## Review of Existing Debt Portfolio and Preliminary Bond Capacity Analysis

Friday, May 6, 2022

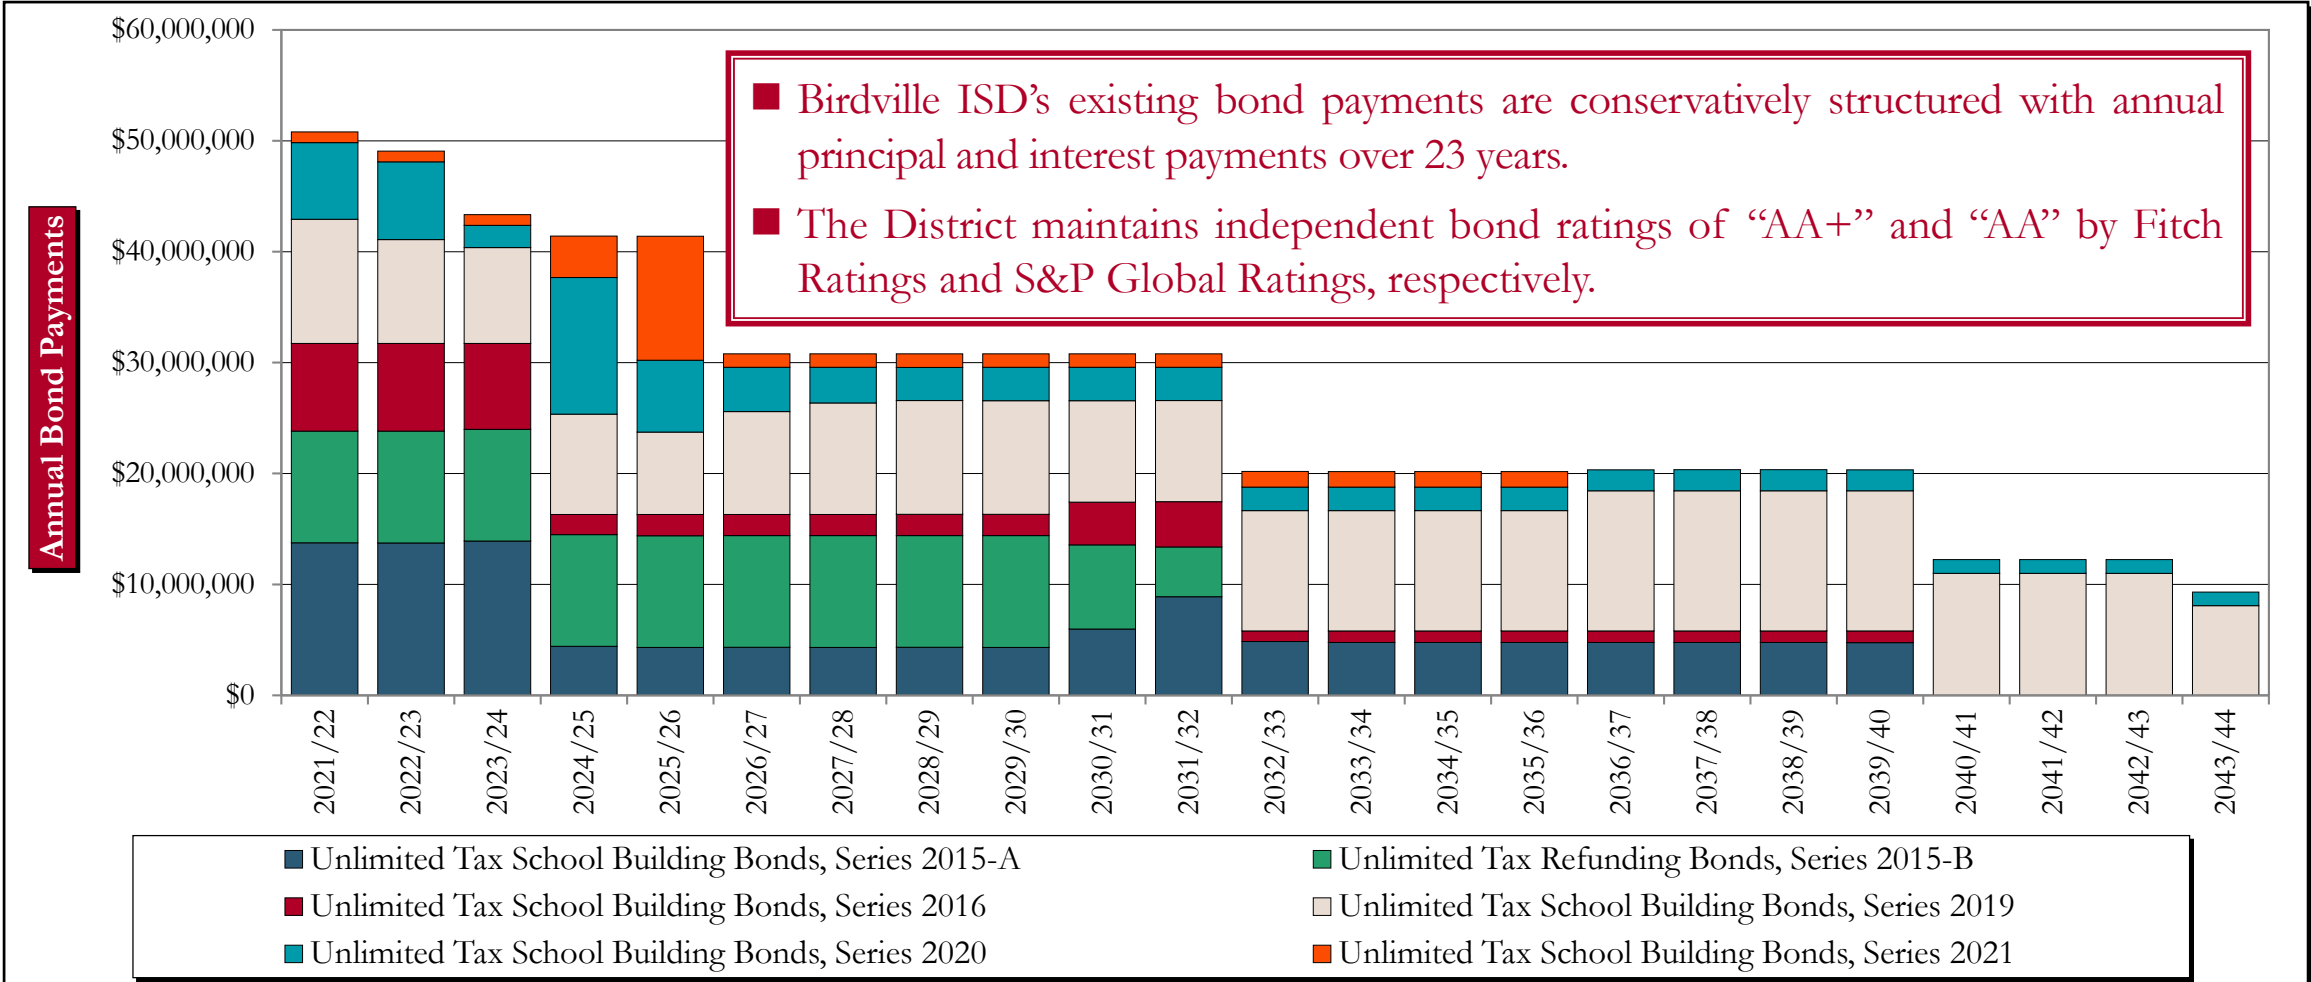

# What is Bond Capacity?

- ❑ Bond capacity refers to Birdville ISD’s capacity to issue new bonds in light of the limitations imposed by the State-mandated “50-Cent Debt Test” and the District’s I&S tax rate.

# Bond Capacity Factors: Dollar Amount and Structure of District’s Existing Bonds

Note: Debt service payments reflect payments from September 1 through August 31. Includes a \$2,975,000 prepayment on February 15, 2022.

Birdville ISD has a total principal amount of existing bonds equal to \$408,955,000 as of May 1, 2022.

# Bond Capacity Factors: District's Historical Taxable Assessed Valuation

- ❑ The value of Birdville ISD's tax base is the primary factor impacting BISD's bond capacity, as this determines the annual revenues generated from the District's I&S tax rate.
- ❑ BISD's taxable assessed valuation (net of frozen values) is \$10,883,268,496 for year 2021/22 and is estimated to be \$11,806,332,907 for fiscal year 2022/23.
- ❑ The following summarizes certain taxable value growth statistics over the last decade:
  - Average tax base increase last 10 years: \$532,922,943 or 6.19%; and
  - Average tax base increase last 5 years: \$704,318,583 or 7.34%.

## Preliminary Bond Capacity Analysis

This Preliminary Bond Capacity Analysis is based upon the assumptions summarized herein. To the extent the District's actual results differ from the assumptions herein, the financial impact to Birdville ISD will correspondingly change.

### ❑ Scenarios Presented – Potential New Bond Program

- Determine Birdville ISD's projected bond capacity for a November 2022 bond election at a maximum I&S tax rate of:
  - ❖ **Scenario 1:**        **41.39 cents** (i.e., no tax rate increase); and
  - ❖ **Scenario 2:**        **50.0 cents** (i.e., 8.61-cent tax rate increase).

## Preliminary Bond Capacity Analysis

### □ Assumptions

- The new bond program is sold in February 2023 at an interest rate of 5.00% (current market rates of interest are approximately 3.80%).
- The District will prepay a portion of its existing bonds in fiscal year 2022/23 in order to maintain the targeted I&S tax rate.
- Birdville ISD will annually have \$5,878,444 of “Other Available Revenues” available for bond payments, which consists of frozen I&S Fund tax collections (\$5,518,444), interest earnings on I&S tax collections (\$40,000), delinquent I&S tax collections (\$180,000), penalties and interest (\$170,000), and less estimated annual bond fees of \$30,000.
- *Beginning in year 2023/24, the estimated frozen I&S Fund tax collections will be reduced to \$4,138,833 as a result of a constitutional amendment (i.e., Proposition 1) on the May 7, 2022 ballot. As such, the “Other Available Revenues” will be reduced to \$4,498,833.*

## Preliminary Bond Capacity Analysis

---

### ☐ Assumptions (Continued)

- The new bond program will initially be structured with annual principal payments over the next 25 years (i.e., final maturity of February 15, 2048). However, the District will have the flexibility to prepay the bonds prior to scheduled maturity, without penalty.
- BISD will not receive any State assistance for the repayment of bonds.
- Tax collection rate of 99.0%.

## Potential November 2022 Bond Election – Projected Bond Capacity

## Recent Changes in Bond Election Laws

---

### ❑ House Bill 3 – “Tax” Language on the Ballot

- Requires ballot propositions for school district bond elections to now include the statement: **“THIS IS A PROPERTY TAX INCREASE.”**

### ❑ Senate Bill 30 – Separate Propositions for Certain Items

- Historically, school districts have been able to use a single ballot proposition for the construction, acquisition and equipment of school buildings, including the purchase of land for school building sites, and the purchase of new school buses.
- Now, should a district conduct an election for any of the purposes described below, each must be stated in a separate proposition:
  - 1) Stadium with seating capacity for more than 1,000 spectators;
  - 2) Natatorium;
  - 3) Another recreational facility other than a gymnasium, playground or play area;
  - 4) Performing arts facility;
  - 5) Teacher housing; and
  - 6) Technology equipment, other than equipment used for school security purposes or technology infrastructure integral to the construction of a facility.
