Utilize efficient and effective operations to support and improve the learning organization.

Performance Objective 1: Increase the annual total average daily attendance (ADA) as compared to the prior school year, through improved student retention, recruitment, and days in attendance.

Evaluation Data Sources: 2023-2024 EOY data from On Data Suite: 94.3%.

<p>Strategy 1: Implement a comprehensive approach to increase student attendance that involves students, parents, teachers, and the community.</p> <p>Actions: 1) Reward individual perfect attendance at quarterly school wide assemblies. Student names will be placed in a drawing for prizes and all students will be given a certificate for perfect attendance. 2) Provide information to parents at school events regarding importance of attendance and how it is linked to academic success. 3) Celebration on social media - A celebration notice will be sent home spotlighting students with perfect attendance. The parent will submit a picture and the student's reason they love coming to school. The picture and student expression will be posted on Spicer's social media. 4) Individual class attendance graphs will be displayed in a centralized location to track progress toward the campus goal of 97% and discussed during announcements. 5) Implementing Conscious Discipline routines campus wide such as "wish you well". 6) Teachers will make phone calls to parents/guardians when students are absent. 7) Monthly newsletters will be sent out to families to communicate school events and promote attending school, including our attendance rate. 8) Implement rewards for classrooms that accumulate 10 days of 100% attendance. 9) Teachers will send out our attendance statistics weekly for our campus, grade level and classroom. 10) To address the challenge faced by families relying on transportation services, we will offer on-campus daycare. This will enable students to stay after school for tutorials, ensuring they receive needed academic support and enrichment while meeting family needs.</p> <p>Staff Responsible for Monitoring: Principal, Assistant Principal, attendance clerk, Counselor, secretary, and teachers.</p> <p>Title I: 2.4, 2.5, 2.6, 4.2 - TEA Priorities: Recruit, support, retain teachers and principals, Build a foundation of reading and math - ESF Levers: Lever 3: Positive School Culture</p> <p>Problem Statements: Demographics 1 - School Processes & Programs 3 - Perceptions 1</p>

Strategy 1 Details	Reviews			
Strategy 1: Design a comprehensive strategy that aims to create a positive and supportive staff culture by recognizing achievements, offering opportunities for growth, and fostering a connected and collaborative work environment. Actions: 1.) Establish a monthly recognition event where staff members are celebrated for their achievements, contributions, and dedication. 2.) Implement peer-nominated awards such as "Staff Member of the week" to highlight individual and team efforts. 3.) Organize monthly morale-boosting activities, such as staff potlucks, wellness days, or team-building exercises, to foster camaraderie and a positive work environment. 4.) Introduce a system of incentives, such as extra planning time, school supplies, lunch and learns, and celebrations for reaching specific goals or milestones. 5.) Regularly solicit feedback from staff through surveys and suggestion boxes to identify areas for improvement in the workplace environment. 6.) Offer targeted professional development sessions focused on areas identified by staff as important for their personal and professional growth. 7.) Implement recognition programs and provide opportunities for staff to take on leadership roles within the school, such as leading a committee or a professional learning community (PLC), to empower and engage them in school decision-making. 8.) Implement a staff wish well board and friends and family board to increase connectedness amongst staff members. Title I

1.1: Comprehensive Needs Assessment

The comprehensive Needs Assessment was completed in May 2024 based on spring survey feedback, STAAR data, TELPAS, universal screener results, attendance and behavior data from 2023-2024.

2.1: Campus Improvement Plan developed with appropriate stakeholders

Administrators:

Amy Newland

Tara Thomas-Worthen

Teachers:

Cathy Linehan

Amy Howe

Katie Holbrook

Lisa Wolf

Carrie Goodman

Magy Gergius

Daniele Clark

Alexsus Risher

Eulia Nyabadza

Daniele Clark

Chad Morrissey

2.2: Regular monitoring and revision

The Spicer Campus Improvement Plan is revised and evaluated in November, January, March, and June.

2.3: Available to parents and community in an understandable format and language

Spicer Campus Improvement Plan is available to parents and the public through the campus website. The plan is also available through the district website and a printed copy may be requested in the campus front office.

2.4: Opportunities for all children to meet State standards

Through the Campus Needs Assessment, 63.12% of students (# of students) were identified as at-risk based on one or more of the following criteria:

- 1. low performance on a readiness test or assessment instrument*
- 2. semester failure of two or more academic subjects*
- 3. grade retention*
- 4. lack of satisfactory performance on state-mandated testing*
- 5. limited English proficiency*
- 6. custody or care of the Department of Protective and Regulatory Services*
- 7. homelessness*
- 8. residing in detention, substance abuse treatment, emergency shelter, psychiatric, halfway house, or foster group home*

Additional assistance will be provided to these students through specialized instructional support, mentoring, social-emotional learning programs, tiered interventions, and professional development for teachers to improve their effectiveness.

2.5: Increased learning time and well-rounded education

Student Learning will be supported through research-based instructional strategies and practice such as:

Fountas & Pinnell Guided reading

Reading intervention, Take Flight

Workshop model with small group targeted instruction

Conscious Discipline

Character Strong

95 Phonics Intervention

Core 95 Phonics

Increased learning time is provided through intervention programs and targeted tutorials.

2.6: Address needs of all students, particularly at-risk

Student enrollment, attendance, and success will be supported through targeted support programs that address the specific needs of our at-risk student population, as well as schoolwide incentive programs, individual and class recognitions, two-way communication between the school and home, and parent and family engagement activities.

3.1: Annually evaluate the schoolwide plan

The Campus Needs Assessment (CNA) is completed each spring through a multi-stakeholder collaborative process using multiple sources of data to evaluate the effectiveness of programs and practices.

The CNA addresses:

- 1. Demographics*
- 2. Perceptions*
- 3. Student Learning*
- 4. Processes and Programs*

The findings of the CNA are used to inform the Campus Improvement Plan (CIP). Both the CNA and CIP are presented to the Site Based Committee for review and feedback at the end of the school year.

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Administrators:

Amy Newland

Tara Thomas-Worthen

Parents:

Caiti Dowden

Staff:

Magy Gergius

Eulia Nyabadza

Alexsus Risher

Amy Howe

Cathy Linehan
Carrie Goodman
Daniele Clark

4.1: Develop and distribute Parent and Family Engagement Policy

The Parent and Family Engagement Plan was developed through the input and involvement of the following:

Administrators:

Amy Newland
Tara Thomas-Worthen

Parents:

Caiti Dowden

Staff:

Magy Gergius
Eulia Nyabadza
Alexsus Risher
Amy Howe
Cathy Linehan
Carrie Goodman
Daniele Clark

The Parent and Family Engagement Plan is made available to parents and the public through the campus website in English and other languages as practicable. A printed copy is provided during the fall Title I meeting, and by request in the campus front office.

4.2: Offer flexible number of parent involvement meetings

Most campus family engagement activities are scheduled for Monday and Friday evenings and Friday mornings in order to accommodate parents' work schedules (exceptions noted below). The following family engagement activities are planned for 2024-2025:

- *August Refresh Back to School Event (Saturday 9:00-1:00) at WG Thomas Coliseum*
- *August Meet the Teacher Night (Monday 5-6:30) on campus*

- Curriculum Night (Thursday 5-7) on campus
- September Title I Meeting/Pastries with the Principals (Friday 8:10-8:45) on campus
- September Haltom Homecoming Parade (Thursday 6-7) Haltom High School
- September Lunch with a Loved One/ Grandparents Day (Friday 10:30-1:00) on campus
- October Fall Festival (Friday 5-7) on campus
- October Awards Assembly (Friday) on campus
- November Veterans' Day Program, PTA Meeting (Monday 6:00) on campus
- November Friendsgiving and Family Movie Night (Friday 5-7) on campus
- December Reindeer Run Fun Run (Friday) on campus
- December Choir Tree Lighting (Friday) Haltom City
- December Cookie with Santa (Saturday 10-12) on campus
- December Choir Holiday Program (Monday 6:00) on campus
- January Awards Assembly (Friday) on campus
- January Family Game Night (Thursday 5-6) on campus
- February World Read Aloud Day and Story Book Parade (Wednesday) on campus
- February Valentine Dance (Thursday 5:30-7:00) on campus
- March Public School's Week activities: Book Fair on campus and Parents in PE
- March Open House (Friday morning) on campus
- March Second grade performance and PTA meeting (Monday 6:00) on campus
- March Reading, Math and Science Night (Friday 5-7) on campus
- March 3rd Quarter Awards Assembly (Friday) on campus
- April Neon Party (Friday) on campus
- April Choir Cluster Concert (Thursday) W.G. Thomas Coliseum
- May 1st grade choir performance and PTA meeting (Monday 6:00) on campus
- May Field Day (Friday) on campus
- May Talent Show (Monday 6:00) on campus
- May Career Day (Tuesday) on campus

Demographics

Demographics Summary

Green Valley is located in North Richland Hills in Tarrant County and is part of Birdville Independent School District. It is a small neighborhood school that serves the immediate community as well as a large number of open enrollment students from surrounding areas.

Demographics Breakdown:

418 total students

Male: 51.9%

Female: 48.1%

White: 62%

Hispanic/Latino: 19.1%

Black/African American: 7.4%

Asian: 7.9%

American Indian/Alaska Native: 1%

Two or More: 2.6%

Special Programs:

At Risk: 37.32%

Economically Disadvantaged: 24.9%

Free Lunch & Reduced Lunch: 24.9%

Limited English Proficient: 5%

Dyslexic: 7%

504 Students: 5.3%

Gifted and Talented: 12.3%

Special Education: 15.1%

Average Daily Attendance: 96%

Demographics change of note:

In the past five years, the total number of students has decreased, and the percentage of at risk students and special education students has increased.

Demographics Strengths

Our school benefits from a stable student enrollment in the low 400s over the past four years, with a significant portion of experienced teachers (68% with 6 or more years of experience) and a relatively lower rate of economically disadvantaged students.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Green Valley has seen an increase of teachers with less experience (5 or less years) which is now at 32%. **Root Cause:** Teacher retention is an issue, as veteran teachers retire, transfer, or leave the profession.

Student Learning

Student Learning Summary

2	64%	59%	63%	53%

Green Valley holds high academic standards for all students to reach their fullest potential, with high expectations in every content area and grade level. Based on student performance on STAAR, our students have consistently outperformed or grown more than the State in multiple subjects at all performance levels during the last three years.

Student Learning Strengths

STAAR scores have historically been higher than state, region, and district levels.

Green Valley has demonstrated exceptional academic performance across various subjects and grade levels, consistently surpassing state and regional benchmarks. In Reading/ Language Arts (RLA), students in the 3rd, 4th, and 5th grades have scored at or above state and regional levels, showcasing strong literacy skills. Similarly, our 3rd, 4th, and 5th grade students have consistently excelled in Math, surpassing state performance for three consecutive years, reflecting our commitment to maintaining high academic standards in numeracy.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Green Valley 5th grade science performance has decreased significantly over the last two years. **Root Cause:** Lack of vertical alignment and professional learning support for new teachers.

School Processes & Programs

School Processes & Programs Summary

Green Valley Elementary adheres to state and district expectations regarding curriculum and instructional practices. This includes the implementation of the BISD Tier one priorities listed below.

- Engage students with content vocabulary using best practices
- Elicit student thinking through discussions of higher-level questions and open ended tasks and writing activities
- Utilize workshop model to actively engage students in meaningful work such as word work, grammar, writing, "5E model", and daily social studies activities integrated within Reading Language Arts
- Implement responsive teaching by utilizing data from formative assessments to inform instructional decisions that maximize student success
- implement guided reading focused on targeted skills identified through data analysis
- Use UPS Check for problem solving
- Follow TEA guidelines for percentage of daily hands-on instruction for science
- Analyze written and visual primary and secondary resources including maps, graphs, and timelines

Green Valley has extensive curricular programs for all students. Beginning in Pre-Kindergarten, students are assessed in reading and math using universal screening methods that allow teachers and campuses to best meet the needs of all students. In addition, BISD departments including Counseling Services, Advanced Academics, Career and Technical Education (CTE), and Multilingual provide various resources to allow students to individualize their learning experiences. While most students participate in the general curriculum, Green Valley has support systems in place for students behind their peers. A wide range of support systems are provided to students, which may include:

Full Day Pre-K

Dyslexia support

EB support (Bilingual classrooms PK-5th, ESL support PK - 12)

Special Education services

Accelerated Instruction

School Processes & Programs Strengths

Campus has access to comprehensive curriculum documents and resources through Birdville ISD. Teachers have access to a plethora of resources to support student learning.

Campus has strengthened and aligned Multi-tiered systems of supports (MTSS) procedures and protocols to better track student data and respond to student needs.

Campus has added processes and procedures to create and track grade-level goals through Professional Learning Communities as well as content area goals and Professional Learning Communities to increase vertical alignment at the campus level.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Need to strengthen continuous improvement processes within Professional Learning Communities, and strengthen process for analyzing student data and respond to student needs. **Root Cause:** Campus administration turnover over the last 4 years has affected building capacity in this area.

Perceptions

Perceptions Summary

Data based on district safety survey in Spring of 2024:

Student survey shows 79% of students have a trusted adult on campus. That is a drop of 11% from the year prior.

80 percent of students reported feeling safe on campus, and 91% report having a friend they trust.

Parent safety survey revealed 97% of parents feel school is safe and orderly and 90% report their student has a trusted adult at school, 90% report respect for all is emphasized.

Staff survey revealed 96% of staff feel this campus is a safe and orderly, and 89% report respect for all is emphasized.

Perceptions Strengths

Birdville ISD has a well-developed safety plan that teachers and students understand. The district continues to strengthen our plan by having scheduled trainings and drills throughout the year that involve local governmental organizations. Green Valley follows all district safety procedures and protocols throughout the year and has been recognized for our efforts by the student services department multiple times.

The district safety survey shows that our parents and teachers maintain positive perceptions regarding our campus.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Student Safety survey shows only 79% of students feel they can talk to a trusted adult on campus. **Root Cause:** Teachers need to focus on building trusting connections with all scholars.

Priority Problem Statements

Problem Statement 1: Green Valley 5th grade science performance has decreased significantly over the last two years.

Root Cause 1: Lack of vertical alignment and professional learning support for new teachers.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Student Safety survey shows only 79% of students feel they can talk to a trusted adult on campus.

Root Cause 2: Teachers need to focus on building trusting connections with all scholars.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: Need to strengthen continuous improvement processes within Professional Learning Communities, and strengthen process for analyzing student data and respond to student needs.

Root Cause 3: Campus administration turnover over the last 4 years has affected building capacity in this area.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Green Valley has seen an increase of teachers with less experience (5 or less years) which is now at 32%.

Root Cause 4: Teacher retention is an issue, as veteran teachers retire, transfer, or leave the profession.

Problem Statement 4 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records

- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Study of best practices
- Other additional data

Goals

Goal 1: PK-5 Scholars will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the scholar.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 5th grade for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

HB3 Goal

Evaluation Data Sources: CLI Engage - CIRCLE (prekindergarten reading and math), mClass (kindergarten reading and math), mClass (grades 1-2 reading), and Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5), State interim and STAAR data for grades 3-5

Strategy 1 Details	Reviews			
<p>Strategy 1: Provide quality Tier 1 instruction for every scholar by maximizing district resources and implementing Tier 1 priorities in Pre-k through 5th grade.</p> <p>Actions: -Utilize grade level PLCs in collaboration with Instructional Facilitator and Digital Learning Specialist to implement tier 1 priorities. -Train staff during professional learning sessions after each district LOL (leaders of learners) meeting. -Utilize campus resources including Instructional Facilitator to provide support for campus and classroom implementation plans. -Utilize RLA, math and science vertical teams to increase collaboration system-wide on tier 1 priorities and best practices in the classroom including workshop model and small group instruction. -Provide additional resources such as ThinkUp mentoring minds to support Tier 1 instruction and continued growth for all students including high-achieving students. -Utilize prekindergarten teachers to provide a foundation to our youngest students by meeting academic, social, and emotional needs.</p> <p>Staff Responsible for Monitoring: Campus Administration Instructional Staff Professional Learning Communities - Horizontal by Grade Level & K-5 Vertical Teams</p> <p>Problem Statements: Student Learning 1 Funding Sources: SCE Campus Personnel - 199 - General Funds: SCE - \$152,208</p>	Formative			Summative

Student Achievement

Student Achievement Summary

The English Language Proficiency Status target measure set by the state for the TELPAS progress is **36%**. In 2018-2019 Walker Creek Elementary School met the target with a TELPAS progress rate of **52%**. In 2020-2021 Walker Creek Elementary School again met the target with a TELPAS progress rate of **65%**. In comparing the progress rate from 2019 and 2021, Walker Creek demonstrated a **13% point increase** in students' English Language Proficiency Status.

Demographics

Demographics Summary

Walker Creek Elementary serves a diverse student body with a total enrollment of 444 students for the 2023-2024 school year. The gender distribution is nearly balanced, with 49.32% female and 50.68% male students. Ethnically, the school community includes 21.62% Hispanic-Latino, 6.31% Asian, 11.94% Black-African American, and 56.76% White students, along with 2.48% identifying as Two-or-More races. The student population includes 13.51% Gifted and Talented students and 12.61% receiving Special Education services. Additionally, 7.43% are classified as Emergent Bilingual, and 6.98% are enrolled in English as a Second Language programs. Economic disadvantage is represented by 28.60% of students, with 24.55% qualifying for free meals and 3.83% for reduced-price meals. Notably, there are no homeless or unaccompanied youth at the school.

Demographics Strengths

Walker Creek Elementary School boasts a diverse student population with representation from several ethnicities and races, including Hispanic-Latino, Asian, Black-African American, and White students, enriching the campus with a variety of perspectives and experiences. The school is particularly proud of its strong Gifted and Talented program, which serves 60 students, contributing significantly to the dynamic and challenging learning environment. This commitment to inclusivity is further demonstrated by the wide range of educational needs and strengths among students, fostering a supportive and varied academic atmosphere.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): A significant percentage of students at the campus are classified as At-Risk (12%), indicating challenges that impact their academic progress.

Root Cause: The high percentage of At-Risk students is primarily due to learning gaps and socioeconomic factors that affect their educational opportunities and support.

Problem Statement 2 (Prioritized): The Gifted and Talented Program hasn't shown as much growth as it could, only growing one percent from 2022-23 to 2023-24. **Root Cause:** Limited growth in the Gifted and Talented Program may be due to insufficient outreach, identification processes, or a lack of targeted enrichment opportunities to support the development of potential candidates.

Student Learning

Student Learning Summary

Walker Creek Elementary School demonstrates solid academic performance across various subjects based on STAAR assessments. In Reading/Language Arts, students show strong proficiency, with a significant number meeting or exceeding grade-level standards, and many achieving at the Mastery level. Mathematics results are similarly positive, with a majority of students meeting grade-level expectations and a noteworthy proportion reaching the Mastery level. Science performance reveals areas for growth, but a considerable number of students are meeting or exceeding standards. The school serves a diverse student body, including those identified as Gifted and Talented, which enhances the academic environment. Overall, Walker Creek Elementary School is committed to addressing the diverse needs of its students and supporting continued academic achievement across all subjects.

Student Learning Strengths

Walker Creek Elementary School demonstrates notable strengths in student learning, particularly in Reading/Language Arts and Mathematics. In Reading/Language Arts, a significant percentage of students meet or exceed grade-level expectations, with 61% of students reaching the Meets Grade Level standard and 32% achieving at the Mastery level. This reflects a strong literacy program that supports students in mastering essential reading and writing skills. Similarly, in Mathematics, 60% of students meet or exceed grade-level standards, and 30% achieve at the Mastery level. These figures indicate the effectiveness of the school's math curriculum in developing students' problem-solving abilities and mathematical reasoning. Overall, these performance metrics highlight Walker Creek Elementary's commitment to academic excellence and its success in preparing students for future academic challenges.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Walker Creek Elementary needs to improve STAAR Science and Mathematics performance. Although 69% of students meet the grade-level standard in Science, enhancing 5th-grade results requires a focus on vocabulary, the 5E model, and teacher mentoring. In Math, several subgroups, including Special Education and African American students, are underperforming, and targeted efforts are needed to close the **Root Cause:** Challenges are due to staff turnover and cuts, which have reduced subject area collaboration and increased the At-Risk population, impacting overall student support and achievement.

School Processes & Programs

School Processes & Programs Summary

Curriculum & instruction: BISD Tier 1 instructional priorities/strategies 2.0, coaching and collaboration with the instructional facilitator, BISD curriculum understood and implemented in all classrooms every day, additional BISD professional development offered throughout each year and tied to T-TESS Professional Goals and Student Learning Objectives.

Professional development: Continuous Improvement, Capturing Kids Hearts, BISD curriculum, and T-TESS training providing to staff annually

Communication: Parent/staff newsletters weekly, parent conferences each semester as well as on a needed basis, parent information evening events, Focus family portal, Social Media

Leadership & decision-making processes: Leader of Learners, Site Based and Campus Operations Committees meet monthly, daily collaboration between grade-level teams and administrators, monthly PLC meetings

Scheduling: W.I.N. (What I Need) time small group intervention schedules, Academic master schedules, and class schedules created annually and collaboratively based on student and teacher need

Support Services: Continual review of counseling services, Social Emotional curriculum, MTSS services monitored through grade-level collaborative meetings, access to instructional facilitator as well as BISD curriculum coordinators.

School Processes & Programs Strengths

Professional development and school program updates provided annually regarding our top priorities which include: Continuous Improvement, Capturing Kids Hearts, Social Emotional Curriculum, BISD Tier 1 Priorities 2.0, and the T-TESS framework completed with fidelity.

Ongoing collaboration between teachers, instructional experts, and administrators.

This provides alignment for staff which ensures these priorities are implemented with consistency and fidelity.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need to address academic gaps, particularly for students with learning disabilities, who are struggling to meet grade-level expectations. **Root Cause:** The Special Education population has increased significantly, growing from 43 students (9.15% of the total) in 2022-23 to 56 students (12.61% of the total) in 2023-24, contributing to the challenges in closing academic gaps.

Perceptions

Perceptions Summary

- Consistent implementation and communication regarding our shared Positive Behavior Intervention System (Capturing Kid's Hearts).
- Large number of parent volunteers and strong PTA which holds monthly board meetings as well as monthly community meetings tied to grade-level student performance nights.
- Positive communication to parents and amongst staff through committees, staff-meetings, grade-level newsletters, Blackboard, Focus, Facebook, and teacher/family communication and events.
- Yearly safety survey for students, parents, and employees which is reviewed and addressed at the beginning of each new school year.
- Staff and community have very easy and consistent access to administrators.

Perceptions Strengths

Survey showed 90% of our staff knows and understands that our campus has a Positive Behavior Intervention System.

Survey showed 92% of staff believe that respect is emphasized throughout the campus.

Survey showed 100% of those polled believe that the campus is safe and orderly overall.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Many in the community are not well aware that Capturing Kids' Hearts is our Positive Behavior Intervention System designed to proactively eliminate conflict and create a positive overall culture. **Root Cause:** Limited communication and outreach efforts may have led to insufficient awareness and understanding of Capturing Kids' Hearts, our Positive Behavior Intervention System, which is designed to promote conflict resolution and foster a positive campus culture.

Priority Problem Statements

Problem Statement 1: Walker Creek Elementary needs to improve STAAR Science and Mathematics performance. Although 69% of students meet the grade-level standard in Science, enhancing 5th-grade results requires a focus on vocabulary, the 5E model, and teacher mentoring. In Math, several subgroups, including Special Education and African American students, are underperforming, and targeted efforts are needed to close the

Root Cause 1: Challenges are due to staff turnover and cuts, which have reduced subject area collaboration and increased the At-Risk population, impacting overall student support and achievement.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: A significant percentage of students at the campus are classified as At-Risk (12%), indicating challenges that impact their academic progress.

Root Cause 2: The high percentage of At-Risk students is primarily due to learning gaps and socioeconomic factors that affect their educational opportunities and support.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a need to address academic gaps, particularly for students with learning disabilities, who are struggling to meet grade-level expectations.

Root Cause 3: The Special Education population has increased significantly, growing from 43 students (9.15% of the total) in 2022-23 to 56 students (12.61% of the total) in 2023-24, contributing to the challenges in closing academic gaps.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Many in the community are not well aware that Capturing Kids' Hearts is our Positive Behavior Intervention System designed to proactively eliminate conflict and create a positive overall culture.

Root Cause 4: Limited communication and outreach efforts may have led to insufficient awareness and understanding of Capturing Kids' Hearts, our Positive Behavior Intervention System, which is designed to promote conflict resolution and foster a positive campus culture.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: The Gifted and Talented Program hasn't shown as much growth as it could, only growing one percent from 2022-23 to 2023-24.

Root Cause 5: Limited growth in the Gifted and Talented Program may be due to insufficient outreach, identification processes, or a lack of targeted enrichment opportunities to support the development of potential candidates.

Problem Statement 5 Areas: Demographics

Goals

Goal 1: Students will achieve their full potential through a system that is responsive to the academic, social, and emotional needs of the student.

Performance Objective 1: All students will make at least one year's progress in reading and mathematics by the end of school year. a) Meet the progress monitoring targets in Prekindergarten - 3rd for each demographic group as measured by district approved screeners (BOY, MOY and EOY) to achieve the HB3 Board Goals. b) Improve performance in Domain 3 Closing the Gaps by making more than a year's growth in reading and mathematics which would in turn increase the number of students performing at the "meets" and "masters" level as measured by the spring 2025 STAAR and EOC assessments. This will also increase Domain 1 Student Achievement which counts the number of students at the various performance levels for state assessments.

High Priority

HB3 Goal

Evaluation Data Sources: Elementary: CLI Engage - CIRCLE (prekindergarten reading and math), mClass (kindergarten reading and math), mClass (grades 1-2 reading), and Renaissance STAR Assessments (reading, grades 3-5 and mathematics, grades 1-5)

Strategy 1 Details	Reviews			
Strategy 1: Align all instructional practices with BISD Tier 1 priorities. Actions: 1) Utilize district resources for instruction in math, reading and science in district curriculum documents PK-5. 2) Teachers will consistently engage students in the main components of the reading and math workshop model while incorporating STAAR re-design strategies 3) Monitor frequent use of science lab and tier 1 science resources 4) Teachers will follow TEA guidelines for hands on instruction in science. 5) Incorporate the discussion of higher level questions and use of open ended tasks/activities. 6) Utilize SCE funded prekindergarten teachers to provide a foundation to our youngest students based upon academic, social, and emotional needs.
